HARDY ASKS DISMISSAL

Counsel Attack Accusations

Judge's Son and Ray Nimmo Question Sufficiency of Impeachment Articles

Two Defense Attorneys and Assemblymen Will Argue on Demurrer Today

BY C. A. JONES
"Times" Staff Representative

SACRAMENTO, March 18. (Exclusive)—Counsel for Superior Judge Hardy of Los Angeles today launched an attack on the sufficiency of the articles of impeachment by which he today was brought before the State Senate as a court of impeachment. The afternoon was devoted to oral argument in support of a demurrer presented by Judge Hardy's counsel, and only two of the attorneys spoke. They were Ray Nimmo and Rex Hardy, the judge's son. Tomorrow morning former Senator Frank M. [illegible] of Oakland will argue, to be followed by the Assembly managers, Assemblymen Little, Sewell and [illegible] of Los Angeles county and Assemblymen Hornblower and [illegible] of San Francisco. It is possible that only two of the managers will speak.

The chief points made by defense counsel were that the acts charged against Judge Hardy are not "willful or corrupt," that the acts were not connected with his official duties and that the impeachment cannot affect anything he did prior to January, 1923, when he took office under his present term.

BASE OF CHARGES

Most of the charges against Judge Hardy revolve about his association with Mrs. Aimee Semple McPherson, her mother, Mrs. Minnie Kennedy, and their church, Angelus Temple. The articles are five in number and accuse him of practicing law in violation of the constitution; of obstructing justice in the McPherson investigation of [illegible] accepting a $2500 "love offering" from the two women; of seeking to intimidate Wallace [illegible], later a witness in the McPherson affair, and of attempting to aid William Edward Hickman at his trial by issuing cards of admission to the courtroom for his [illegible].

Mr. Nimmo spoke on the first three articles. He grouped them together for convenience. He stressed a clause in the constitution which says a judge shall not practice law "in any court," and insisted that this permits the judiciary to give advice, draw documents and perform other legal service so long as it is out of a courtroom. His theme throughout his address appeared to be that Judge Hardy was merely aiding Mrs. McPherson as a friend. Again and again he urged the demurrer should be sustained and the case thrown out, as Judge Hardy had not committed "an impeachable offense."

Referring to the constitution prohibiting an office holder practicing law in court, Nimmo told the Senate [illegible]. He declared that a justice of the United States Supreme Court is known to receive

Will Rogers Remarks:

NEW YORK, March 18.—[To the Editor of The Times:] Tammany Hall is in a mess. It's been uneasy ever since Smith insisted that they clean up and get respectable for that election. They are in a hurry to get back to normal.

They are proud down in Alabama, and my friend, Gov. Bibb Graves, wouldn't ask for relief if he didn't need it, so help. I will admit they are Democrats, but after all they are human beings.

Mixed in with the war notes was the following: "Heflin was St. Patrick's Day speaker at Brockton, Mass."

Yours,
WILL ROGERS.

P.S.—No fighting in Mexico Sunday, both sides attended bull fight.

NEW RIVER RAMPANT

Alabama Floods Large Area

Governor Surveys Latest Inundated District by Airplane

Refugees Seen Clinging to Trees as Stream Widens to Ten Miles

MONTGOMERY (Ala.) March 18. (AP)—The Alabama River, rising and spreading out until it is ten miles wide in places, has inundated an area estimated to be several times as large as that flooded last week by the Pea River and its tributaries.

First news of the new dangerous situation in four Alabama counties was brought here today by aviators while plans for rehabilitation of the flood-stricken towns and communities in the Pea River section were being put into execution.

Maj. W. R. Weaver, commandant of Maxwell Field, reported to Gov. Graves that "people were clinging to trees" in the newly flooded area and the Governor himself flew over the section, remaining in the air for three hours. Lieut. John F. Gill, pilot of another plane, estimated the flooded area to be ten times that of the Geneva-Elba district.

Lieut. Gill said the river is ten miles wide at Primrose, Wilcox county. Primrose is about forty miles southwest of Selma. It is in a horseshoe formed by the river. No report has been received from Miller's Ferry, five miles west of Primrose, which is also on a horseshoe.

Wilcox county is in the heart of the famed black-belt section, a flat

ROOT IDEAS APPROVED

Geneva Accepts Court Formula

First Great Step for Entry of United States Taken by World Jurists

New Protocol to Go to Senate and Member Nations for Approval

GENEVA, March 18. (AP)—The first great step for the entrance of the United States to the World Court of Justice has been taken. The commission of eminent international jurists today unanimously accepted the fundamental ideas of the formula of Elihu Root for acceptance of the American conditions for membership.

Other important steps remain. The American Senate must ratify what the veteran American statesman has done at Geneva. More than that, the more than forty states which now belong to the court must set their seals of approval on today's agreement before American adhesion can become an accomplished fact.

League officials tonight seemed convinced that there will be no difficulty about the American Senate because the text of the agreement was cabled to Washington and Mr. Root himself is believed to have given his final approval only when he had received advices from Washington that the text is agreeable to the government.

OTHER STATES IN DOUBT

The officials did not seem so sanguine as to the forty other states. They pointed out that there is always a possibility that some state may rebel against the American conditions as according too privileged a position to the United States.

The agreement reached today will be sent to the United States and to all members of the Council of the League of Nations. The Council at Madrid in June will receive a report from Sir Cecil Hurst, British jurist, who took a leading part in bringing the agreement into form, and will send the text to all members of the court. If no objection is forthcoming, the protocol may be signed by all states during the September assembly of the League.

Unanimous approval by all states is necessary. If any objections are filed an international conference to discuss the protocol will be inevitable.

In order to avoid the appearance that the United States would have a representative with the League to discuss political matters, the jurists decided to soften the phraseology suggested by Sir Cecil Hurst as an amendment to the original Root formula. Sir Cecil recommended that the League's secretary-general inform some person to be designated by the United States of any proposal before the Council for obtaining an advisory opinion. The text finally approved says that the League shall inform the United States "through any channel designated by the United States."

The protocol gives the United States an opportunity to discuss any American objections to a proposed advisory opinion with the League Council before the Council votes. If the United States prefers to have an exchange of views after the request has reached the court at The Hague it can take place then and the court must stay all proceedings pending the result of negotiations.

RIGHT OF RESIGNATION

The United States has the right to resign from the court if it feels it cannot abandon its objections to any request for an advisory opinion on a question possessing an interest for the United States. If the United States resigns, the protocol accepting American conditions immediately ceases to have any force. However, other members of the court are not given so privileged a position. Two-thirds of them must denounce the American conditions before the protocol can die after having once become operative.

Should two-thirds of the states renounce the document which outlines the American conditions, the United States thereby would not be driven from the court. She could stay, but only as a regular member without any privileged position.

The World Court was created in 1920 by what is called "the protocol of signature of the statute." In 1926, there was elaborated a special protocol treating on American reservations which the United

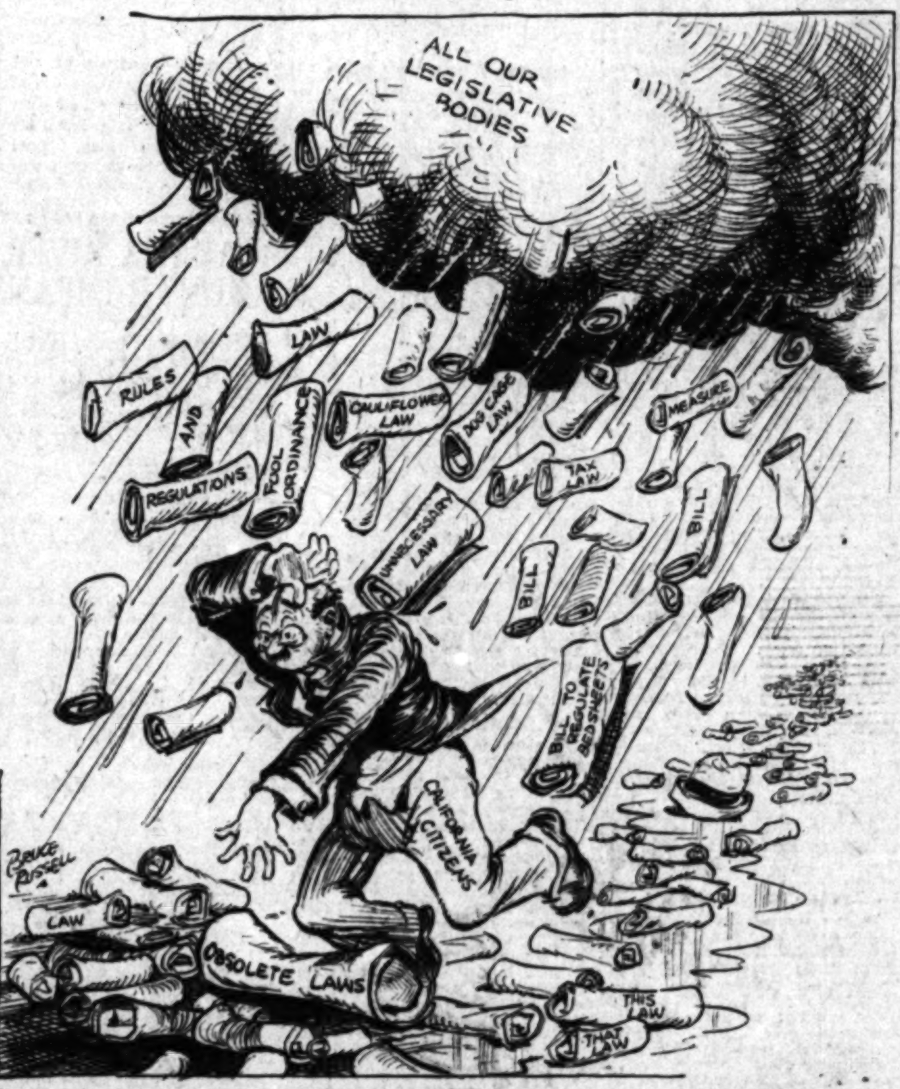
The Rain of Law



BYRD PLANS TRIO'S RESCUE

When No Word Comes from Aides' Plane and Dogs Made Ready for Trip to Find Group

BY RUSSELL OWEN

(Copyright 1929, by New York Times and St. Louis Post Dispatch. All rights for publication reserved throughout the world.)

LITTLE AMERICA (Antarctica) March 18. (Exclusive)—There is still no word from Larry Gould, Brent Balchen and Harold June, who have been at the Rockefeller Range now for eleven days. This means very little down here, however, and there would be no worry as to their situation if it were not for the silent radio set. The dog teams will start in a few hours just as soon as careful preparations have been furnished for a journey, which will be at best, extraordinarily difficult.

Commander Byrd was all ready to take off yesterday afternoon in the first few hours of clear weather we have had in many days, but the motor would not start. It is the first time it has balked in all the weeks we have been here, and that it should have quit at such an important time, was a great disappointment.

MAY MAKE FLIGHT

When adjustments had been made and the motor was turning the sky had clouded over, wind was blowing and flying was out of the question because of approaching darkness. There is a bare chance that he may be able to go later today, although conditions are not so good as they were yesterday. Consideration of all the conditions which have existed since the last messages from Gould makes it seem more than ever likely that their silence is due to some damage to the radio set which June is not able to repair.

MISHAP FEARED

Barring some unlikely mishap they should be as safe there as we are here at the base, safer for a limited time, because they have solid land under them somewhere and a base on the barrier is at best a home on a potential iceberg. None of those who have flown over the mountains has seen anything resembling a crevasse. The snow slopes are firm and the mountainsides are drifted smooth. With food for more than two months, a sled to get home with, tent and sleeping bags and fuel, there is no reason to worry about them if they have not met with a mishap.

But a mishap may be the explanation of their silence and when the causes of that are considered we become more puzzled than ever.

CAPT. EAKER AGAIN FAILS IN LONG HOP

Dawn-to-Dusk Flight to Texas Ends at Tampico; Will Finish Today

BROWNSVILLE (Tex.) March 18. Capt. Ira C. Eaker abandoned his attempted dawn-to-dusk flight from Panama to Brownsville, stopping at Tampico at 6:20 p.m., the naval radio station here was informed just before 8 o'clock tonight. No reason was given.

Eaker was in good condition, the information said, and would resume his flight tomorrow.

Eaker brought his little Boeing plane safely to rest on the Huasteca Oil Company field at Tampico and will remain there tonight, starting on the 200-mile hop to Brownsville early tomorrow.

Two thousand persons who had gathered to welcome the flyer here slowly deserted the field when announcement of his landing came. Elaborate plans for a celebration to honor Eaker had been made.

This makes the second failure by Capt. Eaker within a few days to span the distance between Brownsville and the canal in a dawn-to-dusk flight. His first try was the southbound effort several days ago, which was defeated by bad weather conditions.

NEW LIGHT ON SNOOK'S RESIGNING

Department of Justice Lays Its Action to Review of Conditions at Prison

WASHINGTON, March 18. (AP)—The Department of Justice today announced that the request for the resignation of John Snook, warden of the Atlanta penitentiary, was made after a review of conditions there extending over two years, and not because of his objection to the use of "under-cover agents."

The action taken by Mrs. Mabel Walker Willebrandt, assistant attorney-general in charge of Federal prisons, in asking Snook to resign, was approved by Atty.-Gen. Mitchell, the statement says.

Mrs. Willebrandt announced Saturday that Snook, who has denounced publicly the use of under-cover men to obtain information as to the morale, food and treatment of Federal prisoners, had been asked on the 5th inst. to resign within thirty days. Snook subsequently announced at Atlanta he had resigned effective April 1, next.

Bottle Hurled at Heflin Hits Police Officer

BROCKTON (Mass.) March 18. (AP) A bottle thrown at the automobile of United States Senator Heflin as he was leaving a hall here tonight struck and injured Police Sergeant Bryan.

Senator Heflin, speaking under the auspices of Mayflower Klan No. 2, realm of Massachusetts, Ku Klux Klan, was greeted with jeers, but there was no other disturbance.

Dr. Stresemann Will Not Resign

BERLIN, March 18. (AP)—Official announcement was made today by the Foreign Office that Dr. Gustav Stresemann has no intention of resigning as German Foreign Minister after the reparations conference in Paris.

WARRIOR IN FINAL STAND AGAINST FOE

Marshal Foch Stubbornly Fights Last Campaign as Aides Vision Defeat

PARIS, March 18. (AP)—Marshal Ferdinand Foch tonight was at another crisis in his long and apparently hopeless illness. His physicians in leaving him for a while this evening, said that he had had no actual new attack but that it was a case merely of a gradual slow sinking and weakening of his heart.

One doctor said with intense sadness: "Poor, dear marshal! It would not require much of an attack to put an end to his game battle now."

The heart of the former generalissimo of the Allied armies has begun to give out under the coalition of diseases affecting his lungs, kidneys and bladder. The brain which carried the Allies to victory remains clear while the body is dying. This morning in a voice hardly audible the marshal commanded: "I must see Weigand." Gen. Weigand was his chief of staff during the great war. He appeared at the home half an hour later.

The official announcement was that the general had not seen his old friend and superior but intimate sources were positive that the general had stood at the bedside for twenty-three minutes.

The physicians had placed an absolute ban against visitors and queens, presidents, premiers, marshals and generals had been refused admittance. The fact that Gen. Weigand was admitted was interpreted as indicating that the doctors felt the end was near.

A rumor that the marshal had died suddenly reduced to absolute silence today the Chamber of Deputies, known as the noisiest Parliament in the world.

Many Points Report Light Precipitation

SAN FRANCISCO, March 18. (Exclusive)—Light local rains fell at scattered points in Northern and Central California today, as well as in Southern California.

Precipitation, in inches, reported 5 p.m.:

FORECAST TODAY
CLOUDY WEATHER

Cloudy and unsettled weather with moderate temperature is forecast for today and tomorrow in the official bulletin of the United States Weather Bureau released last night.

Throughout yesterday with overcast skies the temperatures ranged from 52 to 60 degs. while on a similar date last year the mercury climbed to 83 deg. and the lowest temperature on that date was 53 deg.

The official rainfall figures yesterday for the season were 10.51 inches as compared with 8.32 inches for the same date last season. The normal precipitation is 12.72 inches, according to the government report.

REBELS ABANDON TORREON AND FLEE NORTHWARD

Crushing Blow Dealt Revolution; Rail Line of Insurgents Cut; Terror Spread by Planes

MEXICO CITY, March 18. (AP)—The government tonight announced that some rebel leaders in the north, including Gov. Caraveo of Chihuahua, have sued for peace through the Mexican Consul at El Paso and have sought to negotiate with the Federals for the end of the revolution. President Portes Gil is said to have telegraphed the Consul that he cannot treat with traitors and that disloyal generals and responsible leaders must face the consequences.

[BY THE ASSOCIATED PRESS]

The main army of the Mexican revolutionists was in retreat last night 100 miles north of the principal rebel stronghold at Torreon and the Federal cavalry advance guard was investing the city. Gen. Escobar, rebel commander-in-chief, was at Escalon, in the State of Chihuahua, at the head of his command.

A government bulletin from Mexico City described the rebel retreat as panic stricken.

Evacuation of this great natural fortress and railroad junction, where the rebels have been strongly intrenched and concentrating their troops for ten days, is the first decisive turn in the campaign since suppression of the revolt in Vera Cruz.

The Federals now are in possession of nearly all the State of Durango. Gen. Calles himself is moving his headquarters close to Torreon from Durango City, which an Associated Press correspondent reports already resuming its normal aspect.

PLANES PLAY PART

First news of the rebel evacuation of Torreon came from Federal Gen. Almazan, commanding the forces which recaptured Monterrey week before last. A scouting aviator from his army reported that the rebels were abandoning Torreon, apparently panicstricken.

Airplanes have played a large part in the campaign. Torreon was bombarded repeatedly Saturday by Federal planes and the first air combat in the history of Mexican revolutions took place when a lone rebel aviator went out to attack the larger Federal planes. He was beaten off and the Federals caused a panic in Torreon as they dropped their bombs on the city. One Federal aviator is reported to have been brought down.

TRACKS RUINED

Rebel headquarters at Juarez admitted early yesterday that Federal raiders have torn up tracks and burned bridges on the railway line to Torreon. The line was cut at Bermejillo, a few miles north of Torreon.

Two agents of the revolution are on their way to confer with President Hoover. Francisco Sabta Maria, lawyer, and Serzain Ugarte, former secretary to President Carranza, are expected in Juarez from Torreon by train and then to fly to Washington from Juarez.

Brig.-Gen. Moseley and a platoon of United States infantry were ordered yesterday to Columbus, N. M., to investigate conditions there as a precautionary measure.

TORREON EXACUATION PLEASES GOVERNMENT

MEXICO CITY, March 18. (AP)—The Federal government tonight sees the beginning of the end of the revolution in the abandonment by the strongest insurgent army in the field of the city of Torreon, the last remaining rebel foothold in Central Mexico.

Direct reports to the government from the Torreon sector were limited to the information that the rebels began evacuation at daylight, and that Federal troops under Juan A. Almazan entered the city at 8 o'clock tonight. Optimism was increased by reports that rebel Gen. Escobar halted his retreat only at Escalon, 100 miles north of Torreon, and about 200 south of Chihuahua City.

Mexico City newspapers say that Gen. Juan Gualberto Amaya, who was Governor of the State of Durango and was driven from the city of that name by Gen. Calles's advance, is fleeing for his life in the mountains of Northern Durango. He is said to be accompanied by less than a score of followers, and to be hotly pursued by Federal scouting parties.

QUICK ENDING DUE

Government reports thus far make no mention of fighting in Torreon or of casualties in the battles east of the city reported in the Sunday night communique. If the present indications here that the insurgents abandoned Torreon without a fight prove true, the government considers that the rebel forces may be expected to disintegrate rapidly.

Mexico City during the fifteen days that the rebellion has been in

INK VICTORY TO REBELS

Terrific Barrage on Typewriter

Gen. Manzo Captures More News Space and Two More Pictures

Only Casualties on Border Among Writing Fingers of Commanders

BY HARRY CARR
"Times" Staff Representative

NACO, March 18. (Exclusive)—Gen. Manzo won a terrific and overwhelming victory for the rebels on the border today. He got nine inches more space and two more pictures in the newspapers than the Federal side. The battle will, however, be resumed tomorrow. As far as can be seen, the only casualties of the war along the border have been the wear and tear on the typewriter fingers of the contending generals.

Most of them, however, were already expert on the "touch system." Gen. Manzo's inspiration for today consisted in a story given to the press through Gen. Topete at Nogales to the effect that a radio message had been intercepted from Gen. Calles, saying that he doubted the loyalty of Gen. Olachea at Naco and that the latter must be removed from command. Vice-Consul Charcon at Naco, says that Gen. Manzo is clearly crazy; that Gen. Olachea has received telegrams from Gen. Calles within twenty-four hours expressing great confidence in his conduct, etc.

MANZO MOVES MYSTERY

There is a great mystery about the movements of Gen. Manzo. The Mexican Federals are as much in the dark as the reporters. He seems to be trying to eclipse the fame of the King of France who marched up the hill with 20,000 men and then marched down again. There is no question that he left Nogales last Wednesday with a troop train in which there were two cars of cavalry horses; a flat car with machine guns and several carloads of soldiers. He got as far out as Lacru, evidently noticed that he had forgotten his cigarettes, and went back to Nogales again. With all his soldiers he then started out for Mazatlan flying banners of war; got down the track twenty miles and turned back.

The only way I can account for the eccentricities of this commander is that he fears if he gets out of town that other publicity hound, Gen. Topete, will grab all the publicity.

When the news of the rebel defeat at Torreon came in today I went down to Agua Prieta to consult Gen. Yucupicio, commander of the rebel garrison. I will never again believe that Indians don't get nervous. The Mayo Indian general was more agitated than a flapper who has lost one garter. This did not, however, prevent him

(Continued on Page 2, Column 3)

NOAH FLOOD TALE VERIFIED

Oxford Men Digging in Ancient City Find Proof World Not Only Had One Deluge, But Two

CHICAGO, March 18. (Exclusive)—Noah did have his flood after all, according to the latest word received here today from the Field Museum-Oxford University men who have been digging into the remains of the ancient Sumerian city of Kish, in Mesopotamia.

In fact, there is evidence of Noah's flood as told in Genesis and yet another flood 600 years before that, Prof. Stephen Langdon, head of the expedition relates.

The Babylonian and Hebrew accounts of the deluge are confirmed fully by the expedition's finds, the cablegram from Prof. Langdon says. Evidence of floods is found at depths of forty-five and fifty-five feet respectively below the surface of the great mound in which Kish was buried.

The lower stratum has a thickness of eighteen inches. From traces of the water damage, from tablets found and from the depth of the deposit, Prof. Langdon estimates that this first flood took place about 4000 B.C. Then the people of Kish rebuilt their city, only to have it devastated by another flood about 3400 B.C. This latter one is believed to be the biblical flood in which Noah and his ark took part.

CURRENT KILLS RADIO MAN

SPOKANE (Wash.) March 18. (AP) Donald A. Van Dusen, 26 years of age, radio technician, was killed today at radio station KGA when he came into contact with an electric current while working on a transformer switchboard.

BITS OF NEWS FROM "TIMES" WANT ADS

Still proud of its original finish; its mechanical condition A1; and with a new set of tires in addition, a 1927 model 70-A Willys-Knight sedan is hunting a new owner who will act quickly for a saving of more than half over the original cost.

Ready to step into, one or more completely furnished rooms in a law office are offered at reasonable rental, including complete law library, phone, reception room, and stenographic services if desired.

Out on Melrose avenue there's a lot valued at $10,000 which the owner is offering in exchange for a flat, duplex, or small court.

REMEMBER THIS
A real man, after he climbs to success, does not forget those who held the ladder for him.

MORE TROOPS GO TO BORDER

Move Believed Mere Plan to Aid Immigration Men

Washington Determined to Keep All Rebels Out

About 7000 Soldiers Now Available on Line

WASHINGTON, March 18. (AP)—Movement of more American troops to the Mexican border was in progress today presumably with a view of reinforcing American immigration officials as a precautionary step to stem possible wholesale tide of rebel entry into this country.

Acting on his own authority, Maj.-Gen. Lassiter, commander of the Eighth Army Corps Area, at San Antonio, ordered a platoon of cavalry from Fort Bliss, El Paso, to Columbus, N. M., and directed Brig.-Gen. Moseley, commander of Fort Bliss, to make an investigation of general conditions at the border city of Columbus.

These orders were communicated to the War Department and while no further instructions were sent from Washington the indications are that the American forces will stand by to give aid if it should be needed by immigration officials.

AMERICA'S POLICY

Secretary Good says emphatically that no orders have been issued to border troops except that nothing should be done by the Army to give cause for apprehension by residents there. He said, however, that the carrying out of the American policy at the border line is entirely in the hands of the State department.

The policy of the American officials at the border never has been officially defined and while the State Department believes in the Pan American Treaty, which, if in effect, would permit this government to detain rebels coming across the border, certain obstacles seem likely to arise because of the absence in international or American law of any provision to hold individuals merely because they are rebelling against a constituted government.

The presumption, however, is that the immigration officials will be or have been instructed to employ all provisions of the immigration laws in an effort to keep the rebels in Mexico. Under American law it would be comparatively easy for a rebel to be deemed guilty of conducting a conspiracy against a constituted foreign government on American soil and under this provision he could be incarcerated.

REBELS MOVING ON

An examination of army records discloses there are about 7000 American troops and 500 officers in posts directly on the border while at stations within a comparatively short distance from the border there are large numbers of troops in readiness and available for use.

The largest unit of troops on the border is stationed at Fort Bliss, where 2600 men are quartered. Some of these already have been sent to Naco and Columbus, both ports of entry. At Fort Huachuca, Ariz., there are 950 men; at Fort Clark, Tex., 700; at Camp Marfa, Tex., 600; while another 1000 are assembled at Fort Brown, Ringold and McIntosh, Tex. Another 800 are stationed at Camps H. J. Jones, and S. D. Little, both in Arizona, and others are stationed at posts in California.

The only report from revolutionary centers in Mexico received at the State Department today was from Consul Blocker at Mazatlan. He reported that Federal airplanes have determined that the rebel forces set up at Modesto, have gone northward in Sinaloa and that rebels at La Cruz are retreating northward toward Culiacan.

THAW RELEASES SHIPS; FIVE SINK IN CRASHES

BELGRADE, March 18. (AP)—Five ships and barges lay at the bottom of the Danube here today after an experience yesterday which frightened many of the oldest river-front residents in Belgrade.

Thirty-two huge barges and other ships, suddenly released by the spring thaw from their ice-bound moorings, crashed pell-mell down the river colliding with other boats and catapulting themselves against stone piers and bridges with such force that five of them sank. The crews jumped to safety on huge blocks of floating ice.

DILEMMA HORNS JAB JOHN BULL

He Stands to Lose Either His Dominions or Next War in Case One Occurs

VICTORY IN INK WON BY REBELS

(Continued from First Page)

from arranging a proper dramatic setting for the painful interview.

He put on a huge military cape in spite of the heat and he had a map in front of him on the desk like Napoleon before Austerlitz. He said not to believe the publicity experts who announced the rebel defeat at Torreon. The only ones to believe are his publicity experts, who announced a rebel victory. When I asked the general if I might photograph the trenches, he returned a most disconsolate reply: "Certainly, photograph them if you like," he said. "They aren't any good. They amount to nothing. We are not expecting any fighting in them."

A humorous touch was added to the interview by the general's announcement that 200 recruits had joined his army. The valiant 200 were peons who had been fired from their jobs at the mines at Nacozari below the line. The beans in the fort at Agua Prieta looked pretty good to them. Military conditions at Agua Prieta are shocking. The troops are undisciplined. This afternoon they were reeling around the streets drunker than boiled owls. Three-fourths of them had no uniforms. The only sign of military activity was a staff officer furiously pounding a typewriter.

FIELD GUNS ARRIVE

From a source as reliable as anything could be down here, I am informed that Gen. Oleachea intends to go over and capture the garrison at Agua Prieta within the next four days. He might save the wear and tear on his men's shoes and send over a cop. Oleachea quite logically expects a fight if the rebel army from Torreon can retreat in any kind of shape as far as the border. Naco would then be vitally important to the rebels. With this prospect to face, he is furiously perfecting the fortifications. A military plane and two field guns arrived today.

Powerful searchlights have been placed to sweep the flat desert land beyond the trenches in the event of a night attack. To get electric power for these lights the saloons in Naco have been ordered to discontinue their electric lights. Whatever Gen. Oleachea's inner emotions be on the subject of loyalty, he has a well-disciplined force. He has some good officers and either they or he understand fortifications. Naco will be a tough nut to crack. If the rebels hope to support Escobar's wobbling army with reinforcements from Nogales they will have to crack it. They can accomplish little or nothing as long as this important airplane base and port of entry remains in Federal hands.

The rebels have met bitter defeat so far in this war largely because of the lack of mobility. They have stalled around so long that the hour has passed for them to accomplish any strategic maneuvers whereby Nogales could relieve the pressure on Torreon. The manana habit may be helpful to the digestion; but it is no way to make war. Cice-Consul Chacon told me tonight that he expects the retreat of the rebels will take the following course. They will probably attempt to fight a rear guard action at Chihuahua; from this point they will retreat northwest toward the State of Sonora, which is a rebel stronghold.

The route crosses Pulpit Pass, which is very difficult gaining, but which Pancho Villa once negotiated with an army, an almost historic feat. Chacon believes that Manza is on his way to support and protect this retreat and Manza can only do this, however, if he can get enough publicity stories ahead to be able to leave Nogales. If Chacon is right, Naco will be the operating base of the Federal army and Escobar's retreat will be hammered hard by the Federal planes operating from Naco.

RODRIGUEZ DENIES OLACHEA WILL GO OVER

NOGALES (Son.) March 18. (AP)—Gov. Fausto Topete of Sonora announced this afternoon that rebel radio stations intercepted a message from Gen. Calles to the Mexican Consul at Naco, Ariz., expressing doubt as to the trustworthiness of Gen. Augustino Olachea, who mutinied from the rebel cause recently and took Naco, Son., in the name of the Federal government. The Consul was instructed, Topete said, to warn Gov. Abelardo Rodriguez of the Northern District of Baja California to stay out of Naco, Son., until another Federal general should take over command of Olachea's troops.

Gen. Rodriguez, from his Nogales (Ariz.) hotel suite, three blocks from the international line, answered this with an "official bulletin of the Federal government of Mexico" charging that Gen. Enrique Estrada, generalissimo of De La Huerta in the 1923 revolution, made an attempt to win Olachea back to the rebel fold, and failed. Rodriguez asserted that he has been in Naco and has conferred with Olachea.

EIGHT MINERS DIE IN FIRE

HALESOWEN (Worcestershire, Eng.) March 18. (AP)—Eight miners were killed today in a fire at the Coombs Wood Colliery.

REBELS FLEEING FROM TORREON

Federals Say Backbone of Revolt Snapped

Chief Stronghold Given Up by Escobar's Troops

Airplane Bombs Help in Gaining Victory

(Continued from First Page)

progress has known and seen less of the movement than many cities of the United States. The local newspapers have printed only the Federal official communiques, whereas American newspapers have had reports from correspondents at the front, dispatches from the border and news from rebel sources. A few American newspapers, from one week to two weeks old, which appeared on local news stands yesterday, gave readers here more news of the revolution than they had had for a fortnight.

TORREON GIVEN UP FOLLOWING BOMBINGS

JUAREZ (Chih.) March 18. (AP)—Bombed from the air and facing the steady machine-like advance of Federal columns under Gen. P. Elias Calles, revolutionary forces today evacuated their stronghold at Torreon, Coahuila, and retreated 100 miles to the north through the desolate mountainous area of Durango.

Abandoning the city at dawn, when Federal cavalrymen proceeded toward Torreon after an aerial attack yesterday had terrorized the populace, Gen. Jose Gonzalo Escobar, the rebel commander-in-chief arrived a few hours later with his command at Escalon, a small city in the far southeastern corner of Chihuahua.

CROSS DURANGO

Escalon is approximately 100 miles north of Torreon and to reach it the rebel forces crossed a part of the State of Durango.

The city is on the Mexican National Railway line, which the revolutionary forces control in Chihuahua. The northward flight of the insurgents tonight had brought the main force of the rebellious army to a point approximately 320 miles south of the boundary.

Plans of the revolutionary leaders are concealed behind a veil of silence, but government adherents express belief that Gen. Escobar's army will proceed further northward to Chihuahua City, about 200 miles south of El Paso.

Gen. Escobar maintained his headquarters at Torreon in a train at the railroad yards and his forces were prepared to move momentarily in an eventuality. The railroad yards, as well as Escobar's quarters in the Francia Hotel, were the target of Federal air men who dropped several bombs on the city Sunday.

Four civilians were killed and several wounded in the attack. No damage to railroad equipment or injuries to military men have been reported.

SPECULATION RIFE

The mountainous territory between the border of the States of Durango and Chihuahua and the city of Chihuahua offers several natural places of fortification described in some instances as even better than was afforded the rebel command in Torreon. Whether the retreat to the north will continue or the rebel command will entrench for a decisive combat with the 30,000 men headed by Gen. Calles, was a matter of speculation.

In Juarez where developments at Torreon were heard by an excited public, an attempt was made today to burn the home of Gen. Marcelino M. Murrieta, the rebel chieftain in this city. Fire which started in a front room behind the entrance hall, exploded several shells before it was brought under control. A boy giving the name of Carlos Perez was arrested as he was leaving the house. Another youth escaped.

AGUIRRE OFFICERS ORDERED RELEASED

VERA CRUZ (Mex.) March 18. (AP) Orders have been given to place at liberty today eighty-four officers of the revolt of Gen. Jesus Maria Aguirre in this State. The officers were brought here prisoners last week from Santa Lucrecia, where six of their number, including Gen. Simon Aguirre, were court-martialled and put to death.

BRIDGE COLLAPSE SLOWS UP INSURGENTS

TUCSON (Ariz.) March 18. (AP) Special dispatches to the Tucson Citizen today said that a bridge over the Fuerte River, north of San Blas, Sin., has collapsed as rebel soldiers were attempting to rebuild it, and dropped a steel crane into a ravine, killing two men. Scarcity of bolts to fasten steel girders was blamed for the accident.

The bridge was destroyed by retreating Federal troops, now fortified in Mazatlan, and the crash, rebel leaders said, probably will slow up part of the rebel advance on Mazatlan. It also will cause additional loss to vegetable fields south of San Blas, which would have been accessible if the bridge had been completed.

RIFLES ARRIVE FOR FEDERAL ARMY

CALEXICO, March 18. (Exclusive) Two express cars containing rifles and ammunition for the Mexican Federal army in Lower California arrived here this morning from an eastern factory and were reloaded to military trucks and taken through the local port of entry to Mexicali. It is stated by Mexican army officials that there are 1000 rifles in the shipment.

The new equipment, according to information given at military headquarters is for the use of the two volunteer battalions recruited here to supplement the regular army garrison. Part of the supplies will be taken to San Luis in Sonora, where one section of the volunteer army is in training.

DRUNKEN RIVERS REEL TO SEA

Boilers and Barrels Riding on Floods Disclose Fate of Waterside Stills

MACON (Ga.) March 18. (AP) Boilers and barrels, riding the receding waters of South Georgia floods, today told the story of a huge prohibition clean-up in which neither Federal nor State officers participated.

Literally hundreds of riverside stills, which because of their inaccessibility had been comparatively safe from internal-revenue men, were swept away by the high waters.

ALABAMA RIVER RUNS RAMPANT

(Continued from First Page)

country with cotton the principal agricultural product. The lowland sections which will receive the brunt of the flood water are inhabited principally by negro farm tenants.

REHABILITATION WORK SPEEDED UP

ATLANTA, March 18. (AP)—Receding waters today improved conditions rapidly in most of the flood-swept regions of the South in which the known death list stood at twenty and property damage at several millions of dollars.

Two principal exceptions were noted. One was in the lower reaches of the Flint River in Georgia, and at River Junction, Fla., where the Flint and Chatahootchee rivers join to form the Apalachicola.

The other was along the Alabama River east and south of Montgomery, Ala.

Rehabilitation work went on rapidly as the flood waters drained from Alabama and Georgia through Northwest Florida into the Gulf of Mexico. Announcement was made that 1000 adult residents would be permitted to return to Elba, one of the towns evacuated after it was inundated. Children under 16 years of age, would be kept at Troy. It was expected that Geneva inhabitants, who were also removed when water overran their town, would begin to go back tomorrow.

Typhoid antitoxin and other disease preventatives were sent to the flood territory to guard the health of those affected by the waters. Red Cross officials co-operated with State authorities in administering relief and starting the work of rehabilitation.

The business district of River Junction, Fla., at the confluence of the Chatahootchee and Flint rivers was under water, but the population in the affected region was safe in the homes of friends on higher ground. This was the second time during the month that the Apalachicola River had inundated the town. The river this morning was thirty-three feet and was expected to go two feet higher before the crest was reached.

DONATIONS TO RED CROSS AUTHORIZED

WASHINGTON, March 18. (AP)—All Red Cross chapters in the country have been authorized to receive donations for rehabilitation work in the flood sections of Alabama, Georgia, Florida and Mississippi, but no national appeal for funds will be made.

James L. Fisher, acting chairman of the Red Cross, said that direct appeal for funds would be made only in the four stricken States but persons wishing to donate in other States would be requested to contribute through local chapters.

FARMERS USE BOATS FOR DAIRY PRODUCTS

TOWANDA (Pa.) March 18. (AP)—Farmers again today resorted to boats to transport their dairy products to creameries from the Macedonia and Standing Stone regions in this vicinity. Several families still were marooned by the Susquehanna River flood.

CREST STAGES FORECAST NO FLOOD

MEMPHIS (Tenn.) March 18. (AP) Crest stages, as indicated today, relieved considerably the tension of the high-water situation in the Lower Mississippi Valley.

Based on the forecast of a fifty-two-foot crest at Cairo, Ill., by Thursday the Mississippi River would crest at Memphis on 41.5 to 42 feet by next Monday. That stage, within 6.5 to 7 feet above flood level, would be several feet under what the levee system can stand without serious strain, engineers said.

SAN QUENTIN'S NEW CELL BLOCK IN USE

SAN FRANCISCO, March 18. (AP) While Samuel Thomas, Oakland negro, and Perry Coen, Kings county, await the dropping of the gallows trap Friday, their fellow-prisoners in San Quentin today moved into the new east cell block, constructed by convicts themselves. Transfer of prisoners was started to relieve the overcrowded cell blocks. The new cells give the prison room for 5000 convicts. Enrollment today was 4771.

IOWA STREAMS STILL AT FLOOD

Little Hope of Relief Evident

Plants Closed Down in Cedar Rapids

Mississippi Levels Rising at Keokuk

DES MOINES (Iowa) March 18. (AP)—Iowa streams swollen to record proportions by spring thaws continued their destructive courses today with little hope of relief in prospect.

At Cedar Rapids the rampaging Cedar River submerged streets in the lowland section, forced numerous industrial plants to close and scores of families to abandon their homes.

Residents of Vinton, where the city power was inundated, were forced to obtain water from wells and tonight fear was expressed that this supply will soon be exhausted.

A levee five miles below Wapello on the Iowa River broke today and 3000 acres of land in the district faced inundation. A smaller break Saturday had put about 900 acres under water. All levees are being patrolled.

Keokuk watched the swelling of waters in the Mississippi tonight with apprehension. Predictions are that a stage of between 19 and 19.5 feet will be reached by Tuesday. Such a stage, it was said, would affect power cables and force all industries along the river front to suspend.

Waterloo, which previous to yesterday had faced the most serious condition, started its work of rehabilitation as the water subsided. A check of property loss there indicated damage at more than $500,000.

First Jones Law Victims Indicted

NEW YORK, March 18. (Exclusive)—Three men, each charged with selling a glass of liquor to prohibition agents, face the possibility of five years in prison and fines of $10,000 as a result of the first day's "operation" of the new Jones law in Greater New York. The trio, Ernest Dougal, Arthur Daniel and Michael Feldorff, were indicted by the Federal grand jury. The first named is alleged to have sold two glasses of liquor to as many Federal agents on the 6th inst. The indictment of Daniel and Feldorff grew out of a similar sale said to have occurred on the 10th inst.

NEW YORK LEADER VICTIM OF HOLD-UP

NEW YORK, March 18. (AP)—Albert Ottinger, former State Attorney-General, and the Republican candidate for Governor last year, was held up early today in front of his home on West Seventy-fifth street and robbed of $75.

Frigidaire alone offers the new Cold Control

Faster freezing ...more desserts

80 delicious recipes are contained in a new book we want to give you free.

WE have collected eighty unusual new recipes in a new book which we want you to have *absolutely free.* Simply call and ask for it.

And, while here, be sure to see the Cold Control that makes countless delicious salads and desserts easy and practical to prepare. It is a simple dial with a lever which *you can set at one of six different freezing speeds.* There is one point for unusually rapid ice-freezing. Another for a particularly rich dessert. Another for routine refrigeration . . . six freezing speeds under control.

FRIGIDAIRE RECIPES

Cold Control is the latest Frigidaire improvement. There are many other features exclusive to Frigidaire. Stop in today and learn about them . . . and about the new low prices . . . the easy terms . . . and how quickly Frigidaire pays for itself.

WORLD COURT WAY OPENED

Geneva Acts to Bring About United States' Entry

Root Formula Accepted by International Jurists

New Protocol Going to Senate and Member Nations

(Continued from First Page)

States found unsatisfactory. Today's agreement is a new protocol to replace the unsuccessful one of 1926.

The question of advisory opinions, one of the chief stumbling blocks to American adhesion to the World Court, is handled in Article V of the protocol agreed upon by the jurists today. It reads:

"With a view to insuring that the court shall not without the consent of the United States entertain any request for an advisory opinion touching any dispute or question in which the United States has or claims an interest, the secretary-general of the League of Nations shall, through any channel designated for that purpose by the United States, inform the United States of any proposal before the Council or the Assembly of the League for obtaining an advisory opinion from the court and thereupon, if desired, an exchange of views as to whether an interest of the United States is affected shall proceed with all convenient speed between the Council or Assembly of the League and the United States.

NOTIFICATION PROVISO

"Whenever request for an advisory opinion comes to the court the registrar shall notify the United States thereof, among other states mentioned in the new existing Article LXXIII of the rules of the court, stating a reasonable time limit fixed by the President within which a written statement by the United States concerning the request will be received.

"If for any reason no sufficient opportunity for exchange of views upon such request should have been afforded and the United States advises the court that the question upon which the opinion of the court is asked is one that affects the interests of the United States, the proceeding shall be stayed for a period sufficient to enable such exchange of views between the Council or the Assembly and the United States to take place.

"With regard to requesting an advisory opinion of the court in any case covered by the preceding paragraphs, there shall be attributed to an objection of the United States the same force and effect as attaches to a vote against asking for an opinion given by a member of the League of Nations in the Council or in the Assembly.

"If, after the exchange of views provided for in Paragraphs No. 1 and No. 2 of this article, it shall appear that no agreement can be reached and the United States is not prepared to forego its objection, the exercise of powers of withdrawal provided for in Article VIII hereof will follow naturally without any imputation of unfriendliness or unwillingness to co-operate generally for peace and good will."

Article I of the protocol distinctly states that, "The countries signatory of the protocol of 1920 which created the court accept special conditions attached by the United States in the five reservations to its adherence protocol on the terms and conditions set out in the following articles."

Article II says that the United States shall be admitted to participate in the election of judges of the World Court on a basis of equality with other nations at the Council and Assembly. It is practically the same text as Article I in the protocol of 1926, which the United States never accepted.

MATTER OF AMENDMENTS

Article III provides that no amendments shall be made without the consent of all states and Article IV says the court shall render advisory opinions in public session after notice and opportunity for hearing.

Article VI declares the provisions of the protocol shall have the same force and effect as the statutes of the court itself.

Article VII stipulates that the present protocol shall come into force as soon as all states which ratified the creative protocol of 1920 and also the United States have deposited their ratifications with the League of Nations. Finally, Article VIII declares that the United States may at any time notify the secretary-general of the League that it withdraws its adherence to the protocol of 1920 and the present protocol of adhesion by the United States shall cease to be in force. Any one of the other states may on their part announce withdrawal of their acceptance of the American conditions.

Then follows the important phrase, "The present protocol shall be considered as ceasing to be in force if and when within one year from the date of receipt of the said notification not less than two-thirds of the contracting states other than the United States shall have notified the secretary-general of the league that they decided to withdraw the above-mentioned acceptance."

HARDY PLEADS FOR DISMISSAL

Judge's Counsel Urge That Charges be Dropped

Accusations Declared to be Without Warrant

Arguments Continue Today on $2500 "Love Gift"

(Continued from First Page)

$10,000 annually for aiding the Carnegie Institute.

Delving into the language of the first two articles in which Judge Hardy is accused of having given advice in business transactions of Angelus Temple, and Mrs. McPherson and her mother, Mrs. Minnie Kennedy, Nimmo declared that all these acts were in the spirit of friendship; that they had nothing to do with the judge's official capacity and that he had a perfect right to give such aid.

"Would you say that a man should do away with friendship when a friend is in need of your opinions?" Nimmo asked. "Is there anything in giving such help that could be construed as corrupt or a willful offense?"

"MERELY CONCLUSION"

That Judge Hardy advised Mrs. McPherson and members of her church as a judge of the Superior Court is "merely a conclusion" of the Assembly board of managers, Nimmo maintained.

He added:

"Everything Judge Hardy did in this respect was for his church, for his friends, for the people be believed in and not in the capacity of an attorney or judge of the Superior bench. He is accused of examining a list of real estate and advising on them. Is that practicing law? If so then every title and trust company in the State is guilty of practicing law and we might as well begin convicting them."

INQUIRY PHASE

In the second article Judge Hardy is charged with instituting several investigations into the circumstances surrounding the disappearance and reappearance of Mrs. McPherson.

"Didn't he have as much right to do that as any other citizen?" Nimmo declared. "Others were investigating and everything Judge Hardy did was done before any court action was started against Mrs. McPherson.

"The board of managers charge that Judge Hardy received reliable information that Mrs. McPherson had not been kidnaped or held for ransom, but they do not say that he believed it. Did he not have a right to help a friend?"

Nimmo declared that again the board of managers merely is drawing "conclusions" in charging that Judge Hardy instructed anyone or attempted to direct action of the grand jury favorably to Mrs. McPherson's assertion that she had been kidnaped and held for ransom.

RADIO SPEECHES

So far as delivering radio addresses during the kidnaping investigation "there was nothing corrupt in that; the judge was not acting in his official capacity and, as a citizen, he had a right to make such speeches."

The third article Nimmo characterized as "the weakest and most absurd of all." It is in this article that Judge Hardy is accused of accepting from Mrs. McPherson and her mother a check for $2500 as a "love offering."

Again he declared that receipt of the money did not indicate any willful offense or corruption in office. He reiterated that all Judge Hardy had done for the church and Mrs. McPherson was as friend to friend and that acceptance of the check was immaterial to any practice of law, whether he accepted $2500 or nothing.

"Anyhow he was very poorly repaid," Nimmo said, concluding his remarks on the check.

FORD'S VIEWS

W. Joseph Ford, one of Judge Hardy's counsel, who was not present today, several times stated in Los Angeles before the investigating committee that no impeachable act had been brought out because no statutory crime had been shown, whatever might be the opinion of the good taste Judge Hardy had exhibited under the circumstances.

Rex Hardy started out today by announcing he is the judge's son, but didn't ask any sympathy on that score. He made several touching pleas, however. He spoke on the article accusing Judge Hardy of attempting to intimidate Wallace Moore. Moore was a newspaper reporter in Santa Barbara in 1926 when Mrs. McPherson was supposed to have been drowned, and stopped an automobile containing a heavily veiled woman and driven by Kenneth Ormiston, once Mrs. McPherson's radio operator. Moore was unable definitely to identify the woman. Several weeks later Judge Hardy visited Moore at his office and, according to Moore's testimony, made him a speech on the danger of committing perjury and the cost of making false identification.

NO CASE PENDING

Young Hardy maintained that Judge Hardy was guiltless in this instance, inasmuch as there was no case pending against Mrs. McPherson at the time of the interview.

Young Hardy said that the five Assembly managers have "charged us with everything that can be charged against us and in the strongest language that could be used," but maintained that nothing criminal is cited in the bill of impeachment.

Any of the acts charged, young Hardy asserted in his father's defense, were done without any intent to commit any wrong or criminal act and were not done in an official capacity.

Activities laid to Judge Hardy in behalf of Mrs. McPherson at the time of her disappearance and subsequent reappearance were held to have occurred prior to the judge's present term of office.

"I've no desire to interject my own personality into this trial," Rex Hardy declared in closing, "but I'm very closely affected. I do ask you to hear the law and the facts in the case and judge from that—not from any personal appeal from me."

Mr. Carr will tomorrow talk of the matter of excluding the public from the Hickman trial.

The Senate resolved itself into a court of impeachment this morning and the proceedings thenceforth were impressive and dignified. The oath was administered to Lieut.-Gov. Carnahan, who presides, by Secretary Joseph Beek. Mr. Carnahan then swore the Senators in groups of eight. Sergeant-at-arms Joseph Nolan acted as bailiff and cried out the traditional, "Hear ye, hear ye."

The Senate will vote on sustaining the demurrer when the arguments are completed, probably tomorrow afternoon. Only those who were present and heard the arguments are entitled to vote, which excludes three members of the upper house. Senator H. C. Jones is ill and was excused from attendance, while Senators Duval and Cleveland arrived too late and thus will be excluded from voting on the demurrer. It will need a majority vote of the thirty-seven to determine whether the demurrer shall be sustained or overruled.

Radio Profits Suit Dismissed

SAN FRANCISCO, March 18. (AP) Harry Smissaert today lost his contest for half the $3,000,000 profits in radio companies owned by Elmer T. Cunningham. The Superior Court here ruled that Smissaert's assertions of fraud were without foundation and dismissed a suit brought against Cunningham.

Smissaert bought a half-interest in Cunningham's radio companies, the Remler Company and the Audiotron Sales Corporation, for $3700. In his suit, Smissaert contended that he was induced to resell the property for $25,000, although it really was more valuable.

ENGLAND-AUSTRALIA AIRMEN MAKE START

LYMPNE (Kent, Eng.) March 18. (AP)—In an attempt to set a new record for an England-to-Australia flight, two Australian airmen left the airdrome here at 7:15 a.m. in a 400-horsepower single-engine biplane for the East. The aviators are Flight Lieutenant J. Moir nad Flying Officer H. Owen. The two men hope to reach their destination, 13,000 miles away, in twelve days, breaking Bert Kingler's record, which figured out fifteen and a half days.

JUNKERS AIR LINER ATTACKED BY EAGLE

DESSAU (Germany) March 18. (AP)—The Junkers airplane works today announced that one of the regular air service planes between Cracow and Lemberg had been attacked by an eagle. The monarch of the air broke its neck on the all-metal wing of the plane. When it arrived at Lemberg the wing was found to be deeply dented.

MISSING WOMAN'S BODY FOUND BURIED IN SNOW

BERLIN, March 18. (AP)—The body of Mrs. Bessie Thoman of Philadelphia, who had been missing from her home in the suburb of Dahlem since December 28, was found in a forest district today imbedded in snow. The authorities said she had committed suicide.

SOUTH BACKS UP HOOVER'S STAND

Leader from Dixie Praises Enforcement Plans

Suggestions Given President on Cotton Crop Aid

Daughter of W. J. Bryan at White House

WASHINGTON, March 18. (AP)—Assurance that the temperance forces of the nation are rallying unitedly to the support of his plans for law enforcement and suggestions for meeting the agricultural problem as it affects the cotton crop, were given President Hoover today by two callers from the southern States.

From Arthur J. Barton of Atlanta, chairman of the commission on social service of the Southern Baptist convention and president of the national conference of organizations supporting the Eighteenth Amendment, Mr. Hoover received congratulations on having taken a "broad, sane position" on law enforcement.

"I had a very full, frank and satisfactory conference with the President," Mr. Barton said after leaving the Chief Executive's office. "We discussed his law-enforcement plans and not the merits of prohibition.

BACK PRESIDENT

"The united temperance forces of the country are heartily backing the President in his plans for effective enforcement of all law, whether it be the national prohibition act or any other law.

"Personally I am very glad that the President is taking the broad, sane position that all his friends expected him to take and is projecting his plans accordingly."

The President still is biding his time in the selection of the commission for a study of law enforcement and court procedure.

The name of Newton D. Baker of Cleveland, Secretary of War in the Wilson Cabinet, was advanced today for a place on the commission by Senator Fess, Republican, of Ohio, during a conversation with press correspondents. The Senator visited the White House to arrange for a call on the President at some time in the future to take up a number of matters with the Chief Executive.

TELLS HIS HOPES

The subject of farm relief was brought up by Joseph O. Thompson of St. Matthew, S. C., vice-president of the American Cotton Association. He told Mr. Hoover he hoped the farm measure to be worked out at the special session of Congress will encourage the establishment of stabilization corporations for handling the seasonal surplus cotton crops, backed by co-operative marketing organization throughout the South.

His plan envisaged loans from Federal funds to cotton planters on crops held in storage by the stabilization corporation, with the whole structure supervised and assisted by a Federal farm board.

Mrs. Ruth Bryan Owen, daughter of the late William Jennings Bryan, today paid her first visit to the White House as Democratic Representative from Florida. With Senator Fletcher, Democrat, of the same State, she discussed with Mr. Hoover the problem of controlling the flood waters of Lake Okeechobee.

This is a subject with which the President is thoroughly familiar through a personal inspection of the territory just before he returned to Washington for his inauguration. Mrs. Owen said the Chief Executive indicated his sympathy with the project, but did not make clear the extent to which he is willing that the Federal government shall go in meeting the costs of the flood protective measures.

PLANS TO SPEAK

During the day the Chief Executive accepted an invitation to deliver a Memorial Day address at Arlington National Cemetery and took under advisement a request that he deliver an address at a conference of farm organizations in Chicago next fall. He also was invited to visit Savannah, Ga., in October for the proposed observance of the 150th anniversary of the death of Gen. Pulaski, a Polish officer who served with the Colonial troops in the Revolutionary War.

The invitation to speak on Memorial Day was carried to the White House by a delegation of the Grand Army of the Republic led by Department Commander Samuel G. Maween. Chester Gray, Washington representative of the American Farm Bureau Federation, acted as spokesman for the group which invited the President to Chicago, while Casimir S. Baldvga, national commander of the Polish Army Veterans' Association of America, asked Mr. Hoover to attend the celebration at Savannah.

Blast on Road Kills Blacksmith

MONTEREY, March 18. (AP)—Henry McDermott, 58 years of age, a blacksmith employed by the State Highway Commission, was killed and two San Quentin convicts were injured in an explosion on the Carmel-San Simeon convict camp yesterday.

McDermott was struck by a rock. Theodore Whitting, convict, had a leg broken. Augustino Barragan, the other convict, suffered a fracture of both legs.

Whitting was received at the prison from Los Angeles, December 10, 1927, for stealing an automobile. Barragan was received from Ventura county, January 8, 1927, for second-degree burglary.

CROWD SEES OFFICER KILL ROBBER IN FIGHT

CHICAGO, March 18. (AP)—Four hundred persons looked on last night as Policeman George Schert and an unidentified robber shot it out at a busy North Clark-street intersection. Nine shots had been fired before the bandit fell dead. The man had been caught after robbing a restaurant and the officers was attempting to disarm him when the shooting started.

HOOVER CURTAILS SPEECHES

President Tells Policy of Making Few Public Talks, Conserving Strength for Great Duties

BY ROBERT B. ARMSTRONG
"Times" Staff Correspondent

WASHINGTON, March 18. (Exclusive)—Presidential speeches are going to be few and far between during the Hoover administration. President Hoover has no intention of wearing himself out and impairing his efficiency going about the country making speeches, and outside of official addresses required of his office intends to confine himself to two or possibly three platform appearances a year.

When he does accept an invitation to make a speech before a certain organization or on a certain occasion it will be because he has a message of genuine importance he wishes to deliver to the country.

All this was made known today in connection with a call at the White House by a delegation from the American Farm Bureau Federation, National Live Stock Association and kindred groups, asking Mr. Hoover to deliver an address in Chicago some time next fall. The President informed the delegation he could not accept an invitation so far in advance, and then proceeded to say that anyway, his policy would be that of making few such speeches.

It is his belief, he said, that a President can best serve the nation by conserving his strength through elimination of all possible outside drains on his physical powers and remaining on the job in Washington. Furthermore, he said, that the time and effort involved in a speaking appearance are not justified unless the President had something really vital to say, not only to the immediate audience, but to the nation at large.

Mr. Hoover will make the annual Presidential memorial day address at Arlington, and on April 22 is scheduled to speak before the Associated Press editors at New York.

FOREST SAFETY MOVE STARTED

Budget Bureau Action Aimed at Fire Potection

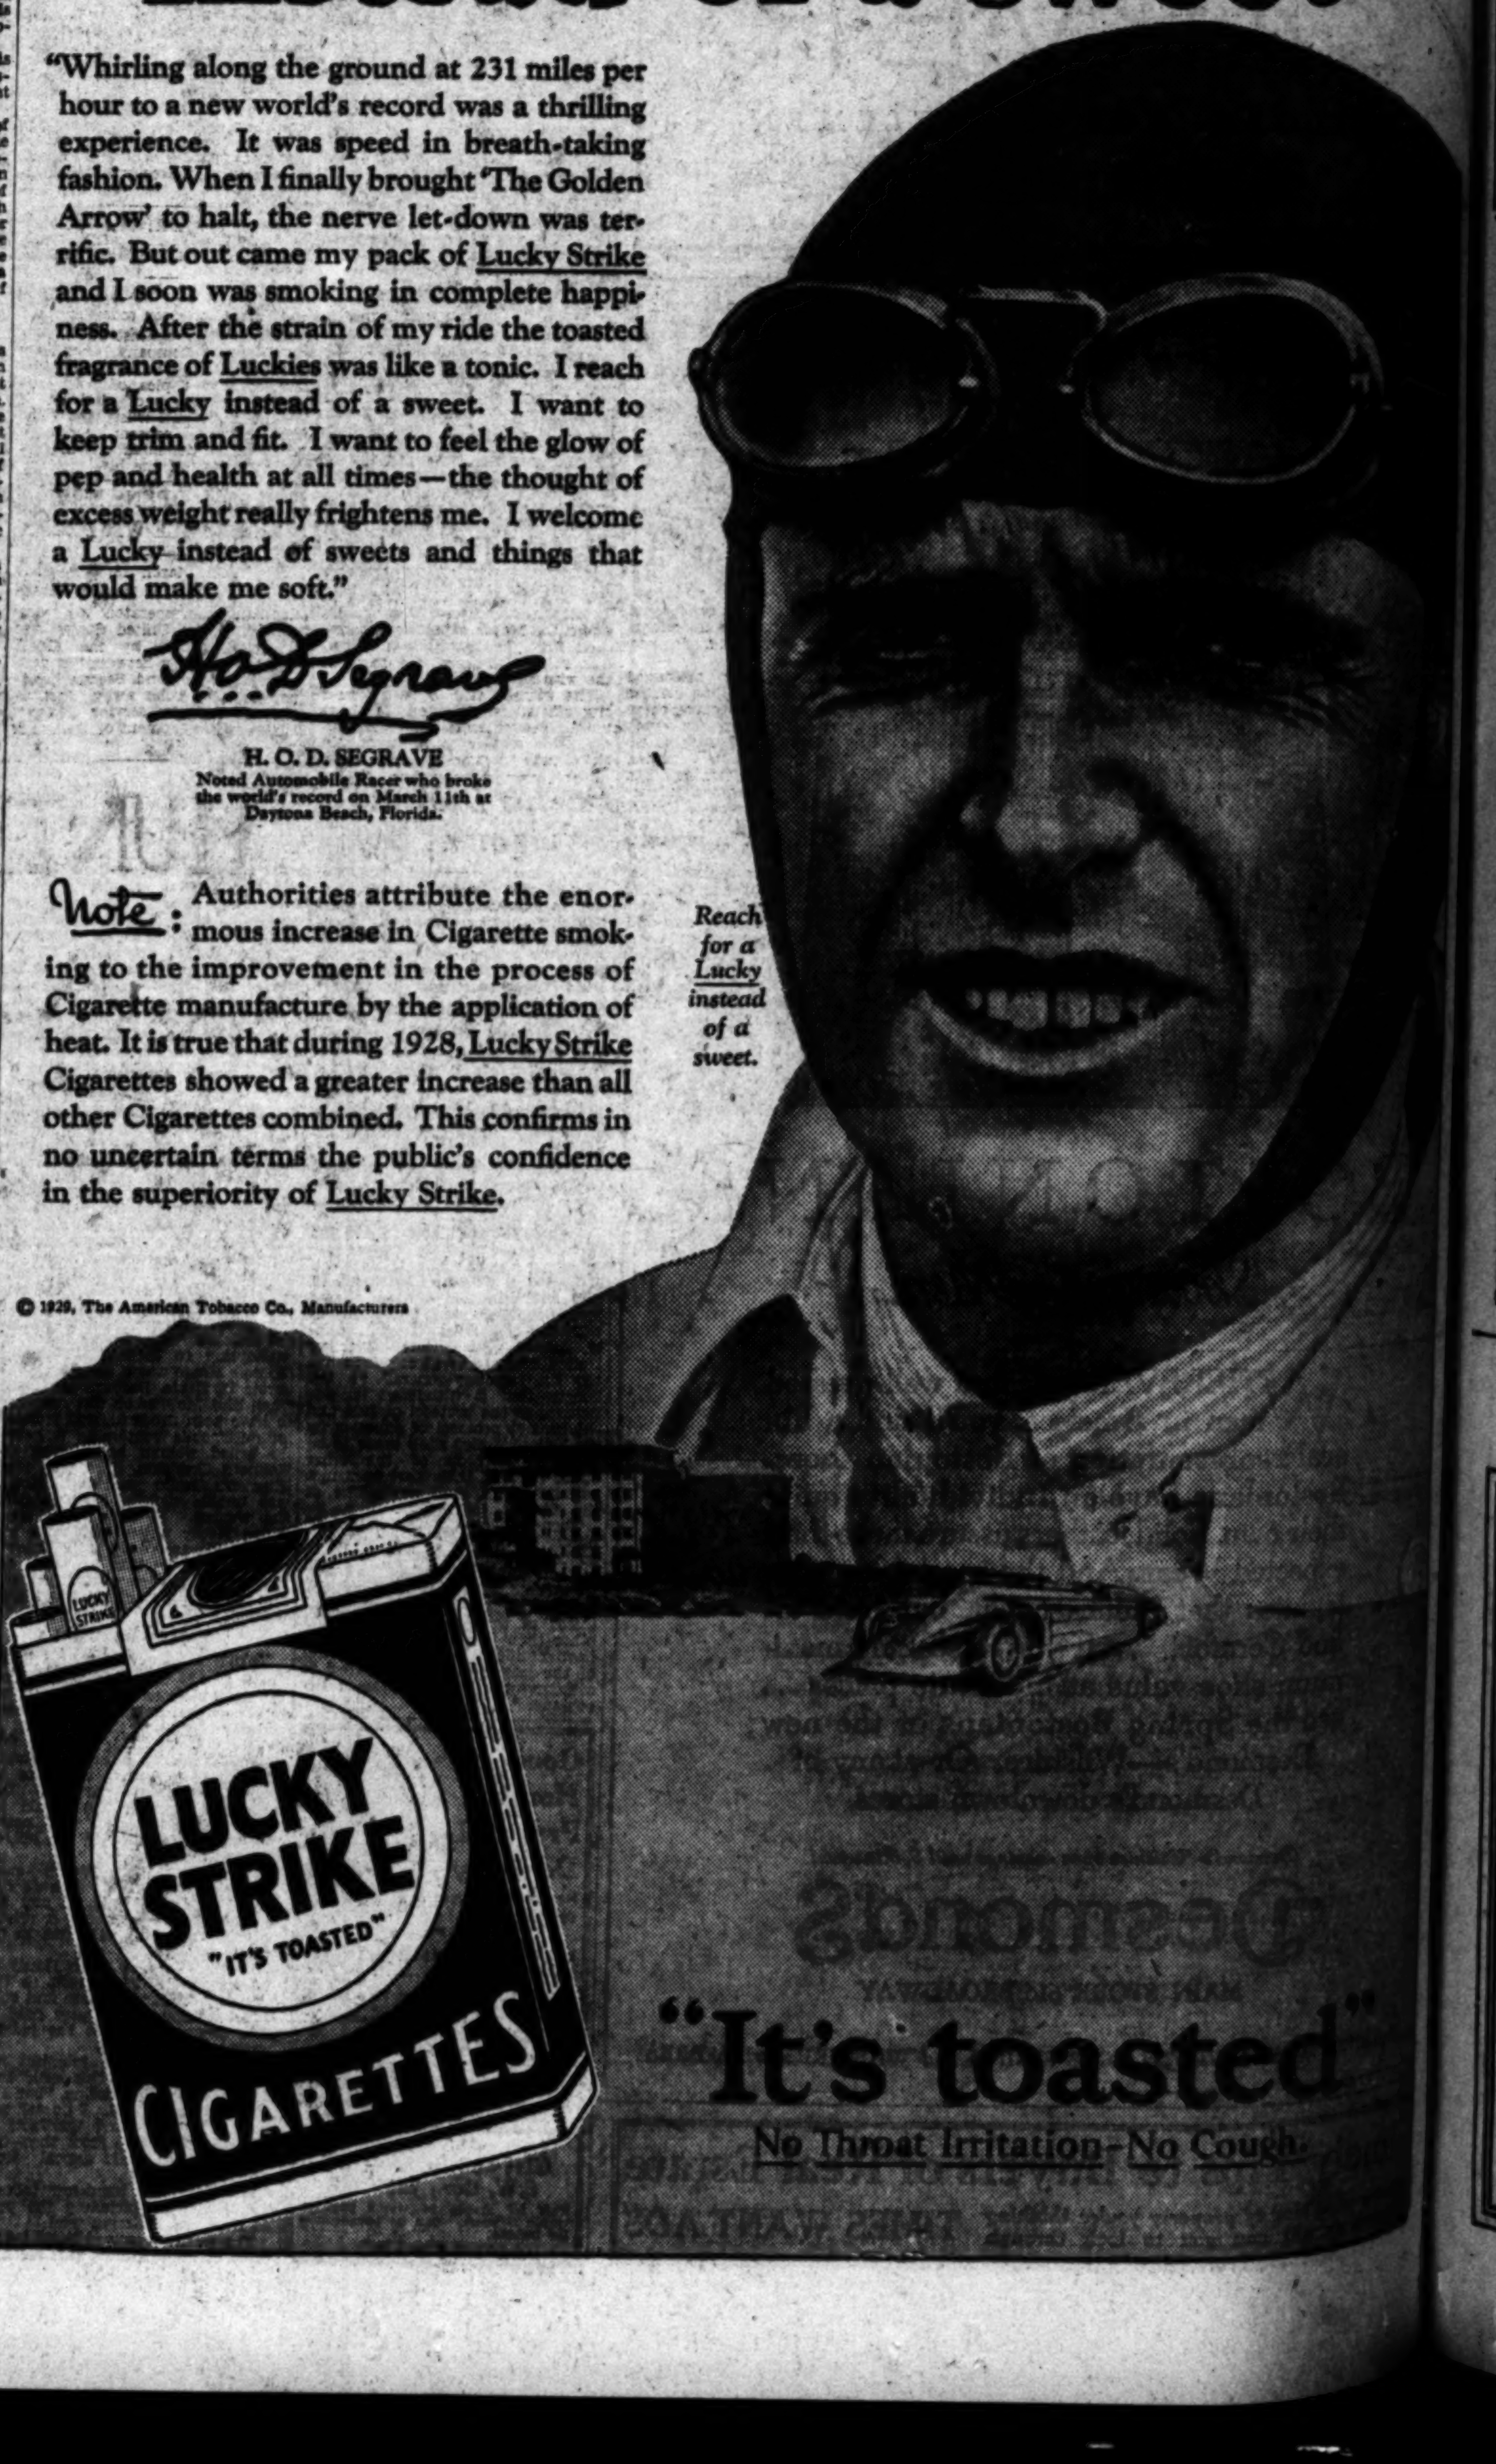
WASHINGTON, March 18. (Exclusive)—That President Hoover's conservation plans are not limited to oil, but will include the nation's timber, became apparent today when the Bureau of the Budget asked Representative Englebright, Republican of California, to present figures for an adequate fire-protection campaign for the national forests.

During the last session of Congress, Representative Englebright introduced a bill to put fire fighting in the national forest on a business basis and to take it out of the emergency measure class. Although the bill did not pass, the Budget Bureau has asked for his statistics on the cost of adequate fire protection for the nation's publicly owned timber resources. The action of the budget officials is taken here to mean that the Hoover conservation programe will not be limited to oil alone.

A Suggestion —It Aids Digestion

White Rock
The leading mineral water

"I reach for a Lucky instead of a sweet"



"Whirling along the ground at 231 miles per hour to a new world's record was a thrilling experience. It was speed in breath-taking fashion. When I finally brought 'The Golden Arrow' to halt, the nerve let-down was terrific. But out came my pack of Lucky Strike and I soon was smoking in complete happiness. After the strain of my ride the toasted fragrance of Luckies was like a tonic. I reach for a Lucky instead of a sweet. I want to keep trim and fit. I want to feel the glow of pep and health at all times—the thought of excess weight really frightens me. I welcome a Lucky instead of sweets and things that would make me soft."

H. O. D. Segrave

H. O. D. SEGRAVE
Noted Automobile Racer who broke the world's record on March 11th at Daytona Beach, Florida.

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.

SLEEP SICKNESS MENACE GAINING

Thousands Afflicted in United States

Wisconsin University Gives Survey Report

Adequate Provision for Victims Urged

MADISON (Wis.) March 18. (Exclusive)—"Sleeping sickness" is spreading rapidly throughout the United States, leaving a trail of disordered minds, broken bodies and wrecked nervous systems in its wake, according to an extensive investigation just completed at the University of Wisconsin. In this State alone there are at the present time 800 cases of known encephalitis lethargica, the scientific name for "sleeping sickness."

New light also has been thrown upon the high death rate the contagiousness and the serious after effects of the disease. The recent discoveries have led to the following ominous statement which bears the authority of the university's research department:

"Perhaps no disease in the short span of twelve years has wrought so great a havoc, covered the world so quickly or left so many disabled persons looking forward to death as a deliverance from a life of misery. It is in truth a living death."

THOUSANDS SUFFERING

Many months of research work has been done in this connection by Adrian Scolten under the direction of the Wisconsin State Psychiatric Institute and Prof. William F. Lorenz of the neuro-psychiatry department of the university medical school.

"At the present time there are thousands of persons suffering from the ravages of this disease in the United States, although only a few hundred new cases are discovered and reported to the State health departments each year," says the report of Mr. Scolten, issued to the public.

"While encephalitis lethargica or 'sleeping sickness' is a disease caused by an unidentified microbe which invades the brain and spinal cord, it does not involve the thinking centers of the brain. The symptoms in the chronic forms of the disease are largely those of disordered muscular control, disturbances of the emotions and inability to make a living. There may be a masklike face, double vision, stupor, speech difficulties, behavior disorders or extreme irritability, but these patients are not insane and should not be classed as such.

INADEQUATE PROVISION

"Many of the behavior disorders in children whose good mentality and apparently good home training make them cases which have amazed and shocked the public mind, can be traced back to an attack of this disease. Many of them are wrongfully confined in reform schools where conditions do not permit improvement.

"Many adults suffer prolonged disability and mental peculiarities following an attack. Because there is inadequate provision for study and hospitalization of such cases these victims float about, a burden to themselves, their families and associates. Because they frequently are without sympathetic understanding, they have no hope for the future and often end up in despair and suicide."

The investigator believes that States should establish means for the care and study of victims of a sufficient length of time not only to bring about as complete a recovery as possible but also to make possible a fight "against a tremendous and baffling problem which alarms and puzzles the medical profession today."

China's Congress Barred to Press

NANKING (China) March 18. (AP) Factional debate within the Kuomintang Congress has resulted in the barring of foreign press correspondents and the imposition of a vigorous censorship on the Chinese press services.

Chinese correspondents are being permitted to circulate only the official communique issued by the Congress.

PLAIN PEWS FOR PRINCES AT WEDDING

Titled Guests Will Occupy Hard Benches at Royal Nuptials in Norway

OSLO, March 18. (AP)—The ancient choir seats of Our Savior's Church, severely plain in their Lutheran simplicity, will hold royal guests from many lands when Prince Olaf, heir to Norway's throne, claims his bride, Princess Martha of Sweden, at noon Thursday.

But the distinction and popularity of the youthful couple and the dignity of their relatives will make the event imposing.

The wedding of Olaf and Martha will take place according to the Lutheran ritual, for the state religion of both Norway and Sweden is of that communion.

The royal guests will occupy the choir seats, plain hardwood benches which are elevated but a few inches above the floor of the auditorium. There will be King Haakon and Queen Maud of Norway and Prince Carl and Princess Ingeborg of Sweden, Crown Prince Gustave Adolph of Sweden and his Crown Princess, Prince Eugene, brother of King Gustav of Sweden; Prince Axel of Denmark, who is brother-in-law to the bride; the Duke of York from England, a cousin of Prince Olaf; Prince Henry, the consort of the Queen of Holland, and other members of Scandinavian royal families.

TREASURER DEATH LAID TO MURDER

Salt Lake City Coroner's Jury Returns Verdict in Mystery Shortage Case

SALT LAKE CITY, March 18. (Exclusive)—A Coroner's jury today reached a verdict holding that Max M. Beaver, City Treasurer, was murdered by a person or persons unknown on the 5th inst.

Beaver died from poison in the apartment of Edwin J. Colvin, city dog impounder. The Treasurer's books show shortages which may reach $100,000. Official audits under way show some of the shortage is accounted for by I.O.U.'s of various city employees, including one for $4000 of Alva Keddington, City Auditor. Keddington declares the I.O.U. a forgery. Mayor Bowman has demanded the resignation of Keddington, which has been refused.

The Mayor has asserted he will take court action, if necessary, to remove the auditor.

While the inquest was in progress today, an emissary of Mayor Bowman was speeding to Los Angeles in an airplane to interview a witness whom the Mayor expects can throw some light on the shortage. Bowman refuses to reveal the name of the witness.

The witness, said to be a former city official, is reported to have quoted Beaver as saying: "An audit won't matter so much to me, but it may to some one else."

Phelps Dies at Piedmont Home

OAKLAND, March 18. (AP)—Joseph Larose Phelps, for many years publisher of the Stockton Independent and prominent in politics, died at his home in Piedmont today at 78 years of age.

Mr. Phelps was born in Dublin, N. H., and came to California with his parents at the age of 6. In 1882 he bought the Stockton Independent and was its owner and publisher until 1922, when he sold the paper to W. A. Fitzgerald.

In 1923 Gov. Richardson appointed Mr. Phelps secretary of the State Board of Harbor Commissioners. He served until 1927.

War Dead to be Brought Home

KANSAS CITY (Kan.) March 18. (AP)—Bodies of American war dead buried in Northern Russia and Siberia are to be removed to the United States as soon as the graves are located, it was announced today by Eugene P. Carver, Jr., Commander-in-Chief of the Veterans of Foreign Wars.

The veterans' organization took action for the removal of the bodies, as the War Department could not do so because of the absence of diplomatic relations between the United States and the soviet government, Mr. Carver said.

FREIGHTER'S VOYAGE PROVES TRAGIC ONE

VANCOUVER (B. C.) March 18. (AP)—With her chief engineer dead by his own hand the British freighter Wearpool was in port today after a fifty-day struggle with adverse elements. Acting Chief Engineer Kinnes said that almost from the moment the tramp put out from Wales she was buffeted by a terrific storms. Chief Engineer Chaffey was found in his berth with his throat cut, apparently by his own razor. The body was buried at sea. The freighter is bound for Shanghai.

COLUSA SHERIFF DIES AT WHEEL OF HIS CAR

MARTINEZ, March 18. (AP)—Sheriff Stanton of Colusa county died of a heart attack at the wheel of his automobile, while he was driving through this city today. The car unguided, struck a parked car, glanced off and crashed into a barber-shop window. The parked automobile rolled forward and struck Mrs. Madeline Lewis, a pedestrian, injuring her slightly.

GAS KILLS MERCHANT

PHOENIX, March 18. (AP)—Harry C. Hall, 51 years of age, who had been engaged in the wholesale grocery business in Phoenix for the last twenty years, was found dead in a gas-filled room in his home here this morning.

TOWN ENRICHED BY HEARD WILL

Arizona Publisher Endows Phoenix Charities

Total of $135,000 Devoted to Educational Ends

Widow and Son to Receive Residue of Estate

PHOENIX, March 18. (AP)—The will of Dwight B. Heard, late publisher of the Phoenix Republican, filed for probate here today provides gifts of $20,000 each to the University of Arizona and St. Lukes Home of Phoenix and $75,000 to be used by Mrs. May Bartlett Heard, his widow and executrix of the will, any amount of her personal funds she may wish to place with it, for construction and maintenance of any form of benefaction she may desire for the people of Phoenix.

In addition $50,000 was left to Dwight B. Heard, Jr., on his thirty-fifth birthday and $25,000 to each of Heard's grandchildren. Mrs. Heard was left $5000 a year during her life and Dwight Heard, Jr., is to receive one-third of the residue of the estate.

Charles A. Stauffer, general manager of the Arizona Republican, was left one-fourth of the stock in the publishing company. A fund of $20,000 was established to provide educational advantages for newsboys selling the Republican for at least one year. This fund was to be operative as long as Heard's and Stauffer's interests control the paper.

Heard, who died last week, was prominent in the development of Arizona and one of the most widely known citizens of the State.

There is no indication in the will as to the total value of the estate, but a total of $265,000 in cash bequests are made.

The will was signed November 11, 1925, and provides that Mrs. Heard shall serve as executrix without bond.

TILE CONCERN FINED UNDER SHERMAN LAW

CHICAGO, March 18. (AP)—Federal Judge Wilkerson today imposed a fine of $5000 against the Ludowici-Celadon Company, manufacturers of roofing tile, after the company entered a plea of nolo contendere to charges of violation of the Sherman anti-trust law. The court entered a consent decree restraining the defendants from further violations of the law.

RAILWAY OPENS NEW 1800-MILE WIRE LINK

ST. PAUL, March 18. (AP)—What is believed to be the longest private telephone line operated by any railroad in the United States was put into operation by the Great Northern Railway between its general offices here and Seattle headquarters, 1800 miles away. Institution of the new service climaxes ten years' development of the road's private lines.

CHRYSLER MOTORS PRODUCT

FATAL AIRSHIP DECLARED FIT

Airways Officials Tell of Plane's Inspections

Injured Pilot Asserts Two Motors Went Dead

Wind Threw Craft Into Car, Killing Passengers

NEWARK (N. J.) March 18. (AP)—Officials of the Colonial Airways, owners of the plane which carried fourteen to their death on a pleasure flight from Newark Airport, today expressed conviction of the competency of the pilot and the fitness of the plane before it left the field.

They were called to confer with Mayor Congleton in an effort to fix responsibility for the crash. One of the first questions asked W. E. Rowland, chief of operation of the Colonial Airways system, concerned the ability of Lou Foote, pilot of the ship, who is in a serious condition in a Newark hospital. Rowland said that Pilot Foote is an experienced and competent flyer with 2800 hours of flying to his credit.

MANY INSPECTIONS

Rowland revealed that the tri-motored Ford monoplane had been inspected officially by the Department of Commerce inspectors once since the ship was licensed for transport service last November. The plane had been inspected unofficially by the Department of Commerce representative a day or two before the crash, he added, and had been inspected once or twice daily by company mechanics.

Rowland also submitted figures to show that the plane had not been overloaded. He said it had a pilot and passenger capacity of 2461 pounds, which would leave ample allowance for its cargo of fifteen. Foote weighed 184 pounds, he said, and the passengers, he estimated, weighed an average of 150 pounds each. To have overloaded the ship each passenger would have had to weigh more than 190 pounds, he said.

The plane was gassed and oiled and made seven flights yesterday before it crashed. There never had been any serious engine trouble on the wrecked plane, Rowland said, except the replacement of a cylinder last October. Whenever any defect is discovered the company's planes are taken out of service and repaired, he said.

Rowland would offer no theory for the cause of the crash.

Before the Mayor's investigation began, Foote from his bed in St. James Hospital blamed the motors' failure for compelling him to seek a forced landing.

"Two of my motors went dead—the third wouldn't hold up and I don't know what else happened," he said.

AIR "BUMPY"

When Foote took off with the fourteen passengers for the flight over New York City he encountered "bumpy" air, which had compelled lighter planes to keep to the ground. The big ship failed to gain altitude, and after Foote had banked so that the wind was from the rear the plane wavered. Witnesses said the right and left wing motors faltered. The pilot attempted to reach a level place beyond a spur of the Central Railroad of New Jersey, but the ship struck a standing freight car as a gust of wind suddenly hurled it to earth. The passengers were crushed in the forepart of the cabin. Foote and Delmont Parsons, who was riding beside him in the cockpit, were thrown clear. Parsons died today. The rest were killed instantly.

Edison Company Denied Property Value Increase

SAN FRANCISCO, March 18. (Exclusive)—The sum of $865,000, including $20,000 for severance damages, is adequate and ample for those properties of the Southern California Edison Company within territory annexed to the city of Los Angeles since 1922, the Railroad Commission ruled today in denying a rehearing of the valuation case. The commission set the figure named January 24, last, and on February 11, the Southern California Edison Company filed a petition for rehearing, contending the amount inadequate by many thousands of dollars.

The Edison company, in the set-up submitted to the commission during the hearings, valued the properties involved at $3,166,960.76. The city of Los Angeles, which seeks to acquire these properties to incorporate them into the municipal system of power distribution, set a value on them of $717,129.77.

Santa Barbara Transit Service Will be Dropped

SAN FRANCISCO, March 18. (Exclusive)—Railroad Commission authorization was granted today for the Santa Barbara and Interurban Railroad Company to discontinue operation of its street cars and motor buses, bringing the Channel City the prospect of getting along without such service indefinitely and perhaps permanently.

Several months ago the company was granted an increase in rates in the hope that it would be able to meet expenses and show a return on investment but recent figures submitted to the commission show that this has not happened. On the contrary the company has continued to lose money, according to the figures.

The order for cessation of service becomes effective thirty days after announcement by the company.

PROMOTIONS MADE BY SALVATION ARMY

SAN FRANCISCO, March 18. (AP) Territorial promotions announced today by Commissioner Adam Gifford of the Salvation Army, include Brig. John Bree, Sacramento, to lieutenant-colonel; Maj. Paul Heisinger, Long Beach, to brigadier; Maj. G. Talbot, Portland, to brigadier, and Maj. E. C. Isaacs, San Francisco Industrial, to brigadier.

Navy Expert Flies from Capital to Dayton for More Experiments With Device

BY JOSEPH EDGERTON

[Copyright, 1929, in all countries by North American Newspaper Alliance.]

WASHINGTON, March 18. (Exclusive)—The first United States military plane to be equipped with the Handley Page wing slots, which are supposed to increase greatly the safety of flying, was flown from the national capital to Wright Field, Dayton, O., today by Lieut. Carl B. Harper, navy expert on the slots. At Wright Field, the army's test ground and flight laboratory, the slots will be demonstrated to the army aeronautical technicians.

The plane is a standard Navy Vought Corsair, which has been demonstrated with the slots by Lieut. Harper at Philadelphia, and in this city. Other types of navy planes are being equipped with slots under the direction of Lieut. Harper and soon will be ready for testing.

VALUE PROVED

Stalls and spins, which are among the principal causes of fatal crashes, have been checked promptly by the opening of the slots, though navy pilots, who have flown the Corsairs, say the slots are not a sure cure for all types of spins.

The slot is formed by a long, narrow wing-shaped structure which normally fits into the wing and forms its leading edge. When the wing reaches the stalling angle, at which the air no longer acts as a support, the change in direction of the air stream forces open the slot, the small wing being driven away from the parent wing on rocker arms, to a position in which it forces the air stream back over the main wing so that it partially restores the lift.

Shortly before leaving for Dayton, Lieut. Harper demonstrated the effect of the slots in a flight here with the writer as a passenger. The take-off apparently was normal until Lieut. Harper, a few feet off the ground, pulled the plane into a steep climb and held it there. The speed, naturally, dropped to below the stalling point, but instead of a crash the slots opened, the plane's nose dropped for just an instant and the climb was resumed at an air speed of something like fifty miles per hour.

ANOTHER EXPERIMENT

Reaching a more comfortable altitude, Lieut. Harper throttled down the motor and pulled back the stick. The nose went up into climbing position and the ship immediately stalled. The slots flew open and in this unusual position, with the tail down at an angle of approximately 30 deg., the plane "squashed" along in almost level flight at an indicated air speed of approximately thirty miles per hour. When he opened the throttle the plane went into a normal climb and the slots closed.

Lieut. Harper repeated this maneuver fifty feet above the ground, so that a photographer might shoot the plane in order to show the slots open. Measurement of the photograph showed an angle of 30 deg. Without the slots this type of plane stalls at an angle of 15 deg.

On slow turns the wing on the inside of the turn reached stalling speed and began to fall. The slot opened and the wing again began to lift. The outside wing continued above stalling speed and the slot remained closed.

The Navy is using the slots experimentally. If they are as successful here as the British have found them, we may see them installed on American military and passenger planes soon as a means of saving lives and improving public confidence in flying.

Miss Bennett Out of Danger

PARIS, March 18. (AP)—Constance Bennett, American actress, was said by her physicians to be out of danger and resting comfortably tonight. It was learned today that she entered a private hospital near St. Lazare Station in the heart of Paris five days ago and was operated on for acute appendicitis. She developed peritonitis and was seriously ill for a few hours, but has rallied.

Miss Bennett is a daughter of Richard Bennett, actor.

DOUBLE KILLING LAID TO NARCOTIC ADDICTS

PHOENIX, March 18. (AP)—Drug addicts today are believed responsible for the violent deaths of two men Sunday. Ben Smith, Phoenix officer and joint operator of a merchant patrol, was shot twice when he went to the aid of Chinese merchants as they were being held up by armed bandits. He died late Sunday. Lee Hop, Chinese produce vender, was found dead in his home here, his head crushed in.

STEAMER STILL AGROUND

VANCOUVER (B. C.) March 18. (AP)—The United States steamer A. L. Kent, which ran aground on Walkem Island, Johnstone Strait, Saturday night, was still hard aground today with a 26-deg. list, and her engine-room taking water.

ALIMONY ORDER SURVIVES DEATH

Woman Awarded Judgment Against Estate

SAN FRANCISCO, March 18. (Exclusive)—Superior Judge Graham today upheld the contention that, under certain circumstances, "man's alimony obligations live after his death."

The decision was in an order granting $3000 in unpaid alimony to Mrs. Elizabeth G. Mesmer from the estate of A. J. Mesmer, wealthy shoe merchant, together with the proviso that enough of his estate be set aside to insure payment of $75 a month until her death or until she remarries.

It was the latter phase of a divorce agreement between the two which prompted the verdict.

GEORGE WOODRUFF DIES

LITCHFIELD (Ct.) March 18. (AP) George Catlin Woodruff, 67 years of age, publisher of the Litchfield Enquirer, a weekly newspaper, and former vice-president of the National Editorial Association, died yesterday.

LUMBERMEN OPEN SESSION

SEATTLE, March 18. (AP)—Two hundred Pacific Coast lumbermen opened their annual three-day conference of the Western Forestry and Conservation Association here today to discuss problems of the lumbering industry. Speakers included Spencer D. Turner, Los Angeles county (California) forester.

This new Sparton Equasonne is the greatest radio the world has ever known at any price—And don't you buy a radio until you have heard it.
Walter M. Fagan

Model 930
$199.50

All Sparton radios are priced complete including tubes.

...and Now a real Sparton at $199.50

All that is Sparton comes to you now in this exquisite console at $199.50. *The famous Sparton Chassis*—all the exclusive features of *Sparton Supremacy*—at a popular price—on convenient terms.

"Flat band selection" instead of old-fashioned "peak tuning." Simply "turn to" a station instead of "tuning" it in.

The "wave band filter," which admits only the wave channel allotted to a station, *filtering* out interference and static *before* amplification.

"Unit construction," with selector, amplifier and audio circuits in separate sections, each individually shielded.

NOW you can have ALL these features . . . all the qualities that are exclusively Sparton . . . in a genuine Equasonne at $199.50.

"... and don't you buy a Radio until you have heard this famous Sparton Model 930!"

INCOME TAXES FAST PILING UP

Friday's Collections Amount to $15,700,000

Increase Over Last March to Date $6,411,063

Year's Aggregation Somewhat Under 1928 Period

WASHINGTON, March 18. (AP)—Collection of $15,700,156 in income taxes on last Friday sent the total for the month to $72,504,506, an increase of $6,411,063 over the amount collected in the similar period of last March.

The amount received by the government on Friday, the last day in which returns of income taxes for the calendar year 1928 could be filed, was $1,100,000 more than was received on the same day last March.

The collections for the fiscal year 1929, starting last July 1, still are below the collections for the same period of the previous fiscal year, however, amounting to $1,157,705,301. Collections for the same period of the previous year totaled $1,174,598,496.

SOME PROPERTY UNTAXABLE

SAN FRANCISCO, March 18. (Exclusive)—Property possessed within a national park by a private concern is not taxable by the State within which the park lies, the Federal Circuit Court held today in reversing a Montana decision in a Yellowstone Park case.

Gallatin county, Montana, had assessed a tax against the personal property of the Yellowstone Park Transportation Company, a Delaware corporation operating a fleet of busses under concession in the park. The park overlaps the Montana-Wyoming State line several miles near the park entrance.

The Federal District Court in Montana upheld the county but the Circuit Court said that national parks have exclusive jurisdiction within their boundaries, except that States may serve processes in civil and criminal cases.

MISTAKE KILLS OHIOAN

MONTREAL, March 18. (AP)—C. M. Hollingsworth, 56 years of age, of Steubenville, O., vice-president of the Ohio Valley Clay Company, died here today a few minutes after he had taken a drink of strong disinfectant by mistake.

TAMMANY FIGHT GROWS CHAOTIC

Faction Battle for Control Reaches Deadlock

Judge Foley Firmly Declines to Take Leadership

Walker and Smith Barred from Dictating Selection

NEW YORK, March 18. (Exclusive)—The fight for control of Tammany Hall reached a deadlock today with strong factions and district chiefs contending for the leadership which George W. Olvaney laid down last week. The situation is now chaotic and the one man to whom all the battling forces are turning to restore order and establish authority is Surrogate Foley, son-in-law of the late Charles F. Murphy, but he, wanted as Tammany's big boss before Olvaney took the office four years ago, declined to reconsider tonight the refusal of the job he put forward then.

After an address before the school of politics of the National Women's Republican Club, today Foley told reporters that he will not consider the post of leadership and he reiterated his stand tonight. He issued no formal statement, but he let it be known that he feels the responsibilities of the task are too great for his health.

The man for the job, he intimated, must be picked by the present leaders of the Wigwam and he gave it as his opinion that no discord exists between the friends of Mayor Walker and those of ex-Gov. Smith.

The Tammany district leaders have entered into an agreement among themselves to pick one of their own number for Tammany chief and have closed in against dictation by either Walker or Smith.

John F. Curry, one of the leaders of the Third District, is credited with being a little in the lead in the field in the van of Foley, but still considerably short of the majority vote required to elect in the executive committee.

Smith himself and his multimillionaire contractor friend, William F. Kenny, early mentioned for the post, apparently have been eliminated, or have eliminated themselves from consideration.

POLICEMAN KILLED BY GANGSTERS

Two Others Wounded in New York Fight Between Officers and Suspects

NEW YORK, March 18. (AP)—A policeman was shot and killed and two other men wounded in a gun battle tonight between ten of twelve gangsters in the Bay Ridge section of Brooklyn. Police said the shooting was over liquor smuggling.

The policeman slain was Daniel Maloney, 33 years of age, attached to a Manhattan station. He was shot near the heart and died while en route to a hospital. Thomas Connell, 31, who, police say, is the leader of one of the warring gangs, was shot in the leg. Harold Richards, 41, was wounded in the shoulder.

Connell said he and Maloney were riding in a machine and that Maloney leaped out of the car to halt the gunmen's firing. Between forty and fifty shots were exchanged.

Hit-Run Killers May Face Noose

OTTAWA (Ont.) March 18. (Exclusive)—Murder, punishable by hanging, will be the charge against hit-and-run killer motorists in Canada if a bill introduced into Commons by Thomas Church, Toronto Conservative, becomes law.

Two years' imprisonment and $500 fine is provided for anyone failing to return to the scene of an accident, and any motorist who kills a person, whether criminally liable or not, would be debarred from driving for ten years.

Santa Fe Plans Aid to New Line

WASHINGTON, March 18. (AP)—The Kansas City, Mexico and Orient Railroad, recently purchased by the Santa Fe system, today asked the Interstate Commerce Commission for authority to build sixty-five miles of new line from San Angelo to Sonora, Tex.

Funds for operation will be advanced by the Santa Fe and the line will be turned over to the Panhandle and Santa Fe, another subsidiary of the Atchison, Topeka and Santa Fe, for operation.

INJURED MAN SOARS, WIFE FOLLOWS AFOOT

NORTH BAY (Ont.) March 18. (AP)—A missionary's wife who cared for her injured husband five weeks at a Hudson Bay trading post until a plane took him to a hospital today was preparing to mush 300 miles to his bedside. After Rev. George Morrow, whose hip was broken in a toboggan accident, had been received in a hospital at Cochrane, Mrs. Morrow listened in on her radio at Moose Factory and was told of his safe arrival. She immediately made plans to join a dog team party going south.

THWARTED MARRIAGE BLAMED FOR HANGING

SALINAS, March 18. (AP)—Unhappiness, caused, she said, by parental opposition to her marriage, resulted in Rose Mae Solomon, 22 years of age, University of Ohio graduate, attempting to commit suicide by hanging in the Sheriff's office of the County Jail yesterday. Her suicidal attempt was frustrated by the matron. The girl declared that her father refused to give her financial aid. Miss Solomon was arrested Saturday on a charge of passing worthless checks.

RAIL RATE CHANGE TO BE FOUGHT

Federal Examiner Will Hear Protests on New Proposals for Coast

PORTLAND (Or.) March 18. (AP)—Southern Pacific representatives declared here today at an Interstate Commerce Commission hearing that a rate war between steamship lines operating from California ports to Seattle has compelled the Southern Pacific to make rates from California to Seattle as low, and sometimes lower, than the rates from California to Portland.

The hearing opened today before L. F. Flynn, Interstate Commerce Commission examiner, and in a continuation of the one held at San Francisco November 30 to December 15, 1928.

The Southern Pacific and other rail carriers, including, it is said, the Santa Fe, is seeking to lower rates between ports of the Pacific Coast and to increase them at intermediate inland points.

The proposed readjustment, however, is being fought by various ports, while all the intermediate cities are up in arms against the contemplated change.

Representatives of Portland today opposed the proposed Southern Pacific rail rates to Seattle because, it was said, rates to the Puget Sound metropolis from California ports would in some cases be lower than the rates from the south to Portland. In many other cases the California-Seattle rate would be the same as the California-Portland rate.

Portlanders declared this would give Seattle an unfair advantage in Portland territory.

Los Angeles, too, is fighting the rate schedule with special reference to automobile rates. Los Angeles says the new rates would give Oakland and San Francisco a distinct advantage over the southern city in the distribution of automobiles and parts.

Hoover Seeks Patronage Pact for New York

WASHINGTON, March 18. (AP)—An effort to bring about harmony among New York State Republican leaders in Federal appointments in that State is to be made this week by President Hoover.

Charles D. Hilles, national committeeman; H. Edmund Machold, State chairman, and William H. Hill, who headed the independent Hoover-for-President organization, and Representatives Snell and Parker of New York, have been invited to have dinner with the Chief Executive tomorrow.

The first three of this group constitute a patronage committee set up by Mr. Hoover last January, while the two members of the House of Representatives were named by the Republicans of the New York Congressional delegation to represent them in patronage matters.

Rosa Ponselle
Philharmonic Auditorium
March 21 8:15 p.m.

HEAR Miss Ponselle in person. Then hear her on the Orthophonic Victrola. Both are Ponselle . . . as vividly in your living-room as on the concert-stage. Rosa Ponselle is an excellent reason for owning one of these exquisite reproducing instruments. You can enjoy her singing whenever and as often as you wish. Ask your Victor dealer to play "Songs My Mother Taught Me" (1319). You will realize that it is Ponselle, *herself*, that you hear.

The New Orthophonic Victrola

A Famous Remedy for 64 Years!—PISO'S!

Since 1864 Piso's has been nationally known as the quickest relief for coughs and colds. Piso's is useful and effective for asthma, bronchitis, whooping cough and croup.

PISO'S
FOR COUGHS AND COLDS

Soothing and healing to the throat. Pleasant to the taste—excellent for children. Contains no opiates.

Procure a bottle of Piso's when next you feel a cold coming on. Use it according to directions.

35 and 60 cents. Large size more economical.

For aggravated cases use Piso's Throat and Chest Salve in addition. Apply externally—it quickly penetrates.
35 cents the jar.

When you're tired ~go home in a Yellow Cab

You will be surprised to find how much refreshing relaxation there is in a ride home in a Yellow Cab at the end of a tiring day.

It takes you out of irritating crowds and traffic. Riding privately, you sink back in the luxurious comfort of the big, six-cylindered, limousine cab and see the hurly-burly of the world go by as you go home a new and quicker way.

Hundreds of men go home this way every evening. Saves time. Restores the poise required for the social hours. The cost is little. Try it the next time you're tired.

Yellow Cabs

STATE COLONIES COSTLY FAILURE

Land Deal Sinks $2,000,000 of Taxpayers' Money

Administration Officials Admit "Terrible Mess"

Legislature Debates Bill to Reimburse Victims

SACRAMENTO, March 18. (Exclusive)—California's experiment in land colonization will cost the taxpayers of the State more than $2,000,000. State officials today freely admitted that the two colonization projects have been gigantic blunders and they are willing to accept a lump loss of $1,800,000 to get out from under administration of the settlements at Durham and Delhi.

Experts of the State departments of Agriculture, Finance and Public Works estimate that the administration bill now pending before the State Legislature providing for the abandonment of the colonies as State projects will mean a loss of $300,000 on the State's investment at Durham and $1,500,000 at Delhi.

COST UNCOUNTED

In addition, administration of the two projects during the eleven years they have been in existence has cost the State thousands of dollars—just exactly how much State officials do not know.

And not only has the experiment cost the State a stupendous sum, but also it has brought financial disaster to more than half of the settlers in the two colonies. At a meeting here Friday between the settlers and Gov. Young one colonist stated that when he took up land at Durham he had $30,000 in cash and quit a $5000-a-year job.

"And today I have not enough ready cash to pay my fare back home," he recounted.

Bert B. Meek, State Director of Public Works, described the colonies as "a terrible mess" and a mistake on the part of the State.

"Our only hope now," he added, "is to get out of it as easily as possible so long as it is not at the expense of the landowners."

STAGGERING BILL

Estimates that adjustments with land owners under an administration bill before the Legislature will cost the State at least $1,800,000 were compiled by S. T. Harding, engineer of the University of California, who recently made a survey of the two colonies for the Department of Public Works. His estimates have been concurred in by L. Rouble of the Department of Finance and C. W. Cleary of the State Division of Land Settlement.

The legislation provides that the State pay the land owners the difference between the purchase price in 1918 and the present valuation of the land. It also provides that California retire from the land colonization business before August 1, 1931.

TRAFFIC IN VILE FILMS DISCLOSED

Arrest Made in New York for Rental of Hot Number by Agent for Producers

NEW YORK, March 18. (Exclusive)—Existence of widespread interstate traffic in obscene motion-picture films was disclosed today when a detective of Police Inspector Boland's staff arrested George Carmack, New York agent for the Metropolitan Motion Picture Company, on a complaint charging possession and rental of lascivious motion pictures.

Detective Ganley and Charles Bamberger, an agent for the New York Society for the Suppression of Vice, visited Carmack's Herald Square office, rented a film, deposited $40 as security and agreed to pay $18 for its use for one night.

Carmack unwound enough of the film to ascertain its character and Ganley made the arrest. Later the 400-foot film was run off at the office of the State Motion Picture Commissioner and bore out the agents' assurance that it was "one of the hottest numbers." Carmack is to be arraigned tomorrow.

Immoral films for use in home projection machines are available at several other places in the city, investigation disclosed.

They may be rented or purchased in Manhattan and although they are brought here from another State, where they are made, Federal officials are powerless to act under the interstate commerce laws.

Two Sentenced in Graft Scandal

NEW YORK, March 18. (AP)—Terms of four to eight years each in Sing Sing prison today were imposed on Frank M. Berg, Jr., and Albert Levin, Queens county politicians, who were convicted last week of attempted bribery of George U. Harvey, Queens Borough President.

They were convicted on charges brought by Harvey that they had offered him $10,000 of a $200,000 bribe to favor contractors in the so-called Queens sewer-graft ring.

Bandit Plunders Berkeley Bank

BERKELEY, March 18. (AP)—The Italian-French branch of the Bank of America here was held up and robbed of between $2000 and $3000 this afternoon, by a man who escaped.

L. J. Ginder, manager of the bank, was at the adding machine counting up the morning's receipts when the robber entered. The robber ordered Ginder into the vault, which would not lock. Scooping up currency and silver, the intruder ran.

TRIBE OF INDIANS RULED BY GIRL

Deathbed Command of Chief Makes Alice Oshkosh Menominee Head

GREEN BAY (Wis.) March 18. (AP)—A 14-year-old girl rules the Menominee Indians today—the first of her sex to head the tribe.

Princess Kenoke, daughter of Chief Ernest Oshkosh, who died several days ago, assumed leadership under a deathbed command of her grandfather, Chief Neopit Oshkosh. She is known outside the tribe as Alice C. Oshkosh.

Previously it was announced that the chieftaincy would be taken over by Chief Earnest Oshkosh's brother, Reginald.

The Menominees reside on a reservation near here.

Bills Passed in Legislature

SACRAMENTO, March 18. (AP)—While the Senate engaged itself in the impeachment of Superior Judge Hardy, the Assembly passed twenty bills today. They were as follows:

Assembly Concurrent Resolution No. 16, [illegible]. Providing that recommendations of the California Highway Commission relative to inclusion of new roads in the state system during the next two years be observed to the extent that additions to the existing secondary system be in the ratio of not less than three or four miles in the southern half of the system and one mile in the north, and that the highway commission and Board of Public Works be authorized to make a scientific study of the state road system.

Assembly Bill No. 1033, Gilmore, Flynn and Quigley. Requiring that a practicing physician shall be on duty in all jails where there are fifty or more prisoners.

Assembly Bill No. 694, [illegible]. Allowing rural school supervisors traveling expenses when performing duties outside county under direction of county supervisors of schools.

Assembly Bill No. 335, Adams. Permits filing of divorce complaint or cross-complaint in county where either defendant or complainant resides.

Assembly Bill No. [illegible], Keaton. Authorizing conveyance to Los Angeles county of land rights of way for road purposes through Norwalk State Hospital grounds.

Assembly Bill No. 732, Emmett. Makes it unlawful for anyone to ship, sell or offer for sale nursery stock, trees or other plants without first obtaining a license from the Department of Agriculture.

Assembly Bill No. 689, Baum. Empowering a court to commit a person to a State narcotic hospital at the expense of relatives and directing that such payment shall be made to the city or county where the person is committed.

Assembly Bill No. 692, Baum. The same provisions as set forth in Assembly Bill No. 689 but relating in this case to commitment of persons to Pacific colony.

Senate Constitutional Amendment No. 17, Sharkey. Proposing that a section be added to the State Constitution relative to the taxation of ocean marine insurers.

Senate Concurrent Resolution No. 18, Swing. Providing that California officially approve the Seven State Boulder Dam Compact, to prepare for possible reconciliation of the six other States.

Senate Bill No. 174, Young. Authorizing the State to arrest narcotic addicts as vagrants.

Senate Bill No. 731, Wagy. Enabling a peace officer to supervise the transportation of a slain deer from an open district into a closed one.

Senate Bill No. 537, Breed. Amending the Municipal Utility District Act.

Assembly Bill No. 820, Witter. Amending the 1917 Irrigation Act to allow irrigation districts to bid against the United States or any government department which contemplates any improvement for which the district will be billed.

Assembly Bill No. 426, Arnold. Requiring every county and township officer authorized to collect money, in addition to paying the money into the county treasury, to file a statement each month with the county auditor.

Assembly Bill No. 427, Arnold. Amending a section of the Political Code to require treasurers settling with the State Controller for funds collected to include all funds collected on the last day of the month before settlement.

Assembly Bill No. 605, Crawford. Forbidding the appointment of more than three members of the Board of Education from any one district, in cases where the consolidated district is formed from union or joint union high school districts.

Assembly Bill No. 1009, Morgan. Providing for the adoption of State text books for use in public high schools and to provide for furnishing them.

Assembly Bill No. 832, West. To provide that all legislation shall become effective on the ninety-first day after adjournment of the legislative session in which it was passed instead of on the sixtieth day after its passage.

Senate Bill No. 781, Nelson. Changing the language of an act to permit "any educational institutions of collegiate grade whose property is exempt" to take property willed to them.

Dollar Officials Deny Crowding on Their Vessels

SAN FRANCISCO, March 18. (AP) Dollar Steamship Company officials here today took sharp exception to statements by Dr. Jose Albert, chief of clinic of the Philippine General Hospital, attributing cases of spinal meningitis found on Pacific steamers, to overcrowding and poor food.

The physician asserted that Filipino steerage passengers arriving at Seattle and Honolulu must have contracted the disease outside the islands. Meningitis is neither endemic nor epidemic in the Philippines, he said.

"There is no such thing as overcrowding in Dollar Line steerages," said a statement made by company officials today.

"All steerage traffic is supervised by the government and the government insists on forty cubic feet of space for every passenger."

House Adopts Divorce Bill

SACRAMENTO, March 18. (AP)—A divorce action may be filed in the county where either the plaintiff or defendant resides under terms of a bill passed by the Assembly today. The measure was introduced by Assemblyman Adams of Livingston.

The bill also provides that a cross-complainant need not be or have been a resident of the State or county in which the action is instituted.

Changes Passed for Long Beach

SACRAMENTO, March 18. (AP)—The Assembly adopted today a resolution introduced by Morgan Keaton of Long Beach validating amendments to the Long Beach city charter to authorize creation of a city prosecutor's office, a board of five harbor commissioners and control of playgrounds and parks by the city school playground commission.

SHIPOWNER JOB BUREAU UPHELD

Court Decides Combining No Commerce Restraint

Decision Follows Ruling in Lower Tribunal

Seaman Attacked Employment Agency's Validity

SAN FRANCISCO, March 18. (AP) The United States Circuit Court of Appeals today held that the Shipowners' Association of the Pacific Coast and the Pacific American Steamship Association were not combining to act in restraint of interstate and foreign commerce in the operation of the seamen's employment agencies.

The decision upholds the ruling of the lower court last year. Cornelius Anderson, a seaman, brought suit for an injunction to have the association prevented from operating their employment bureaus, contending they showed partiality in awarding jobs and tendered to fix salaries for the seamen. The action originally was nonsuited and Anderson won a trial when he appealed to the United States Supreme Court.

In its decision today the Circuit Court of Appeals says in part: "During 1927 the association placed 30,000 seamen and with so great a number concerned there is bound to be some who are displeased. But the evidence shown is insufficient to hold the organization to be a combination in restraint of interstate and foreign commerce."

CULVER VISIONS CITY OF FUTURE

Says It Will Center About Airports

Hundred-Passenger Planes Being Built

National Realty Head Lands at El Paso

[Copyright, 1929, by North American Newspaper Alliance.]

EL PASO (Tex.) March 18. (Exclusive)—Cities of the future will center around their municipal airports instead of the present business districts, Harry H. Culver, president of the National Association of Real Estate Boards, said today.

"Air transportation is not in the future; it is here," Mr. Culver added. "The man who doesn't recognize this is blind. The city that fails to recognize it and act accordingly is equally blind, and destined to lag in the march of progress.

"Practical commercial air transportation is already an established fact. And it is advancing so rapidly that only the most wide-awake communities will be able to keep up with it.

"The present passenger transport planes, carrying six to a dozen passengers and having running water and other conveniences, will be nothing but kites three years from now.

"Already airplane companies are at work on multimotored planes capable of carrying 100 passengers and having complete sleeping and dining-room accommodations. Some of them provide shower baths. It is small wonder far-seeing companies in many cities are renting their buildings in the business district and moving to the airports."

Mr. Culver not only preaches aviation, but practices it. He arrived in El Paso in his own plane after a five-hour flight from McAllen, Tex.

EX-KING CHASES BUTTERFLIES

Tottering Bulgarian Received in Kenya by Cafe Man as Only Compatriot

CAPETOWN, March 18. (Exclusive)—Former King Ferdinand of Bulgaria, visiting Kenya today, was received by Nairobi's only Bulgarian, a restaurant keeper. The former King now is a tottering old man always trying to hide his face. He bewailed his exile from Bulgaria and said that the object of his visit is to collect butterflies.

INSURANCE EXECUTIVE DIES

SEATTLE, March 18. (AP)—F. J. Martin, 64 years of age, president of the Northwestern Mutual Fire Association and numerous other Pacific Northwest insurance companies, died today.

ENVIRONMENT CHANGES TWINS

Study of Separated Pair Shows Difference

One Reared in Canada Has Health and Intellect

Child Left in London Rates Far Behind Sister

CHICAGO, March 18. (Exclusive) Twins may look alike and dress alike, but unless they are brought up in the same environment, they do not think alike.

Dr. H. H. Newman of the University of Chicago has been making an extensive study of twins, devoting his attention especially to twins who were separated at birth and lived in different environments. He is studying five pairs that were separated at birth and have been living under different conditions for seventeen years.

His case study, which will be the subject of a brochure, concerns twin girls born twenty years ago in the Chelsea district of London. When they were thirteen months old their mother died. One was adopted by relatives who moved shortly thereafter to Canada. The other was reared in London. Seventeen years later her foster parents died and she rejoined the sister in Canada.

The contrast shows sharply the difference between the wide spaces of Canada and the congested districts of London. The Canadian twin is nine pounds heavier, of superior color and health and is several points ahead of the London twin in intellectual ratings. Emotionally and temperamentally they are very much alike.

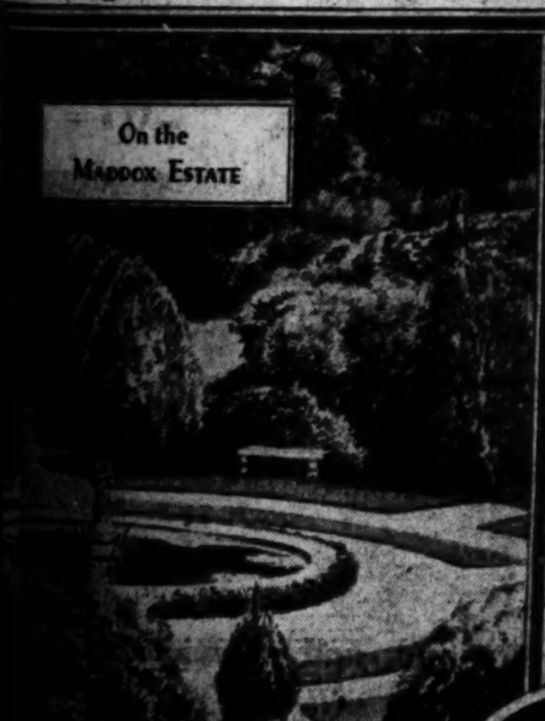
Now . . .
a wonderful plant food
originally formulated for gardeners and nurserymen



On the Maddox Estate

One of the most beautiful estates in the entire South—the Robert F. Maddox Estate, Atlanta, Georgia. "I have used Vigoro with wonderful success," says Mr. Maddox. Heavy beds of flowers and trimly landscaped lawns prove the remarkable beauty this new plant food has made possible for home owners everywhere.

Below: A perfect specimen of giant dahlia grown by Ernest A. Heins, 112 Clarewill Avenue, Montclair, N.J. Says Mr. Heins, "I am very pleased with Vigoro's results on all my plants. They were larger and had more blossoms than in previous years."

—made available for your own lawn, garden, flowers, trees and shrubs at a cost surprisingly low!

AND now a million small home owners have discovered it! Vigoro, a wonderful, scientific plant food.

In Vigoro they have the secret of velvety, thick-growing lawns. Of an abundance of brilliant flowers, leafier trees, shrubs. Results never before dreamed possible!

That secret is—food! Plants need it just as much as we do. And it must be the right food. It must contain *all* the elements that plant life needs—in the right amounts.

Such a food is Vigoro. Complete, properly balanced. Originally formulated, by Swift & Company plantfood experts, for professional use. Used for years on America's finest estates, by expert gardeners.

Clean, odorless, pleasant to handle, Vigoro can be sown by hand, like grass seed. And because it is a complete, properly balanced plant food, Vigoro produces better root systems, early, vigorous growth—makes plants more resistant to diseases. It increases humus, *helps choke out weeds!*

Cost? Only 10c to 20c for every 100 square feet! To have a thriving lawn, flowers, shrubs, trees—crisp, fresh vegetables! Full directions in every bag—100, 50, 25 lb. sizes and 5 lb. packages. Vigoro is sold everywhere—by a dealer near you. Get enough now for everything you grow.

Around the car ahead . . . quickly . . . *safely*

Out and around and back on the right side in a *flash*—with perfect safety, even on a wet day . . . The wheel is part of your hand. The tires are part of the road. Speed is as easy as breathing—and your own breath never comes any faster in the smooth loop of a forward pass than when you have the road to yourself . . . Five years back, this wouldn't have meant so much. Today, with traffic thickening to the saturation point, a Flying Cloud may save you hours *en route* . . .

Flying Cloud's steering mechanism is of cam and lever type with *increasing pitch* toward each end of the cam. This gives easy steering and allows exact handling of the car.

FISHER BODY
STYLE AND VALUE STANDARD OF THE WORLD

✦ ✦ ✦

BY DOLLAR MEASUREMENT

CARS WITH BODY BY FISHER ARE WORTH MUCH MORE

Fisher Body confers upon any car a value far beyond anything offered in comparison.

The actual dollars and cents measurement of this greater value varies, of course, with the cost of the car, but it is always impressively large in proportion to that cost.

In the case of Buick, it amounts to several hundred dollars in concrete, tangible return for the money invested. You can *see* this greater value in the richness and superior quality of the upholstering, the paneling, the finish, the fittings, the seating luxury and the coachwork in general.

As a matter of fact, the Buick, in point of body luxury and value, takes rank with the *highest priced cars outside the General Motors Group.* Comparison also places the other General Motors cars relatively as far ahead of *their* respective fields.

Only General Motors and Fisher combine the manufacturing elements necessary to such unprecedented value in a motor car body. Only in cars with Body by Fisher, therefore, can you expect to find, and only in these cars *will* you find, this superiority and this substantial extra value.

Fully to realize the superiority in every phase of Fisher Body, compare any Fisher Body car in any price field with any other car in that field. Only then will you be in a position to judge motor car values. Fisher Body value is so evident that it is at once apparent—but it becomes even more impressive upon point-by-point comparison. Make such comparisons at your first opportunity.

A New Form of Investment Trust

Diversity in assets, 16 apartment houses, located in the most rentable sections of the city, makes the Los Angeles Pacific Properties Corporation practically an investment trust.

Whereas the rentals from a single building might fluctuate unfavorably, a safe profitable average is certain to be maintained when 16 apartment houses are included.

This is specially true in this case, because of the excellent management, "chain store" economies, and other factors effecting the Los Angeles Pacific Properties Corporation.

Send for information concerning this new attractive investment.

LLOYD GEORGE'S POLICY SCORED

Ex-Premier Busy Preaching Employment Doctrine

Labor Attacks Proposal as Just Political Stunt

Promise to End Scarcity of Work Declared Futile

LONDON, March 18. (AP)—With five by-elections being decided this week, former Premier David Lloyd George, Liberal leader, is hurrying from constituency to constituency preaching his unemployment policy. Labor attacks it as a mere "stunt" and the Conservatives call it a policy of "ifs."

"It is a blare of trombones. Our plans are not for jerry building," Ramsay MacDonald, the Labor leader, charges, but he adds that unemployment must be the country's chief concern in the elections.

SCHEME DECRIED

Sir Philip Cunliffe-Lister, president of the Board of Trade, declared the Liberal party can have little more than a nuisance value in the coming general elections. To Lloyd George's claim that he can reduce unemployment to normal within two years, Walter Runciman, former Liberal Minister, demurs that there is no scheme under the sun which can fructify in the immediate future.

But the Liberal leader sweeps across the country. He made a whirlwind tour of Eddisbury, the scene of one of this week's by-elections, speaking at ten meetings in a single day.

SPEECH IN DEMAND

From Eddisbury he jumped to his own mountainous constituency of Carnarvon where he campaigned in Welsh. From Carnarvon he is now turning to Holland-With-Boston, where he will speak on Wednesday in an other by-election campaign.

His unemployment speech in the form of a 6-penny pamphlet, is meeting with a ready sale everywhere. In yesterday's issue of the Observer, the editor, J. L. Garvin, describes Lloyd George's policy as belonging to the same world of imagination as the house that Jack built. But he adds, that it is one of the best briefs for candidates ever drawn up in British elections.

POLICY STANDS OUT

"The policy stands out as the most vivid and definite single proposition put forward in the contest," Mr. Garvin writes. "Mr. Lloyd George's vigorous gripping spirit in his attitude toward unemployment answers to the spirit of the nation more surely than anything he has stood for since the war," Mr. Garvin goes on to complain that the "ministerial dullness is like a sessional dead march in anticipation of one's own funeral."

"There is no rousing appeal, no ringing leadership," he adds. "There are no fighting orders. Safeguarding and imperial preference are muffled cries. They go on talking of derating to democratic millions who have never seen the rating papers. There is no Nelsonic signal. There is no telling phrase for the hour and no kindling policy for the future."

Premier Baldwin will take up the challenge thrown down by Lloyd George in his unemployment program in a speech at Leicester Thursday.

RADIO GIVES AIR SAFETY TO FLYERS

Sets in Planes Direct Pilot and Provide Him With Weather Data

CHICAGO, March 18. (AP)—A practical application of radio as a means of solving aviation's greatest difficulty—bad weather—has been made by National Air Transport with the installation of directional and ground-to-plane receiving sets in its planes.

Following tests of a year and a half planes on the Cleveland-New York division have been equipped with the apparatus and installation of other divisions is planned.

Two types of transmitters are used in controlling the course of the plane. To aid in keeping on a course the pilot receives equisignal beacons whose signals are concentrated in one direction by means of loop transmitters. Deviation from a plane's course will change the intensity of the signals.

On a longer wave length the pilot receives hourly weather reports through voice transmitters.

Both the code signals and voice are transmitted only one way, from ground to plane, at present, but N.A.T. engineers claim a device is being perfected that will permit two-way communications.

STRIKE NEWS COLORED

Reports on Telegraphers' Walkout Vary With Source of Tale

NEW YORK, March 17. (AP)—Conflicting reports of the strength of the strike of telegraph operators employed in thirty American and Canadian offices of Logan & Bryan, stock brokers, came from each side today. C. J. Korndorffer, superintendent of the firm's telegraph service, said about sixty operators out of 200 had walked out in the New York and Chicago offices.

Frank B. Powers, international president of the Commercial Telegraphers' Union of North America, declared, however, that the firm employed only 100 operators, and that a larger percentage than the company admitted was on strike.

The telegraphers are striking for the privilege of operating the new telegraph machines recently installed on the company's New York-Chicago circuit.

FOOD GUIDES INTELLIGENCE

Years of Tests Show Undernourished Children Behind Those With Ample Diet, Scientist Says

NEW YORK, March 18. (Exclusive)—Dr. John Munroe of Long Island University, who began sixteen years ago at Carleton College in Minnesota to make an exhaustive study of the factors of heredity and environment which govern intelligence and the growth of intelligence, today made known the results of his long research. He reported that intelligence among students may vary from 5 to 25 points within a few years, according to changes of environment.

He found a remarkable and direct relation between intelligence and nourishment, showing that children of well-to-do families have a much better chance of becoming intelligent adults simply because they are better fed.

BLAMES POOR FOOD

"Food seems to have been the most important of all contributing influences," said Mr. Monroe in making known results of his researches.

"I am convinced as a result of my experiments that much of the low intelligence among laboring people is due to the fact that for generations they have had poor and insufficient food.

"As a side experiment I performed feeding tests on ten children from families where one would expect an inheritance of fairly high intelligence. For seven months I fed egg nogs twice a day to those children, and at the end of that time I found that all but one had increased in intelligence."

Dr. Munroe began his studies in 1913, using the children of the Faribault (Minn.) public schools as his material.

MAKE MANY TESTS

Dr. Frederick A. Kuhlman of the Minnesota State Board of Control and his staff collaborated in some of the earlier tests. Successive tests were made at two and three year, four and five year, seven and eight year and thirteen and fourteen year intervals. Two subjects in the first grade, therefore, in 1913 were entirely through school by the time the experimentation was concluded.

All in all, Dr. Munroe measured for intelligence 5000 school children, following 500 through their school and college careers and into business life.

MAN SHOT BY BROTHER

STOCKTON, March 18. (AP)—Shot by his brother during an asserted quarrel early yesterday morning, Ben Inks of Sonora is in the Tuolumne Hospital. Leslie Inks, charged with the shooting, is in jail.

WOOLWINE CANDIDACY PROPOSED

Assemblyman Gets Plea to Run for City Attorney in Los Angeles Election

SACRAMENTO, March 18. (Exclusive)—Assemblyman Clare Woolwine of Los Angeles today was presented with a petition signed by a number of Los Angeles Assemblymen urging him to become a candidate for City Attorney.

"During this session of the Legislature, and during the session two years ago," the petition states, "Mr. Woolwine was chairman of the Municipal Corporations Committee and many of us have, as members of that committee, had an opportunity to observe his profound knowledge of the State laws governing the many activities of municipal corporations. We know him to be not only conversant with these laws, but a man who, we believe, will bring credit and distinction to our city, if he can be prevailed upon to accept the position of City Attorney."

The petition is signed by Assemblymen Little, McGinty, Stockwell, Keaton, Sewell, Roberts, Arnold, Badham, Baum and Byrne.

Mr. Woolwine did not state his intention of becoming a candidate.

This is his second term as an Assemblyman. He has practiced law for about eighteen years and at one time was chief deputy District Attorney under former Dist.-Atty. Thomas Lee Woolwine, his cousin. During the World War he served as a staff captain.

PRIVACY RULES DAWES PARLEY

This Indicates That Figures Have Taken Stage

International Bank Plan in Committee's Hands

French and Germans May be Nearer Compromise

PARIS, March 18. (AP)—Private talks between German, French, Belgian and English experts will constitute the principal activity of the second Dawes committee this week and perhaps next week.

This means that the vital question of figures has taken precedence over details as to the means of transferring annuities under the new reparations plan.

The international - bank plan, which is designed to handle payments, still is in the hands of the subcommittee.

Reports presented today by Dr. Schacht, Lord Revelstoke and Thomas N. Perkins were considered briefly but evidently not regarded as conclusive since the matter was put over until Wednesday for further consideration.

There is a possibility that the bank plan may be completed for action by the committee Wednesday afternoon, but the question of amounts, annuities and total reparations Germany must pay has thrust this scheme into the background.

Indications have been that the French and Germans are approaching a point where a compromise is possible, although the experts have been extremely reticent with regard to figures mentioned in their private conversations.

The French are ready to make important concessions in order to facilitate the commercialization of part of the debt.

Ready money that might be obtained from htat operation wuold enable Premier Poincare to retire a considerable part of the bonds issued for reconstruction, reduce interest charge to an appreciable extent and make possible reduction of taxes which the French parliamentary opposition has been demanding with the support of certain elements in the government majority itself.

STETSON SHOES
For Men and Women

ANY one of the many hundreds of men and women who are wearing Stetson Shoes will tell you of the comfort, fine fit and service which "Stetsons" have given them. They will also tell you that these well-known shoes are stylish and keep their shape.

If *you* have not worn this brand of dependable footwear, you have new joys in store for you.

RUM SEIZURE CAUSES BLUSH

Official Washington Vexed by Siamese Muddle

Diplomatic Liquor Immune to Dry Raiders

Kellogg May Ask Opinion to Govern Procedure

WASHINGTON, March 18. (AP)—Three major departments of the government took steps today to deal with the technicalities which have risen since the Friday seizure by the Washington police of sixty cases of diplomatic liquor consigned to the Siamese legation.

Immediately after the seizure and the delivery of the consignment to the legation by the police themselves, the situation was one of discussion only among the members of the Diplomatic Corps.

With the announcement today, however, that Secretary Kellogg had decided to investigate the case, the possible ramifications of the whole question filtered at once into the Treasury Department, and the Department of Justice and resulted elsewhere in a number of unofficial opinions.

REACTIONS DIFFER

The reaction to the continued interest in the case is different in each of the affected departments.

The Department of State declined to comment or even speculate on the matter. Some officials expressed the opinion that the department regarded the situation as one of the most embarrassing it has been called upon to face in a long time.

At the Treasury Secretary Mellon said the transportation of liquor for the Embassy did not come within the scope of the law because it was an act within the rights of the embassies and not illegal in any way.

OLD OPINION

A search of decisions of Attorney-Generals disclosed an opinion by former Attorney-General Palmer, to to the then Secretary of State, Robert Lansing, in which he said: "It is unlawful to cause intoxicating liquors to be transported from Baltimore, for instance, to Washington. I apprehend that one could not successfully defend against an indictment for such transportation by showing that the liquors transported were the goods and chattels of a foreign diplomatic representative."

It is understood that Secretary Kellogg may ask an opinion of the Department of Justice in the present case to determine just what the diplomatic missions must do to have their liquors legally transported to their homes from any port of entry such as Baltimore.

SILENCE MAINTAINED

Dist.-Atty. Rover of the District of Columbia conferred today with parties interested in the seizure, and asserted later there would be nothing to say for several days.

Secretary Kellogg conferred with Miss Margaret V. Bennett, "liquor expert" of the State Department; Green Hackworth, solicitor-general of the department and James Dunn, head of the protocol division.

Just what course the Secretary's investigation will take would not be discussed by department officials. It appeared, however, that the department was vexed by the interference by Washington police in a matter which has been running smoothly ever since prohibition came into effect.

LIQUOR IMMUNE

Liquor intended for embassies and legations is immune both by Federal statute and common international custom, and some surprise has been manifested because liquor could be conveyed without molestation from ships at Baltimore, through the customhouse, and along the Maryland highway only to be interfered with when the limits of Washington are reached.

Officials of the State Department feel it is their duty to protect the interests of the Diplomatic Corps, and, placed between this duty and a desire to put no obstacles in the way of prohibition enforcement department officials are seeking a way out.

GUARD NEEDED

A suggestion has been advanced that failure of this government to insure safe delivery of diplomatic liquor might result in wholesale hijacking and that an even more serious situation would result if foreign missions protested against such violence. The opinion is held that if a diplomatic mission demanded protection of its goods from the State Department, such a request would have to be complied with.

The theory has been brought forward, therefore, that the best way around the question would be for the United States government to provide a detachment of marines or other guards to accompany diplomatic liquor.

There is little question but that the State Department would be greatly relieved if a Federal statute were enacted to deal with the situation, but there is little likelihood that a recommendation to this effect will be made because of the aversion to bringing up in Congress a question of foreign affairs and American prohibition in the same debate.

TWO DIE IN CRASH OF CAIRO-TO-CAPE PLANE

CAPE TOWN (Union of South Africa) March 18. (AP)—A Royal Air Force bombing plane crashed near Gwelo, Southern Rhodesia, today, and both occupants were killed. The plane was one of four returning from a semiannual training flight from Cairo to the Cape and back. It was the first mishap to any plane in the four years' history of these flights.

MILWAUKEE THEATER DAMAGED BY BOMB

MILWAUKEE, March 18. (AP)—A bomb exploded against the rear wall of a downtown picture theater early today. Several windows in the near-by buildings were shattered, and a hole torn in the wall. The bombing was ascribed to labor trouble.

WARDE ON AIR TONIGHT

Fans of KHJ Will Have Opportunity of Hearing Noted Shakespearean Interpreter Again

BY DR. RALPH L. POWER

The 9 o'clock hour at KHJ, the Don Lee station, tonight will furnish radio fans with another opportunity to hear Frederick Warde, distinguished interpreter of Shakespearean roles.

His first speaking part on the program will be followed by the song cycle, "In a Persian Garden," with Glenn Dolberg, baritone, portraying the part of Omar.

There will be quartet numbers, tenor solos and the singing ensemble, in the song masterpiece of Lehmann, which will be presented in its entirety in some forty minutes.

Then Mr. Warde will appear before the microphone again in a reading, after which the closing orchestral number will be "Dance Trepak."

STATE SCHOOLS IN ALABAMA TO TAKE AIR

MONTGOMERY (Ala.) March 18. (AP)—An arrangement by Alabama's three major educational institutions for the joint operation of WAPI, Birmingham, in an endeavor to expand the State's educational program, is announced by Gov. Graves.

The arrangement was reached at a conference of the Governor with Dr. George H. Denny, president of the University of Alabama; Dr. Bradford Knapp, president of Alabama Polytechnic Institute, and Dr. O. C. Carmichael, president of Alabama College for Women.

WAPI has been operated jointly since January 1, last, by the city of Birmingham and the Alabama Polytechnic Institute, with studios at Birmingham, Montgomery, where the State Department of Agriculture has inaugurated a daily radio market service, and at Auburn, Tech's home.

This hook-up will not be disbanded, the Governor says, but will be augmented with studios at the State University at Tuscaloosa and the Alabama college at Monevallo.

Stipulations of the agreement set forth that the State University and Alabama Polytechnic Institute each will own 39 per cent of the stock in the station and Alabama College 22 per cent, with broadcasting time to be prorated among the five studios.

WAPI at present shares time with KVOO, Tulsa, Okla.

SLOGAN CONTEST

C. C. HINE
Vice-Pres. & Gen. Mgr. Globe Grain & Milling Co.

THIS bank, now having assets unexcelled in cleanliness and liquidity, having established an earning power which justifies a more aggressive action in expansion, and having substantially increased its paid-up capital to a point where even large borrowers can be accommodated with ease, is now ready to make a drive for a larger volume of business and a larger scope of activity. Its Commercial, its Savings and its Trust Departments will be enlarged. It is expected that at an early date a prominent downtown corner will be secured for permanent banking quarters. It is planned that the Seaboard will give a citywide service, having all told probably eight or nine substantial and well equipped offices, but it is not intended that it shall have a multitude of small branches.

CANAL TRIP CALLED IDEAL FOR RESTING

Nina Byron

Los Angeles yesterday added another beauty to the vacation colony when Nina Byron, lately of Ziegfeld's "Whoopee," arrived on the Dollar liner President Wilson for a visit.

"The canal trip certainly is an ideal way for theatrical people to get a complete rest in a short time," she said. "European voyages often are harder work than staying home but the smooth passage through the tropics and up the West Coast does away with the strenuous features of a trans-Atlantic trip."

Thalberg Tells M.-G.-M. Plans for Operation

Returning from a conference with his associates in New York following the purchase of the controlling interest in his studio by William Fox, of the Fox Film Corporation, Irving Thalberg, executive producer at Metro-Goldwyn-Mayer, issued a statement yesterday that his corporation will remain a separate organization as far as production activities are concerned.

Mr. Thalberg's statement outlines the future policy of Metro-Goldwyn-Mayer and gives some of the details of its production program for the coming season. His statement, the first official one coming from an executive of this company since the purchase, asserts that: "The integrity of Metro-Goldwyn-Mayer organization will be preserved. The 1929-30 season will be our biggest. We completed plans at the conference for fifty talking pictures, with complete silent versions."

Mr. Thalberg went to New York to confer with Louis B. Mayer, J. Robert Rubin and Nicholas M. Schenck, the latter president of Loew's Inc., which controls M.-G.-M. The Fox interests, according to dispatches from New York, gained the controlling interest of M.-G.-M. by purchasing the Loew estate holdings which amounted to 51 per cent of the stock, it is said. Nicholas M. Schenck is to remain as president. The other executives of both the Fox and M.-G.-M. companies who went to New York when the purchase was negotiated have not returned as yet to Hollywood.

Students Ready to Take Part in Model 'League'

Students and debaters of fourteen colleges and universities of Southern California will comprise the fifty-four delegations representing as many nations at the league of nations model assembly in Bovard Auditorium, University of Southern California, Thursday evening.

William Henley, former student-body president at U.S.C., will deliver the opening address. Kenneth Holland of Occidental will report on arbitration, security and reduction of armament; Don Leiffer, U.C.L.A., will read a report of the committee on intellectual co-operation; Oliver Haskell, Pomona College, will read in German the address delivered by Dr. Stresemann when Germany was elected to the League in 1926, and John Bosio, Italian-born student of Whittier College, will report on the codification of international law. Chester Williams, U.C.L.A., will be a candidate for the presidency of the assembly.

Sir Herbert Brown Ames, financial director of the League of Nations from 1920 to 1927, will open the assembly with an illustrated address.

Y.W.C.A. TO OPEN NEW COURSE

A new course will begin April 1 at the Y.W.C.A., 941 South Figueroa street. There will be classes in gymnastics, dancing, games and swimming. This will be a combined course of thirty lessons in the gymnasium and fifteen free swimming lessons. Classes are also offered in clog dancing, tennis, both day and evening classes, and horseback riding. These classes are for all ages, women [illegible] some attend the morn[illegible] and early afternoon; business girls in the evening, and children on Saturday mornings.

Pigeons Carry Easter Message to All Coast

Messages by carrier pigeons announcing the Hollywood Bowl Easter sunrise services will be dispatched at 10 a.m. today to the mayors of fifteen Coast cities by motion-picture players born in the places addressed. The "pigeongrams" will be released from the lawn of Charles E. Mack's home at 2420 Pilgrimage Trail. Each winged messenger is to carry Easter greetings and an invitation to a city's head to attend Hollywood's unique service.

Helen Harris, who represents Hollywood's Easter Girl, is to dispatch the carrier with the invitation to Gov. Young at Sacramento. Through him the invitation is to be extended to all residents of California.

The individual film players and their home cities, to which they are to send the Easter sunrise service invitation, are:

Jeanette Loff, Portland; Natalie Kingston, San Rafael; Caryl Lincoln, Oakland; Maude George, Riverside; Mary McAllister, Salt Lake City; Dale Fuller, Santa Ana; Philo McCullough, San Bernardino; Gale Henry, San Bernardino; Fay Wray, Vancouver; Aileen Pringle, San Francisco; Dorothy Revier, Oakland; Helen Harris, Sacramento; Gloria Gray, Stockton; Roy Stewart, San Diego; Wheezer, Tacoma; Tully Marshall, Nevada City; Edward Davis, Santa Clara; Alma Bennett, Seattle; George Hackathorne, Pendleton, Or.; Sally Eiler, Los Angeles; Eddie Hearn, Dayton, Wash., and Gladys McConnell, Portland.

Pedestrians Missed in Death Plunge

While hundreds of pedestrians were hurrying home from work John Kowton, a window-washer, plunged to death in their midst yesterday, when he slipped and fell from a window ledge on the sixth floor of the Central Building at 108 West Sixth street. In striking the sidewalk the body narrowly missed workers and shoppers walking past the building. Kowton died while being removed to the Georgia-street Receiving Hospital.

Detectives Whipples and Marshall investigated, and said they found indications that the window-washer had lost his balance while standing on the ledge. They expressed the belief he had neglected to wear a safety belt.

The dead man was about 40 years of age and lived in Belvedere. He was employed by Samuel Haymovitz, window-washing contractor, of 5214 Ruth Ellen street. The body was transferred to the morgue.

Rabbit Raising Gains Related by Expert Here

DOROTHY H. MARTIN

"Now that rabbit raising has been placed on such a large scale with the assistance of the government in promulgating this industry," says Miss Dorothy H. Martin, publicity director of American Fur Growers' Association of the United States, "its distinct commercial possibilities have attracted persons everywhere who are interested in a real economical way to success."

Miss Martin, who resides at 1102 North Coronado Terrace, recently was appointed director of publicity of the national organization, the headquarters of which are in Ohio. The president of the association is A. Holscher of Bremen, O., and the membership comprises breeders and fanciers of various fur-bearing animals.

"Second to the meat value of the domestic rabbit," continues Miss Martin, "the demand for pelts has given rise to a new business—that of breeding the animal for its fur. The breeding of rabbits for the fur business has solved the problems of dealers in wearing apparel today, inasmuch as pelts are prepared in such a way as to imitate many of the most expensive furs."

AMES TO LECTURE

Former League Official Slated for Talk to U.C.L.A. Students

An opportunity to learn of present conditions in Europe is to be afforded students of the University of California at Los Angeles by the administration. Sir Herbert Ames, former financial director of the League of Nations, lectures tomorrow at 2 p.m. in Berkeley Hall on "The Changing Spirit in Europe."

Sir Herbert was brought to Los Angeles under the auspices of the Los Angeles University of International Relations and he is appearing before various civic organizations as a lecturer. He will make a second appearance at U.C.L.A. on Friday at 8 p.m. as a speaker for the Philosophical Union, meeting in Millspaugh Hall auditorium, when he will talk on "National Mindedness and International Mindedness."

SINCLAIR TO LECTURE

Upton Sinclair will deliver a lecture on the "Secrets of Boston" Thursday evening at Trinity Auditorium under the auspices of the Pacific Celebrities Forum. Sinclair takes the place of Max Eastman, essayist and lecturer, who was unable to fill his scheduled Los Angeles engagement.

MASONS TO HEAR HARRIS

Nick Harris, detective, will be the speaker guest of the Masonic Club at its luncheon tomorrow noon. He will speak on "The Mother and Her Boy." The Masonic Club orchestra, under the direction of Carl Pirie will furnish a half-hour of music.

STAFF HEARS DR. TASKER

The attending staff and interns of Los Angeles General Hospital Unit No. 2 heard Dr. D. L. Tasker address them last night at the hospital on "The Trend of Modern Medicine."

COLLECTOR OF GARBAGE GETS AWARD

Court Decides Against County in $5000 Suit on Montebello Emergency

Los Angeles county must pay C. G. Jones $5000 for collecting garbage over a period of two months in 1927 in the Montebello district. This was the ruling yesterday of Superior Judge Blake at trial of the action brought by Jones against the county to collect the bill.

According to testimony an aggravated situation arose in the Montebello area about November 1, 1927, relative to garbage. The matter was taken before the Supervisors and it was learned that a collector could not be employed as the district had never been declared a garbage district and there was no appropriation. Also, the board had no authority to pay for the collection out of the general fund.

Dr. J. L. Pomeroy proceeded to have Jones collect the garbage for two months at $2500 a month.

Suit was brought by Jones to collect $5000 for two months' work. During the trial it developed he had expended $6500 for the work, but as he had agreed to do the work for the county for $5000 he stuck to his bargain.

C. A. OLSEN RITES CONDUCTED

Last rites for Carl A. Olsen, monument manufacturer, were conducted yesterday at the Angelica Lutheran Church, Fourteenth and Burlington streets, under the direction of the R. C. Dellenbaugh Company. Interment was in Inglewood Park Cemetery. Mr. Olsen, who was born in Sweden in 1866, leaves his widow, Mrs. Emma J. Olsen, and two sons, Paul and Alfred.

DR. MARROW IN ADDRESS

Dr. Edward S. Marrow, consulting psychologist of Los Angeles General Hospital Unit No. 2, last night addressed a meeting of the Institute of Religious Science on "Effect of Thought Processes on Bodily Functions."

CITY ASKED TO ACQUIRE TRONA FIELD

Petitioners Point Need of Recreation Ground for Fleet Personnel

Recommendation has been made to the City Council to buy Trona Field in San Pedro, adjoining Cabrillo Beach, by the County Council of the American Legion, the San Pedro Chamber of Commerce and the real estate and City Planning Commission of the Los Angeles chamber. Investigation by the chamber shows that there is inadequate means of recreation for the 15,000 men of the Pacific fleet when it is in the harbor.

It is proposed that the expense of the purchase be divided in three equal parts by the City of Los Angeles, the Playground and Recreation Committee and an assessment district in San Pedro, and that the project be improved by the Recreation Commission.

Action on the recreation plan is pending the drawing of the proper maps and plans by the City Engineer's office so that the proper appropriations can be made.

IMPROVEMENTS VOTED

Ordinances of intention were adopted by the City Council yesterday for the improvement of La Brea avenue between Pico Boulevard and Washington Boulevard and of Twenty-fifth street between Raymond avenue and LaSalle avenue. April 22 was set as the date for hearing protests against both ordinances.

STREET PETITION GRANTED

In granting a petition yesterday for the improvement of Seventh street between Soto street and Boyle avenue the City Council provided that the pavement should be thicker than that specified in the petition and that the project should include the elimination of a two-foot hump in the grade between Breed street and Boyle avenue.

FIRST TOUCH OF POSLAM STOPS ALL ITCHING!

The gently h[illegible]ling medication of Poslam is so CONCENTRATED that it stops itching instantly. It penetrates every tiny pore, and quickly drives away eczema and other torturing eruptions when other remedies are worse than useless. Costs only 50c—at all druggists.

A Fundamental Economic Fact No Motor-Car Buyer Can Ignore

IN THE purchase of a motor-car—or any other commodity—the most vital and compelling factor, regardless of any other consideration, is *intrinsic value*.

No business institution can ignore this truth and survive. No motor-car buyer can afford to ignore it.

It is the only sure basis of sound, judicious buying.

The principle underlying this fundamental economic fact has long been a tradition and a faith with the Cadillac Motor Car Company.

The buying public understands and appreciates this. It realizes that the highest quality product—the product of greatest intrinsic value—is inevitably the most economical product.

That public has actually *itself* evaluated Cadillac and La Salle—and not the Cadillac Motor Car Company.

It knows full well the traditional excellence of Cadillac-La Salle craftsmanship.

It sees at work in Cadillac and La Salle the vast buying power of General Motors deliberately planned to permit value-giving in excess of any other standard.

And it quite logically concludes that no other manufacturer can produce *as fine a car* as can the Cadillac Motor Car Company without exacting a price premium that would make the product prohibitive.

That the public has confirmed its judgment is attested by its loyal allegiance to Cadillac and La Salle and by the new hosts who are constantly flocking to Cadillac-La Salle ownership.

This is proved by the fact that in 1928 Cadillac-La Salle dollar volume exceeded the dollar volume of any manufacturer in the fine car field; and Cadillac-La Salle's business in Fleetwood custom-built models—the very ultimate in luxurious motoring—exceeded the custom-built business of all other American motor-car manufacturers combined.

In fact, the *whole and incontestable truth* of the matter is that today Cadillac and La Salle actually command preferred position and dollar volume dominance in the fine car field.

And the Cadillac Motor Car Company is the only motor-car company in history that has achieved this preferred position in the quality field and this dollar volume dominance *solely because of intrinsic value.*

It is the enthusiastic satisfaction and loyalty of the Cadillac-La Salle public that has inspired and, in a very real and literal sense, created the characteristics that make Cadillac and La Salle the finest and smartest cars on the streets of the world.

It is this enthusiasm and this loyalty that have made it possible for the Cadillac Motor Car Company to be constantly raising quality, constantly increasing value, constantly giving more and more for the purchaser's dollar—

More in fine manufacturing; more in beauty, exemplified by Cadillac and La Salle's exquisite Fisher and Fleetwood bodies; more in brilliant performance, through the high refinement and efficiency of the superbly smooth Cadillac-La Salle 90-degree, V-type, 8-cylinder power plant—

More, too, in progressive engineering as most recently evidenced by Cadillac-La Salle's three ultra-modern and exclusive safety features—the Syncro-Mesh Silent-Shift Transmission, Duplex-Mechanical System of Four-Wheel Brakes and Security-Plate Glass in all windows, doors and windshields.

It is perfectly obvious to all the world that this process has been continuously widening the value gulf between Cadillac-La Salle and cars aspiring to compete with them, until today it is revealed—*more emphatically than ever before*—that Cadillac and La Salle have no *real* rivalry.

TRIO SENTENCED FOR BOND FRAUD

Brokerage Company Officials Also Fined Heavily

Federal Court Yet to Deal With Salesmen

President and Associate Get Three Years Each

Three years in Federal prison and fines totaling $17,000 were the sentences given G. C. Stephens, formerly head of Stephens & Co., stock and bond brokers of San Diego and Los Angeles, and Raymond D. Spicer, once an officer of the company, when they appeared before United States District Judge Henning yesterday. B. M. Wotkyns, also a former officer of the company, was sentenced to eighteen months in prison and was fined $5000.

Three other codefendants, C. L. Wells, P. G. Steward and Gilbert Hallowell, appeared, but the time for their sentences was continued until April 1. It was brought out in the trial, which was heard at San Diego, that the three latter men were salesmen, and not officers of the company. It was intimated by the court that there is no intention of sentencing the salesmen to prison, but rather to fine them. The court stated that he wishes to look into the individual case of each salesman.

ALL RECENTLY CONVICTED

The six men recently were convicted by a jury in Judge Henning's court at San Diego of sixteen counts of using the mails to defraud and one of conspiracy to misuse the mails. It was charged that in manipulations of the affairs of Stephens & Co., the defendants obtained large sums of money from investors by asserted misrepresentations regarding the values of stocks and bonds. The operations went over a period of years, it was charged.

FEW DAYS AT LIBERTY

Stephens was sentenced to three years in prison on the first count of the indictment and fined $1000 on that count. He also was sentenced similarly on fifteen other counts and fined $1000 on each count. On the seventeenth count, that of conspiracy to misuse the mails, he was sentenced to two years and fined $1000, all prison sentences to run concurrently and the fines totaling $17,000. Spicer similarly was sentenced. Wotkyns was given eighteen months and fined $1000 on each of five counts, the terms to run concurrently, making a fine of $5000.

The court denied a motion for a new trial and a motion in arrest of judgment. The defendants were allowed liberty until Monday on bail already posted, but on that date are to provide bail equal to the amount of the fines of each.

DISARMAMENT POLICY FIXED

Attitude of Americans at Geneva Parley Outlined

Instructions to Delegates Kept Secret, However

Naval Limitation Question Taboo, Says Kellogg

WASHINGTON, March 18. (AP)—The policy to be followed by the representatives of the United States at the sixth meeting of the preparatory disarmament commission to be held in Geneva beginning April 15, finally was determined today at the State Department by officials directly interested in the project.

The meeting was attended by Secretaries Kellogg, Good and Adams, and practically the whole delegation which represented the United States at Geneva last year, including Ambassador Hugh S. Gibson, who again will head the delegation from this country next month.

DECISIONS KEPT DARK

The nature of the decisions reached was not disclosed as the instructions to the delegates always are kept strictly secret. Secretary Kellogg, however, has let it be known that the American delegates will not be empowered to discuss the question of naval limitations. If this should be raised it will be referred to Washington for consideration.

The State Department has not yet officially announced the American delegation, and consequently interest was attached to those attending today's conference. In addition to the three secretaries and Mr. Gibson, those present included Rear-Admiral Hilary P. Jones, retired; Rear-Admiral Andrew T. Long, Commander H. C. Train, Maj. George V. Strong and J. N. Greely and Assistant Secretary Castle and J. Theodore Marriner, chief of the division of Western European affairs of the State Department.

TREATY TO BE DRAWN

The meeting at Geneva will resume its study which has been under discussion for some years concerning a limitation and reduction of armaments by agreement and will deal with the power of a country both on land and sea. Its purpose is to prepare a draft treaty to be discussed at a final disarmament conference which would be much broader in scope than that held at Washington in 1921.

American delegates to the meeting have not been instructed to discuss limitation because the official agenda calls for a discussion of the Russian project for partial disarmament of land forces and the German proposal for publicity with regard to armaments. The American views of naval limitations will come up in 1931 before another meeting of this country with Great Britain, Japan, Italy and France.

MEXICAN CONCERTS DISCUSSED

Representative of Band from Southern Capital Calls on School Board

Plans through which the school children of Los Angeles will be enabled to hear the famous Presidential Mexican government band when it is brought to the United States through the efforts of Pablo Sanchez by special permission of President Portes Gil of Mexico were discussed last night at a meeting of the Board of Education.

Sanchez appeared at the meeting and after explaining that the band of 100 members is to be brought to Los Angeles as soon as rail communications, disrupted by the present revolution, permit, enlisted the support of the board in arranging plans for concerts for the school children.

"This noted Mexican band is being brought to the United States on a good-will mission from Mexico. It is my earnest desire that all Los Angeles school children be permitted to attend the concerts and thereby gain a greater appreciation of Mexico," Sanchez said.

The band, which is led by Velino M. Preza, one of the most noted musicians of the Mexican capital, is delayed on the proposed American tour, Sanchez said, because of the sudden revolutionary uprising, which has destroyed rail communications in Northwestern Mexico.

The Board of Education gave its approval to Sanchez's request in behalf of the children of the city schools and Supt. Bouelle assured to him the board's co-operation.

Fire Destroys Tire Repair Shop

The tire and vulcanizing shop of Jack Ousanian, at 1158 South Main street, was totally destroyed by fire last night, when a cigarette smoker dropped a burning match into a cement vat. The fluid burst into flames and the interior of the shop was aflame when the firemen arrived.

The Rosen Pharmacy next door was damaged badly by smoke and water. Fire investigators placed the Ousanian loss at between $1000 and $2000.

Von Tirpitz Has Birthday Today

FELDAFING (Bavaria) March 18. (AP)—As a prelude to celebration of his eightieth birthday tomorrow, Admiral Alfred Von Tirpitz who led the Imperial Navy during the World War period, received this evening deputations from patriotic societies, the Navy League, student fraternities and former submarine officers.

They came with bands and banners from Munich to congratulate him at his villa here on Stransberger Lake where he has resided for the past six months.

MAN GIVEN UNWANTED WIFE

Complications Arise When Bowman Twice Becomes Target of Archer-God and Justice Nods

SACRAMENTO, March 18. (Exclusive)—Horace D. Bowman of Santa Monica was the husband of one woman yesterday and another today, all as the result of a decision of the Third District Court of Appeal twice reversing the San Diego Superior Court today.

And the worst part of Bowman's marital woes is that he wants to be separated from the woman he is legally married to and wants to marry the one he can't.

Two years ago Bowman was the husband of Mrs. Frances Bowman. They separated and she filed suit for divorce and obtained an interlocutory decree. A few weeks later they decided to try it again and returned to living together. Once again they separated before the year had elapsed and they accepted the final decree.

Bowman later wed Mrs. Bowman No. 2, but discovered that he had not yet found connubial bliss. As much as he wanted an escape he could not quite see how he could pay double alimony.

Finally he went to Mrs. Bowman No. 1 and induced her to have their final decree dissolved, pointing out that they had been living together after the first decree was given and contending she had not been notified of the granting of the final decree. The petition was upheld and Bowman later was granted annulment of his marriage to Mrs. Bowman No. 2.

Then the fun commenced. Mrs. Bowman No. 2 came into the Appellate Court asserting Bowman and Mrs. Bowman No. 1 had entered into a conspiracy to defraud her of her rights as Bowman's second wife. The Appellate Court added to Bowman's marital complexities by upholding the contentions of Mrs. Bowman No. 2, and reversing the lower court in dissolving the divorce decree and annulling the second marriage.

And Bowman wonders which side he is playing in this game called love.

BAY CITY TO GET BACK OF SPAN BILLS

Supervisors Indorse Two Out of Five Measures But Hold Up Action on Three

SAN FRANCISCO, March 18. (Exclusive)—After lengthy discussion, the Board of Supervisors early tonight voted indorsement of two of five bridge bills now before the Legislature but declare for "no action" on three others, despite the plea of sponsors that splitting of the indorsement amounts to a slap at Bert B. Meek, State Director of Public Works. Meek, it was argued, had taken a direct personal interest in the transbay and other bridge legislation and had done all he could to aid San Francisco, particularly, in solving its bridge problems.

The bills indorsed are Senate No. 538 and 700, the first of which would include the transbay bridge to Oakland and Alameda in the State highway system, and the second would authorize the State Department of Public Works to construct the Oakland bridge at the Rincon Hill-Alameda Mole site recommended by the city's engineers, or any other site found suitable after investigation.

One of the three bills on which "no action" was voted is that proposing the revenue bond method of payment for construction. Another would vest all permits and franchise rights for toll bridges to the jurisdiction of the State Department of Public Works and the last would repeal the present rights of counties to grant bridge franchises.

Child Identifies Kidnap Suspect

OAKLAND, March 18. (AP)—David A. Barnett, east bay manufacturer, today heard the direct accusation of kidnaping thrown at him from his asserted victim.

Eloise Windfeldt, 5-year-old daughter of Mr. and Mrs. Stanley Windfeldt, Oakland, stepped from the witness stand in Judge Fred V. Wood's court, and pointing a finger at Barnett, said:

"That is the man."

Barnett, member of prominent Toledo (O.) family, is accured of stealing the child last January 26.

YALE FRESHMAN PRANK PROVES SPRING HERE

NEW HAVEN (Ct.) March 18. (Exclusive)—Spring is here. Following the ancient tradition that each Yale freshman class must distinguish itself with an unusual spring prank, a daring member of the 1932 class crawled from his window ledge near the top of the Berkeley oval some time last night and gave the two decorative brick-red lions a coat of Yale blue paint. Owing to the inaccessibility of the spot the two blue-painted lions probably will remain a memorial to the class of 1932 until the paint wears off.

IMMUNITY DEMANDED BY CAPONE

Names Conditions Under Which He Will Testify in Liquor Inquiry

CHICAGO, March 18. (AP)—Al Capone today served notice through his attorneys that he is ready to testify Wednesday before the Federal grand jury investigating liquor-law violations in the Chicago area—provided his constitutional right of immunity from prosecution is upheld.

The immunity ultimatum was extended to local police who desire to question him regarding the massacre of seven Moran gangsters.

Capone, his attorneys pointed out, is coming here under a Federal summons and the government will be asked to protect him from police molestation during his stay and while he is en route back to Florida. Tonight he was variously reported as still in Florida or en route here from Miami, where he has been wintering.

The Federal authorities and the police did not indicate whether they had accepted any or all of the conditions, but Capone's attorneys said they were prepared to go into court and get injunctions and other legal papers to back their demands if there is trouble.

The police are anxious to learn Capone's views on the St. Valentine's Day gang massacre and point out that about everyone else has had a theory as to the slayers and perhaps Capone can supply a new one.

The government wants to ask Capone, among other things, why his name is mentioned every time there is a liquor raid. To this Capone already has an answer prepared. He contends that through the unwelcome newspaper publicity his name has become so well known that the little fellows think it will help to intimidate the raiders if they mention his name as owner of the raided place.

PLAYHOUSES FILL PLACES OF STRIKERS

"Sympathy" Walkout of Union Operators Fails to Cripple Theaters

SAN FRANCISCO, March 18. (Exclusive)—Union motion-picture operators at the Castro, Alhambra and Royal theaters of the T. & D. chain operated in Northern California by the Nasser Brothers, went on strike tonight in sympathy with union musicians dismissed from those houses because of the installation of sound pictures.

Coincidentally, the musicians' union announced that musicians, operators and stage hands who are affiliated with union organizations have been instructed to refuse employment in the T. & D houses operated in Chico, Oroville, Lodi, Tulare, Redlands, Oakland and Alameda.

The walkout had been anticipated, according to James Nasser, and no trouble was encountered in filling the positions necessary with nonunion men. The outside houses, he declared, are not large enough to require stage hands and the situation has caused no inconvenience.

A gas bomb, exploded last night in the Senator Theater in Chico, operated by the T. & D. chain, was laid to the union troubles.

Marines Slay Five Bandits in Nicaragua

MANAGUA (Nicaragua) March 18. (AP) — United States marines have come off victorious in two more contacts with bandits in the northern area, according to information received today by Brig.-Gen. Logan Feland, commanding the Marine Corps here. A patrol of marines engaged a minor group of outlaws on the 14th inst., about twenty miles northwest of Limay, killing one bandit.

The next day in the same vicinity a combined patrol of marines and Nicaraguan volunteers killed four outlaws and captured three. Arms and ammunition were seized in both instances. There were no marine casualties.

TRADE ENVOYS TO ENTRAIN

Special Will Carry Manufacturers and Jobbers Through Southern Counties Into Arizona

The first special train with more than 100 manufacturers and jobbers of Los Angeles on board will leave the Santa Fe Station tomorrow for the first industrial expedition of the southern counties of California and the western part of Arizona. The train excursion is sponsored by the field service department of the Chamber of Commerce with Charles P. Bayer in charge.

Heretofore the trips taken by these special trains have covered wider areas in their itineraries. This will be the first jaunt covering this area exclusively. The purpose of the journey is to open new markets for Los Angeles manufactured products and products that are distributed from Los Angeles offices.

The special will leave Los Angeles tomorrow at 8:40 a.m. and will stop in Santa Ana for lunch with the Santa Ana Chamber of Commerce. Short way-stops will be made at nearly all of the towns between here and San Diego, where the party will spend the night.

Turning east from San Diego the itinerants will go to Calexico making several way-stops. After spending the night in Calexico the train will go to Yuma, Ariz. The following morning it will start back toward Los Angeles stopping at all of the Imperial Valley towns for tours of inspection. The train will arrive in Los Angeles Saturday morning.

STOCK PERMIT COURSE FIXED

New Oil Policy Not to Affect Corporation Department

Situation Explained in Detail by Friedlander Aide

Results of Hoover Edict in State Discussed

Withdrawal of public lands from entry for oil and gas prospecting, through the recent action of President Hoover, will have no bearing on the work of the State Corporation Department in California, it was said yesterday at Commissioner Friedlander's office. Although a number of permits to finance prospecting ventures on public lands had been issued prior to the issuance of the Hoover edict, no applications for permits have been received since that time, according to a report made by Walter D. Abel, chief engineer of the State Corporation Department, to H. A. I. Wolch, assistant commissioner.

PERMITS IN DOUBT

Just how many of the permits issued prior to the withdrawal of public lands may be affected as a result of the more recent ruling of Secretary Wilbur could not be estimated by Abel. Wilbur's ruling provides that those persons who have failed to protect their equities by actual operations will lose their holdings.

"While President Hoover's conservation policy doubtless will affect a large number of prospectors in Southern California, I do not anticipate that it will have any immediate effect on the department's work," Abel said in his report. "While it will, no doubt, prevent the opening of many new fields, it will intensify activities in proven territory and in unproven sections where the land is privately owned."

MATTER OF VALUES

One of the questions in which the State Corporation Department is interested, Assistant Commissioner Wolch said, is how much value will be placed on the financing efforts of existing prospecting concerns holding corporation commissioner's permits, by the committee appointed by Secretary Wilbur to review outstanding permits.

"I note that Secretary Wilbur is quoted as saying that immediate steps will be taken to cancel all permits where no drilling has been done or money spent in development," the assistant commissioner said. "It is reasonable to suppose that practically all companies receiving permits from this department have sold some, if not all of their stock. The stand to be taken by the reviewing committee on this point will be watched with interest."

DR. WILBUR SAYS, "DRIVE A PEG"

Californian Shows Capital He Means Business When He Starts Anything

WASHINGTON, March 18. (AP)—"Drive a peg" is a pet expression and apparently a guiding principle of Dr. Ray Lyman Wilbur in his administration of the affairs of the Interior Department.

This is just another way the executive and philosopher from Stanford University has of saying, "The way to get something done is to do it."

Although in social intercourse, Dr. Wilbur has demonstrated to official Washington that he is a conversationalist with a sharp wit and a keen sense of humor, he doesn't believe in overmuch talk about the things that should be done in the public service.

Former Hobo Comes Back as Solid Citizen

From hobo days with Jack London in California, to the footing of solid citizenry and financial success, is a far cry.

Bill Beery, who arrived in Los Angeles, which he knew as a hobo some twenty years ago, admits all this. He also declares that if the Angel city dazzled him while he trotted its few paved streets some two decades ago, it is even more bewildering today although he himself has helped great eastern cities to sparkle and shine brighter as a contractor.

Beery, his wife, and a 3-year-old daughter expect to settle down in Los Angeles for good. They are living at present at 1722 Garfield Place, Hollywood.

A man's best fortune or his worst is a wife.

CHILD CRUSHED BENEATH TRUCK

Father Victim of Accident at Whittier Sunday

Boy Believed to Have Hidden Under Parked Vehicle

Inquiry Ordered in Salvation Army Parade Crash

Less than twenty-four hours after his father had been seriously injured in the Salvation Army parade automobile accident in Whittier Sunday night, and while his mother was visiting the injured man in the Murphy Emergency Hospital, Kenneth Beebe, 3-year-old son of Mr. and Mrs. Clyde Beebe, was crushed to death under the wheels of a truck yesterday in front of the family home at 122 Commercial street.

The child, according to police reports, had been playing with his brother Milton, 6, and Lewis Chabelle, 5, of 925 West Bailey street, when Edward Litten of 226 South Newlin street, drove a big lumber truck to the curbing near by and went into the yards of the Whittier Lumber Company on business. During his absence, the boy, police believe, concealed himself under the truck. A moment later Litten returned and unaware the youngster was near the wheels, started away. The boy's head was crushed, killing him instantly. Litten was not held.

Investigation of the accident in Whittier in which an automobile plowed into a group of Salvation Army members Sunday night killing one participant and seriously injuring two others, was ordered yesterday by Sheriff Traeger pending the inquest, which will be conducted tomorrow at 9:30 a.m. in the White & Emerson funeral parlors.

The dead person is Katherine Cameron, 58 years of age. Sergt.-Maj. Clyde Beebe and Wirt Kirkpatrick both suffered leg fractures and possible internal injuries, Sheriff's office reports state. They were dragged fifty feet, witnesses assert.

According to Deputy Sheriffs Croushorn and Brewster, assigned to investigate the case, Miss Charlotte Swearingen, 16, of 502 South Friend street, Whittier, was driving along Whittier Boulevard, and apparently drove into the parade before noticing it. She was released after questioning.

Miss Swearingen told the officers that the instant before the crash she was glancing at the instruments on the dash of her automobile.

At the time of the crash the parade, composed of fourteen members of the Salvation Army, was forming in the street outside of the line of parked automobiles and directly in the path of Miss Swearingen car.

LEW CODY ARRIVES IN SOUTHLAND

Actor, Ill, Goes to Health Resort at San Bernardino; Wife Confined to Home

With his wife, Mabel Normand, waging a fight against complications which set in following an attack of influenza, Lew Cody returned to California yesterday, also in broken health. He left the train which brought him from New York at San Bernardino and was removed to a health resort near that place.

According to announcement from her home in Beverly Hills, Miss Normand showed a slight improvement yesterday, although she is still in a critical condition. Her illness has been aggravated by a continuous fever.

In fear that news of her husband's condition might prove detrimental to her, Miss Normand has not been informed that Cody was stricken while in the East. He hurried back to California in hopes the climate here would make it possible for him to become strong enough to go to her bedside. His friends said yesterday his health is improved greatly and that he probably will be able to return to his home within a couple of weeks. His illness also is attributed to influenza which he contracted in New York while en route to England for a stage appearance.

The break in Miss Normand's health came last January and it was believed she was on the road to recovery when she suffered a serious relapse several weeks ago. Her condition gradually became worse, although she has shown slight improvement during the past several days. Dr. C. E. Fishbaugh is her physician.

ALCOHOLISM GETS BLAME IN TRAGEDY

Mrs. Rhodes's Death Laid to That Cause Instead of Suspected Poison

Acute alcoholism was announced yesterday by County Autopsy Surgeon Wagner as the cause of death of Mrs. Marian Rhodes, 38 years of age, of 443 South Hartford avenue, who died Sunday night in Hollywood Hospital. The report followed an autopsy which was ordered to determine whether the woman's death was due to poisoned liquor. Mrs. Rhodes, who was the wife of a wealthy importer, died in the hospital two hours after being taken there.

Dr. Elmer Anderson, who ordered her to the hospital, refused to sign a death certificate. The physician said Mrs. Rhodes had suffered since last Tuesday, following a party at her home. C. B. Rhodes is reported by police to have said the liquor did not poison any of the guests. None of the liquor remained to be analyzed. Mrs. Rhodes appeared to grow better for a few days, but on Sunday paralysis began at the throat and extended to the limbs. Then she was rushed to the hospital.

TWO CIVIC UNITS BEGIN JOINT DRIVE

Chamber of Commerce in Campaign With All-Year Club for 1929 Funds

One of the most intensive civic campaigns in the history of the city was opened yesterday to raise funds for the 1929 budgets of the All Year Club and Chamber of Commerce. Many men of prominence will participate in the drive as volunteer workers.

HAROLD JANSS

The campaign will be directed by an executive committee, the members of which include Harold Janss, general chairman; Victor Girard and George L. Eastman, vice-chairmen; A. Frank, W. H. Harrison, C. C. Hine, J. F. Jeffries and J. A. H. Kerr.

Unless a subscriber desires a different arrangement for his contribution equal division of the funds will be made by the two organizations. Every business district in Los Angeles will be canvassed during the campaign.

"Business men are urged to mail their subscriptions to the campaign headquarters in the Chamber of Commerce Building without being specifically asked, in order to facilitate the work of the committee in bringing the drive to an early and successful close," said Chairman Janss yesterday.

'NEVER AGAIN!' GROANS SOBERED ONE-MAN RIOT AFTER WILD ROW

Within the dark recesses of a solitary confinement cell in the Georgia-street Police Station James O'Connell, 37 years of age, of 834 West Ninety-fifth street, thought things over a moment late yesterday, and, according to police there, solemnly promises he will never take another drink. The avowel came several hours after it is asserted he went on a wild rampage in the Receiving Hospital following his arrest on suspicion of driving while intoxicated.

Earlier in the day, according to Detective Lieutenants Greetan and Wilson of the Wilshire division, O'Connell, who is an automobile dealer, drove his car in front of his place of business at 3225 West Washington street, into another car driven by E. W. Hunter. They arrested him and took him before Police Surgeon Lopizech at the Georgia-street Receiving Hospital for a sobriety test. When the doctor declared he had found evidence of acute intoxication, O'Connell, the officers say, ran amuck, hurling an iron stool at the head of one, kicking a cuspidor down the corridors of the hospital and making it necessary for five large policemen to subdue him and place him in the cell.

Draughts of black coffee and some sleep brought apologies and resolutions.

Pastors Assail Air Advertising of Cigarettes

A resolution authorizing the committee on public morals to send to the Federal Radio Commission a protest against the advertising of cigarettes by radio was adopted yesterday by 100 ministers who attended the Methodist preachers' meeting at the First Methodist Episcopal Church.

Attacking the custom of advertising cigarettes through the medium of radio, and also the spirit of commercialism evident in many Sunday radio programs, Dr. Arthur Braden, president of California Christian College, declared that the materialistic tendency of the times plays a great part in the increase in agnosticism and infidelity.

Speaking on "The Resurrection of Jesus," Dr. Braden said that among influences which make men doubt the historical fact of the resurrection are the general views of science, which discount all miracles, and the extreme view of the evolution theory, "a view which prevails on every college campus."

"Jesus either is a dead Jewish prophet, and nothing more, or He is the living Lord, whose birth, life, doctrine, death and resurrection have proved the greatest moral and spiritual influence in history," said the speaker. "The incarnation and the resurrection are the foundation stones of Christianity, and if faith in these two fundamentals is undermined Christianity, as a religion, is doomed."

CLUB MEETS TODAY

An especially attractive program is announced for the meeting of the West End Ebell Club at 2 p.m. today in the clubhouse at Western avenue and Forty-seventh street. The program includes Spanish dances by Ynes de Valle Kirby, Indian dances by Black Hawk and Willow Bird, trick roping by the McFarland boys of Ramona Village, and solos by Mar- Belle Chapman, soprano. Robert E. Callahan, author, is the speaker announced, his topic being "Preservation of California's History."

FINANCIAL

STEEL CONCERN STARTS PAYING

Board of Consolidated Votes Initial Dividend

Quarterly on Preferred Fixed at 43 3-4 a Share

First Two Months' Earnings Set at $102,055

Directors of the Consolidated Steel Corporation declared an initial quarter dividend of 43 3-4 cents on the 7 per cent cumulative preferred stock of $25 par value, payable April 1, next, to stock of record the 20th inst., Lee A. Phillips, chairman of the board of directors, announced yesterday. Net profits from January 1, last, to February 28, last, the first two months of operation of the corporation, totaled $102,055.95, after administrative and sales expense, and after estimated Federal and State income tax.

The net for the first two months is equivalent to one and one-fifth times the preferred dividend requirements on 196,369 preferred shares outstanding for the first quarter, and after allowance for preferred dividends is equal to about 7 cents a share on 235,369 common shares outstanding. The favorable earnings report, coupled with prospects for an excellent year throughout 1929, caused the directors to start dividends on the preferred stock before any arrears had accumulated, Mr. Phillips said.

SALES REPORTED

Gross sales for the two months' period amounted to $764,685.50 with net sales listed at $763,190.26. Cost of sales was given at $556,698.35, leaving a gross operating profit of $206,491.91. Administrative and sales expense amounted to $117,854.62, and net operating profit of $88,637.29 remained. Miscellaneous profits of $22,918.66 brought the total earned profit up to $111,555.95. The estimated Federal and State income tax was placed at $9500, leaving the net profit available for dividends or surplus, at $102,055.95.

The balance sheet as of February 28, last, showed current assets of $3,532,700.31, against current liabilities of $754,155.30, or in the ratio of 4.68 to 1, while the total assets were listed at $7,209,050.24, as against total liabilities of $798,055.29, or in the ratio of 9.03 to 1.

INFANT INDUSTRY

Consolidated Steel Corporation was incorporated in California in December, 1928, for the purpose of acquiring the business and properties of the Llewellyn Iron Works, Union Iron Works and Baker Iron Works. The average earnings for the years 1923 to 1926, inclusive, were $700,000 per annum. In 1927 and 1928, net earnings due to unfavorable conditions in the industry, were less than the preceding years.

The earnings for the first two months of 1929 indicate that the corporation will equal, if not exceed,

The Clearinghouse

News of Spring Street

University College will hold its first lectures of the season in commerce and finance tonight and tomorrow evening in the Transportation Building, to which the public is invited to attend. The course beginning tonight includes theory and principles of accounting, business law, business organization, real estate securities, foreign trade and commercial aviation. Wednesday evening's course consists of public utilities, apartment-house management, property valuation and economics of motor transportation.

Expands Chain

Townsend & Co., dealers in investment securities with offices in Portland, Seattle, Tacoma and Bellingham, has opened offices in San Francisco under the managership of William K. Bartlett. The concern was recently appointed Pacific Coast representative of Otis & Co., member of the New York, Chicago, Cleveland, Cincinnati and Detroit stock exchanges and others.

Wheel Concern Earnings Jump

DETROIT, March 18. (Exclusive) Consolidated net profits of the Kelsey Hayes Wheel Corporation aggregated $1,202,220 for 1928 after all charges including taxes, equal to $2.67 a share on the 398,522 common shares outstanding, as against $631,877 reported for 1927 or $1.15 a share.

"During 1928 our business increased 40 per cent, necessitating large expenditures for equipment as well as increased inventory and our costs were considerably higher than normal as we were obliged to operate and at the same time install equipment during the entire latter half of the year," G. W. Kennedy, president, started. "Our sales for the last half of the year were $5,000,000 in excess of 1927."

Neon Concern Estimate High

Estimated installation of new signs by Electrical Products of Oregon, subsidiary of Claude Neon Electrical Products Corporation, during the current year indicates that the concern should show a net profit 50 per cent greater than the 1928 figure, it was reported yesterday. The net income for last year totaled $71,438.14.

With this anticipated increase in earnings, the net income after preferred dividends would be at the rate of more than $1.50 a share on the company's authorized common stock of 75,000 shares. On an increased ratio of net profits based on the same method of calculation, it is estimated that company should earn about $2 a share in 1930 and around $2.41 in 1931.

London Market Generally Firm

LONDON, March 18. (Exclusive) The stock market was generally steady today, there being a fair supply of orders over the week-end. Industrials were active and strong, talking machine issues firm with Victors an easy exception. Artificial silks were in good demand and textiles well supported. Tobaccos were higher, Dunlop issues in demand, electrical securities mixed, rubbers weak. Oils were active and strong, mines firm with Rio Tinto strong. Ford Motors, Ltd., £3 1-16. Gilt-edge division firm. Foreign issues generally quiet. Brazilian traction securities weak. Home rails dull. Argentine rails steady.

STUDEBAKER PLANS LARGE AD BURGET

Studebaker Corporation has laid plans for the expenditure of $7,000,000 in advertising during the current year which is the largest appropriation for advertising the company has spent since organization, it was announced yesterday. Half of the amount will be expended for newspaper advertising while the balance will be divided among other channels such as radio programs, magazines and direct by mail.

GLIDDEN EARNINGS UP

CLEVELAND, March 18. (Exclusive)—Glidden Company reports for the month of February net profit of $176,202 after all charges, or an increase of 63 per cent over February, 1928, when net amounted to $108,128. Earnings for last month do not include profits derived from the new companies recently acquired.

OIL SITUATION STILL CLOUDY

Cut in Elwood Crude and Gas Boost by Standard of California Variously Viewed

BY EARLE E. CROWE

Reduction yesterday of 24 cents a barrel in the price offered for Elwood Terrace crude by the Standard Oil Company of California was followed by a number of different interpretations, some of them bearish on the immediate prospects of the industry. The most persistent story intimated that the Elwood cut was a forerunner of a general lowering of light crude oil prices throughout the California fields, and the prices of oil shares, principally those of producing companies, reacted in reflection of these rumors.

After the stock market closed, however, the Standard Oil Company made its second announcement. Today the price of gasoline on the Pacific Coast is increased to 18½ cents wholesale, from which dealers are allowed a concession of 3 cents. This means that the retail price probably will be 18½ cents, or 2 cents below the point from which the reductions started.

The gasoline announcement cleared up most of the uncertainty that followed the cut in the price of Elwood crude oil. But to eliminate any possibility of misunderstanding, the Standard Oil Company unofficially took cognizance of the interpretation that suggested a general reduction throughout the State in crude oil prices. A query to the San Francisco office prompted the opinion that no further reductions in California crude oil prices posted by the Standard Oil Company were contemplated.

VIEWED AS TEST

After this unofficial expression from the company had been given out, the corroboration came in the form of the gasoline-increase announcement. This decisive step is accepted as an indication that, so far as the Standard Oil Company is concerned, the gasoline-marketing situation will be tested out purely on its merits. There clearly will be no attempt to alleviate the distress of the independent refiners by reducing crude oil.

Probably the right analysis is that the 18½-cent schedule is posted as an experiment. If the marketing and refining companies manifest an intention to abide by marketing ethics and allow other companies to sell gasoline at a fair profit, the new price will remain in effect. But if any of them start to kick over the traces, the chances are that the price will be lowered again by all companies. In other words, the oil companies have been given the opportunity to show how they stand on competition in the marketing of gasoline.

CUT UNIMPORTANT

The attitude of the Rio Grande Oil Company on the Elwood reduction is that there is nothing to worry about. L. E. Lockhart, president, said that the cut of 24 cents a barrel is unimportant considering the time the Barnsdall and the Rio Grande have been receiving $1.64 a barrel for their oil, plus a premium. Within forty-five days, he added, the Rio Grande company will be in a position to take the oil by tanker to its own terminal facilities at Long Beach, from where it will be piped to the company's refinery at Vinvale.

Transportation from Elwood by chartered tanker to Long Beach, and then by pipe line to the refinery will cost only 12 cents, Mr. Lockhart said. By refining the crude itself and selling the gasoline at the higher price just announced, the company will not take much of a loss in the end from the lower price for its oil.

On a production now of 30,000 barrels daily, the reduction of 24 cents a barrel means a loss to the two companies of approximately $7200 each day, or $3600 each. Over a year's time the loss in revenue would be about $1,300,000 for each company.

Annual Report of Los Angeles Gas Shows Gain

SAN FRANCISCO March 18. (Exclusive)—Los Angeles Gas and Electric Corporation reports its 1928 operating revenue to the Railroad Commission at $22,191,567, as compared with $21,496,160 in 1927. Operating expenses, excluding 1928 taxes, are placed at $11,384,573 and in 1927, $11,444,854, leaving net operating revenue in 1928 of $10,806,993 and in 1927, $10,051,306.

During 1928 taxes charged to operation amounted to $2,295,467, as against $1,989,848 the year before.

Deduction of the taxes leaves net operating income in 1928 of $8,511,526 and in 1927, $8,060,456.

Gross corporate income, available for interest, amortization of debt discount and expense, other fixed charges, nonoperating expenses, dividends and surplus, was set at $8,450,247 in 1928 and $8,056,825 in 1927.

INCOME OF DETROIT EDISON SHARPLY UP

DETROIT, March 18. (Exclusive) Consolidated net income of the Detroit Edison Company and subsidiaries amounted to $13,005,886 for the year ended February 28, last, as against $10,629,351 for the previous year, an increase of $2,376,515, or more than 22 per cent, it was announced here today. Gross income aggregated $53,226,239, against $48,118,858 last year, a gain of $5,107,381, or more than 10 per cent.

BUSINESS MACHINE GAINS

NEW YORK, March 18. (Exclusive)—International Business Machine Corporation reported today 1928 net income of $5,363,765 after all charges, equal to $8.83 a share on 607,576 shares, against $4,564,082, or $7.66 a share, in 1927 on 578,643 shares then outstanding.

HOE EARNINGS OFF

NEW YORK, March 18. (Exclusive)—R. Hoe & Co., Inc., reported today a net loss for 1928 of $79,281, against a net loss in 1927 of $138,061.

Plans Advance for Launching of M'Keon Oil

John McKeon, president of the McKeon Drilling Company, and former vice-president of the Richfield Oil Company, returned to Los Angeles yesterday from New York City accompanied by representatives of eastern investment bankers who are to underwrite the securities of a large oil company to be formed through a consolidation of a number of production units.

Details are now being worked out for the new company which, it is said, will include Italo Petroleum Corporation of America, Dabney Johnson Oil Company, O'Donnell interests, Campbell & Herndon properties and others, having combined settled production of between 28,000 and 30,000 barrels of crude oil daily.

It is understood that the new company will be known as the McKeon Petroleum Corporation and, although its major operations will be confined to the production of crude oil, the combine will include refining and marketing facilities. Mr. McKeon stated yesterday that details of the consolidation would be made public within a few days.

Parley on Oil Output Pends

NEW YORK, March 18. (Exclusive)—The regional committee of the American Petroleum Institute will meet with the general committee in New York the 27th inst. to report whether or not production in the various regions can be kept to last year's average output. At the institute's last session in Houston, Tex., it was resolved that after April 1 crude-oil production should be kept up to a daily average output equal to the 1926 average. This latest attempt to curtail production from within the industry is the outcome of a critical condition which has arisen owing to the uncovering of sources of oil within the last few months.

Atlantic Refining Rights Offer Out

PHILADELPHIA, March 18. (Exclusive)—Stockholders of Atlantic Refining Company have been offered rights to subscribe to one new share of common stock at $40 for each three shares held as of record April 1, it was announced here today following a meeting of directors. A total of 666,667 shares of new common will be issued under this arrangement.

Proceeds will be used to retire the outstanding $20,000,000 of 7 per cent non-voting preferred stock at the call price of $115 a share, and for other purposes. The preferred will be called May 1, next. Stockholders' rights to the new common expire April 29.

Union Oil Issue on New Market

Common stock of the Union Oil Company of California, of which there is 4,181,578 outstanding, has been approved for listing and will be called immediately on the San Diego Stock Exchange, the board of governors of the southern exchange announced yesterday.

Stock of the Union Oil Company is traded regularly on the New York Stock Exchange, the Los Angeles Stock Exchange and the San Francisco Stock Exchange. The total authorized capital consists of 5,000,000 shares of $25 par value common stock.

Copper Price in New Flight

NEW YORK, March 18. (AP) Leading copper producers were undecided today as to whether red-metal prices, which have been advancing steadily in recent months, should be permitted to go higher. Most of them refused to quote any price publicly, but a little copper was said to have been sold at 22 cents a pound, domestic, a jump of 1 full cent since Saturday.

It was reported in Wall street that producers were quoting prices to their regular customers somewhat under the 22-cent level, pending decisions as to what prices should be established. Several were said to feel that a higher price than 21 cents would tend to curtail consumption. The demand for the red metal remained feverish, however, and it was said in trade circles that large orders could have been filled at 22 cents.

OIL PROPERTIES BRING MILLIONS

Prairie Buys Slick Holdings in Midcontinent

Leading Individual Operator to Take Needed Rest

Deal Includes Only Present Producing Acreage

NEW YORK, March 18. (Exclusive)—The largest deal in oil-producing properties that has taken place in recent years was revealed today when it became known that the Prairie Oil and Gas Company had bought the entire Midcontinent holdings of Thomas B. Slick, called the world's largest individual oil operator.

Dispatches from Tulsa announcing the sale were confirmed here by W. S. Fitzpatrick, chairman of the board of the Prairie company. Mr. Fitzpatrick said that a contract for the transfer of the properties had been signed and that all remaining to do was to confirm titles and leases held in Mr. Slick's name before physical transfer could be made.

PRICE KEPT SECRET

It was reported from Tulsa that the consideration was $40,000,000. Mr. Fitzpatrick, however, denied that those figures were correct. He said the price paid was smaller but declined to reveal the exact amount on the ground that it had been agreed by both parties to keep the figures private.

The only properties purchased are the producing lands. The undeveloped acreage owned by Mr. Slick was retained by the latter. Mr. Fitzpatrick said the production was 34,000 barrels a day. It will bring the gross daily production of the Prairie Oil and Gas Company up to about 105,000 barrels daily. Even that huge amount of oil is far from sufficient to meet the requirements of the company's customers. The Prairie company sells upward of 200,000 barrels of oil daily to refiners in middle western and eastern States, including among its customers a number of the largest major distributing oil companies in the country. Its business is wholly domestic.

WILL TAKE REST

Thomas B. Slick operates under the company name of Tom Slick, Inc. He has built up an enormous fortune in developing oil properties and now is said to want to retire from active business for a while and get a much-needed rest. As he has large undeveloped properties still in his control it is expected that he will return again to active business life.

Mr. Slick's properties include the cream of the oil properties in Seminole, Kay, Kansas and North Texas. His income has been estimated at between $50,000 and $60,000 a day. He has a home in Clarion, Pa., another in Oklahoma City and a third in Texas.

The fact that the producer is tired and "wants a good rest" comes as no surprise to his friends. They describe him as "a bundle of nerves and a mass of nerve," a man of unbounded energy. His life—he is about 46 years of age—has been a hard and incessant battle for mastery. Standing alone he has opposed powerful combines in the struggle for domination in the rich oil fields and won.

LOUISIANA CHEMICAL STARTS NEW PLANT

Louisiana Chemical Company, subsidiary of the Consolidated Chemical Industries, Inc., has started construction on the first unit of its new chemical plant at Batsorp, in Northern Louisiana, costing approximately $350,000, it was announced yesterday. The plant should be in operation by July 1, it was stated. The company already has a plant at Baton Rouge, La. Another constituent company of Consolidated Chemical is the Pacific Bone, Coal & Fertilizing Company of San Francisco.

EARNINGS ON CASE THRESHER DECLINE

CHICAGO, March 18. (Exclusive) Case Threshing Machine Company reported today a 1928 net income of $3,986,890, equal after preferred dividends, to $25.07 a share on 130,000 shares of common stock outstanding, as compared with $4,112,869 reported earned for 1927, or $25.98 on the same capitalization. After payment of common dividends aggregating $782,196, surplus for the year was $2,499,740, making a total surplus as of December 31, last, of $9,439,066.

COTTON MARKET

NEW YORK, March 18. (AP)—Cotton was lower today under a renewal of southern and local selling, inspired by relatively easy Liverpool cables and more favorable weather reports from the south. The decline brought in considerable trade buying and covering, and after showing net losses of about 25 to 28 points, the market rallied slightly, with trading quiet around 2 o'clock.

FLIGHT FROM FARMS SLOWS

Decrease in 1928 Rural Population Less Than for Any Year Since 1920, But Insignificant

BY JOHN F. SINCLAIR

(Copyright, 1929, in all countries by North American Newspaper Alliance.)

NEW YORK, March 18.—The rural population of the United States continues to decrease. The Bureau of Agricultural Economics, United States Department of Agriculture, estimates that the farm population January 1, this year, was 27,511,000 as compared with 32,000,000 in 1909.

During the last year, however, the trend away from the farm was less noticeable than at any time in eight years, the net decrease being only 188,000. Still, the decrease would have been much greater had it not been offset by an excess of births over deaths. The figures show that 1,960,000 persons left the farms during the year, while only 1,362,000 persons moved from the cities to the farms. The increase of births over deaths makes up the difference.

In the last decade nearly every rural economist of note in the United States has said time and again that the nation could not exist without prosperous agriculture. Perhaps that is true, viewed as a long swing, but during the last few years business has been on the jump, moving steadily ahead with stupendous strides, while the farm industry is less prosperous now than ten years ago. Just how such a condition can continue remains a puzzle.

The United States and the British Empire are at present the only nonmetric countries. It was in 1866 that the metric system of weights and measures was made permissible in the United States by a special act of Congress.

Many other countries use it exclusively. In the United States it is, of course, universally used in scientific laboratories and in the electric industries. It is used in several branches of the government, like the War and Navy departments. Hospitals use it in their medical work. It is coming more and more into use where liquids are being measured, to avoid the chances of error that appear whenever it is necessary to take multiples or submultiples of a solution made up in ounces and gallons by the English system. The metric system is used extensively in watch, jewelry, radio and airplane industries. Undoubtedly it is being more and more used in technical work.

Not only that, but its champions are alert and aggressive, and its extension is being backed by the Metric Association, which publishes a special magazine called "Measurement."

But the opposition, centering in the American Institute of Weights and Measures, is not asleep. This organization strenuously opposes any extension of the metric system and believes that while it may be useful in many special instances, its wide adoption would be a mistake in the United States.

When Luke C. Leonard, Detroit business man, was asked the secret of his success, he replied, "Discipline."

"I am 38 years of age," he said, "and the fact that I am worth $1,000,000 is not important. The point is that I have learned discipline. Not the discipline of a lot of rules and regulations, but the discipline of the mind ruling the physical senses."

In this Mr. Leonard is following the suggestion made years ago by William James, famous Harvard psychologist. Mr. Leonard takes a cold bath every morning. He dislikes it—always has—probably not so much now as the first time he took it, but still it is an effort to "get under that shower."

"I do it to discipline my mind," Mr. Leonard says. "I start the day by forcing myself to do something I don't want to do. When that is done I feel that my mind is still in control of my backbone. I will be able to say 'no' to a proposition when it would be so much easier to say 'yes.'"

The formula of his success—mental discipline.

"There is no secret to success," he says, "only a matter of doing the things you should do, and doing them when you should do them."

Then this final word: "It is always easier to accomplish if each day you have compelled yourself to do something that will be beneficial mentally, although physically distasteful."

A statement worth studying.

SERVING AMERICA'S THIRD LARGEST MARKET

CALIFORNIA, within its own borders, offers two great markets for dairy products . . . markets that may be compared only to those of New York and Chicago in this country.

These great consuming centers, with millions of people, provide a steady stream of profit that flows to the dairy industry throughout twelve months of the year. It has placed the industry in an enviable position.

Properly financed short term loans to the industry have greatly added to the profits of the producers . . . through adequate equipment and first grade stock, necessary to any successful business.

Seaboard Dairy Credit Corporation fills an outstanding place in the financing of this great California industry.

We have prepared a circular covering this company and its preferred stock, listed on the Los Angeles Stock Exchange. The preferred stock carries common stock warrants offering attractive future possibilities.

Send for circular, "Seaboard Dairy Corporation." Copy on request.

Listen In On KEJK Tonight

This firm is broadcasting a series of programs, "The Nations of the World" each Tuesday evening between 9 and 10 o'clock over KEJK, Beverly Hills, operating on 240 meters or 1250 kilocycles. "Kingdom of the Netherlands" will be tonight's subject. We invite you to listen in.

Higher Yield—Greater Diversification

WITH TAXES REFUNDED

FROM the standpoint of both diversification and income, the California investor may well take advantage of the exceptional opportunities offered by many Eastern public utility and corporation bonds which refund the present California Personal Property Tax and with Normal Federal Income Tax up to 2% paid by the issuing company.

There are a number of these bonds now available at prices to yield from 6% to 6¼% and in a few cases even better. This return compares favorably with that offered by the majority of California issues of similar character and at the same time, the investor obtains increased protection for his holdings through Eastern diversification.

Outstanding among current Eastern offerings of this character, we believe, are a group of five issues which we recently recommended to one of our clients. Use coupon below to obtain full information.

STOCKS SAG ON BEARISH MARK

Trend of Price Irregular Lower in Trading

Profit Taking Acts as Curb to Bullish Activity

Money Stringency Prospect Also Spurs Selling

NEW YORK, March 18. (AP)—Control of the stock market shifted between opposing factions in a confusing manner today, with the bears gaining the advantage in the last hour, when call money began to tighten.

Profit taking was heavy throughout the session, particularly in Radio shares, the old stock losing 40 points of 103 points gain of last week, but operators for the advance, aided by merger and split-up rumors met with marked success in various sections of the list, particularly in the rubbers, railway and office equipment issues, and specialties.

The expected stringency in money this week, resulting from the sending of the income-tax checks to the banks for payment, made its appearance with an increase in the rate from 7 to 8 per cent. Time money held firm, with practically none available under 8 per cent.

BULLISH FACTOR

A somewhat bullish interpretation was placed upon the statement of Governor Roy A. Young of the Federal Reserve Board that a higher discount rate would be employed only as a last resort. Wall street bankers were disposed to the belief that the reserve officials regard the rediscount rate as a possible means of effecting liquidation of stock market loans, but fear that it would seriously hamper business.

The day's news was meager, although it included a further upward tendency in copper prices, with a little moving at 22 cents a pound, a jump of 1 cent, with producers for the most part undecided as to what price to quote.

The old Radio shares fell back to 500, while the new shares sold at one time below 100, but closed at 101. Baldwin Locomotive soared

NET PROFITS UP FOR STEEL TRIO

Bell Wether Reports Gain of $20,657,009 in 1928

Bethlehem Increase Over 1927 Set at $2,759,780

Figures on Republic Shown as $1,624,168 Higher

NEW YORK, March 18. (Exclusive)—Substantial increases in net profits were shown today in the pamphlet reports issued by the United States Steel Corporation, Bethlehem Steel Corporation and the Republic Iron and Steel Company.

Consolidated net profits of the United States Steel Corporation amounted to $108,002,986, after all charges, including taxes, equivalent after preferred dividends to $12.50 a share on the 7,116,235 common shares, against $87,345,977 reported for 1927, or $8.81 a share.

The year's earnings include $6,170,788 special income and adjustment of various accounts and represents a material improvement over the preliminary earning statement issued January 30, last, which revealed a net income of $107,826,784, equal to $11.60 a share on the common stock.

The pamphlet report of the Bethlehem Steel Company disclosed consolidated net profits for 1928 of $18,585,922, after all charges, equivalent after preferred dividends to $6.52 a share on the 1,800,000 shares of common stock outstanding as against $15,826,142 reported for 1927 or $5.02 a share. This is the same as that reported in the preliminary statement.

Republic Iron and Steel Company reported today a consolidated net profit for 1928 of $4,642,450, after all charges, including taxes, equivalent, after preferred dividends, to $4.19 a share on the 690,891 shares of common stock outstanding December 31, last, and to $5.61 a share on the average number of shares outstanding during the year. This compares with $3,018,282 earned in 1927, equal to $4.30 a share on 300,000 shares of common then outstanding. The 1928 report includes the Trumbull Steel operations from April 30, 1928, the date of acquisition, but does not include Steel and Tube, Inc.

RUBBER MARKET

NEW YORK, March 18. (Exclusive)—Weakness abroad was reflected in an early heavy selling move on the local rubber exchange. Prices in the first hour declined 20 to 30 points and sales in that time aggregated 599 lots. Later stiffening brought about a slackening in trading, but support entering the market at the lower levels sent prices upward. Closing quotations on nine active deliveries were down 7 points to up 20 points. Turn over was 291 contracts or 3237 long tons.

Inactivity featured the market on the outside and spot on the close was quoted unchanged at 24⅞. London opened dull and ⅛d lower but later steadiness brought the market there up to close unchanged at 12d.

NEW YORK BOND PRICES

NEW YORK, March 18. (AP)—Sharp improvement in the United States government securities imparted a firmer tone to the bond market today, and in the early hours attracted considerable buying. A little selling cropped out in the late afternoon, and some of the speculative leaders' gains were converted into fractional losses.

The early buying was regarded as a further response to Secretary of the Treasury Mellon's statement recommending the purchase of bonds. Time money continued firm, with 8 per cent demanded for most maturities.

Anaconda Copper 7s and American International 5½s were the leaders of the convertibles, the copper 7s touching a new high at 253⅞ before reacting to 250 on profit-taking at the close. American International 5½s touched 107 in sympathy with strength in the stock and closed at 106¼ for a gain of nearly a point on the day.

A break of more than 5 points in Seaboard Air Line adjustment 5s, on which interest requirements were not made last year, featured the otherwise improved rail group. The Baltimore and Ohio issues displayed a firmer tone, but Chesapeake and Ohio refunding 4½s A were heavy.

Industrials ran into selling after several days of independent strength. Certain-Teed 5½s, were down nearly 2 points. Reports of opposition to United States Steel's debt-retirement plan carried the sinking fund 5s off fractionally. International Cement 5s improved in anticipation of heavy construction programs this summer.

There was little interest exhibited in the utilities, and the price changes were within narrow limits. American Telephone sinking fund 5s were under pressure, and International Telephone convertible 4½s closed fractionally lower after an early display of strength. Public Service of New Jersey 4½s slumped 2 points, but Columbia Gas and Electric 5s advanced.

Liberty First 4½s were the feature of the government obligations, advancing a half point, while the Fourth 4¼s were up nearly a half-point. Treasury 4s closed lower after an early advance.

Conflicting price movements marked the trading in foreign securities. Montecatini 7s with warrants advanced nearly 2 points. Mexican 5s of 1945 were down 1¼ at the close.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

A practical guide to the
NEW CALIFORNIA TAX LAWS

A BOOKLET published by the California Group of Investment Bankers Association of America, explaining concisely the new laws pertaining to the tax on securities, is now ready for distribution.

This law became effective March 4, 1929, and personal property returns thereunder are required to be filed on or before July 1, 1929.

A copy of this booklet will be mailed on request.

Simply return this advertisement with your name and address on the margin.

BLAIR & CO.
INCORPORATED

California Oil . . . Pipe Lines
. . . and the Panama Canal

IN 1878 a group of men conceived the idea of transporting crude oil through a pipe from the original oil fields of Pennsylvania to the Atlantic seaboard.

Pipe lines have since been indispensable to the economic movement of oil to Eastern centers for distribution and consumption, especially from the mid-continent fields. The Rocky Mountains, however, have continued to raise a barrier to practical pipe line transportation across their slopes.

These mountains have intensified the value of the Panama Canal route to oil users and the oil companies of this country. California oil now supplies the growing needs of the Pacific Coast and goes to the Far East; it also flows, in fleets of tankers, through the Canal, to the Eastern seaboard, and to foreign markets across the Atlantic. California is today one of our three greatest oil states. It accounted for over 25% of the United States' production in 1928.

For many years Blair and Company has occupied a position of leadership in the financing of world-famous oil producing and refining companies, Californian, Midwestern, and Latin-American. It has aided in developing one of the greatest industrial assets of this country.

Blair and Company offers investors a sound, diversified selection of securities. It has a broad knowledge of industry, gained from intimate study of varied businesses in this country and abroad.

SAN FRANCISCO

SAN FRANCISCO, March 18. (AP)—A tendency toward lower levels was in evidence in trading on the San Francisco Stock Exchange today. The oils were sluggish and lost some of the ground gained last week. Standard at 74 and Union Associates were off more than a point. Fractional losses were shown by Union Oil at 51, Richfield at 45½ and Shell Union at 28¾. Honolulu added ⅝ at 38¾.

The industrials were mixed. Fageol Motors at 5½, Leslie Salt at 39½, Oliver "A" at 41 and Crown Zellerbach at 22¾ showed slight gains. Issues moving into lower ground were Golden State at 54½, Caterpillar at 76¼, Pacific Lighting at 80, Emporium at 34½ and Illinois Pacific Glass at 40. Sherman & Clay touched a new high at 99.

The radios were mixed. Magnavox advanced ¼, closing at 9, while Kolster was off ¼ at 60¾.

In the banking section of the list Transamerica sold off 1¼ at 139½. Anglo and London Paris was steady at 263¼. The rest of the issues were quiet.

Totals: Bonds, none; stocks, 65,237 shares of $3,173,093 market value.

BAY CITY CURB

SAN FRANCISCO, March 18. (AP)—The majority of the issues on the San Francisco Curb today sold under continuous pressure. In the vanguard of the advance in the aviation group was Western Air Express. Opening at 70, a 2½-point rise overnight, it sold down under heavy profit-taking to 66, only to bound back to 67½. Lockheed established a new high at 23⅜, but dropped at the close to 22¾. Aviation Corporation of California also scored a new high at 32, after opening at 28. Bach opened at 3.75, rose to 3.90, but fell to 3.50 at the close.

The bank group was stronger, with prices rising fractionally. Bank of America rose from 242½ to 252, then slumped to 245½. Bank of America of California showed a ½-point gain at 180½.

Marchant, after a long period of inaction, rose from 33 at the opening to 37½, but as profit-taking entered it closed at 34½, up 2½ points.

The oils were under pressure today, with losses shown throughout the group. Italo Petroleum closing at 11. The preferred at 6¾. Universal at 2.00 and Occidental at 310 were the outstanding stocks.

LOS ANGELES EXCHANGE

Petroleum Issues Fall to Lower Levels After Displaying Early Strength

General liquidation, following an early wave of strong buying, cut back the recent advancing trend of oil securities as the week's trading was resumed yesterday on the Los Angeles Stock Exchange. Action of the Standard Oil Company of California in dropping the price of crude from the Elwood field had a detrimental effect on Rio Grande and Barnsdall stocks and was construed as a factor in the general movement. The balance of the market was irregular, recording only fractional changes.

Barnsdall, on a brisk turnover, was a highlight in the early dealings. This issue shot up to a new peak price of 46 1-8. The later selling flurry brought a slump to a close at 44 5-8, off 1 3-8 on the day. Rio Grande acted somewhat similarly to touch a high at 39 1-8 shortly after the opening and on subsequent liquidation dropped back to a close at 37½, off 1 5-8 net. Union of California achieved a high at 51 3-8 and Union Associates, 5-8. Both stocks ended the day at 50½, off 1 1-4 and 1 1-8 net, respectively.

Signal Oil, a feature of the past few days, reached the year's top at 48 7-8 and sold off to end at 47½, down 1-4 net. Standard of California marked the day's high at 74 1-4 and after slumping to 72½ recovered to finish at 73 3-4, off 1 1-4. Richfield closed at 45 1-4, the day's top, after selling as low as 44. At 45½ the stock was off 1-4 net.

Douglas Aircraft led the activity in the balance of the list and closed at 33 1-8, down 1-4. Emsco eased 3-8 to 43 1-8. Jenkins Television was up 1-4 to 14 3-4. Merchants' National Bank traded at 235, up 15 points from the last sale, while Los Angeles-First National lost a point to 132. Transamerica closed down 3-4 to 139 3-4 and Pacific Finance, 2 points to 104½.

*—Prices in cents.

LOS ANGELES CURB

Lockheed and Western Air Express, advancing to new high ground, featured the week's opening session yesterday on the Los Angeles Curb Exchange. Although the volume of operations continued at a high rate of activity, late trading manifested a softer tendency with the result that a number of losses were recorded at the close of the day.

Lockheed, principally on eastern buying, shot up to a new peak at 23 3-8 and in subsequent selling eased off to close at 22½, but up 3-4 on the day. Western Air Express, on early demand, scored a new top at 70 and on profit-taking slumped to 65 3-4, recovering to a close at 67, off 2 points net. Bach Aircraft dropped 30 cents net to 3.45 after selling at 3.75. Maddux, Kinner and Aviation Corporation (California) eased fractionally while the Aviation Corporation (Delaware) moved up 1-4 to 21½.

Diamond Electric Company slumped 3 1-4 points to 40. Saunders Stores common and preferred were traded for the first time at 50 each. Oil issues were generally lower. Continental slumped 2½ points to 26 and Hancock 1 3-4 points to 43 3-4. Palmer Union was strong, up 3 cents to 9.

Sales totaled 228,682 shares valued at [illegible]

STEEL CONCERN STARTS PAYING

(Continued from Sixteenth Page)

$700,000 for this year. This amount after preferred dividends, would be equal to about $1.62 a share on 236,369 shares of common stock. While no action has yet been taken, it is expected the corporation will shortly make application to list its stock on the Los Angeles Stock Exchange.

Analysis Out

The statistical department of Miller, Vosburg & Co. has prepared a special report on the Rio Grande Oil Company which, among other things, sets forth the rapid strides made by the company in the last nine months.

Your Income Can Be
Tax-Exempt

on a
6½%
basis

CALIFORNIA PUBLIC IMPROVEMENT BONDS are free from all taxes, including the income tax—yield 6½% interest—are a first lien on the property improved—and are by law made proper investments for savings banks and trust funds in California.

There is no higher security than that which is back of these bonds. They are issued to finance necessary municipal or county improvements that increase the value of the property improved more than the amount of the bonds. A first lien on the property affected, their value of security is greater than that of first mortgages. In fact, they rank ahead of all mortgages, mechanics' liens, trust deeds, and all other liens except general taxes.

We are offering some very attractive issues of Improvement Bonds which we will be glad to explain to you in detail—simply call, write or phone our office.

Mail the coupon and we will send you our illustrated book describing in detail the various types of California Improvement Bonds.

AFEW THOUSAND DOLLARS, MERGED WITH OTHERS IN THE DEVELOPMENT OF SUBSTANTIAL INCOME PROPERTIES, MAY WELL BE REGARDED AS AN INVESTMENT OF EXCEPTIONAL MERIT.

Under the Realty Foundation plan, it represents its full share of ownership in property of marked stability, yet with almost certain increase in values, and of more than satisfactory income return.

Well chosen income properties in cities of the first class have made many fortunes."

Realty Foundation is amply financed. Securities of its affiliated, owning-operating companies will never be offered publicly, the shareholders being admitted by invitation only. These securities provide for 6% on the investment "right from the start," and the early return of the principal while retaining ownership of the property itself.

"We own a part of that!"

Williams and his small daughter were standing on the hill overlooking the teeming industrial district.

"Who owns that big gas tank, Daddy?" asked the girl.

"We own a part of it," replied Williams, "I bought some securities from Bowes Brothers and Company that helped to build the big gas tank."

Records show that well managed public utilities grow in direct ratio with the communities they serve.

Bowes Brothers make it easy for any investor to profit by the development of great American industries.

Grain Futures Turn Down on Bear Selling

CHICAGO, March 18. (Exclusive)—Pressure was in evidence in the grain market, with local sentiment more bearish than of late and wheat dropped 1⅛@1⅜c from the finish of Saturday, only to rally from the inside figure on aggressive buying by strong commission houses, and the finish was at net losses of ⅝@⅞c, with March 1.24⅛@1.24¼, May 1.28¼@1.28⅜ and July 1.31@1.31⅛. Corn was sharply lower, and at the inside showed 1⅞@2c under the previous close and finished 1¼@1⅛c lower, March being 94⅞ and May 98⅛@98¼. Oats were off ½@⅞c, with March 46⅝ and May 46½, while rye was ⅝@⅞c lower, March being 1.09 and May 1.10½.

Buying of wheat toward the last was headed by commission houses in close touch with crop conditions in the Southwest, and was said to be based on unfavorable reports from that section. Local shorts covered on the way up. Buying against bids was a factor in checking the decline. J. P. Griffin was out with a statement calling attention to a liberal holding by strong domestic and foreign interests in futures, and also to the probability that Congress would pass farm-relief legislation by May 1, and the latter would likely be in a form that would have considerable influence on values. There was some buying by operators who felt that there was more between the lines of the statement than appeared on the surface. Crop Observers R. W. Kinyon and H. C. Donovan, who were in the heart of the Kansas wheat belt, sent in rather unfavorable comments, attention being called to the thin stand and the possibility of damage by soil blowing.

Stocks of wheat in country mills and elevators on the 1st inst., as estimated by the Department of Agriculture, were 78,411,000 bushels, against 75,428,000 bushels last year. Total stocks in all positions this season, including the visible farm reserves and mill and elevator stocks aggregate 353,000,000 bushels, an increase of 71,000,000 bushels over a year ago.

An increase in the open interest in wheat futures here to a total of 147,348,000 bushels, against 145,930,000 bushels on Friday was taken by the trade as indicating that the leading longs had not sold to any extent. The visible supply decreased 423,000 bushels for the week, and is 123,514,000 bushels, against 89,397,000 bushels last year. Liverpool closed ⅝@⅜d lower, while Winnipeg was off ⅝@⅞c and Buenos Aires ⅛c for the day. Export demand at the seaboard was slow.

The corn market showed an overbought condition early, with stop-loss orders uncovered, and prices declined sharply, there being a noticeable lack of support and sellers of bids were forced to protect themselves. Commission houses were free sellers early, while the rally in wheat led to buying on the break and a good upturn from the inside figures. Purchases of 80,000 bushels were made to arrive, including 50,000 bushels No. 3 mixed from Kansas City. Visible supply increased 130,000 bushels for the week and is 34,298,000 bushels, against 45,542,000 bushels last year. Buenos Aires finished unchanged to ⅛c higher, after being ⅛c lower early.

Weather conditions were much more favorable for field work and commission houses were persistent sellers of September oats, causing a lower range. March gained fractionally on the May. Buying of rye was largely on resting orders, with a light trade.

Provisions were easier. Selling was done by cash interests and by longs. Buying was scattered. Hog market steady. Receipts at western points totaled 135,700 head, against 167,093 a year ago. Exports last week were 8,984,000 pounds lard and 3,393,000 pounds bacon, compared with 16,388,000 and 3,632,000 pounds, respectively, a year ago.

YOUR
COUNTRY HOME

You have felt the urge to live in the country—to build there a lovely home—to plant trees—to grow flowers—to create a permanent establishment—and a home for your family.

We urge you to investigate Rancho Santa Fe as a setting for the realization of this worthy ambition.

Here a complete community has been established, comprising income-producing estates, homesites on scenic hillsides overlooking the golf course, or in shaded eucalyptus groves, secluded and healthful.

Shops, Schools and all necessary facilities are housed in the plaza in quaint buildings that might have been transplanted from Spain.

Land is sold in various sized units, to suit your investment desires. Purchase prices are low; protective restrictions are equitable.

More than $6,000,000.00 has been spent in improvements—over a million dollars invested by owners in orchards—more than $500,000 in homes—52 miles of roads—100,000 fruit trees—a $300,000 golf course.

STOCKS SAG ON BEARISH MART

(Continued from Sixteenth Page)

points to a new 1929 peak at 256 on rumors of a four-for-one stock split-up and revival of reports that the Cutten-Fisher interests are planning to merge it with Westinghouse. Otis Elevator, also mentioned in split-up rumors, shot up 15 points to a new high.

METALS STRONG

The nonferrous metals were generally strong, National Lead mounting about 10 points to a new top at 166, and Greene Cananea gaining a new high, a jump of more than 5 points. Anaconda, Nevada and Kennecott also tallied new peaks, but reacted toward the close. United States Steel lost more than a point, but Youngstown Sheet and Tube and Follansbee both gained new high ground.

Underwood-Elliott-Fisher sold up about 5 points to a new top. A similar gain in National Cash Register revived talk of a merger of these companies, but this was denied by Underwood officials. It was stated that Underwood's earnings are running at the rate of about $10 a share this year. Burroughs Adding Machine also reached new high ground.

American International made an extreme gain of about 6 points on reports that it had realized large profits from holdings in Chase National Bank and Radio stock. Lambert recorded a new top at 151 in buying attributed to estimates that 1929 earnings will reach $12 a share and on reports that the company is making rapid progress in the British market. Trico Products touched 51, then reacted. The recent advance in this stock is said to have been in anticipation of an announcement of a $5,000,000 order from General Motors.

Merchandising shares were generally weak, Macy and Filenes losing more than 4 points each. Rossia Insurance lost 10 points, Johns Manville 8 and Commercial Solvents 6 points. Allied Chemical, American and Foreign Power, Calumet and Arizona, Coty, Houston Oil, General Electric and Wright Aero were among issues sagging from 2 to 5 points.

The commodity markets were generally heavy, cotton losing more than $1 a bale on lower Liverpool cables and fair weather over the belt. Wheat eased on lack of export demand and better weather, despite a decrease in the visible supply, and corn sagged.

Foreign exchanges were generally firm, with sterling ruling a fraction higher. The peseta continued its decline, however, going below 15 cents.

ARE YOU INVESTING?

To buy stocks for a quick profit in a short period, without regard to true values, is dangerous speculation.

To buy stocks for retention over a period of years, in order to participate in the sound growth of leading enterprises, is investment.

Upon request we shall be pleased to suggest stocks which we consider sound investments at present prices.

Income

Secretary Mellon's recent statement favoring the purchase of bonds at their present comparatively low price level is, in our opinion, of such significance as to warrant most careful consideration.

Our current offering list presents a well-diversified group of sound bonds. At your request this list will be mailed to you for your consideration.

NEW YORK CURB STOCKS

NEW YORK, March 18. (AP)—High money rates cast a shadow over the curb market today with prices churned around in rather erratic fashion. Pools made several efforts to rally the general list but they encountered heavy selling by traders and investors who were scared by predictions of a flurry of 12 or 15 per cent in call money before the end of the week. One of the most encouraging developments was the sale of a curb seat at the record-breaking price of $190,000.

Wide swings took place in the high-priced specialties for which there is a rather thin market. Ford of Canada, which scored an extreme advance of nearly 350 points on Saturday, broke nearly 100 points to 1011 and then rebounded to 1040. Consolidated Mining and Smelting jumped 25 points on one sale to a new high at 510. Firestone Tire ran up 25 points to a new peak at 284½. Bendix jumped 15½ points, Celluloid Company first preferred, 14, and Chesebrough Manufacturing, 12.

Public Utilities ran into rather heavy selling, American Super Power issues and Electric Investors each losing about 4 points. Oils held fairly firm on unconfirmed reports that powerful financial interests were accumulating these issues in the belief that the overproduction problem was on the way to solution.

Goldman Sachs Trading Corporation crossed 121 to a new high but lost its gain on profit-taking. Trans-Lux was marked up to a new high at 24 on reports of further expansion plans. New peaks also were registered by Davis Drug, Haygart Corporation, International Projector, New York and Hamburg, Pittsburgh Screw and Bolt; Pond Creek Coal, Theremoid, and Rolls Royce preferred.

The airplane crash in New Jersey brought some selling into the aviation shares but strong buying support was provided. Aero Supply and National Aviation moved into new high ground. Coppers responded to reports of a further stiffening in red metal prices. Phelps Dodge (old stock) rallying 7½ points while Newmont ran up more than 7 points to a new high at 233½ and closed near the top.

Checker Cab, Gold Seal Electric and Westvaco Chlorine were conspicuously heavy.

The closing price is omitted when same as the low, and both low and close when same as the high.

Investment Counselors for a Quarter Century

Not only making PROFITS . . . but KEEPING them

Nearly everyone who buys securities can point to instances where a substantial rise followed some one or more purchases.

However, *that is not the point.* What happened to the profits? Were they reinvested wisely so that a *steady* increase of principal resulted, or did they go to cover losses on later "unfortunate" selections?

Too often, in the last analysis, profits are shown to have vanished. And, this is usually because of the lack of a sound, carefully worked out plan.

The reason is obvious: the average individual has neither *time* nor *resources* necessary to work out a productive program and then unearth the specific securities whose purchase will keep it operating to best advantage. Brookmire's has both. It has more . . . a record of proven success.

Brookmire Service is used by thousands of investors. Its record can be checked with your bank, with any economist. Apply any test you want to learn of its background, standing and ability to serve investors. Meanwhile, mail the coupon for a complete description. We will send you, also, a copy of our latest report on current market conditions, outlining what policy is best now.

Income

Secretary Mellon's recent statement favoring the purchase of bonds at their present comparatively low price level is, in our opinion, of such significance as to warrant most careful consideration.

Our current offering list presents a well-diversified group of sound bonds. At your request this list will be mailed to you for your consideration.

Bel-Air Prices

ARE ONE HALF THOSE OF OTHER RESIDENTIAL PARKS THAT MIGHT BE USED AS A COMPARISON

THE astonishing information has just been brought out through a recent economic survey, that the sale price of acres in beautiful Bel-Air is less than half that asked in other high class districts in the Los Angeles area.

It is a fact that many prospective home owners have been under the impression that Bel-Air sites are as high priced as they are exclusive. This condition exists either because the home-seeker has not sought first hand information through our *own* representatives, or has been misinformed without checking against it.

Prices of Bel-Air home sites are lower than elsewhere, and in addition have marvelous views of the ocean, the city and the mountain ranges. Many sites overlook the new University of California and the Bel-Air golf course.

If you are thinking of a new home, let *us* show you over Bel-Air.

LOS ANGELES MARKET

CATTLE—Between 75 and 80 per cent of yesterday's fair supply was steers from Utah, Idaho, Arizona and California, including 15 loads from the Imperial Valley. A good clean-up was made, with steer prices working lower, lighter weight steers declining 15@25c, while weighty steers were unevenly 25@30c lower. Other classes were in light supply and cleared readily at about steady prices.

A car of 1128-pound Idaho steers topped at 12.60, with a car of 1187-pound Idahos at 12.50. Twenty-seven loads of medium to good 825 to 1200-pound steers cashed from 12.00@12.40, while nine loads of medium steers turned from 11.35@11.85, including four loads of 1242-pound Imperials at 11.85. Common steers were fairly numerous from 9.00@11.00, including loads of fed Mexicans from 10.50@10.65.

The majority of heifers turned from 9.50@10.50, including a load of 697-pound Arizonas at 10.35, while odd head sold higher. A car of good 830-pound Imperial cows topped for their kind at 10.00. Odd head of other cows sold down to 9.50, while common and medium cows turned largely from 7.50@9.35, mostly 8.40@9.35. Cutters and low cutters moved readily from 4.00@7.25. Bulls were scarce, medium and good bulls selling from 8.75@9.50, with a few common kind down to 8.00 and below.

CALVES—Demand was narrow and with the fair supply a very uneven market resulted, trading being somewhat on a catch-as-catch-can basis. Generally the market was called steady to weak, with last week's low time, although some sales reflected further losses of 25@50c. Odd lots of selected vealers sold up to 15.50. A load of 253-pound vealers scored 14.00, with other vealers largely 12.00@13.50. A part load of 296-pound averages made 12.50, with the bulk of plain and weighty calves from 10.00@11.50, while very thin kind and extreme heavies sold down to 8.00.

HOGS—Demand was not overly active and the market was slow and unevenly 15@30c lower. Six loads of butchers were still unsold at a late hour. Yesterday's top 12.50 was paid on the afternoon session for four loads of good 170 to 195-pound Colorados. The next best price was 12.35, with the bulk of good 160 to 210-pound weights from 12.25@12.35. Mixed offerings, including the majority of 130 to 150-pound weights turned from 11.50@12.15. Three loads of 170 to 180-pound Central California butchers sold late for 11.00, while a load of 283-pound Californias brought 10.60. Packing sows sold readily at fully steady prices, turning largely from 9.00@9.40.

SHEEP—Yesterday's supply sold readily at fully steady prices. Two truckloads of good 86-pound milk lambs cleared for 16.10 straight. Other offerings consisted of lambs and bucks from the island that arrived around noon. Two decks of light weight shorn island lambs sold for 12.50, with a 20 per cent sort at 11.00, while about a deck of island bucks sold from 5.50@6.25. Medium to choice wooled ewes were quoted from 7.50@9.50.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 12.25@12.75; 950 to 1100 pounds, good, 12.35@12.85; 800 pounds up, medium, 11.35@12.35; common, 9.00@11.35. Heifers, 850 pounds down, good, 10.35@11.25; common and medium, 7.85@10.35. Cows, good, 9.75@10.25; common and medium, 7.40@9.75; low cutters and cutters, 3.50@7.40. Bulls, yearlings excluded, good beef, 9.00@9.50; cutter to medium, 7.00@9.00. Calves, 500 pounds down, medium to choice, 10.50@14.00; cull and common, 7.50@10.50. Vealers, milk fed, good and choice, 13.00@16.00; medium, 11.50@13.00; cull and common, 8.50@11.50.

Hogs, medium weight, 200 to 250 pounds, medium to choice, 11.25@12.35; light weight, 160 to 200 pounds, medium to choice, 11.50@12.50; light lights, 130 to 160 pounds, medium to choice, 11.35@12.35. Packing sows, rough and smooth, 8.25@9.50. Slaughter pigs, 90 to 130 pounds, medium to choice, 9.25@11.50. (Soft or oily hogs and roasting pigs excluded in above quotations.)

SLAUGHTER SHEEP AND LAMBS—Spring lambs, good and choice, 16.00@17.00; medium, 15.00@16.00; cull and common, 12.00@15.00. Lambs, 84 pounds down, good and choice, 15.00@16.00; 92 pounds down, medium, 14.00@15.00; all weights, culls and common, 11.00@14.00. Ewes, 120 pounds down, medium to choice, 7.50@9.50; all weights, cull and common, 4.00@7.50.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, March 18. (AP) Hogs, 800; about steady; load lightweight Utahs, 12.60; good sorted easterns quoted 12.75; load 173-pound Californias, 12.05; load 156 pounds, 11.90; few lots pigs, 10.50@11.25; packing sows, 8.00@8.75.

Cattle, receipts 575; steers 15@25c higher; two loads good 1025-pound Utah steers, 12.85; numerous loads 800 to 1130-pound Idaho, Utah and Nevada, 12.75; few loads 1000 to 1100 pounds, 12.10@12.60; odd head medium grade, 11.50; she stock scarce; few sales; cows look 25@50c higher; odd head Nevada cows, 9.75; half load fleshy dairy bred, 9.00; all cutters and common, 4.00@8.00; bulls scarce.

Calves, receipts 80; steady; good milk vealers quoted 14.50, absent; load mixed weighty calves, 10.50.

Sheep, receipts 2400, direct 980; steady; two decks good 69-pound California spring lambs, 17.35; four decks 70 to 74 pounds, 17.15; package ewes, 8.50.

CHICAGO, March 18.—Hogs, 48,000; mostly strong to 10c higher than Friday; top, 12.15 paid for a load of around 170-pound weights, largely a 11.75@12.00 market for good and choice 160 to 300-pound averages; butchers, medium to choice, 250 to 300 pounds, 11.30@12.00; 200 to 250 pounds, 11.65@12.10; 160 to 200 pounds, 11.50@12.15; 130 to 160 pounds, 10.50@12.00; packing sows, 10.50@11.10; pigs, medium to choice, 90 to 130 pounds, 9.25@11.50.

Cattle, 17,000; calves 3000; in-between grades of light and medium weight steers predominating weak to lower; all others steady, with light yearlings active and firm; best fed steers and yearlings early at 14.00; stockers and feeders higher; slaughter classes, steers, good and choice, 1300 to 1500 pounds, 12.75@14.50; 1100 to 1300 pounds, 12.75@14.50; 950 to 1100 pounds, 13.00@14.75; fed yearlings, good and choice, 750 to 950 pounds, 13.25@15.00; heifers, good and choice, 850 pounds down, 12.00@13.75; cows, good and choice, 9.00@11.00; cutters, 5.75@7.00; bulls, good and choice beef, 9.40@10.75; vealers, milk fed, good and choice, 15.00@17.25; stocker and feeder steers, good and choice, all weights, 12.00@13.00.

Sheep, 6000; quality plain; very little done, asking 15@25c higher indications; bulk of fat lambs, 16.85@17.25; choice quotable higher; sheep steady; feeding lambs strong to 15c higher; top, 16.85; lambs, good and choice, 92 pounds down, 16.40@17.60; medium, 15.50@16.50; ewes, medium to choice, 150 pounds down, 8.50@11.00; feeder lambs, good and choice, 14.85@16.85.

DENVER, March 18.—Sheep, 2500; fat lambs, fully 25c higher to packers; 89-pound load, 16.00 flat for local slaughter; sheep and feeders quotable steady; common to good 94 to 122-pound fat ewes, 6.00@8.75; three cars feeders held above 16.00.

Hogs, 1800; active, 10@15c higher, spots 25c up; sixteen loads direct, three to California; top, 11.15 on 200 to 250 pounds; bulk 170 to 300 pounds, 10.85@11.15; most loads, 11.00@11.15; 130 to 160 pounds, 9.75@10.75; packing sows, 9.25@9.75; smooth kinds, 10.00; butcher sows, 10.25.

Cattle, 2800; talking lower on fair supply fat steers; two loads Holsteins, 11.00; beef bred kinds held considerably higher; fat heifers mostly steady; spots higher to shippers; top, 12.50 flat and freight paid; others, 10.25@12.00; cows mostly steady to weak; spots 10@15c lower; best, 9.85, freight paid, some held higher, others 8.50@9.75, mostly flat; small lot numerous 8.00 down; mixed cows and heifers, 10.25@10.50; all cutters steady at 5.00@6.75; bulls steady at 7.50@8.75; calves and vealers steady to higher; best veals, 15.50@16.00; stockers and feeders steady to strong, some held higher; steers, 11.50@12.50; stock heifers, 10.00; in-between stock cows, 7.85; best held above 8.75; stock calves, 12.00; best bids, 13.00.

OMAHA, March 18.—Hogs, 13,000; mostly 10@15c lower; top, 11.40 on 200 to 300-pound butchers; bulk 190 to 320-pound weights, 11.25@11.40; bulk 160 to 190-pound selections, 10.50@11.35; packing sows, 10.50@10.65; feeder pigs mostly 10.00@10.25.

Cattle, 9000; light steers and yearlings fully steady; weighty steers and medium weights slow, weak to 25c lower; heifers fully steady; beef cows weak, bulls and vealers fully steady; stockers and feeders strong; fed steers and yearlings, 11.75@13.25; several loads light steers, 13.40@13.80; heifers, 10.00@12.50, few up to 13.25; bulk beef cows, 7.75@9.75; bulk all cutters, 5.75@7.00; medium bulls, 8.50@9.00; practical top veals, 15.00; stockers and feeder steers, 11.25@12.80; stock calves, 13.25.

Sheep, 4000; very little done on fat lambs, bidding steady; packers bidding 16.50 on good and choice fed wooled lambs with 16.75 bid by shippers on 90-pound averages; asking 17.00 and above not enough; fat sheep on offer to quote feeding and shearing lambs steady; two cars 88-pound shearing lambs, 16.50; good feeding lambs average 68 pounds, 15.25; no choice feeding lambs here.

KANSAS CITY, March 18.—Hogs, 12,000; fairly active to strong, mostly a shipper market; stock pigs steady; top, 11.65 on 190 to 225 pounds; bulk desirable 180 to 260 pounds, 11.40@11.60; 270 to 360-pound butchers, 11.15@11.40; 140 to 170 pounds, 10.25@11.50; packing sows, 9.25@10.35; stock pigs, 9.25@10.25.

Cattle, 12,500; fed steers slow, most early bids weak to lower, few early sales light weight steers steady; light yearlings and she stock mostly steady, some strength on light yearlings; bulls firm; vealers steady to 50c lower; weighty calves steady; stockers and feeders active, strong; spots higher; bulk fed steers eligible to sell around 11.75@13.00; few loads light weight steers held around 13.25@14.00; fat light yearlings, 11.00@13.00; part load mixed yearlings, 14.00; bulk butcher cows, 8.00@9.25; all cutters, 5.50@7.25; medium bulls, 8.25@8.75; good to choice vealers, 14.50@17.00; bulk stockers and feeders, 11.25@13.00; few loads stockers, 13.35@13.50.

Sheep, 7000; lambs fully 25c higher; odd lots sheep about steady; early top fed lambs, 16.75, best held at 17.00; clippers, 14.60; 65-pound native spring lambs, 20.00.

PORTLAND, March 18.—Cattle and calves opening fully active; few good steers 25c higher; receipts, cattle 970; steers, 1100 to 1300 pounds, good, 11.25@12.00; 950 to 1100 pounds, good, 11.75@12.25; 800 pounds and up, medium, 10.75@11.75; common, 9.00@10.25; heifers, 850 pounds down, good, 10.25@10.50; common, 8.50@10.25; cows, good, 9.00@9.50; common to medium, 7.25@9.00; low cutters, 5.50@7.25; bulls, yearlings excluded, good beef, 8.00@9.00; cutter to medium, 7.00@8.00; calves, 500 pounds down, medium to choice, 10.00@12.50; cull to common, 8.50@10.00; vealers, milk fed, good to choice, 13.50@14.50; medium, 12.00@13.50; culls to common, 9.00@12.00.

Hogs, opening slow; receipts, 2770, including 120 direct; heavy weight, 250 to 350 pounds, medium to choice, 10.00@10.75; medium weight, 200 to 250 pounds, medium to choice, 10.75@11.75; light weight, 160 to 200 pounds, medium to choice, 11.75@12.00; light lights, 130 to 160 pounds, medium to choice, 10.75@12.00; packing sows, rough and smooth, 9.00@10.00; slaughter pigs, medium to choice, 10.50@11.50; feeder and stocker pigs, 70 to 135 pounds, medium to choice, 10.25@11.10.

Sheep and lambs, talking around steady; receipts, 470 sheep; lambs, 84 to 92 pounds, good to choice, 14.00@16.00; medium to choice, 92 to 100 pounds, 12.00@16.00; all weights, cull to common, 11.00@12.00; yearling wethers, 110 down, medium to choice, 10.00@13.00; ewes, 120 pounds down, medium to choice, 6.00@8.00; 120 to 150 pounds, medium to choice, 5.50@7.50; all weights, cull to common, 3.00@3.50.

SOUTH ST. PAUL, March 18.—Cattle, 3600; largely steer run; lighter weights predominating, these opening around steady; two cars long yearlings, 12.00; matured steers dull, undertone weak on these and fat cows; bulk all weights steers salable 10.75@12.00; medium cows, 7.25@8.75; comparable heifers, 8.75@10.00; yearlings on up to 11.00; cutters, 6.00@7.00; bulls, 8.75 down; stockers and feeders steady, 10.75@12.00; calves, 1900; 50c lower; range 15.00@17.00 for good lights; bulk 15.50@16.00.

Hogs, 11,000; mostly steady with last week's close; bulk 160 to 250-pound averages, 11.50; top, 11.60 for sorted lights; heavy butchers scarce; light lights steady, 25c lower; bulk light lights and pigs, 10.75; packing sows, 10.00@10.25.

Sheep, 2700; practically nothing done early; bidding around 16.50 for desirable lambs; bulk, 17.00 for best kind; ewes scarce, salable around steady.

ST. JOSEPH, March 18.—Hogs, 3500; active, steady to 10c higher; weighty hogs showing greater shade of advance; top, 11.60 for 195 to 230-pound averages; bulk good and choice, 170 to 280 pounds, 11.35@11.55; few desirable 325 pounds at 11.25 and load choice 370 pounds at 11.20; light light scarce; packing sows steady to strong, largely 10.25@10.35; few smooth lights upward to 10.50; stocker and feeder pigs little changed; desirable offerings, 8.50@9.00.

Cattle, 3400; yearlings and handy weight steers opening around steady; fairly good outlet to order buyers; packers bidding lower on weightier kinds; butcher she stock slow, early sales steady to weak; bulls strong, vealers unchanged; replacement stock steady; early sales slaughter steers and yearlings largely 12.40@13.25; part load yearlings, 13.50; early bulk beef cows, 8.25@9.25; cutter grades, 5.75@7.00; medium bulls, 8.00@8.75; vealer top, 15.50; several loads replacement steers, 11.50@12.50.

Sheep, 9000; no early sales; asking considerably higher on fat lambs; run includes 4500 direct to feed lots.

WOOL MARKET

BOSTON, March 18. (AP)—A firmer undertone is being shown in the market for 64s and finer western grown wools, especially original bag lines consisting of bulk French combing staple. Strictly combing class of this equality is not as firm as the shorter classes of staple but the recent easing of prices on strictly combing wool has been slight when the volume of sales is considered. The receipts of domestic wools for the week ending March 16 were 3,724,100 pounds as compared with 430,700 pounds the previous week.

Eastern Utilities Investing Corporation

5% Gold Debentures

(With Class A Common Stock Purchase Warrants)

Due March 15, 1954

Price 98 and Interest

The Corporation will agree to pay interest without deduction for any Federal Income Tax up to 2%.

The following information is taken from official sources:

Stock Purchase Warrants: Each $1,000 principal amount of definite Debentures will carry warrants, non-detachable except in case of redemption, entitling the holder to purchase twenty shares of Class "A" Common Stock of the Corporation, subject to the indenture provisions with respect to stock dividends, recapitalization, etc., at any time after December 31, 1929, and on or before December 31, 1934, at a price of $15 per share.

Company: The Corporation, organized in 1922, is engaged primarily in the business of acquiring and holding for long term investment, securities deriving their income from public utility and allied enterprises.

The Corporation does not engage in management or supervision either directly or through the ownership or control of a majority of the voting stock of any corporation. Its primary business is the investment of the proceeds from the sale of its capital securities, and the reinvestment and/or disbursement to its security holders of the income received.

Assets: Cash and investments of the Corporation, as shown in the balance sheet in the circular, will exceed $80,000,000 on the basis of present values or more than $2,200 per $1,000 Debenture and after deducting indebtedness and preferred stocks, at liquidation value, are about $10 per share on the 1,265,000 Shares of Class "A" and Class "B" Common Stocks to be outstanding.

These Debentures will be followed by 325,000 shares of preferred stocks, 765,000 shares of Class "A" Common Stock and 500,000 shares of Class "B" Common Stock. Additional Debentures can be issued only under carefully drawn restrictions.

Earnings: The earnings of the Corporation for the twelve months ended January 31, 1929, after giving effect to this and recent financing, were as follows:

Interest and Dividend Income	$4,318,245*
Expenses and Taxes	29,608
Net Earnings	$4,288,637
(Exclusive of realized profit on sales of securities.)	
Annual interest requirements on total funded debt (this issue)	1,750,000

In addition, the Corporation earned $454,705 in the twelve months ended January 31, 1929 from realized profit on sales of securities.

*Includes return of 5% per annum on a portion of the proceeds of this and recent financing pending permanent investment of such proceeds.

The net earnings for the twelve months ended January 31, 1929, as above, were over 2.45 times annual interest requirements on this issue of Debentures.

Class A Common Stock: The Class "A" Common Stock is entitled to non-cumulative dividends in any quarter at the annual rate of $1 per share before dividends are paid in the same quarter on the Class "B" Common Stock. After payment of a like amount per share on the Class "B" Common Stock in any quarter, it participates equally with the Class "B" Common Stock, share for share, in any additional dividends. It is without par value and non-voting.

Management: The management of the Corporation is supervised by its Board of Directors, all the members of which are at the present time connected in either an official or advisory capacity with the management of the Associated Gas and Electric System.

We recommend these debentures for investment and shall be pleased to send a circular describing the issue in detail

Harris Trust and Savings Bank
Organized as N. W. Harris & Co. 1882. Incorporated 1907

Halsey, Stuart & Co.
Incorporated

These Debentures are offered for delivery when, as and if issued and received by us, and subject to the approval of our Counsel.

Disagreeable Loan Experiences!

CONSTRUCTION LOANS . . can be a curse . . to the unhappy borrower . . when the lending institution . . or individual . . does not understand . . the financing necessities . . of your building program . . tying your hands . . because they're afraid.

THROUGH THIRTY-SIX YEARS . . without a loss . . this old-fashioned financial institution . . has made construction loans . . to the borrower's full satisfaction . . eliminating red tape . . of financial fear . . because we know our business.

Other types . . of financial institutions . . often detest construction loans . . only making them . . when stock market loans . . or other quick collateral investments . . are not available . . which means grudging service . . and unskilled attention . . with resulting dissatisfaction.

So . . they won't cooperate . . with your loan broker . . your realtor . . or yourself . . because they haven't the organization . . to follow your construction . . or your convenience . . in the methodical manner . . of an experienced building and loan association.

Those are plain facts . . unpleasant facts . . as your realtor and loan broker knows . . through long experience . . with construction financing . . fighting the fears . . of inexperienced or unwilling lenders . . with full appreciation . . of the loaning methods . . that have brought State records . . to the Mutual Building and Loan Association . . OF POMONA.

SHIPPING NEWS
AND ACTIVITIES AT LOS ANGELES HARBOR

SHIP LINE AIMS TO CARRY FRUIT

Luckenbach Company Adds Refrigerated Craft

Old Shipping Board Steamer Being Reconditioned

Total Conversion Cost Fixed at About $375,000

Entrance of the Luckenbach Steamship Company, leading coast-to-coast freight operator, in the intercoastal refrigeration field was indicated yesterday with announcement by the United States Shipping Board that it has sold the oil-burning refrigerator steamer Neponset to the Luckenbach interests for $120,000.

Conversion of the Neponset, of 11,437 deadweight tons, into one of the most modern freight vessels under the American flag, is agreed to by the purchaser, who promises to spend not less than $375,000 in reconditioning and repairs, including the installation of a Bauer-Wach steam turbine, built by the Tecklenburg yards at Bremerhaven, Germany, in place of her present triple-expansion engines. The new engines, together with installation of an Oertz streamline rudder, are expected to increase the speed of the Neponset from ten and one-half to twelve knots.

The Neponset inaugurated the now dormant intercoastal refrigeration trade six years ago when she was operated out of California ports to the North Atlantic by the defunct North Atlantic and Western Line. She was built in 1918 for the Shipping Board at the Chester (Pa.) yards of the Sun Shipbuilding Company and is now laid up at New York.

Her purchase confirms persistent reports that the Luckenbach Line was preparing to enter the refrigeration field, although H. C. Ewing, Southern California manager of the Luckenbach Line, yesterday would neither confirm or deny plans to that effect. The Luckenbach Line now operates a fleet of eighteen steamers in express freight and mail service between Pacific Coast ports, the Gulf of Mexico and North Atlantic ports.

RELIEF FOR CASE OIL SHIPPERS IN SIGHT

Recommendations for the relief of shippers of case oil petroleum are expected imminently from J. A. Crawford, member of the Los Angeles Harbor Commission, who has been investigating the situation six months. The municipal case oil loading station at Berth 181, limited to 70,000 cases storage, is admittedly inadequate, as upwards of 500,000 cases move through port monthly now. Much of this is accommodated by the Texas Company's new station; Hancock Oil Company also is erecting another, but several other case shippers have no such facilities, and once a shipment was stored on an open dock with such peril it is not to be repeated. Berth 70 on the main channel has been suggested for a city station, available to all. Compress No. 2 readily could be converted for storage.

Weld Arnold, head of a Harvard University expedition, left with Mrs. Arnold yesterday to study the sun's eclipse at Olar Star in the Federated Malay group. They were accompanied on the Dollar liner President Wilson by several assistants, and numerous pieces of apparatus were taken. The liner embarked forty-five passengers, including a large party of globe girdlers booked by the D. F. Robertson Travel Bureau. Fifteen hundred tons of freight also went aboard.

Fifty-two passengers, including the family of Mikael Shigasaki, Vice-Consul for Japan at Los Angeles, arrived from the Orient yesterday on the Toyo Kisen Kaisha liner Shinyo Maru, on her first visit under the new schedules. K. Satokata, railway engineer with the Imperial Japanese government, also disembarked. The liner will drop 1000 tons of cargo, and sail home Friday after embarking 125 travelers and loading 1000 tons of Southland merchandise. B. Kida, formerly on the European run, is new chief steward on the Shinyo Maru.

Headwinds depleted the fuel supply of the purse seiner Gallant, bound here from Cape San Lucas with tuna, and Capt. Vince Kammelich improvised fuel from cylinder oil and kerosene aboard to push her to Coronado Islands. There she replenished her Diesel tanks and reached here over the week-end with thirty tons of fish.

Panama Mail motor liner City of San Francisco is due at daylight after visiting Central American ports, including Mazatlan and Cape San Lucas, reported in the hands of Mexican rebels. No untoward incident occurred at either port. She has sixty passengers and freight.

Increase of the intercoastal tanker fleet of the Gladstone Transportation Company from its present fleet of four steamers to eight immediately and establishment of Los Angeles Harbor as the loading terminus were announced at the port yesterday by company officials.

The line, recently acquired by J. P. Morgan & Co., now owns the four former Shipping Board tankers, Dartford, Salina, Stockton and Radiant, has chartered two more and will purchase two additional tankers, following opening of its new Prudential refinery near Baltimore, its port of discharge, it was announced. The Stockton sailed yesterday after loading at the Union Oil terminal for Baltimore.

Chief Boatswain's Mate K. C. Welch, commanding the Coast Guard cutter CG-259, yesterday abandoned the search for the body of Roko Urcich, San Pedro fisherman drowned late Saturday when the purse seine fishing boat Explorer was run down and sunk by the Mahoney lumber steamer Ryder Hanify. Capt. Nick Vecich and seven surviving members of the fisherman's crew were rescued by the Ryder Hanify, which was en route here from San Diego at the time of the crash, twelve miles southeast of this port. The Explorer, on which no insurance was carried, was en route to the Mexican tuna banks.

Denial of reports that the Quaker Line will open its own offices at this port and San Francisco were made yesterday by Kenneth D. Dawson, president of the intercoastal line. Mr. Dawson said further that the management of the Quaker Line affairs by Williams, Dimond & Co. has been so highly successful that no change is warranted.

AIR MAIL SCHEDULE

Now in effect: Universal postage rate of 5 cents first ounce and 10 cents for each additional ounce anywhere in the United States, Canada or Mexico, applies on all matter sent by air mail. Items for air mail are restricted to not more than fifty (50) pounds in weight and to not more than eight-four (84) inches in length and girth combined.

TRANSCONTINENTAL AIR MAIL

Eastbound: Leaves Los Angeles 7:35 a.m. daily, arriving Salt Lake City 2 p.m. Mountain Time, Chicago 5:45 a.m. Central Time, Newark, N. J., 5 p.m. Eastern Time, second day. Arrival New York City Postoffice 20 minutes later.

Westbound: Leaves Newark, N. J., 12:15 p.m. Eastern Time, arriving Chicago 7 p.m., arriving Salt Lake City 10 a.m. Mountain Time, second day, arriving Los Angeles 3:25 p.m. Pacific Time second day.

Daily closing: 6:30 a.m. at Arcade Station. At 5:30 a.m. (or a little later) at Main Postoffice, substations and at Air Mail boxes, painted red, white and blue, and located in various parts of city.

COASTWISE AIR MAIL

Northbound: Leaves Los Angeles 12:01 a.m., arriving at Bakersfield 1:15 a.m., Fresno 3 a.m., and San Francisco 5 a.m. Leaves San Francisco 5a.m., arriving at Medford, Or., 9 a.m., Portland-Vancouver 11:30 a.m.; Tacoma 1:30 p.m., Seattle 2 p.m.

Southbound: Leaves Seattle 11:45 a.m., arriving at Tacoma 1:30 a.m.; Portland-Vancouver 7:10 a.m., Medford, 9:30 a.m., San Francisco 1:15 p.m., Fresno 3:15 p.m., Bakersfield 4:45 p.m., Los Angeles 6:15 p.m.

Daily closing: 10:55 p.m. at Arcade Station. From 9 to 10 p.m., as stated on box collection card on Air Mail boxes.

Bomb Exploded in Kansas City

KANSAS CITY, March 18. (AP)—Bombers who recently have operated in the north and southwest sections of Kansas City touched off a blast in the southeast part of town last night.

The explosion, said by police to have been caused by a dynamite bomb, injured no one, but wrecked three automobiles. The blast centered in a private garage belonging to Bernard B. Cohen.

Freed Maniac Murders Wife

LYONS (Ind.) March 18. (Exclusive)—Luther Duncan, 40 years of age, having been arrested as insane last Tuesday on complaint of his wife, 37, was released by authorities. He returned home and murdered the wife and was taken back to jail today. Four children are left.

Motorist's Neck Broken in Mishap

DELANO, March 18. (AP)—Edward Nolan, 50 years of age, of 1231 West Fifty-eighth Place, Los Angeles, was fatally injured when his car overturned near here late today, dying shortly afterward of a broken neck. Donald Drake, also of Los Angeles, his companion, escaped with minor injuries.

GOV. PHILLIPS VETOES BILL ON IRRIGATION

PHOENIX, March 18. (AP)—For the second time since he has been in office, Gov. Phillips today wielded the official veto ax on a legislative measure when he vetoed House Bill No. 26, which would amend the law relating to the organization of irrigation districts. In vetoing the bill, Gov. Phillips said that he feels that it gives unusual and possibly injurious powers to the directors of such districts.

SCREEN ACTOR ARRIVES IN MISSOURI BY AIR

ST. JOSEPH (Mo.) March 18. (AP) Wallace Beery, screen actor, arrived here today on a flight from Los Angeles to visit relatives near Osborn and Cameron, Mo., his native country. He was accompanied by Noah Beery, Jr., his nephew, and George Maves, pilot. Beery will start back to Los Angeles tomorrow, he said.

HEARING ON OIL THRIFT REQUESTED

Rocky Mountain States Say Constant Development Needed to Assure Supply

CASPER (Wyo.) March 18. (AP)—President B. B. Brooks of the Rocky Mountain Oil and Gas Association, representing the States of Wyoming, Colorado, Montana, New Mexico and Utah, announced today that at a special meeting of the board of directors held here last night resolutions had been wired to President Hoover, the Secretary of Interior, the Wyoming Congressional delegation and Gov. Emerson, asking for an opportunity to be heard before any rules or regulations are adopted for the carrying into effect of President Hoover's announced policy of oil conservation.

The resolution states that the Rocky Mountain public-land States are "whole-heartedly in favor of true conservation of their land, water and minerals and will support all conservation policies giving the greatest use without waste to their natural resources for the benefit of all the people."

The association in its resolution asserts the "present oversupply of crude petroleum is not caused by overproduction in these States and constant and persistent exploration and development is essential to insure sufficient oil production for our immediate requirements."

The association requested a hearing, prior to the adoption of any regulations, to present data as to the effect of the conservation policy on the development of oil and gas lands in the five States of the Rocky Mountain region "together with an opportunity to confer and advise with respect to such new regulations for carrying said policy into effect."

Historic Bowery Theater Burns

NEW YORK, March 18. (AP)—The historic miner's old Bowery Theater, 165 The Bowery, where a revival of Augustin Daly's melodrama "Under the Gas Light," was to open soon, was ravaged by fire early today. The building was opened in 1878 by the late Henry Clay Miner.

Weber and Fields, David Warfield and many other stars appeared on its stage. Lately the house has been known as the Royale, presenting burlesque, Italian performances and motion-picture shows.

PAPER PARLEY HELD

Publishers' Association Official to Issue Bulletin Later

NEW YORK, March 18. (AP)—An executive meeting of the directors and paper committee of the American Newspaper Publishers' Association called to consider news print prices and contracts, ended today without a public statement of its result.

"The entire news print situation was fully discussed," said L. B. Palmer, general manager, "and a statement will be prepared as soon as possible and issued to members in the form of a bulletin.

"Meanwhile the committee suggests to the membership that contracts for a longer period than the current year be not entered into without serious consideration and study of the future of the news-print market."

The purpose of the meeting, Mr. Palmer said, was to "consider conditions resulting from recent announcements by manufacturers of a price somewhat higher than had been expected in some quarters, and the offering of five-year contracts by one of the major producers."

TWO DEAD, TWO HELD IN JOY-RIDE WRECK

RENO, March 18. (AP)—Two men are dead and two are in the city prison charged with manslaughter as the result of an early morning wild automobile drive ending in a wreck. The dead are Joseph E. Studebaker, bellboy at the Riverside Hotel, and Kendrick Borkman, employee of a fruit express company. The men under arrest are employees of a public garage, William Tanner and Ralph Jenkins, who without permission took an expensive car from the garage.

SEALED VERDICT IN THAW ATTACK CASE

NEW YORK, March 18. (AP)—A Supreme Court jury tonight reported that it will file a sealed verdict in the $100,000 suit brought against Harry K. Thaw by Miss Marcia Estradus for an asserted attack upon her in his apartment the morning of January 3, 1927. The decision of the jury, which received the case late this afternoon, will be read tomorrow morning.

LITTLE GIRL WHO REPROVED TAFT BECOMES CENTER OF MAD RUSH

NEWBURGH (N. Y.) March 18. (Exclusive)—In the little town of Walden, N. Y., twelve hilly miles west of Newburgh and the Hudson River, the Terwilliger family is trying hard to maintain a sane equilibrium in an insane rush of thousands of letters and telegrams, telephone calls, reporters, photographers and just curious persons who want to look at the 13-year-old girl who reproved the Chief Justice of the United States.

The Terwilligers, Tom, the father, Mae, the mother, and 13-year-old Helen, who caught fame on the lip of a loud speaker, want it understood that Helen did not write that now famous letter to Chief Justice Taft with the idea of calling a mistake to his attention, she just wanted to know if there was some special significance in the circumstances that he had substituted "preserve, maintain and defend the Constitution" for "preserve, protect and defend" in adminisering the oath of office to President Hoover.

"We want everybody to understand that Helen did not write Chief Justice Taft with the idea of catching him in a mistake. She merely wanted to know why he had changed the words of the oath—if there was some specific reason for it. If I thought Chief Justice Taft was being annoyed with it I would cut my right arm off"—but Tom Terwilliger did not finish what he was saying. The telephone rang.

National Guard Flyer Hangs Up World's Record

LITTLE ROCK (Ark.) March 18. (AP)—A new world's endurance record for government primary training planes was made today by Lieut. Joe T. Shumate of the Arkansas National Guard, who remained aloft eleven hours and four minutes. He took off at 5:45 a.m. and landed at 4:49 p.m., when his 130-gallon gasoline supply was exhausted.

The previous record, so far as officials here could learn, was four hours and twenty-six minutes, set by Shumate and Lieut. L. R. Hewitt of the National Guard here.

NOTAS TELEGRAFICAS

El Buen Alimento Ayuda a la Inteligencia

NUEVA YORK, 18 de Marzo (Exclusivo)—El doctor Juan Monroe, de la Universidad de Long Island, que empezó hace diez y seis años, en el Colegio de Carleton, a hacer investigaciones para estudiar los factores de herencia y medio ambiente, que influencian el nacimiento y desarrollo de la inteligencia, hoy hizo público el resultado a que ha llegado, después de su larga búsqueda. Dice que la inteligencia entre los estudiantes se modifica de 5 a 25 puntos en unos cuantos años, debido al cambio de ambiente. También encontró que hay una notable relación directa entre la inteligencia y la nutrición, que demuestra que los niños de familias pudientes pueden tener mayor oportunidad para llegar a ser adultos inteligentes, precisamente por que han sido mejor alimentados. Añadió que estaba convencido, como resultado de sus experimentos, que mucha de la baja inteligencia que se nota entre las clases laborantes, se debe al hecho de que por generaciones han estado mal nutridas.

Falso Padre de Familia que Asalta un Cine

CHICAGO, 18 de Marzo.—Anoche, en momentos en que estaba entrando el público a uno de los cines de esta ciudad, un joven que llevaba en brazos un envoltorio, como si en él llevara a un niñito suyo, se acercó a la taquilla, y sacando de debajo de las ropas de aquél un revólver, apuntó a la cajera y la hizo entregarle $125 de la caja, huyendo precipitadamente, después.

Mueren Dos Aviadores en un Accidente

CIUDAD DEL CABO (Union de Sudáfrica) 18 de Marzo.—Un aeroplano lanzador de bombas que pertenecía a las fuerzas aéreas del imperio británico, vino al suelo en Gwalo, Rodesia del Sur, hoy, y los dos ocupantes del mismo fueron muertos en el acto. El aeroplano pertenecía a una escuadrilla de cuatro aparatos de los que hacen un viaje de práctica cada seis meses, entre Cairo y y Cabo. Es la primera vez que sucede un accidente durante los cuatro años que han estado llevando a cabo dichos viajes.

Yankis Muertos en la Guerra, que Serán Traídos Aquí

KANSAS (Kansas) 18 de Marzo.—Van a ser exhumados los restos de los yankis muertos en la guerra en Rusia septentrional y Siberia, tan pronto como se sepa bien donde se encuentran enterrados, segun anunció hoy el comandante en jefe de los veteranos de Guerras Extranjeras, señor Eugenio P. Carver. A causa de no existir relaciones diplomáticas con Rusia, este paso no podía ser llevado a cabo por el gobierno, por eso ha tenido que tomar la iniciativa, la asociación de Veteranos citada.

Audas Robo a un Banco en Berkeley

BERKELEY, 18 de Marzo—La sucursal franco-italiana del banco de América en esta localidad fue asaltada ayer por unos bandidos que lograron llevarse cerca de $3000. El director de la institución, señor L. J. Ginder, estaba ocupado sumando las cantidades depositadas en la mañana, cuando entraron los bandidos. Apuntándole con una pistola al pecho, hicienron que los llevara a la caja fuerte, que no pudo abrirse. Dándose cuenta de que, fuera, había algunas cantidades de billetes y plata, los bandidos las tomáron rapidamente y huyeron acto seguido, sin que pudieran ser aprehendidos.

Prohibida la Entrada a la Prensa en el Congreso Chino

NANKING (China) 18 de Marzo.—A causa de las disputas entre facciones del partido nacionalista (Kuomintang), se ha prohibido la entrada a los corresponsales de los periódicos extranjeros, y se ha decretado una energica censura sobre todas las noticias e informaciones referentes a China. A los corresponsales de nacionalidad china se les permitirá únicamente mandar aquellas noticias oficiales, que sean proporcionadas por el propio Congreso, para su publicación.

NOTAS LOCALES

Llegada de una Hermosa Bailarina de Nueva York

A la ya larga serie de bellezas que conviven con nostros en esta ciudad hay que agregar el nombre de Nina Brown, hermosa bailarina de los Ziegfeld Follies de Nueva York, que llegó ayer, en un vapor de la Dollar Line, procedente de Panamá. "Un viaje por el canal de Panamá es ideal para la gente de teatro que quiera de veras descansar. Los viajes a Europa, son quizá más fatigosos que si se quedara uno en la patria, pero este viajecito que acabo de hacer es sedante y suave, y me ha quitado toda la fatiga que había estado sintiendo en los últimos tiempos".

Aristocrático Lugar de Reunión

[illegible] prices of both the [illegible] Oil Company of California [illegible] the Union Oil Company will [illegible] cents a gallon, permitting [illegible] service-station operators to [illegible] a retail price of 18½ cents a [illegible] with a 3-cent margin of [illegible]

[illegible] oil companies are expected [illegible] within a few days. [illegible] price move marks the first [illegible] on the part of the major [illegible] companies to end the [illegible] war which has kept the price [illegible] gasoline in a scale between [illegible] to 12½ cents a gallon for [illegible]

BULLETIN ISSUED

[illegible] so-called gasoline war has re[illegible] many service station op[illegible] going out of business. Ef[illegible] on the part of Federal officials [illegible] committee of the State Legis[illegible] to stabilize the price have [illegible] unsuccessful.

[illegible] bulletin issued by the Stand[illegible] Company of California yes[illegible] it was stated that the tank [illegible] price would be 18½ cents a [illegible] which means that this will [illegible] retail price to the motorist [illegible] as service-station opera[illegible] are allowed a 3-cent differen[illegible] making the price to them 15½ [illegible] a gallon wholesale.

[illegible] bulletin of the Union Oil [illegible] was issued a few hours [illegible] the one given out by the [illegible]

ANNOUNCEMENT

[illegible] the announcement issued in [illegible] Francisco, the Standard com[illegible] stated:

"The Standard Oil Company of [illegible] announces, effective the [illegible] a posted tank wagon or [illegible] price of gasoline at 19 [illegible] a gallon at San Francisco and [illegible] cents a gallon at Los An[illegible]

"The price of gasoline to dealers [illegible] than the wholesale prices, [illegible] dealer discount being 3 cents [illegible] gallon under the tank wagon [illegible] which will make the dealer [illegible] in San Francisco 16 cents and [illegible] Angeles 15 1-2 cents per gal[illegible] At present the posted tank [illegible] price is 13 and 12 1-2 cents [illegible] gallon at San Francisco and [illegible] Angeles, respectively, with the [illegible] price 3 cents per gallon low[illegible] in each case. This adjustment [illegible] prices affects all points on [illegible] Pacific Coast."

[illegible] of other major compa[illegible] studied the moves of Standard [illegible] Union and asserted they will [illegible] with a price boost in a day [illegible] if the move shows any ef[illegible] in settling the so-called gaso[illegible] war.

[illegible] service-station men throughout [illegible] city were reluctant about sign[illegible] agreements with the major [illegible] companies pertaining to the new [illegible] and asserted they intend [illegible] independently until there is [illegible] general stabilization of prices by [illegible] producers.

TWO MONTHS' WAR

[illegible] price controversy started [illegible] months ago when one of the [illegible] companies disposed of all its [illegible] filling stations to former em[illegible] on leases. These stations [illegible] the price several cents and [illegible] a week all the service-sta[illegible] in the State were fighting [illegible] at retail prices ranging [illegible] cents a gallon to 12½ cents. [illegible] movements were started by [illegible] groups of dealers to stabil[illegible] price and an appeal was [illegible] to the United States govern[illegible] and to the State Legislature [illegible] investigation. At various [illegible] groups of dealers would an[illegible] a rise in price and for sev[illegible] efforts would be made to [illegible] the agreed scale, but in [illegible] instance the prices again fell [illegible]

WAR MAY RESUME

[illegible] of the Shell, Richfield, [illegible] Petroleum, Associated and [illegible] major companies asserted they [illegible] made no plans to meet the [illegible] price rise, but will closely watch [illegible] move of the Standard and [illegible] companies and its effect [illegible] market.

[illegible] was asserted by the officials [illegible] a resumption of the gasoline [illegible] will follow if the other big [illegible] do not follow the ex[illegible]

Flying Ace Inspects Big Plane

[A. R. Hromatka photo]

Notable Airmen

Col. Charles A. Lindbergh (center) looks over Keystone Patrician at Rogers Airport with Edgar Gott, president of the Keystone Aircraft Corporation, left, and Capt. St. Clair Streett, chief of the test flight division of the army, right.

LINDBERGH HOPS IN AND OUT

Spends Afternoon Here in Conferences and Leaves at 5 p.m. for Santa Barbara

Col. Charles A. Lindbergh paid another one of his flying visits to Los Angeles yesterday.

He flew into town shortly after noon from Long Beach, where he spent the night, and flew out of town again at 5 p.m. He landed at Carpinteria at 6 p.m.

In between hops about the city, Lindbergh was his usual talkative self—he had "nothing to say" about his personal affairs, or the length of the stay in California, and particularly nothing about his wedding plans.

He did, however, consent to discuss the plans of the Transcontinental Air Transport Company, with which he is associated.

Col. Lindbergh left his hotel in Long Beach and climbed into his Curtiss biplane shortly after noon yesterday and immediately flew to Rogers Airport here. There he spent some time inspecting the new twenty-passenger airplane Patrician, recently brought here by the Keystone Aircraft Corporation.

LUNCHEON GUEST

After the inspection he was the guest of Edgar Gott, president of the Keystone organization, at the Ambassador. Other guests at the luncheon were Cliff Henderson, director of airports for the city of Los Angeles; W. E. Carey, Southern California aviation representative of the Union Oil Company; Capt. St. Claire Streett, pilot of the Patrician plane; Tommy Thomas, Los Angeles representative of the Wright airplane motors, and Phil Henderson.

The flying colonel's next hop was to the Grand Central Air Terminal at Glendale, where the Transcontinental Air Transport Company is building hangars for its western terminus.

Lindbergh arrived at the Glendale field at 3:45 p.m., landing with his usual dexterity and furnishing no little excitement for several hundred persons who were awaiting his arrival, some of whom had waited since early morning.

IN CONFERENCE

Although the field is bordered with stout wire fences, the aviator was advised by ground attendants to taxi his plane into the hangars occupied by the Maddux Airlines, which he did.

Immediately after disembarking the visitor went into conference with J. L. Maddux, president of the Maddux company, and other officials of that organization that kept him busy for more than an hour.

It was learned that the Maddux organization hopes to establish an affiliation with the transcontinental air line that will result in passengers from the East using Maddux planes for Pacific Coast trips.

"We are negotiating with that end in view," said Maddux after his talk with Lindbergh, "and I can now say that Lindbergh seems to favor the idea."

After leaving Maddux's office, Lindbergh was forced to run the gauntlet of some of the crowd that

GRAND JURY PICKING DUE THIS WEEK

Further Investigation Into Asserted Corruption of Keyes Aides Scheduled

Selection of a 1929 grand jury to investigate further asserted corrupt conditions in the office of former Dist.-Atty. Keyes will be made this week. Superior Judge Doran, who will act in an advisory capacity to the body, announced yesterday.

Judge Doran says the jury wheel, from which the names of prospective jurors will be drawn, will be brought to his court probably tomorrow or Thursday, the slips bearing names pulled from the wheel and turned over to the Sheriff's office for service.

Dist.-Atty. Fitts says that as soon as the group is empaneled he is ready to begin the presentation of evidence surrounding another asserted ring of corruption which existed among certain deputies in the Keyes regime.

The evidence and corroborative material are understood to be the result of a lengthy statement made to Fitts by Ben Getzoff, Spring-street tailor, convicted in the Keyes-Julian bribery case.

Seventeen Hats Aspire to Adorn Mayor's Dome

With the formal application of Boyle Workman, former president of the City Council, for nominating petitions yesterday, the number of candidates who officially have entered the race for Mayor to date became seventeen.

One more entrant in the field of Councilmanic candidates yesterday brought the total of names on that list to ninety-nine. The prospective candidate who took out petitions yesterday is Arthur B. Dash, an adjuster for the Board of Trade, living at 1415 North Berendo Terrace, who intends to run in the Twelfth District.

KEYES CASES IN STORAGE

Several Taken Off Calendar Pending Appeal While ex-Prosecutor Pledges Continued Fight

Former Dist.-Atty. Keyes, under sentence of from one to fourteen years in prison in the Julian case bribery ring, yesterday appeared in court and further charges of bribery and conspiracy against him were placed off calendar, pending presentation and decision of his appeal from the conviction to the Appellate Court.

The first case taken from the calendar by Superior Judge Shaw on the motion of the District Attorney was a bribery and conspiracy charge involving Keyes, Ben and Dave Getzoff, Spring-street tailors; Charles Riemer, former confidential investigator for Keyes, and A. L. Lasker, former automobile-finance broker.

Three other cases charging Keyes with receiving a bribe, the Getzoffs, Lasker and Jacob Berman, alias Jack Bennett, with offering bribes, also were taken from the calendar. All the cases were to have gone to trial April 8.

The specific charge in the cases is that Keyes and the others conspired to dismiss a number of felony counts against Lasker. The counts were dismissed, but Lasker later was reindicted, convicted and sentenced to San Quentin for from fifteen to fifty years.

Twelve other counts of violation of the Corporate Securities Act against the broker were taken from the calendar yesterday in Judge

OTA NAMED HEIR BEFORE NUPTIAL

Inherits Estate by Will of Lucy Banning Ross

Document Antedates Divorce from Third Husband

Chapman Receives $40,000; Remainder to Japanese

While Lucy Banning Ross Ota, scion of one of old California's oldest families and once known as California's most beautiful woman, was still the wife of Robert E. Ross, she made a will leaving the bulk of her estate to Setsuzo Ota, Japanese jiu-jitsu champion, who later became her husband, it was disclosed yesterday. The will, dated August 24, 1926, hints at a broken romance, saying in its preamble:

"In view of separation from my husband, Robert E. Ross, and contemplated divorce, and in view also of the fact that my sister, Mary Banning Norris, is amply provided for, I am making this will to supersede all other wills heretofore made by me."

"First," she wrote, "to my dear and much-respected friend, Mr. Ward Chapman, I bequeath the sum of $40,000."

ROMANCE REVEALED

And then the budding romance with the oriental, which startled California society about a year and a half later, cryptically is revealed in the next paragraph which began with, "Second, to Mr. Setsuzo Ota, in consideration of his kindness and of the great sacrifice he has made for me, I bequeath all of my jewelry," and goes on to provide that he also shall have the rest of her property.

It is provided specifically that he shall have the contents of her home at 503 South Commonwealth avenue, her personal effects, including her automobile, and all the cash that shall be realized from the sale of her real estate. Being a Japanese he could not by State law, own the land.

Beyond that the will contains nothing but legal phraseology. Chapman, who was her attorney, is named executor. He estimated that the estate is worth approximately $320,000. It includes gorgeous pearls in numbers and of great price as well as splendid diamonds. When Mrs. Ota arrayed herself in her jewels she is said to have presented at least a $60,000 spectacle in gems. Just before she went abroad the last time, she encountered difficulty in getting them insured, it was learned.

WEDDED SECRETLY

Her real estate consists of properties in Wilmington, where her father, Gen. Phineas Banning, lived in the old days, and in Los Angeles, including the Banning homestead on Hill street opposite the old high school.

Ross procured a divorce from his wife in January, 1927, on a charge of desertion, six months after the making of the will. When the divorce became final one year later, January, 1928, Mrs. Ross and Ota were married secretly in Seattle, such marriages being forbidden in California.

Ota was her fourth husband. Each marriage was marked by a romance of unusual nature. While the two were on a belated honeymoon in Italy, death came to her. Pneumonia was announced as the cause.

The body was brought here by Ota last Friday. It is to rest in Rosedale Cemetery until May when Mrs. Norris will arrive from her home in Paris for a burial service.

OTA IN DISFAVOR

Ota gave public jiu-jitsu exhibitions in the Olympic Auditorium here before his romance with Mrs. Ross began. After Mr. and Mrs. Ross were separated, he appeared driving her automobile for her and was reported to be her servant, a report which she indignantly denied, saying that he was a Japanese gentleman of high degree and a graduate of Tokio University. She

President's Son Tackles New Job

Herbert Hoover, Jr., Starts Work Here

YOUNG HOOVER TAKES DESK

Duties as Western Air Express Official Begun Following Return from Eastern Trip

Herbert Hoover, Jr., elder son of the President of the United States, who has been associated with the Western Air Express in an official capacity since February 1, last, yesterday took over his desk in the company's main office in the William May Garland Building at 117 West Ninth street, and began his active duties here as a vice-president and assistant to H. M. Hanshue, president of the organization.

The first day in the office was spent in discussing plans of the organization for the radio communication developments of the Western Air Express, which will be under his direct supervision, posing for photographers and answering questions of interviewers.

PLANS EXPLAINED

Hoover declined to issue any formal statement on his work. He shows no desire to receive attention as the son of President Hoover, but readily answered questions pertaining to his plans for the organization. He met the requests of the battery of camera men with a timid smile.

He has been visiting various manufacturing plants in the East, purchasing equipment for the experimental work he will carry on with the Western Air Express, in improving the radio communication system now in operation on the air line between Los Angeles and San Francisco and Los Angeles and Salt Lake City, and the completion of the wireless telephone system now projected for use on the Los Angeles-to-Kansas City line.

FIRST PROBLEM

The first problem, according to Hoover, will be the improving of the radio contact between the different terminals of the organization where weather reports, air conditions and other flying data may be available for the entire system. The next step in radio communication will be the inauguration of contacts between the ground and the ship, and the final the two-way contact from ship to ground stations and from ship to ship.

Certain wave lengths already have

WILEY DUE TO ARRIVE HERE TODAY

Retiring Fleet Chief Will Come on U.S.S. Texas for Farewell Survey

Admiral Henry A. Wiley, retiring commander-in-chief of the United States fleet, will arrive at Los Angeles Harbor from Panama today aboard his flagship, the dreadnaught Texas. He will make a farewell survey of the Pacific naval establishment before going to Washington as senior member of the Navy General Board.

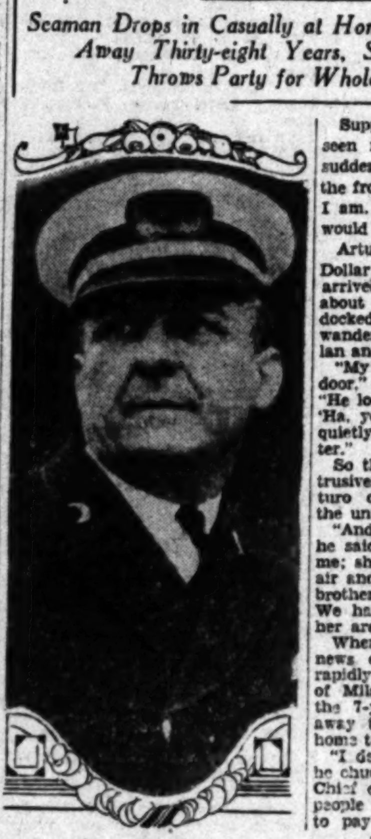
The Texas will be preceded into port at daylight by the repair ship Medusa, here in advance of the returning battle fleet to prepare shore communications and anchorages for the armada, due home from its southern training cruise at 8 a.m. next Sunday.

The Texas will remain at San Pedro until the 27th inst., when she will go to San Francisco for a fortnight's good-will visit, returning here April 12, next. She then will remain in the local area until after Admiral Wiley is relieved as the Navy's supreme chief at sea by Admiral William V. Pratt, now commander-in-chief of the battle fleet.

The local naval base will be given an international atmosphere on Saturday when the Canadian destroyer Vancouver, now on a training cruise to Magdalena Bay, arrives here for a week's visit.

ARTURO KNOWS HIS BANQUET

Seaman Drops in Casually at Home in Italy After Being Away Thirty-eight Years, Says "Hello" and Throws Party for Whole Darn Town



Arturo Rodolfi

Suppose a brother you hadn't seen for thirty-eight years should suddenly and unexpectedly walk in the front door and say: "Hello, here I am. How have you been?" What would you do?

Arturo Rodolfi, an officer of the Dollar liner President Wilson, which arrived here yesterday, wondered about that, too, so when his ship docked in Italy a few weeks ago he wandered into his old home in Milan and tried it out.

"My brother meets me at the front door," Arturo told ship news men. "He look at me a minute and says: 'Ha, you are Arturo. Sh! Come in quietly. You will surprise our sister.'"

So the conspirators slipped unobtrusively into the kitchen and Arturo calmly remarked "Hello" to the unsuspecting sister.

"And how that woman did act!" he said. "She look around; she see me; she throw both arms up in the air and faint flop on the floor. My brother and I hurry and get water. We have one terrible time getting her around."

When the first shock was over news of Arturo's presence spread rapidly. First scores, then hundreds of Milan citizens who had known the 7-year-old youngster who ran away to sea came to the modest home to see him.

"I decide to give a big banquet," he chuckled. "Everyone comes. The Chief of Police, the Mayor, all the people in town. And when I come to pay the bill—oh, what a sur-

(Continued on Page 2, Column 6)

Air Chief Leaves for Ohio Races

Cliff Henderson, director of airports for the city of Los Angeles, will take off this morning in a plane of the Standard Air Lines for El Paso, Tex., en route to Cleveland, where he will direct the national air races of 1929.

The Cleveland races are scheduled to start on August 24 and end on September 2. Henderson said yesterday he plans to spend six months in Cleveland but will make at least two flights back to Los Angeles before the races are held.

DOHENY MEMORIAL ASSURED

Building Near New U.C.L.A. Campus Planned for Income Will be Given as University Dormitory

A building originally planned as income property probably will become a memorial to the late Edward L. Doheny, Jr., it was learned from authoritative sources last night.

The forty-room dormitory now under construction on property owned by the Petroleum Securities Company, four blocks from the new University of California at Los Angeles in Westwood, on Veteran avenue, is to be turned over to the university by E. L. Doheny, Sr., in memory of his son, slain several weeks ago, close members of the oil magnate's organization said last night.

Several months ago, prior to young Doheny's death at the hands of his secretary, Theodore Hugh Plunkett, who committed suicide afterward, the company which young Doheny headed and in which his father was interested, acquired the property near the university site.

Because of Doheny, Jr.'s interest in university affairs, he laid plans for the construction of a men's dormitory and, according to officials, was instrumental in incorporating most of the special features of the building.

After his son's death, the father decided to carry on the work and on the 6th inst., work on the building began. It will be completed in time for the opening of the insti-

CRYER SEEKING FAT WATER JOB

Wants $12,000 Attorneyship of Metropolitan District

Own Appointees to Board Have Giving of Plum

Highly Unusual Political Situation Resulting

Mayor Cryer, who announced an intention to retire from public office when his term expires next June, is an active candidate, it was learned yesterday, for appointment as attorney for the Metropolitan Water District, created by vote of the people at the last general election.

Cryer's efforts to land the appointive post, which is expected to carry an annual salary of $12,000, has developed one of the most unusual political situations in local history, inasmuch as his sole chance for obtaining the position lies with those whom Cryer has himself appointed as directors of the water district.

This fact, it is learned, may not only prove personally embarrassing to the three Los Angeles members already appointed by the Mayor—Dr. John R. Haynes, John R. Richards and W. P. Whitsett—but may result in refusal by the City Council of Los Angeles to confirm the appointment of two additional selections nominated by Cryer—Watt E. Moreland and Max Socha.

INQUIRY ON TAP

According to Councilmen informed of the Mayor's latest political aspirations an investigation will be conducted for the purpose of discovering whether Mayor Cryer has sought to reach an understanding favorable to his appointment as attorney for the district by his latest nominees.

Charges of broken faith, political chicanery and undue personal influence have followed in the immediate wake of what is described as the Mayor's attempt to force his official subordinates to reward him for political favors shown to themselves.

It is understood that some of Cryer's closest political associates are the most active objectors to his ambition and that if he persists in his undertaking he will find members of his official family publicly arrayed against him.

STEPHENS FAVORED

Prior to Cryer's candidacy for the post, according to friends of City Attorney Stephens, Los Angeles members of the district board and a majority of those representing the ten other communities having membership in the district favored the selection of Stephens, who is recognized as an authority on such matters.

Under the rules governing operation of the water organization the city of Los Angeles holds 50 per cent of the district board's voting strength and, if unsuccessful in electing a choice of its own, may effectually block any move by the combined membership of smaller communities.

Southern California cities in addition to Los Angeles that voted to join the water district include Pasadena, Glendale, Santa Monica, San Marino, Burbank, Santa Ana, San Bernardino, Colton Anaheim and Beverly Hills.

Several of those nominated by Cryer as representatives of Los Angeles were rejected by the Council when Haynes, Richards and Whitsett were confirmed. The Council's Water and Power Committee, consisting of Councilmen Jacobson, Bonelli and Hall, will investigate the situation relating to the naming of Moreland and Socha.

In this connection it is understood that the investigating committee may question H. H. Kinney, Cryer's secretary, who is said to have been active in the matter.

Montgomery Confirmed as Investigator

The appointment of Walter B. Montgomery, who has been under fire by the City Council since his temporary appointment as chief investigator by City Posecutor Nix, was yesterday made permanent.

Nix also selected Eugene T. McGann, former fire captain, as chief deputy City Prosecutor. The post has been vacant since a ruling by City Attorney Stephens that Charles P. Coultas, Nix's first appointee, was holding it illegally. Coultas was disqualified because he had not been admitted to practice law in California two years, as required by the City Charter.

Nix at the same time announced the registration of S. M. Bernard, deputy City Prosecutor, which he said was submitted to McGann as soon as the latter assumed his new office. Bernard will enter private practice, Nix said.

The Lancer

by Harry Carr

THE border people complain that Mexicans' reputations are made by American newspaper reporters.

That the real Pancho Villa was a very different character from the press-agented war hero.

A YELLOW STREAK

Down here they say that Pancho was yellow to the backbone.

This corroborates what my old friend, Col. Kosterlitsky told me. He said he chased Pancho until his horse dropped. When all his revolver ammunition was gone Kosterlitzky threw the empty weapon at him. But even then Pancho would not fight.

A CAGED WOLF

I know a man who had some business dealings with Pancho at the height of his power.

Villa was like a caged wolf. He seated the gringo on his bed, but refused to sit down himself. He kept prowling up and down the room, starting at every sound.

NICE BOY, PANCHO

On one occasion he raided a ranch and demanded money from the aristocratic old senora who lived there. When she protested that she had none Villa had her hung by the feet from a tree. Her long, black hair hung down to the ground. Pancho set fire to her hair and watched her burn to death.

TRUTH ABOUT COLUMBUS

It is the belief along the border that Villa never intended the raid on the United States garrison at Columbus which finally brought about his downfall. His men were desperately hungry and saw the lights of the town. Once they got started he could not stop them. It is somewhat doubtful if he actually entered Columbus himself.

HIS RANCH LIFE

After Villa was licked he retired to a magnificent ranch given to him by the Mexican government—not far from Torreon.

His life there is said to have been one long agony of fear. He was in hourly fear of assassination, and, finally, that was what he got.

THE LOGIC OF WAR

I asked one of the Mexican soldiers at Naco what he thought of the war and the business of fighting; and why he had so easily flopped over from being a rebel to a Federal.

"Peace time," he said, "I get 2 pesos-fifty, and work twelve hours a day—very hard. War comes and I get 2 pesos a day and don't do no damn thing."

The revision of his loyalties he dismissed as being too trivial a technicality to mention. That was a matter for the generals to bother their heads about. The danger of being killed had apparently not been brought to his attention.

W. B. Palmer Laid to Rest

William B. Palmer, wealthy insurance man, was laid at rest in Inglewood Park Cemetery yesterday, following funeral services conducted by P.B.O. Elks, No. 99, at Pierce Brothers' chapel, 720 West Washington street. Rev. J. M. Schaefer officiated.

For eleven years Mr. Palmer was fire insurance adjuster for the Pacific Coast bureau. He leaves his widow, Alvina M. Palmer; a son, W. Leon Palmer of Bakersfield, and two brothers, David M. and L. H. Palmer, both of Los Angeles.

Callie Grimes Continues Unsolved Riddle of Frame-up Case

WOMAN UNABLE TO SELECT ROLE

Has Both Sides Baffled on Eve of Trial

May be State Witness or, Again, Defendant

Holds Numerous Conferences With Attorney

The inability of a woman to make up her mind yesterday deferred final preparations of prosecution and defense counsel for the opening of the trial tomorrow at 10 a.m. of Mrs. Callie Grimes, five police officers and others on a charge of conspiracy to "frame" and arrest Councilman Jacobson in a Beagle-street morals raid eighteen months ago.

On the eve of the trial before Superior Judge Wood, Mrs. Grimes in the County Jail last night could not announce definitely that she will be either a State's witness or go to trial with her codefendants and refuse to go on the witness stand.

REFUSES STATEMENT

After she appeared before the grand jury several months ago and asserted she was "hired" in the asserted "frame-up" to "get" Jacobson, Mrs. Grimes was heralded as a prosecution witness. She disappeared shortly after testifying, however, and was arrested in El Paso, Tex. On her return here she indicated she had renounced the State and refused to make a statement to the District Attorney's office.

Yesterday she held several conferences with her attorney in the jail, but there was no announced change in her attitude. Another invitation to make a statement for the prosecution also was refused.

Councilman Jacobson yesterday held a long conference with Dep. Dist.-Attys. Dennison and Bush. He is expected to be among the State's star witnesses in the court proceedings.

SURPRISES PROMISED

While the prosecution strongly intimates that considerable new and startling evidence on the Jacobson case will be produced at the trial, the defense also holds that several surprises are in the offing.

Those who will appear for trial are Captains of Detectives Wallis and Williams, Detective Cox, brother-in-law of Mrs. Grimes; former Detective Lieutenant Lucas, former Police Investigator Raymond, Charles Crawford, Hollywood politician, and Albert Marco, so-called vice boss, who is in jail on a felony conviction.

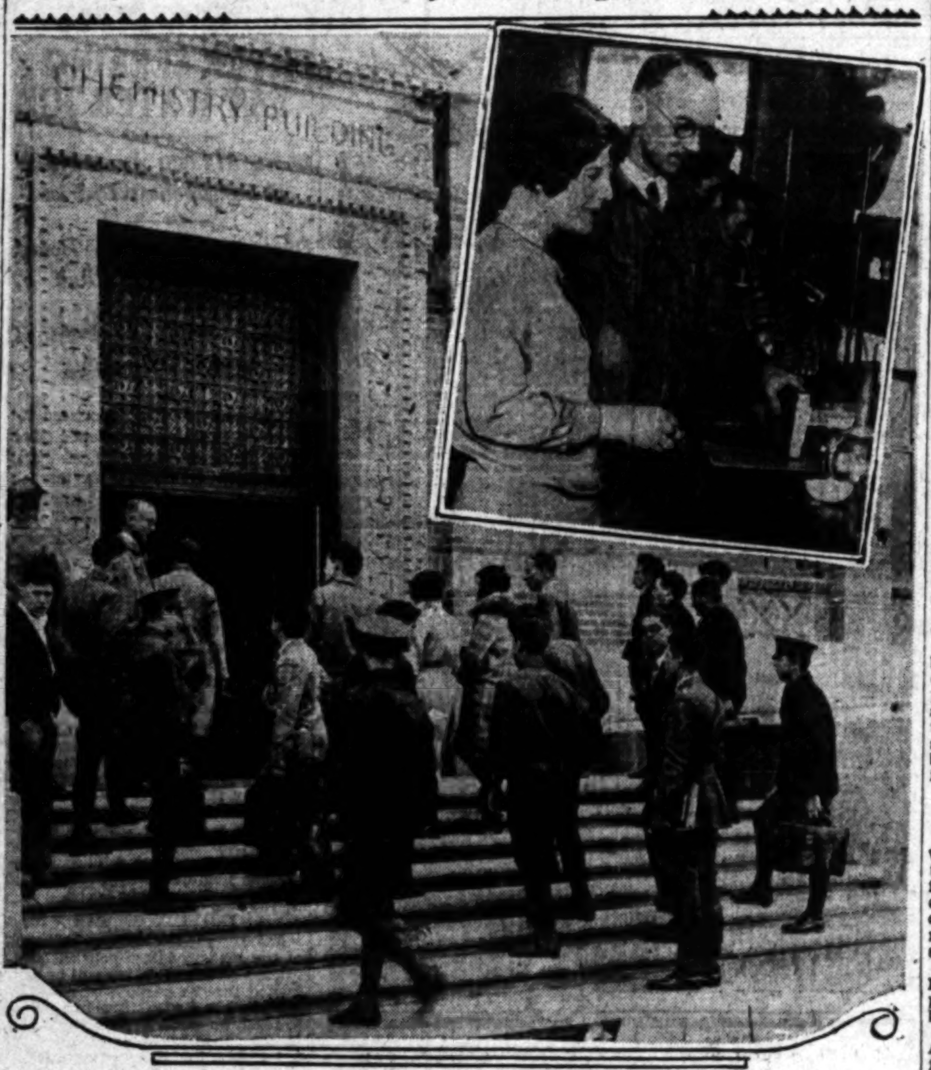
City Detective Held for Trial on Bribe Charge

Detective Lieutenant Harry O. Bates must stand trial in Superior Court on charges of asking and receiving a bribe, Municipal Judge Ambrose ruled yesterday at the conclusion of his preliminary hearing. The court fixed bail at $2500.

Bates, according to Dep. Dist.-Atty. Burgess, accepted $100 from Raymond H. Phillips, 1018 Arapahoe street, agreeing not to arrest Edward S. Atkinson. On the stand yesterday, Atkinson told of a conversation with the detective in which the latter told him that he was to be arrested on a charge of issuing checks without sufficient funds in the bank to cover them, and suggested that the matter "might be fixed up." Phillips declared that he paid Bates $100 in cash to "fix" the charges.

The officer was suspended by Chief Davis immediately after his arrest on the bribery charge.

They Win Distinction of Initiating Great Structure



School Bell Rings at Westwood

Students of U.C.L.A. entering chemistry building for first classes on the new campus of the new university. Inset—Dr. G. P. Roberts, chemistry professor, instructing class.

NEW U.C.L.A. CAMPUS IN USE

Chemistry Class of 125 Meets for Laboratory Work in Model Westwood Building

The new Westwood campus of the University of California at Los Angeles was occupied yesterday afternoon for the first time by classes meeting for laboratory work in the chemistry building. Approximately 125 students of the 500 enrolled in chemistry classes at the university journeyed from the present campus on Vermont avenue to the new U.C.L.A. site in the Westwood Hills, the remaining chemistry students to go out for their first laboratory classes this semester this afternoon or tomorrow afternoon.

Classes in engineering and technical chemistry, for those who will use the science in a future profession, were held yesterday at Westwood, and the same classes will meet again Friday afternoon. Other classes in the same branch of chemistry will meet today and Thursday, and the class in organic chemistry will hold its first laboratory work today also. The chemistry course for liberal arts students will meet Wednesday afternoon. The laboratory classes yesterday were under the direction and supervision of Dr. H. W. Stone, Dr. G. R. Roberts and Dr. H. D. Kirschman, chemistry professors.

Laboratory classes in chemistry will be the only ones to be held on the Westwood campus this semester, the rest of the university holding to the original plan of occupation of the new site next September. The removal of the science courses to Westwood was necessitated by the destruction by fire of California Hall, that housed the chemistry laboratories on the present campus, in the early morning hours of January 3, last.

The chemistry building at Westwood has had completely equipped laboratories installed, the materials and chemicals having been shipped in during the last six weeks. First-aid kits are installed handily in the building in case of accident in handling delicate chemicals. The approximate cost of the structure, according to Robert M. Underhill, assistant comptroller of the University of California, is $450,000. The actual construction work has been accepted by the Board of Regents and turned over to the university by the contractor, but interior decoration and the installation of heating, electrical and ventilating systems still is going on.

YOUNG HOOVER ASSUMES JOB

(Continued from First Page)

been designated for this communication system by the Federal Radio Commission, Hoover said, but the use of these channels for the transmission of miscellaneous messages from passengers to business associates still is a matter of experiment.

PROGRESS IN EAST

Several companies in the East have carried the radio communication to a high experimental stage, Hoover said, but the necessary equipment has not been manufactured, and most of the work has been pushed forward by the different air-passenger services in making their own equipment. This situation will be overcome very shortly, he said.

Hoover has been experimenting with wireless and radio since 12 years of age. Today he will make an inspection of the planes at the Western Air Field and their equipment, as well as the present radio transmitting facilities at the weather report stations of the organization.

IN NEW HOME

The Hoover, Jr., family, consisting of Mrs. Hoover and the two children, returned yesterday morning from Washington, where they were present at the inauguration on the 4th inst., and went immediately to their new home at 1635 South Los Robles avenue, San Marino.

The Hoover residence, according to friends, was selected for strategical reasons in connection with the new position. It is within a short distance of the projected landing field of the Western Air Express on Valley Boulevard and the new aeronautical laboratory of the California Institute of Technology, where a number of experiments in radio communication between planes in flight are to be made.

OTA NAMED HEIR BEFORE NUPTIAL

(Continued from First Page)

employed only Japanese servants and the mistake was admittedly natural, she said.

Ota is said to have encountered disfavor from some of his countrymen because of his attachment for the white woman and some of their friends said they believe this is what was meant by the "great sacrifice" mentioned in the will.

Mr. Chapman said that filing of the will for probate was delayed somewhat because it appeared that there might have been another will, but that none was found.

LINDBERGH HERE AND GONE AGAIN

had filtered into the air-line offices despite all precautions. Two women were particularly insistent on talking to him, but what their purpose was never became clear, as the aviator courteously but firmly refused to listen to them.

POSES CHEERFULLY

With the larger crowd left behind, Lindbergh cheerfully posed for photographers and talked with reporters about aviation in general.

He was impressed with the Grand Central Air Terminal field, and believed that with some further development it will rate with any first-class airport in the country.

The plans of the Transcontinental Air Transport Company, he said, still are unchanged—service will be commenced this spring on the forty-eight-hour plane and train schedule across the country. The exact date of the inauguration of the service, he declared, will be announced later from the offices of the company.

The aviator departed from his usual custom of not announcing his future and said that he will return to Los Angeles "within the near future" to fly the big passenger plane Patrician, which is disabled temporarily by minor motor trouble.

Lindbergh was accompanied by Jack Lynch, said to be one of his former aviation instructors, when he arrived at Glendale, and Lynch left with him when the plane's nose was turned toward Santa Barbara.

According to advices from the northern city, Lindbergh landed at the Carpinteria airport, ten miles east of Santa Barbara, where he was met by an automobile and driven to the Guggenheim estate at Montecito.

GASOLINE PRICE GOES UP TODAY

(Continued from First Page)

ample of the Standard and the Union companies.

WASHINGTON GAS WAR MAY END TODAY

SEATTLE, March 18. (AP)—With a 6-cent rise in the price of gasoline scheduled for tomorrow, the price war which has been raging in Seattle for more than four weeks seemed to be at its last stand.

The Standard Oil Company was the first to announce the rise tonight, J. J. Valentine, local manager, predicting that the majority of dealers would be on a 19-cent basis for business in the morning.

Other gasoline companies were expecting to be notified of higher prices in Seattle following the increase of Standard. If officials of other companies fail to raise the wholesale price it will mean resuming the war among the wholesale companies, dealers said tonight.

During the past week gasoline has been selling from 8 to 15 cents a gallon.

DOHENY PLANS MEMORIAL GIFT

(Continued from First Page)

tution next September, officials of the Doheny interests stated.

The building approximately is half-way between Wilshire and Beverly boulevards, and will conform to the Spanish-Moorish architecture of the Westwood district.

Inventory of young Doheny's estate, which is said to consist of several millions of dollars, most of which is invested in the Petroleum Securities Company, will not be completed for at least a month or more, officials of the company said last night.

The degraded thing called the laugh is one of the curses of the English stage.—[Sir James Barrie.

UNITY HIGHWAY PLANS LAUDED

Southland Leaders State Problem Now Solved

Development Association Given High Praise

Proposal in Legislature Held Boon to All

The solution of the road problem as based on the State unity program of the California Development Association has met with the enthusiastic approval of highway experts and civic leaders throughout the Southland.

The assurance given in the joint resolution by the Assembly and Senate highway committees with the backing of the administration, of additions in road mileage to the secondary highway system for Southern California, has been received in the Southland by dozens of indorsements of the association's solution of the problem.

William May Garland, president of the California Development Association, which organization has loaned its entire State-wide machinery in working for a sound road program which will be fair to all sections of California, states that this is not only an outstanding achievement of State unity but will bring needed roads to Southern California.

GARLAND'S VIEWS

Mr. Garland's statement follows: "The present solution of the highway problem has added a new chapter to the State unity program fought for by the California Development Association. The proper constructive effort which will bring roads to the south to which it is entitled is the desired objective.

"I feel that the action of Senator Edwards in supporting the harmony program in lieu of his own road bill is to be greatly commended.

"Great credit also is due to the Automobile Club of Southern California. Their vigorous support of the Edwards bill brought the issue definitely to the front and has resulted in a clarification of the whole situation. Their stand that roads are what the south wants is the best evidence of their willingness to support the harmony program in place of a sectional one."

C. C. Teague of Santa Paula, president of the California Fruit Growers' Exchange, says of the plan:

"This is a happy solution of an important and complicated problem of interest to the whole State. It insures to Southern California, within the very near future, the secondary roads to which it is entitled, and at the same time is fair to Northern California. It demonstrates the value of our State Chamber of Commerce, the California Development Association, composing sectional differences."

ANOTHER COMMENDS

Said Wallace S. Woodworth, chairman highway committee, Southern California Regional Advisory Council:

"The plan for equalizing the mileage of the State secondary roads in the Northern and Southern counties of the State as set forth in Gov. Young's statement, and in the resolution passed by the State Senate and Assembly Highway Committees, must encourage us to believe that southern roads will very soon receive the attention they deserve."

Watt L. Moreland, president of the Moreland Truck Company and a member of the Highway Committee, Southern California Regional Advisory Council, California Development Association, says:

"The approval of this resolution is a happy compromise. It would appear intended to establish a business policy dealing with one of the most important phases of our community life—highways. Improved transportation is so vital to our economic and social life, any constructive step along this line affects every citizen of the State."

Sam J. Stanwood, Supervisor of Santa Barbara county, declares that "this is entirely a satisfactory settlement of a problem which has given us all concern. Every organization who worked toward bringing this about deserves our support."

FROM IMPERIAL

Jasper L. Travers, president, Associated Chambers of Commerce, El Centro, says: "We in the Imperial Valley strongly favor this resolution, as we see in it a solution for the secondary highway problems of our State. We feel much has been accomplished through the cooperation of the different organizations in composing sectional views."

W. T. Hart, president, San Diego County Development Federation, says:

"In indorsing the highway resolution proposed by the California Development Association, I am putting myself in accord with Statewide development. The passage of this resolution by the Legislature will give Southern California her much needed secondary highways through business-like methods."

Other well-known Southern Californians who similarly indorse the association's plan and all of whom are members of the Highway Committee are:

W. B. Clancy, Riverside banker; Sam Porter, owner of the San Diego Hotel of San Diego; Roy McNeill of Foster & Kleiser, Los Angeles; Harry E. Reddick, city engineer of Santa Paula; Dave Vencill, Imperial County Supervisor; H. M. Gorham, Santa Monica banker; F. E. Shidecor, banker of Corona, L. F. Blodgett, San Diego; S. O. Ferguson, San Bernardino; A. J. Mercier, Calexico; W. E. Goodyear, Somis; H. H. Eastwood, Oxnard; B. H. Crow, San Jacinto; Neil E. Brown, San Diego; F. L. Miller, Banning; Ray O. Baldwin, Long Beach; O. E. Gunther, Orange; P. N. Myers, Calipatria; J. D. McGregor, Fontana; George W. Wolf, San Bernardino.

STUDY OF HIGHWAY SYSTEM PROPOSED

SACRAMENTO, March 18. (AP)—The Assembly complied with Gov. Young's suggestion that there be a careful study of the State highway system before adding new roads during the next two years when it passed today a resolution introduced by Assemblyman Jespersen. The Senate will have to concur in the resolution before its provisions can be made operative.

The measure provides for additions to the present secondary highway system, totaling between 10 and 12 per cent of the existing State highway mileage in the ratio of not less than three or four miles in the south to one mile in the north.

For budgeting purposes this mileage shall be included as a part of the State highway system by the California Highway Commission when necessary surveys are completed, and no moneys shall be expended on them until they finally have been included in the system by legislative act.

The measure also provides that the Highway Commission and Department of Public Works shall make a careful study of the State system to determine routes not now in the system which might be included as means of relieving traffic congestion.

The investigating bodies would report their findings at the next legislative session.

OLD WEST ECHO IN DIVORCE

Wife Wins Decree on Plea Husband Forced Her to Dance to Bullets

A bit of the old West was visualized yesterday in the court of Superior Judge Engs when Mrs. Esther Diana Hendricks, seeking a divorce from George Ray Hendricks on the grounds of cruelty, testified that on one occasion he whipped out his "six gun" and shot bullets around her feet. The wife thought this was cruelty and asked the court to give her a legal separation. The decree was granted.

Pattee Burial Rites Tomorrow

Funeral services for Charles A. Pattee, more than thirty years an employee of the composing room of The Times, will be conducted tomorrow at 1:30 p.m. from the Glade L. White mortuary, 338 Pier avenue, Hermosa Beach. Interment will be in Inglewood Park Cemetery.

Pattee, who was president of the first Chamber of Commerce of the beach city, was stricken with heart disease Sunday while at work in the yard of his home and died in the afternoon. He was 68 years of age and was born in Michigan, coming to Los Angeles in 1898.

He leaves his widow and two brothers, Arthur Pattee of Los Angeles and Edward Pattee of St. Paul.

ARTURO KNOWS HIS BANQUET

(Continued from First Page)

prise! They would not take my money. I insist. They refuse. I insist some more. So they make out a bill. Wine, 1 cent a glass. Roast of lamb—finest in Milan—5 cents. Everything else is figured like that. The whole banquet for all those people, entertainment and all, costs me $30."

Rodolfi is regarded as one of the finest commissary officers afloat. At one time he held important positions with the Palace and St. Francis hotels in San Francisco, but both the lure of the sea and the opportunity for still higher positions took him back to the ships. His arrival in the local port aboard the President Wilson every four months invariably is the occasion for a long queue of former travelers to descend on the ship, eager to greet Arturo again.

KEYES CASES OFF CALENDAR

(Continued from First Page)

Bishop's court on the motion of Dep. Dist.-Atty. Clark.

Another case against Lasker, however, was set for trial April 1. In it he is named with Nat Cordish, another broker, on a charge of grand theft involving $17,000 worth of stock in the defunct Lasker Finance Corporation.

Chief Deputy District-Attorney Stewart says that the cases have been taken from the court calendars by a stipulation with defense counsel that they may be replaced at any time on the motion of either side. The move is made, Stewart says, to prevent duplication of prosecution, avert expense and permit all parties to prepare appeals to higher courts.

As to a report that he is about to depart for San Quentin, Keyes, in the County Jail, denied it emphatically.

"I intend to stay here," he said, "and fight the case at every turn."

WILLIS JOHNSON SOUGHT

A request to help locate Willis Johnson, formerly of Coldwater, O., was received yesterday by Chief of Police Davis. A telegram from a brother, Alvin Johnson, stated their father had died Sunday and the family wished the presence of Willis at the funeral. He last was heard from in Los Angeles.

TO KEEP WELL

Fruit should never be allowed to touch if you expect it to keep well. If you are short of space and the fruit must be kept close together, keep the tissue paper wrappers on the oranges, apples, etc., so the skins do not touch and cause decay. Fruit keeps best when laid separately on a shelf.

Quick relief for COLDS since 1889

Sorry! I've got a "date"

You would have thought that Marian played a saxophone, or had read one of those books on How To Be Popular, to hear her telephone ringing. And yet the explanation of what kept her "dated up" was simple.

Right at the height of the winter social season, most of the girls in her set were ill at home, down with sniffles, red-noses, and stopped-up heads. But not Marian. She had found an old and trusted remedy: GROVE'S BROMO QUININE.

Whenever she got her feet wet, or felt chilly or vaguely ill, out came the little white box of tiny tablets. The laxative benefits though mild, were quick. The tonic effects though stronger, were equally quick. So she knocked the cold before it really got started. Or threw it off quickly.... Make sure of the right preparation by emphasizing GROVE'S, when asking for GROVE'S BROMO QUININE. Price 30c.

Will of Clara Baldwin Stocker Attacked By Asserted Heir

SUIT INVOLVES LARGE ESTATE

Claimant Says Pioneer's Daughter His Mother

Asks Probating be Refused Because It Omits Him

Heirs Scouts at Assertions of Fruit-Stand Man

[illegible] of Mrs. Clara Baldwin [illegible] eldest daughter of E. J. [illegible] Baldwin, who died last [illegible] leaving an estate of approx- [illegible] $15,000,000, is attacked in a [illegible] filed yesterday by Attorney [illegible] Jones for a man giving the [illegible] George Winfield Baldwin.

The plaintiff asks that probate of [illegible] will, set for the 25th inst., be re- [illegible] because it omits him. He as- [illegible] in the brief paper filed that [illegible] "the child of the decedent [illegible] Stocker) and "so is an heir- [illegible]

[illegible] FOUR YEARS

[illegible] man said that he was reared [illegible] Du Lac, Wis., by Mrs. Syl- [illegible] Pease who, he said, was Mrs. [illegible] grandmother, and by Mrs. [illegible] daughter, Angie Rose Pease. [illegible] he was known in Fond Du [illegible] at various times as Seneca [illegible] George McCurdy and George [illegible]. He said he went to San [illegible] about seven years ago [illegible] to Los Angeles about four [illegible] ago. He said he operated a [illegible] stand here for a time, that [illegible] unmarried and is about 59 [illegible] of age.

[illegible] Stocker died last month, [illegible] the bulk of her estate to [illegible] Albert E. Snyder of Pied- [illegible] and daughter, Mrs. Joseph [illegible] Doble) Mullender of [illegible]. She provided in her will [illegible] between $2,000,000 and $3,000,- [illegible] should go to found a home for [illegible] Protestant women of [illegible] than 60 years of age and for [illegible] of approximately $150,000 to [illegible] of thirteen charitable institu- [illegible] in this vicinity.

HEIRS' STATEMENT

[illegible] Mullender and Mr. Snyder, [illegible] of Clara Baldwin Stocker, last [illegible] issued the following statement regarding the suit filed:

"George Winfield 'Baldwin,' alias [illegible] Jenks, alias George McCurdy, alias George E. Jenks (all of which [illegible] he is reported to have used [illegible] favoring the Baldwin family [illegible] vicarious adoption,) is evi- [illegible] a man who is more to be [illegible] than blamed.

"The assertions which his attor- [illegible] reported to have set forth in [illegible] complaint against the estate of [illegible] Baldwin Stocker are so [illegible] on their face as to tend [illegible] arouse sympathy for the man's [illegible] rather than the ire of [illegible] Mullender and Albert [illegible], Mrs. Stocker's children [illegible]

[illegible] Mullender and Mr. Snyder [illegible] deny all of the asser- [illegible] which, the newspaper report, [illegible] forth in Mr. 'Baldwin's [illegible]."

CLAIM CALLED ABSURD

[illegible] J. Heney, attorney for [illegible] Stocker and for executors of [illegible] said on hearing of the [illegible] against probate:

"We have heard of this man and he has been to see the heirs, but his claim is absurd."

The plaintiff in the action against the will made an affidavit in Attorney Jones's office before Notary Griffith Lemmon, in which he said that he recalls that when he was 3 years of age in the Fond Du Lac home of his Great-Grandmother Pease, Clara Baldwin and her mother, Anna Belle Pease-Baldwin, visited the home and that Mrs. Pease said to him that there under one roof at one time was his mother, grandmother and great-grandmother and that not many boys could say as much.

SENSATIONAL SUIT AIMED AT FORTUNE

George Winfield Baldwin

Henry J. Grimes Gets Into Race for Councilman

Henry J. Grimes, a representative of the City Prosecutor's office, announced yesterday that he will be a candidate for election to the City Council from the Sixth District.

"If elected," he stated in making his announcement, "I promise to work for the best interests of the taxpayers of the city, giving my immediate district all of my time and in every possible way helping them solve their problems to the end that we may have lower taxes and an honest business administration, with special favors to none."

U.C.L.A. Team Wins Debate

The debating team of the University of California at Los Angeles last night won a decision from the visiting University of Arizona debaters in a contest in Lecture Hall on the U.C.L.A. campus.

The local speakers attacked the use of the temporary insanity plea as a defense for crime, the Arizona squad taking the negative of the question, "Resolved: That the plea of temporary insanity in defense of crime should be prohibited by law." Leslie Goddard and Bernard Jefferson spoke for the local university.

The next contest for the U.C.L.A. team will be with Stanford University here on the 29th inst.

RETRIAL OF SHULER SET NEXT MONTH

Date Fixed Tentatively as April 26, But May be Changed at State's Request

The retrial of Rev. R. P. (Bob) Shuler on the charge of libeling the Knights of Columbus was set for April 26, next, by Municipal Judge Bogue yesterday. At the first trial, held some time ago, the jury disagreed.

Deputy City Prosecutor Hornaday argued for an earlier date on the ground that William G. McGinley, Supreme Secretary of the Knights of Columbus, will be in Los Angeles about April 16. Paul D'Orr, attorney for Shuler, told the court that he will be able to proceed to trial at that time. The date was set with the agreement that it might be advanced or postponed a few days at the request of the prosecution in order that McGinley, who lives in New York and is regarded as one of the chief witnesses for the State, may be available.

Shuler is charged with libeling the organization by publishing a false oath of its fourth degree in his pamphlet, "Al Smith," during the recent Presidential campaign.

Blow on Chin Stops Suspect

Because Joe Castillo of 826 South Margaretta street, Alhambra, packs a wallop, Alfonso Mesa, 19 years of age, of 1408 Mission Road, found himself in the City Jail yesterday charged with suspicion of robbery.

Castillo, according to police, surprised Mesa a few moments after Mesa is said to have strong-armed Mrs. M. M. Mosco of 108 West Sixty-sixth street near her home, and robbed her of her purse. Mrs. Mosco yelled for help. Castillo ran to her assistance. Mesa, it was stated, squared off to face Castillo, but the latter's fist connected with his chin.

When officers arrived Mesa was still out on the sidewalk. En route to jail he regained consciousness.

CLUB ASKS WRIT GOOD IN MEXICO

Los Angeles Court Urged to Grant Injunction for Use Across Border

A question of jurisdiction was raised when an injunction suit brought by the Shore Acres Country Club against Rosario Simplicia, Machado deMansir and others, involving 531 acres of land in Mexico, was called for trial yesterday before Superior Judge Tappaan.

At the close of the hearing, wherein the plaintiff club asked that the defendants show cause why they should not be restrained from prohibiting the club to occupy the land, Judge Tappaan took his decision under submission.

At the hearing yesterday it was contended that the Superior Court of Los Angeles county had no jurisdiction in the matter, for the reason that the land is in Mexico, sixteen miles south of Tia Juana; that some of the litigants live in Mexico and that the Mexican courts have ruled in the case, giving the defendants possession of the property.

Both sides assert they own the land, which is being developed as a recreation resort for Americans. It is the contention of the plaintiff that the defendants have possession of the property and refuse to vacate.

Theater Chain Organization to Aid Gambol

West Coast Theaters yesterday offered their co-operation in the screen stars' gambol slated for April 1, next, at Shrine Auditorium. The gambol is sponsored by the motion-picture industry to finance construction of an arts building at Loyola University at Playa Del Rey.

According to Lou Anger, gambol chairman, the theater chain will aid in advertising the affair. Many notables of the stage are expected to be obtained through the co-operation of the theatrical organization

In England and Wales last year the birth rate was 16.7 per 1000 people.

Couples Who Enter Watched Car Arrested

Two married couples were under arrest yesterday on suspicion of robbery because they stepped into an automobile which, according to the police, was the one used in the assault and robbery of the under-sheriff of Orange county.

The car was parked at Selma and Las Palmas avenue, Hollywood. Detective Lieutenants Lynde, Walker and Robison had found it and were "staking" at the location when the four walked up. They were taken into custody.

Suspects gave the following names: Leslie A. Mackruson, 27 years of age, and Mrs. Dorothy Mackruson, 19, of 921 Ohio avenue, Long Beach, and Grady Ramsey, 28, and Mrs. Lora Ramsey of 1346 West Fifteenth street. All denied implication in any robbery. The detectives reported finding a revolver and a number of shells in the automobile.

Chaplin Able to Begin Work Soon

Production activity at the Chaplin studio in Hollywood is expected to be resumed this week, according to announcement yesterday. Charles Chaplin, comedian, still is at Coronado, but it was said at the studio he expects to return today or tomorrow.

Chaplin went to Coronado following his recovery from an attack of ptomaine poisoning, which was followed by a relapse due to a slight case of intestinal influenza. This was three weeks ago, when production on his current comedy was halted. The comedian attended the races at Tia Juana Sunday when he told friends he has recovered completely and is about ready to return to the studio.

One couple I know would not get married until they had put by enough money to pay for a divorce if necessary. It was.—[J. D. Beresford.

Today's Bible Text

The way of the just is uprightness: Thou, most upright, dost weigh the path of the just. Isa. xxvi, 7.

NIPPED BY FROST

Madame DeStael described architecture as being frozen music. Meaning possibly a frigid air. Has anybody noticed the icicles on the new City Hall?

LITERARY STYLE SHOW

Style is said to be more important than thought in literature. A good many writers appear to have this in mind. At that a lot of them are out of style.

CURIOUS CRUSADERS

Nearly 50,000 Americans visited Berlin last year and it is whispered that a couple of them were there for the purpose of investigating the rumor that the Germans were still making beer.

NOTHING DANGEROUS

The new Secretary of War has been snapped with an army rifle in his hands, but that is no immediate sign of war. He may just have been getting the feel of the thing in case the coyotes should bark.

NOTHING DOING

Paris is showing double-decked straw hats with droopy brims that sometimes touch the lady's shoulders, but the announcement doesn't interest Hollywood. You couldn't back a film fairy into a lid of that sort without first chloroforming her. The Paris milliners will have a heck of a time in putting their American sisters in big or broad-brimmed chapeaux.

DRYING DELAWARE

Delaware legislators have passed a measure which would open the jail door for anyone who totes a flask. This is rather drastic action for Delaware, as the little State has been considered more wet than dry. The law would provide punishment for the keeping of liquor in any place but the home. Apparently a man's home is still his castle, but if he seeks to bear refreshment on his hip or in his club stern minions of the law may plant him in the hoosegow.

DELIVER THE GOODS

Washington correspondents say that office seekers are rather disappointed in Hoover. They would be. The Big Chief's idea is to find the man who is best qualified for the job and it frequently happens that this man is not the one who is making the most noise out in front. It may be taken for granted that the government will not be turned over to officer seekers. They must show something more than an appetite before they pass the portals.

SONS OF ITALY

Mussolini has a sort of a Boy Scout organization of his own to keep the fires of Fascism burning in the rising generation. It is said that there are more than 1,200,000 members andl they have libraries, night schools and spiritual directors of their own. Also they have their military drills, their training camps and their discipline. No matter what happens they are expected to carry on in the channels outlined by the big chief. They are the future hope of the kingdom. They are supposed to be chock full of good deeds.

OVER THE BORDER

If anybody can tell what this revolution in Mexico is about he can get his picture in the papers. Even the different generals involved in the outbreak have hazy ideas of what they want. They have made no particular demands. They have mentioned no material grievances. They have no righteous complaint against the administration. The tattered warriors in the different disturbing groups shoot at one another because this is the time of the year when they are used to such things. They used to have a revolution every spring. Instead of taking blood medicine the Mexican would load his musket with a few pounds of lead and take a shot at the first guy who went by. There are outbreaks at a dozen different places in the country and it is safe to say that at no two of them are the scrappers inspired by the same grouch. Also if Obregon were alive they wouldn't be heard from at all.

THE STATE AND HARBORS

Though the Fellom bill transferring San Francisco Harbor from State to local control apparently has been buried in the Senate for this session, after passing the Assembly, there is involved in it a matter of principle which merits consideration. The San Francisco and Los Angeles Chambers of Commerce are against transfer chiefly on grounds of expediency; they argue, and the argument has weight, that San Francisco is a boss-ridden community, and that to put a harbor which is now being managed with reasonable efficiency into the hands of a group of politicians which have so mismanaged the municipal street railways that they are continually in red ink and the water system so that its bonds can be sold only with difficulty and it is in continual difficulties with the Federal government because of failure to keep its promises, is to doom that harbor to equal mismanagement.

But on the other hand they fail completely to explain what interest the State of California has in San Francisco Harbor more than in any other harbor of the State's long coastline, and why it should be singled out for special favor when all the other harbors have been developed locally.

San Francisco Harbor is the natural gateway, it is true, for nearly half of the State's area—nearly all the section north of the Tehachapi range floats its sea-borne commerce through the Golden Gate. But in the same way Los Angeles Harbor is the great port of the Southwest, serving now a larger area and a larger population, a more important back country from the standpoint of wealth and commerce. There is no reason there for a difference in treatment.

State control of San Francisco Harbor began in 1863, and since that time has had the free use of the State's credit for its upbuilding. Every cent of the $22,600,000 of capital investment in the port, raised by bond issue, has been backed by the entire State, which makes Southern California property as liable to be taxed for the payment of principal and interest should the harbor at any time fail to meet its fixed charges as the property which is benefited. In other words, Southern California must not only supply the backing for its own harbors, but must also furnish backing for San Francisco's—and San Francisco does not reciprocate.

It is true the Bay City harbor, so far, has always paid off its own bonds and has had a surplus above other expenses which has been plowed back into extensions and improvements. But there is before the Legislature at present a proposal for an additional bond issue of $10,000,000, which, like its predecessors, is to be made an obligation of the whole State of California, though the money is to be spent exclusively in San Francisco Bay. Generally speaking, State credit is better than any local credit, and San Francisco, therefore, will have the advantage of ready marketability and low interest rates which the prestige of State credit gives, over any other harbor which must depend upon local credit alone.

The bonds for San Francisco Harbor and the bonds of locally managed harbors do not meet in the money market on even terms, though they should since the harbors are direct competitors. The advantage thus enjoyed is unfair. It may be in practice an advantage so slight as to be negligible, but a shift in conditions might readily take place which would make it a great one.

There is no escaping the logic of the situation. If San Francisco Harbor is properly a State institution, enjoying all the advantages which accrue to that condition, then so is that of Los Angeles. Every physical argument which applies to the one applies with equal or greater force to the other. If, on the other hand, Los Angeles Harbor is properly a municipal enterprise, locally supported and with no State advantages, then so is that of San Francisco.

The mere fact that San Francisco has a boss-ridden government is no reason for loading her deficiencies upon the State at large or for penalizing San Francisco's principal competitor for ocean commerce. The harbor of Los Angeles is by long odds our greatest municipal asset and, if it is given a fair deal, it will give an increasingly good account of itself against any equitable competition. The present situation permits San Francisco Harbor to make enormous improvements on State credit and without the outlay of a dollar of San Francisco tax money. What a similar advantage would mean to Los Angeles, in the matter of the needed new breakwater, for example, is obvious.

Competition is the life of trade, but only when competition is fair.

A FEARFUL TOLL

Death of fourteen persons as the result of a single airplane crash emphasizes the need for holding operators of airports more strictly responsible for the safety of passengers. In the terrible accident at Newark, N. J., it appears that mechanical failure of the plane might have been foreseen from its behavior on the previous day, when it proved unable to deal with a wind of only moderate intensity. Unless there are mitigating circumstances not yet disclosed, it must be said the sending of such a plane into the air again with a full load of passengers, without a thorough overhauling, was reckless in the extreme.

Such recklessness should be penalized, not only for the protection of the public, but for the good of aviation, which gets a black eye from every accident, whether avoidable with reasonable precautions or not. It is difficult for the public to judge whether proper precautions are being taken; that is a job for experts. Apparently the experts were not functioning at Newark Sunday, and apparently the desire to satisfy an air-hungry crowd at a price overcame the better judgment of those in charge of the airport.

With the best available equipment, the most thorough inspection, an occasional accident is to be expected; there are still railroad accidents after a century of operation. It is possible the Newark crash may be found to have been in the unforeseeable class; but at present it seems to have been the result of a carelessness almost criminal, and there must be a tightening up of regulations to prevent a recurrence. Air travel at the present time, under proper conditions, is relatively safe; under improper conditions it is highly hazardous; it must be made the duty of somebody to see to it that proper conditions are maintained, and there must be strict accountability if they are not.

POVERTY AND CRIME

Word comes repeatedly and insistently that most modern criminals are mere boys. The Kansas City Star says that high schools are frequent seeding grounds of crime because of the social demands upon young people which require money they often cannot legitimately get.

"Does it cost too much to send a boy to high school? Is the boy or girl of moderate means snubbed by wealthy classmates? Do many high school students drop out before graduation because they cannot keep up with the social pace?" asks the Star.

The case in hand was a boy arrested for robbery. He had an allowance of $2 a week and said it was impossible to pay for the school annual, his class dues, tickets to the games, a club pin, money to keep his R.O.T.C. uniform spick-and-span and keep his girl friend in sodas.

One editor commenting upon it suggests that parents should revise their allowances upward and give the young folks a better chance to be honest and social at the same time. A further suggestion comes that youth should refuse to be stampeded by the whirl of activities they cannot afford.

Possibly a third hint might be given the school authorities to suppress the tendency of student bodies to tax the boys and girls for various activities. Los Angeles principals discourage the use of automobiles in coming to school. A revision of the forms of social functions that make it hard for poor boys might be in order.

However, keeping up with Bill or Lizzie is a big job in after life as well as in school. The world lies awake at nights to concoct schemes to relieve others of their money. The boys and girls are not the only ones who are dogged to death by social requirements. Yet in school these can be measurably curbed.

Being poor does not necessarily make a boy go wrong. Indeed, the opposite seems to hold. When Daniel Webster had his boots greased to keep the water out, he said they had a greater need—something to keep the pebbles out. Thurlow Weed wrapped pieces of carpet around his feet in lieu of shoes in winter time. If poverty breeds crime, then Alexander Hamilton and Abraham Lincoln should have been law breakers.

An objector might interpose that times have changed. However, Herbert Hoover was an Iowa orphan and worked his way through Stanford by waiting on tables. It largely depends on the stuff that is in the boy in this or any other age. Indeed, sometimes it appears that the poor boy has the better chance with fewer temptations.

Since the majority of school boys and girls come from comparatively humble homes, it might be well to heed the warning to curtail costs in the student body. That present trends may be solved by larger allowances on the part of parents is a questionable expedient.

There always have been and there always will be solicitations to draw youth from the straight and narrow. It takes good stuff to stand true, and there will be good fighting in the front trenches for all time to come.

AIR MINDED

With the airports in the United States now numbering 1324, it begins to look as though we were becomnig "air-minded" more practically all the time.

The LEE SIDE O' L.A.
BY Lee Shippey

ORANGE groves to right of us, orange groves to left of us, and citrus packing plants on every hand. But many a tourist goes home without seeing one, and California thereby loses a lot of fine publicity.

PACKING HOUSE
ORANGES

Nobody could visit a big citrus packing plant without becoming a booster for California fruit all the rest of his life. He would be so interested that he would write or otherwise tell folks "back home" of the care, the science, the ingenious mechanical devices and the exceptional sanitary measures which make it certain that the brands which are making California more and more famous shall uphold the highest standards.

Handled With Gloves

Yesterday we went through one of the plants of the California Fruit Growers' Exchange, following the fruit from grower's truck to refrigerator car. The crates were unloaded from trucks and put on a moving belt, which carried them to the cullers. There each crate was dumped, and all blemished, scarred or malformed fruit culled out. Then all the good fruit passed into warm soapy water which carried it between rows of mechanically operated revolving brushes, which scrubbed it thoroughly, and next through a soda or borax bath, and then up "the golden stairs" to compressed air dryers, and then through a mechanical sizer which separated it into three groups, conveying the big oranges to one bin, the medium-sized to another and the smaller ones to another. And then the select, chemically pure oranges were packed by girls wearing gloves. After passing the cullers they were not touched by hands. When a buyer back east unwraps an orange from its tissue cover he can bite right into it with no fear that it carries any sort of germ. For anything which might harm him might also harm the orange—might injure the reputation of California fruit abroad—and every precaution that human care and more than humanly accurate mechanisms can devise guards against that.

Mutual Protection

For the benefit of the grower, the fruit from each rancher is handled separately, and every orange which is not culled out is counted by automatic counters, so that he will know how many went into the first-quality bin, how many into the second-quality bin and how many into the third-quality bin. But all the fruit packed is inspected by inspectors paid by the association, not by the packing plant, whose duty is to see to it that not a single crate goes out which does not uphold the reputation of the association.

Lemons Superscrubbed

Lemons are handled even more carefully than oranges, but grapefruit cannot be scrubbed as oranges and lemons are, so they are dry-scrubbed.

Bughouse Notes

Southern California's ladybug crop this year will be approximately 50,000,000 bugs. That is, the cultivated ladybug crop. How many will grow wild, or volunteer, cannot be estimated.

The cultivated mealy-bug crop also will be rather large, notwithstanding the fact that mealy-bugs are a pest dangerous to the citrus industry.

Bug Eat Bug

Some years ago imported nursery stock brought mealy-bugs into California, and very rapidly they became a menace to our fruit. Then it was discovered that what mealy-bugs like best is nice mealy potatoes, while what Australian ladybugs like best is nice mealy-bugs. So now the citrus associations and county horticultural departments raise mealy-bugs in close confinement so as to raise lady-bugs. The cultivated mealy-bug, in fact, has every right to be a pessimist, for he (or she) is created solely for the purpose of feeding the ladybug. Then when the ladybugs get strong and full of blood just they are put up in vials, twenty-five to a vial, and sent out to the orchards. Pepper one orange tree with one vial of ladybugs, and soon there won't be a mealy-bug left, not a single meal.

Pepper Trees Maligned

There is widespread belief among citrus growers that pepper trees breed scale. S. H. Essig, entomologist for the San Gabriel Valley Pest Control Association, says they don't breed scale a bit more than orange trees do, and if they were fumigated as orange trees are they could never harm them. Especially in towns and cities, he says, there is no reason for cutting down pepper trees, but there is good reason for combatting Argentine ants, which feed on the parasites which otherwise would destroy the scale. But you may have pepper trees all through and around your oranges, he says, if you'll just fumigate and spray them as you do your orange trees.

ALMOST BACK TO ADAM
By James J. Montague

Professor: And what's the steak like today?
Butcher: Tender as a woman's 'eart, sir.
Professor: Ah, in that case I think I'll have half a pound of sausages.—[London Punch.

Though frequently the boys at lunch
  Renew the ancient Yankee rumor
Whose burden is that Mr. Punch
  Is wholly destitute of humor,
I've always begged to disagree;
  I've found his pages bright and sunny,
And sturdily maintained that he
  Is funny.

A wit, I thought him, fit to reign
  O'er fields where every prospect pleases,
And who would view with chill disdain
  Our ancient and accepted wheezes.
His jests, said I, were never old,
  But I was woefully mistaken;
Above is one which Shakespeare told
  To Bacon.

And even in that early day,
  When good Queen Bess was in her glory,
Refusing wooers every day
  That jibe of Bill's was old and hoary.
The bard, I'm certain, had the sense
  Not in dramatic form to word it,
For well he knew his audience
  Had heard it.

Perhaps that joke was born in Ur
  And carved in cuneiform inscriptions
And possibly is used to stir
  The risibles of the Egyptians.
But Mr. Punch—and may he thrive,
  For commonly he's keen and clever—
Should know a jest can't stay alive
  Forever!

For New Police Station

LOS ANGELES, March 15.—[To the Editor of The Times:] I notice, by the daily papers that the present police station, with some additional land adjoining it which can be had at a very reasonable price, has been proposed as the site of the new State building for State offices in Los Angeles, and that all of this land can be acquired by the county and State use for considerably less than any other reasonable site proposed can be had. The police station site is close to the Civic Center and will be reasonably convenient for all purposes required.

The city, if it sold the lot, would need a new building for police station and courts, and for a Receiving Hospital. It needs such new building badly at the present time. It has the old City Hall site on Broadway which it could use for such police station, courts and Receiving Hospital, without the expenditure of anything for land and would merely have to build a new building for the desired purposes, which, of course, could be a limit height with a modern police station and police courts in it and the Receiving Hospital on the upper floor, where it would be quiet. The city would have the selling price that it would get for selling the First and Hill streets lot to aid in building the new police station building. The usual jockeying in regard to selling property and buying new property for a police station would be avoided by this method and the taxpayers could be saved considerable money thereby.

C. W. CHASE,

Anglo-American Friendship

LONDON (Eng.) Feb. 27.—[To the Editor of The Times:] I read with much regret a British criticism of America sent to me by an American friend, and I should just like to say that those who do criticise America are greatly in the minority, for personally I have heard nothing but the highest praise of America and her people, of the kindness and hospitality, the splendid friendliness, and fine buildings, so much so that I am awfully anxious to pay a visit myself, but although I have not yet had that pleasure, I have a number of American friends whose friendship I value more than anything else in the world.

In conclusion, I would suggest that those who criticise do so out of envy. It is those we deem mercenary.

Anyhow, God bless you all over there.

In all sincerity,
THELMA BRADY.

The One Religion

LOS ANGELES, March 14.—[To the Editor of The Times:] Replying to A. J. Carpenter, he is right about the schoolroom. He says give the children the true religion, the religion which Jesus Christ came to show the world. There are 600 different religions and each claims it is the true religion—all different. They all can't be different and true. How are we to find out the true religion?

W. T. MOORE.

WHERE CAN I LEARN

Lip-Reading?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address: Louise L. Temple, care of The Times.]

Lip-reading has proven to be the best substitute for hearing that has ever been found, and has been taught in America for over twenty-five years. People who have impaired hearing should take up the study of lip-reading before habits of inattention are established. Some people seem to be natural lip-readers just as some people have natural ability to draw, act, or write; but all need to study to perfect themselves.

Free classes for beginning, intermediate and advanced students are conducted at the public schools here. New students can enter at any time. Two highly educated and specially trained teachers conduct these classes, Miss Florence Messner and Mrs. Mary Rogers Miller. There are interesting class exercises, friendly classmates, and opportunity for new and refreshing social contacts. There is no age limit, and no examination. Young people employed, housewives, business and professional men and women, college graduates, and high school students are now enrolled.

Daytime classes are at the Fremont-avenue school, 238 South Fremont avenue, every school day from 1 to 4 p.m. Evening classes, from 7 to 9 o'clock, are at the Metropolitan High School, on Venice Boulevard, between Hill and Grand, room 305; and at the San Pedro High School, 1221 South Gaffey street, Monday and Wednesday evenings, 7 to 9 o'clock.

Odd Traffic Rules

In Paris the pedestrian who gets in the way of a vehicle is arrested without regard to the character or extent of the injuries inflicted. In Berlin if your pet dog is run over by a vehicle you are not likely to lose your dog, but as the owner of the animal you will be prosecuted. There is a new law in the city which makes it a misdemeanor to allow a dog to run in the streets. When out of doors the animal must be kept on leash.

WE ALL DO IT

BY SYDNEY FORD

Chief Justice Taft is not the first great man to misquote, as he did in administering the oath to President Hoover on inauguration day. We have not a few notable instances. As a matter of fact almost everyone misquotes, and the queer thing is that the quotations we use most often are the very ones we get wrong. Don't we all say, for instance, "The even tenor of their way" when what Gray wrote was "The noiseless tenor of their way"? When we say, "The tongue is an unruly member," we misquote from James iii:8, where it is written "The tongue can no man tame; it is unruly evil." Again, "Charity shall cover over the multitude of sins" (Peter iv:8) is almost always distorted into "Charity covereth a multitude of sins."

We say: "Welcome the coming, speed the parting guest," whereas the correct quotation is, "Speed the going guest." Butler wrote in "Hudibras," "He that complies against his will is of his own opinion still," but we alter the sense as well as the wording of the passage by quoting continually, "A man convinced against his will is of the same opinion still."

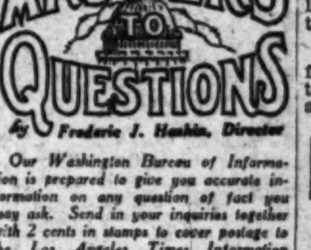
How often we hear people quoting the passage on mercy from the "Merchant of Venice" say, "It falleth as the gentle dew from heaven" whereas the bard wrote "Falleth as the gentle rain." We quote with great complacency "The man that hath no music in his soul," whereas Shakespeare wrote "The man that hath no music in himself." In his "Lycides" Milton wrote "Fresh woods and pastures new," but don't we always misquote it as "Fresh fields and pastures new?"

If one make a list of quotations frequently heard and then compare them with what the author really said, it is amazing to see how often he is misquoted. There are also curious slips made by writers which sound ridiculous. For instance, the historian Thiers writes: "Throughout the day torrents of rain poured down and 20,000 Austrians bit the dust."

Even Victor Hugo was not innocent when he has Charlemagne talking of the Sorbonne, which as a matter of fact, was founded more than 400 years after Charlemagne's death, and Flaubert, who once undertook to make a list of the ridiculous slips made by his contemporaries only to have it discovered that equally absurd errors were to be found in his own books, in one of which he refers to a man "who was 70 years old and looked twice his age." It is possible, however, that he meant what he said.

Walter Scott, usually accurate in his descriptions, makes the Crusaders wait before crossing a bay on the Bosporus until the tide has ebbed. But there is no tide in the Bosporus. Scott, in one of his novels, makes the sun set in the east, and Dickens makes Capt. Cuttle put both hands to his mouth in giving a "halloo," though the gallant tar had long before lost one of his hands.

Chesterton, in one of his tales, writes of a man whose "two dark eyes on each side of his protuberant nose glistened gloomily like black buttons." Rather well fixed for eyes.



ANSWERS TO QUESTIONS
by Frederic J. Haskin, Director

Our Washington Bureau of Information is prepared to give you accurate information on any question of fact you may ask. Send in your inquiries together with 2 cents in stamps to cover postage to the Los Angeles Times Information Bureau, Frederic J. Haskin, director, Washington, D. C.

Q.: Do ants sting or bite?
A. E. W.

A.: In ants a sting is sometimes present as in the Poneridae, which sting like wasps and bees, but in the workers of the ordinary ants, it is either vestigial or entirely wanting. Some ants secrete an active poison, formic acid. This they inject into the wound made by their jaws in biting.

Q.: How did the term "French leave" originate?
T. A. H.

A.: This phrase came into use from the French custom in the eighteenth century of departing from a social gathering without taking leave of the host or hostess.

Q.: Is it correct to say a person is ill in bed or sick in bed?
C. McC.

A.: The words sick and ill are employed with little distinction in the United State.. In Great Britain, however, ill is always used to mean ill health, whereas sick is used in the sense of being nauseated.

Q.: How much did the United States pay Great Britain for transporting our troops?
E. J. D.

A.: There were 1,108,345 individuals transported overseas under the British flag, at a cost to the United States of $91,992,900, slightly more than $83 per man.

Q.: How long and high is the Wailing Wall?
L. J. H.

A.: The Place of Wailing is an inclosed place near the Mosque of Omar in Jerusalem where the Jews congregate every Friday to lament the fall of Israel and pray for its restoration. The wall in front of which they gather is 156 feet in length and fifty-nine feet in height. The nine lowest courses of stone consist of large blocks. Above there are fifteen courses of small stones. Some of the lower courses may have belonged to Herod's temple.

Every genius must at times wish to be a sensible fellow instead of such a darned fool.

Correct this sentence: "He may choose his own wife," said the sisters, "and we don't try to influence him."

Experience may be a good teacher, but it seems to take a lot of it to teach a man how little he knows.

The man who gets something for nothing is always surprised to discover that it is worth just about what he paid for it.

RIPPLING RHYMES
by Walt Mason

POST-MORTEM TAXES

They tax me pretty heavy now, which brings no creases to my brow, and leaves no grievous wound; while I am on life's thoroughfare I feel I ought to pay my share, to make the wheels go round. While I have strength to make a kick if tax collectors get too thick, methinks I'll stand the prod, although the nation and the State seem always stopping at my gate to touch me for my wad. While I'm alive I'll stand the gaff and try to earn an epitaph such as the martyrs win; and when the tax collectors come and ask me for a princely sum I'll strive to heave a grin. But mournfully I view the day when my tired form is filed away beneath a monument, when I can't voice a single roar to tax collectors at the door who'll ask their 10 per cent. They'll come like vultures from the State, and from our government so great, and make their heartless pleas; and cheap officials then will pant to rob my nieces and my aunt of their small legacies. The fact that while I lived on earth I paid my tax with genial mirth won't cut no kind of ice; when I am dead, as when alive, the greedy harpies will arrive, intent upon their price. The State will put its private locks upon my small deposit box, the government will wait, officially, to get a slant at that small roll I left my aunt and second cousin Kate. This is the meanness I most dread—to soak a man who's lying dead, and can't defend himself; to rob a widow of her wad, to take the soft coal from her hod, the codfish from her shelf.

STATZ'S SWAT DEFEATS CUBS

Jigger Doubles to Send in Tying, Winning Runs

Wrigley Series Tied Again; Settle Feud Today

Schulmerich, Jacobs Rap Out Two Homers Apiece

BY BOB RAY

The Wrigley championship series battle that has been raging in and out of the confines of Wrigley Field these past few days between Marty Krug's ambitious Angels and Joe McCarthy's cocky Cubs, will be officially decided this afternoon. The Cubs were all set to cinch the series yesterday but a double from the bat of Jigger Statz drove home two Angels in the ninth to knock the props out from under the Chicagoans, give the Krugmen a 12-to-11 triumph, and tie up the Wrigley feud at three victories apiece.

RAY JACOBS.

The seventh and last game between the Angels and Cubs takes place this afternoon and the Krugmen will be out to knock off the McCarthy men, who have found the home guards mighty tough pickin's thus far.

ANGELS HIT FIVE HOMERS

The Angels displayed a hefty home-run attack against the Cubs yesterday, no less than five of their drives being good for four bases. Wes Schulmerich and Ray Jacobs led the home-run parade with two circuit clouts apiece, while the fifth Angel homer was made by Earl Webb, who did his outfielding for

(Continued on Page 2, Column 3)

Jack Dempsey Signs Mandell for Miller Go

NEW YORK, March 18. (AP) Jack Dempsey, the promoter, announced tonight he had persuaded Sammy Mandell, the "Rockford Sheik," to defend his lightweight championship against Ray Miller, the Chicago left-hook artist, "some time in June." The fight, Dempsey said, probably will be held either in Detroit or New York.

HOLLYWOOD STARS BOW TO DETROIT

Tiger Outfit Gets Off to Good Start by Taking Game at San Diego, 12 to 9

SAN DIEGO, March 18.—Detroit's Tigers, opening an invasion of Pacific Coast baseball yards, got off to a good start this afternoon with a 12-to-9 victory over Hollywood here. The Tigers' bats, and they brought along a trunkful, were just a little too powerful for the Stars, particularly when it came to home runs. The Tigers accounted for five circuit blows, while Hollywood could connect for but one.

BUCKY HARRIS

Bucky Harris, making his start as manager of the Detroit club, used a mixed band of regulars and new-

(Continued on Page 3, Column 5)

DE VOS MAKES LOCAL RING BOW AT OLYMPIC TONIGHT

BY PAUL LOWRY

Rene DeVos goes to the post for the first time in this city at the Olympic tonight. He faces Johnny Gill, the veteran who made Bert Colima put on a stretch drive to win about a month ago.

RENE DE VOS

The Belgian middleweight is rated as the best fighter sent to this country from foreign shores in years and in two seasons of campaigning over here has beaten such topnotchers as Dave Shade, George Courtney and others.

According to Jimmy Bronson, who handles the affairs of DeVos, 65 to 70 per cent of the cash customers thought the Belgian had the edge over Ace Hudkins in their memorable encounter at New York last December.

ACE GOT IN "DUTCH"

That was the fight that put Hudkins in "dutch" with the New York Boxing Commissioners. They didn't like his bloody boring-in tactics.

De Vos has not met Mickey Walker, the middleweight king, but that is not his fault. Walker has declined all invitations.

DeVos has not met Mickey Walkscribes as an "educated right." Bronson was with Gene Tunney before the famous "fourteen count" battle with Jack Dempsey in Chicago nearly two years ago. He has

(Continued on Page 2, Column 1)

FINN PLANS TO KILL NICK OFF

Nurmi Will Go Right Out and Run for Victory

Hopes to Leave Nick Carter Behind Early in Race

Wide Tells Phantom Finn How to Win Race

BY BRAVEN DYER

The foreigners are combining against Nick Carter.

At least that's the word received here from Hugo Quist, manager, trainer and boon companion of Paavo Nurmi, the Finnish running wonder who is to appear at the Coliseum Saturday afternoon.

NICK CARTER

According to Quist's wire to Los Angeles Athletic Club officials, Nurmi has spent no little time of late in conference with Edvin Wide, the Swedish schoolmaster who bowed to Carter's superior finish here two years ago.

Figuring that two heads were better than one in mapping out a plan of victory over Carter, Nurmi went into every detail of Wide's race with Nick and discovered that the L.A.A.C. ace might be beaten by employing a certain plan of action.

That plan, according to Quist, calls for Nurmi to step right out at the start of Saturday's race and attempt to leave Carter behind—this distance between the two to decrease as lap follows lap.

Wide was defeated here because he did not set a fast enough pace. Carter has one of the finest finishes ever developed by a distance runner. He can do the quarter mile in 49s.

(Continued on Page 2, Column 6)

Dundee Will Risk Title in Boston Set-to

BOSTON, March 18. (AP)—Joe Dundee, welterweight champion, today signed a contract for Eddie Mack, boxing promoter at the Boston Garden, to defend his title here at Braves' Field on June 24. Mack was authorized to name either Al Mello, Jackie Fields, Jimmy McLarnin or Young Jack Thompson as Dundee's opponent.

TROJANS DEFEATED BY BEARS

Eight Errors Cost Locals Game by 7-5 Score; Dihel Hurls Good Ball

The so-called Trojan baseball team kicked away another game yesterday. Eight errors gave California a 7-5 victory and the series, as the Bears previously had won the first game, 7-4.

SAM CRAWFORD

The Trojans went into the ninth inning leading, 5-2, but started booting the ball around, and five Bears had crossed the plate before anything could be done about it. Sam Crawford needs infielders, and he needs them badly. Good outfielders don't necessarily make good infielders, and Karl Kreiger and Johnny Von Aspe would look better decorating the outer

(Continued on Page 2, Column 5)

M'LARNIN AND MILLER CLASH EXPECTED TO DRAW $100,000 GATE AS FANS BID FOR SEATS

BY ALAN J. GOULD

Associated Press Sports Editor

NEW YORK, March 18. (AP)—The chin-cracking industry expects plenty of thrills this Friday night when baby-faced Jimmy McLarnin and Ray Miller exchange wallops, also a big "gate," perhaps $100,000, which would be a record for Madison Square Garden at a top price of $10. Speculators are asking, and getting, considerably more than that already for such of the pasteboards as they have obtained.

JIMMY McLARNIN

This is the outward evidence of another wave of bullish sentiment in lightweight stock. New York, and the fistic fraternity at large, has come to expect excitement in this division. Not often has it been disappointed.

Sockers and boxing masters, iron men and glass jaws—there have been all kinds among the lightweights down through the years they have fought—Jack McAuliffe, Kid Lavigne, Bat Nelson, Joe Gans, Ad Wolgast, Willie Ritchie, Freddie Welsh, Packey McFarland, Tommy Murphy, Joe Rivers, Benny Leonard, Lew Tendler, Charley White, Sid Terris, Sammy Mandell—all have figured large in boxing history.

The lightweight class slumped after Leonard's retirement, but Mandell, a real champion when he cares to fight, McLarnin, Miller and others have helped put the division back into popular favor again.

EXPECT BROTHER PAUL TO JOIN PIRATES SOON

Violent Holdout Case Partly Ironed Out by Signing of Lloyd at $10,000 Figure

SAN FRANCISCO, March 18. (AP)—The most noted holdout case of the National League this season, involving Paul and Lloyd Waner, brothers and star outfielders of the Pittsburgh Pirates, was partly ironed out today with the announcement that Lloyd had accepted terms.

At the same time it gave rise to reports that Paul, older of the two Ada (Okla.) boys, also would soon be in the fold.

Barney Dreyfus, president of the Pirates, in his brief statement that "Lloyd Waner has accepted terms and is on his way to join the club here," declared emphatically, however, that he "had not heard from Paul in four weeks."

Terms offered Lloyd were not given out, but it is reported that the 22-year-old player will receive $10,000 for the season, a substanbeen quite a figure in the boxing game for a great many years.

An indication of the power of the DeVos "educated right"

Veteran Pennsylvania Trial Horse and European Star Occupy Boxing Spotlight in Tilt Tonight

(Continued from First Page)

is seen in the breaking of Walcott Langford's jaw. The Belgian fought the tough black boy on his way to the Coast.

He has had practically four fights in as many weeks. He met Brown in Chicago, Langford in Denver, Jock Malone in San Francisco, and tackles Gill tonight.

MALONE GOT A DRAW

Alone of these four contenders Malone came out on as good as even terms. The others were badly whipped. Malone got an unsatisfactory draw.

Tonight's bout may be DeVos's last in this country for a few months.

He yearns for another Hudkins argument, but he yearns still harder for a visit to the old homeside. A wife and a 2-year-old daughter await him "over there."

The story of DeVos's early life is romantic—a Belgian spy during the World War, marked for death, a thrilling escape—but if his climb up the middleweight ladder culminates successfully that story will be even more of a dime-novel seller.

BLUE BLOOD MANAGER

He is the fighting property of Tony Biddle, millionaire, who purchased his contract last fall, and is as keenly interested in his future as he is in his millions.

In selecting Gill to meet the Belgian tonight Matchmaker Wadhams didn't pick a soft one for the newcomer.

Gill handed Colima plenty, and if the fight had been called at the end of the ninth round there would have been a Gill verdict. As it was, a lot of folks didn't see enough of a margin in Colima's stretch run to warrant a Colima win.

Gill has fought Walker, Berlenbach and a lot of other good ones and is one veteran, who, after a two-year layoff, has come back with something on the ball.

Red Humphries is an even-money bet against Dynamite Murphy, the Sacramento socker, in the six-round semi-wind-up. The weight is 125 pounds.

Murphy is a stiff hitter. He showed that age hasn't slowed him down recently by stopping young Johnny Torres in a punch. Humphries is climbing right back to main-event money.

Olson Johnson, named after his two vaudeville managers, offers a unique angle on a boxer. The comedians, Olson and Johnson, introduce their fighter after each show and state where he is going to box.

Johnson, a 175-pounder, boxes Bill Thayler. The stage-fighter has been a steady winner. He advertises his managers' act and they advertise his fight.

The two four-rounders are Harry Johnson vs. Billy Blake and Sammy Seaman vs. Joe Velardi.

Santiago Zorilla yesterday signed to box two bouts for Promoter Tom Andrews in Milwaukee following his championship bout here with Tod Morgan on April 2.

The Panamanian's Milwaukee opponents are left blank. If Zorilla lifts Morgan's title his opponent may be Tony Canzoneri.

Wirt Ross stated yesterday he had changed plans and would let Zorilla do all his training here instead of going to the hot springs.

Zorilla arrived last week in excellent shape. He did his preliminary training on shipboard boxing with some husky sailors.

Morgan works each afternoon at the Manhattan gymnasium. He is rounding into good form already.

Miss Coleman to Seek New Swim Title

Georgia Coleman, L.A.A.C. diver, will seek a new title at the Mercury tank Friday evening when she swims in the junior S.P.A.A.U. 100-yard free-style swim. Miss Coleman, who is the national senior indoor ten-foot diving champion, is also an accomplished sprint swimmer, and with her diving out of the way until the outdoor meet at Honolulu this summer will now try for a swimming mark.

BURTON SETS NEW CLIMBING RECORD

A 24-year-old world's record was broken a few days ago by Jimmy Burton, L.A.A.C. gymnast, who set a mark of 6s. flat for the twenty-five-foot rope climb. Burton's record, made in the Southern California gymnastic meet with A.A.U. officials present, breaks the old mark of 6 2-5s., set in 1905 by George Kuhns, former eastern star.

Burton's time is all the more remarkable, as he is a cripple and carries twelve pounds of steel on his leg every time he climbs a rope. The L.A.A.C. team carried off the Southern California title with 111 points, far ahead of the nearest competitor.

MERCURIES PLAY TIGERS

The L.A.A.C. baseball team plays its fourth game of the season tomorrow afternoon, meeting the Occidental College nine at Patterson Field, Eagle Rock. The Mercuries are undefeated to date, winning their third straight game from the U.S.C. dental team, 11-7, at Knickerbocker Field Saturday.

S. C. Swimmers to Go Against Bruins Tonight

Swimmers of the University of Southern California and U.C.L.A. will clash tonight at 8 o'clock in the Los Angeles Athletic Club pool for the city intercollegiate paddling championship. Last Friday the Trojan mermen defeated the Bruins in water polo, 6 to 5, and tonight will afford an opportunity for the U.C.L.A. boys to gain revenge.

Coach Fred Cady of the Trojans has announced that he will use Bela Kendall in the fifty, while his other dash star, Oscar Simmons, will swim the 100 and 220. Ed Bittke will carry the S.C. colors in the breast stroke, while Russell Dressler and Bittke are the Trojan hopes in the backstroke.

Other Southern California paddlers who will take part in tonight's meet are Jack Sault in the fifty and low-board diving and Carlos Schuessler in the 220. The Trojan medley relay team will consist of Kendall, Bittke and Schuessler, with Simmons, Sault, Kendall and Dressler swimming in the free-style relay.

Prep Stars in Track Tryouts

San Gabriel Valley League track and field eliminations will be held today at El Monte High School. Six schools will send their best track heroes to the post in the meet. El Monte, Montebello, Puente, Citrus, Monrovia and John Muir Tech of Pasadena will be represented in today's clash. The finals will be held Saturday afternoon.

Imported GOLF STOCKINGS

at values only SPALDING can give $3.50 to $7.50

SPALDING Imported Golf Stockings are the pick of the finest and most famous Scotch and English mills. RABBIT PUNCHES

By PAUL LOWRY

THE "KNOW" BOYS

HE'S IN the "know."

How often you hear it! The layman goes for it hook, line and sinker—the prediction by a man close to some big sports event.

It may be football. It may be track and field. It may be baseball. It may be horse racing.

And how often are they confounded—those who go for the prediction by the man in the "know."

Last fall the men in the "know" said New York U. would trounce Oregon State. Result—Oregon State, 25; New York U., 13.

Still later the men in the "know" said Army would whale the daylights out of Stanford. Result—Stanford, 26; Army, 0.

Last week Dean Cromwell, coach of Southern California, said the Olympic Club would beat his boys on the track by a score of 68 to 63. Result—Southern California, 87; Olympic Club, 44.

Also last week, Mr. James Wood Coffroth, president of the Tia Juana Jockey Club, said Genie would win the richest stake event in the world. Result—Genie, the favorite, ran eighteenth in a field of twenty horses.

The men in the "know!" Sometimes you wonder how they do "know."

⁂

STILL A CHANCE

THE result of the Southern California-Olympic Club meet the other day gives the Trojans a fighting chance for victory over Stanford when the two leading track and field rivals on the Coast tangle in the north April 6.

There was only a slight difference of 5½ points in Stanford's margin of victory and the Trojans over the Winged O athletes.

This could be wiped out in one or two events where there was some startling form reversal.

Much seems to depend on the sprinting power the two teams can put on the field.

And two hitherto unknowns—Hector Dyer of Stanford and Maurer of Southern California—seem to hold the balance of power, at this date at least.

If Maurer continues to improve to the extent that he can shoulder Capt. Borah to the tape it is conceivable that the Trojans can take eight points in the 100. That will make a lot of difference.

Dyer has the second place edge to Borah in the 220 at the current writing, but if either Maurer or Williams should rise to the spirit of the occasion the meet is likely to be decided by the relay.

And the Trojans have enough good quarter-milers to make it very interesting for the Cards in this thriller. Maybe too interesting.

⁂

THE BELGIAN BAYONET

THE smart followers of the boxing game are likely to be out in full force when Rene De Vos climbs through the ropes for his set-to with Johnny Gill at the Olympic tonight.

The Belgian boy packs a lot of class, and apparently he is here for more than a one-fight campaign.

He has a postponed engagement with Bert Colima that the Boxing Commission says must be fulfilled, and in addition Rene itches for a chance to wipe out that New York defeat by Ace Hudkins.

ANGELS TIE UP SERIES BY NOSING OUT CUBS IN NINTH

(Continued from First Page)

the Cubs last season but has since transferred his allegiance to the Seraphs.

Ed Lautenbacher, rookie hurler from Reading, was the victim of all five Angel homers, but his successor, Guy Bush, was walloped for the winning runs. Russ Miller and Augie Walsh, the two ex-Philadelphians, did the mounding for the Angels. Miller was touched up for eleven hits and eight runs in four frames, but Walsh got by in great style. The Cubs nicked Augie for three runs in the fifth, but during the next four frames weren't able to get a hit off the former Philly flinger. All in all the Angels batted out a total of eighteen safeties against fourteen for the Chicagoans.

The Cubs, by virtue of a six-run splurge in the fourth and a three-run rally in the fifth, were leading the Seraphs, 11 to 2, when the game was half-way over, but they couldn't hold the margin.

Going into the ninth the Angels found themselves trailing by one run, but Ray Jacobs gave the Home Guards a start by slapping a single to left for his fourth hit of the game. Dittmar tried to sacrifice but popped to Grimm. Dallas Warren responded with a hard single to right that moved Jake to second. Norton, batting for Walsh, popped to Hornsby, but Statz teed up one of Bush's fast ones and midironed a drive to center between Wilson and Cuyler for two bases. Both Jacobs and Warren scored on the poke to break up the contest, but we hate to think of what might have happened had Truck Hannah or Gus Sandberg been on first instead of the fleet-footed young Mr. Warren.

ANGELS SCORE ON HOMERS

The Angels started their scoring in the second when Schulmerich and Jacobs slammed out successive home runs over the left-field brick barrier. In the third Earl Webb smacked one over the right-field screen for another homer, and it began to look as though the only way the Angels could score off Lautenbacher was by the medium of home runs.

The belief grew on the cash customers in the fifth when Schulmerich and Jacobs put on their home-run act once more. This time the two homers were good for four runs, though, for Schulmerich's drive came with Jones and Webb resting on the paths by virtue of Lautenbacher's inability to put the ball over the plate.

The Angels finally scored without the aid of a homer in the sixth when Warren's triple, Walsh's sacrifice fly and singles by Jones, Webb and Berger produced two runs. Hits by Jacobs, Dittmar and Walsh accounted for the tenth Angel score in the seventh and it took a sensational running catch by Kiki Cuyler to prevent at least a couple more runs coming across. Cuyler leaped up against the bleacher screen to spear Bobby Jones's long drive for the third out of the inning and Warren and Walsh were in scoring position at the time.

A walk to Beck, McMillan's double and an infield hit by Cuyler gave the Cubs a run in the first, while Beck's double and Hornsby's hit produced a second score in the third. In the sixth five hits, including a homer with two on by Catcher Earl Grace, two walks and errors by Schulmerich and Statz allowed the Cubs to score six times and take a lengthy lead.

Walsh came on the scene in the fifth and the Cubs got to him for three runs on two walks, a double by Beck and singles by Hornsby and Grimm, but thereafter weren't able to come close to scoring.

Marty Krug presented a new Angel infield yesterday with Berger at first, Jacobs at second, Dittmar at short and Jones on third. The combination worked in fine shape, three double plays being pulled off. Jacobs also showed that he is hitting the ball just as hard if not a bit harder than ever and he's going to drive in a lot of runs for the Angels this year. The score:

LOUGHRAN WARNED TO CUT HIS WEIGHT

CHICAGO, March 18. (AP)—Promoter Paddy Harmon again has warned Tommy Loughran that he must cut his weight down to 175 pounds by the 28th inst., the date of his light-heavyweight championship match with Mickey Walker.

Leo Lomski or Tuffy Riffity, who have been billed for the ten-round semi-wind-up on the card, will take his place if he fails to do so, Harmon announced.

Loughran is eight pounds over the light-heavyweight limit. Walker arrives in Chicago this week.

NANDO TASSI WINS ON FOUL FROM COURTNEY

NEW YORK, March 18. (AP)—Nando Tassi of Italy won over George Courtney, the Oklahoma cowboy, on a foul in the third round of their ten-round bout at the Broadway Arena tonight. The low blow came after about a minute of fighting in the third round.

SAN PEDRO LOSES TO INGLEWOOD POLOISTS

SAN PEDRO, March 18.—San Pedro High's Pirate water-polo squad lost a 14-9 game to the Inglewood water dogs. Yount of Inglewood starred, getting 8 points. Bucken played well for the Pirates.

Tickets for Nurmi Meet Go on Sale

Seats will go on sale this morning for Paavo Nurmi's attempt to set a new record for the mile in the Coliseum at Saturday afternoon. The tickets will be obtainable at the B. H. Dyas Co. stores, Seventh and Olive streets, Los Angeles, and 6300 Hollywood Boulevard, Hollywood. General admission will be $1, children 50 cents. A few tickets will be available at $2. Because there is a limited number of seats at the start and finish line, there is expected to be a rush for tickets this morning. They can be obtained by mail by enclosing check or money order and self-addressed return envelope. Tickets also will be sold at the Coliseum on Saturday.

TROJAN ERRORS PROVE COSTLY

(Continued from First Page)

portions of the diamond, where they performed last year.

Trailing, 2-0, the Trojans pushed over three runs in the fifth inning on four hits, and probably would have gotten more except for some bad base running. They picked up another in the sixth when Von Aspe bounced a homer over the fence, and their final tally in the eighth on two bingles and some more bad performances on the paths.

Rickson opened the final frame for the Bears when he was safe on Kreiger's poor throw to first. Villianos fanned, but Powers lofted one to left, which Welch tried to catch with one hand and muffed, the runners occupying first and third. Williams batted for Wyatt and walked. Horner rolled one to Von Aspe for an easy forced out, and a possible double play. The Trojan shortstop took the ball not two feet from second base, with Williamson, a slow man, still five feet away, and instead of stepping on the bag, chose to toss it to Kreiger, who was unprepared for the throw, and missed the ball. Butler sent a short fly to right, the runners holding their bases. DeVore singled to right, scoring Powers. Wilson repeated, scoring Williamson. Schulz replaced Dihel in the box, and sent Horner home on a passed ball. Stevenson walked, and Rickson singled, scoring Butler. Villianos flew to Caballero to end the inning. Horner retired the Trojans in order.

"Bing" Boswell, the slugging Trojan right fielder, went hitless for the first time this year, but Hanby, Kreiger and Von Aspe gathered two each. DeVore and Wyatt were the hitting stars for the visitors.

Dihel hurled clever ball for the Trojans, but the support he received was enough to discourage a Matthewson. The Trojan southpaw fanned eight of the Bear stickers during his sojourn on the mound, and deserved to win. Young Horner, who beat the Trojans in the first game, twirled the last three innings for the visitors, after Jacobson had been rapped for five runs, and except for Von Aspe's homer hurled unbeatable ball. He fanned three. The box score:

Two-base hit—Hanby. Three-base hits—Villianos, Wyatt, Dihel. Home run—Von Aspe. Innings pitched—By Jacobsen, 6; Dihel, 8 2-3. Struck out—By Jacobsen, 1; Horner, 3; Dihel, 8. Bases on balls—Off Jacobsen, 1; Dihel, 2; Schulz, 1. Sacrifice hit—Caballero. Stolen base—Kreiger. Double plays—Rickson to Wyatt; Von Aspe to Kreiger to Gorman; Welch to Ward. Hit by pitcher—By Jacobsen, Hanby, Tarehone; by Schulz, De Vore. Passed balls—Wyatt, Ward.

Carey Given Rickard Post

NEW YORK, March 18. (AP)—Richard F. Hoyt, chairman of the board of directors of Madison Square Garden, announced tonight that William F. Carey would be officially named head of the Garden at a banquet given by Carey by row. The announcement was made at a banquet given to Carey of New York newspaper men.

Carey is to become president of the corporation, a position he has held to all intents and purposes, but not officially, since the death of Tex Rickard.

The announcement came as a complete surprise to the newspaper men. They had given the dinner as a mark of appreciation for the way they had been treated at Miami Beach, where the recent Sharkey-Stribling heavyweight match was held.

Hoyt declared that all of the directors of the Garden corporation felt that he was necessary to the board and the man well qualified to succeed Rickard.

Carey is the contractor who built the Garden and at the death of Rickard he stepped in to fill the late promoter's shoes. With Jack Dempsey, he made a financial success of the Sharkey-Stribling fight, Rickard's last promotion venture.

GRAHAM OUTPOINTS O'DOWD IN SCRAP

CINCINNATI, March 18. (AP)—Bushy Graham, Utica (N. Y.) bantamweight, outpointed Eddie O'Dowd, Columbus, O., in ten rounds here tonight.

INYO COUNTY BOYS SHOW WELL IN OLYMPIC TESTS

BY BOYD COMSTOCK
Director Junior Olympic Games of Southern California

BOYD COMSTOCK

The value of the 100 per cent enrollment idea in the Junior Olympic Games was obviously shown in the informal contests which were held in Bishop and Lone Pine. I have always contended that the general improvement of a group was of much greater worth than the development of any outstanding individual with natural ability. As a matter of fact, the idea of general improvement, in the long run, will develop more champions and better ones than the plan which makes for individual specialization. This, of course, is obvious, because the greater and closer the degree of competition the greater become the results.

The Inyo county boys have been particularly schooled in the chinning events and boy after boy averaged seven chins, and this after only a short period of training. I noticed, also, that all of them performed in good style without clouding their form with the body jerks and leg swings that make the event difficult to judge under ordinary conditions. I anticipate that the other events will be handled in the same efficient manner when they get fully under way.

HIGHLY IMITATIVE

The average boy is highly imitative and as a general rule combines with this trait the tendency to create. Given a hint of what is expected and the proper method of doing the thing, he will experiment and often work out startling variations that are highly advantageous to his individual performance. This happened several times in all of the events during my visits to Bishop and Lone Pine.

I feel that the ideal method of instruction is one that combines a certain amount of theory with the practice and that an athlete should have some idea of why he is attempting a certain technique. Given a hint of the theory the boy will advance by leaps and bounds. It so happens that improvement is easy in most of the events and that form dominates all but one. The exception, the chinning, requires daily practice, coupled, naturally, with a certain attention to style.

The Inyo boys took naturally to the baseball throw and readily accepted the idea of the approach, follow through and whip. Some of them possessed the natural overhand throw and some of them lacked this ability, but within a few minutes were making creditable throws. I used, in the demonstration of this event and the others, the assistance of several of the high school boys who were natural champions in the sprint, baseball throw and jump.

TO BRING RESULTS

The adoption of the Junior Olympic plan as an official part of the physical education program in that county must bring, within a comparatively short time, some pleasing results. Some of them, I feel certain, will be of interest to educators who are interested in group development. Following out this thought, I also want to point out the value of group training in athletics which, prior to this time, was new to me. In several instances, during my work at Lone Pine, I used a group exercise to get across the idea and was particularly interested in the manner it worked out. I had attempted to show the value of the arm lift in conjunction with the standing broad and was having a bad time of it. The insertion of a one-two-three idea, with the arms forward, backward and again ahead, used with and without the knee action, accomplished immediately, a result that has formerly taken hours to perfect and the pleasing feature of it lay in the fact that all of the boys caught on to the idea immediately.

Mrs. Leete, Superintendent of Schools in Inyo county, and the general superviser, Mrs. Stewart, have evidenced an interest in the athleitc welfare of the boys in that territory that is far above the average and there can be no doubt as to the outcome of their program.

FINN PLANS TO KILL NICK OFF

(Continued from First Page)

flat and always tears off a terrific last lap on his mile excursions.

Nurmi is not a strong finisher—that is, he is not possessed of a sprint that can match Carter's with any degree of success. Wide lacked such a sprint, also, and was defeated. The two foreigners, after their conference, decided that the only way to trim Carter was to kill off that sprinting energy in the first three laps. So that will be Nurmi's plan next Saturday.

Quist's wire to L.A.A.C. officials also stated that the great Paavo is now in splendid condition, having fully recovered from the heavy cold which laid him up and resulted in his suspension some time back. It will be remembered that Nurmi, upon his arrival in this country last winter, stated that he was here for the express purpose of cracking his mile record of 4m. 10 2-5s. Paavo didn't say when he would smash the mark, but on the occasion of his visit here four years ago the famous Finnish ace stated that the Coliseum track was the fastest he had ever trod. All of which makes a splendid setting for cracking that record Saturday.

GOOD RACES ON TAP

Nurmi won't be the only star on Saturdays' program. The meet will bring the Southern California varsity against Occidental in a dual engagement which will serve to introduce several brilliant runners.

There will be Charley Borah, famous sprinter of the Trojans, running against Ruth and Belman of Oxy, two even-time dash men. There will be Pearson and Bastajian of the Trojans against Appleton of Occidental in the 440. There will be Bob Swede and Fitzmaurice of S.C. against Goodheart of the Tigers in the mile. All will be corking races, chockful of thrills and chills.

LOMSKI BEATEN BY ROSENBLOOM

(Continued from First Page)

neapolis, 138, in the second round.

Rosenbloom came out coutiously in the first round and boxed at long range. He kept a left jab in Lomski's face much of the time. The westerner took after the crafty New Yorker in the second, but stepped into a right to the heart that slowed him up. Lomski was warned for improper use of his elbows.

Lomski tore in when the third opened and landed two rights to the heart that hurt his opponent. Rosenbloom recovered quickly and shot heavy punches to the body in return.

Lomski's eye was closing in the fourth and fifth, but he continued his aggressive tactics and slugged with both hands, but Rosenbloom took all that was offered and gave some in return.

They were on even terms in the sixth and seventh and in the eighth Maxie again resorted to his left jab. Lomski drove a series of rights and lefts to the body, and Rosenbloom stopped his advance with a right cross to the head. Both missed wild swings as the round ended.

Rosenbloom boxed cautiously in the final rounds, relying on his left to hold the Assassin off and prevent his landing the punch that twice dropped Tommy Loughran, champion of the division. Lomski found the New Yorker a difficult target and his knockout punch never landed.

Some of the ringsiders disagreed with the decision, believing the westerner was entitled to a draw.

Local Wom Lay Plans Sports Eve

The first meeting of the Women's Southern Pacific sociation of the A.A.U. held last night at the Elks' No. 99 Temple, Allen, chairman, program of women's for the coming year, ing swimming and track and field, volleyball and hockey cussed. Members of the mittee are planning a meet in conjunction Sportsmen's Exposition 9-19 at which time cific Coast indoor field championships and women will be

Go MODERN ~ SWITCH TO ~ VAN HEUSEN !

Manners of dress have changed! Until the Van Heusen Collar was offered to the men of America, collars were still made on the principles of the *starchy, uncomfortable, "gay"* nineties.

Van Heusen put starch into the discard—and quickly became the smartest selling collar.

Van Heusen is smart. It's modern. Men by the thousands have recognized this and have switched to Van Heusen.

TRAINING CAMP GOSSIP

TRAINING CAMP GOSSIP

SAN FRANCISCO, March 18. (AP) The San Francisco Seals, 1928 Coast League champions, made it two in a row over the Pittsburgh Pirates by winning today's exhibition game, 4 to 2. Smead Jolley, Seal right fielder and leading batter and home-run hitter of the circuit last season, played the leading role again today, his homer in the eighth scoring two runners ahead, to win the game. Yesterday Jolley pounded in all five runs in the Seals' 5-2 victory. The game today was a pitching duel and scoreless for seven innings with Grimes and Swetonic on the mound for Pittsburgh and Thurston and Jones working for the Seals.

		R.	H.	E.
Pittsburgh (N.L.)	000 000 011—	2	8	0
San Fran. (P.C.L.)	000 000 04x—	4	9	1

Batteries: Grimes, Swetonic and Hargreaves; Thurston, Jones and Polvogt, Reed.

ACORNS OFF FOR OAKLAND TODAY

BAKERSFIELD, March 18. (AP)—With a short batting and fielding session, the Oakland baseball club ended its spring training here today. The players will leave for Oakland tomorrow. Manager Ivan Howard declared that he is satisfied that his club is in the best condition it has been for seven years.

NEWARK BEARS BOW TO PHILADELPHIA

FORT MYERS (Fla.) March 18. (AP)—Six singles, a double and an error in the first inning gave the Philadelphia Americans a lead that the Newark Bears, International Leaguers, could not overcome, and they were defeated today, 8 to 4.

An unusual play occurred in the ninth inning when Coach Onslow of the Bears asked Pitcher Kinckle of the Athletics to throw him the ball. Conlon of the Bears scored from second and Wrightstone took third before the Athletics got the ball away from Onslow.

		R.	H.	E.
Newark (I.L.)	000 001 201—	4	7	2
Philadelphia (A.L.)	000 611 00x—	8	12	3

Batteries: Pallenstine, Elmer and Skiff; Cramer, Leary, Kinckle and Glowacki.

Max Bishop, holdout second baseman, has reached an agreement about salary with Manager Mack of the Athletics.

Hassler and Borrelli, recruit shortstop and third baseman, are doing so well they are likely to start the season in place of Boley and Hale, the regulars.

CARDS BEATEN BY BRAVES, 6-2

ST. PETERSBURG (Fla.) March 18. (AP) The Boston Braves' old timers proved better batters in the pinches and took the St. Louis Cardinals, National League champions, to a 6 to 2 trimming today.

The Braves got three runs in the fifth when Mueller walked, got to third on two outs and scored on Pinch-hitter Lester Bell's single. Another hit and a pass paved the way for George Sisler's single to drive in two more.

Grover Alexander gave his third exhibition of masterful pitching this season, turning in another good three innings.

		R.	H.	E.
St. Louis (N.L.)	001 001 000—	2	6	1
Boston (N.L.)	001 130 01x—	6	9	3

Batteries: Alexander, Elliott, H. Bell and E. Smith; R. Smith, Cantrell and Taylor, D. Smith.

SAN CLEMENTE FANS TO INVADE LOS ANGELES

SAN CLEMENTE, March 18.—Base ball fans of this city, where the Seattle Indians of the Pacific Coast League have been in training for the 1929 season, will attend the opening league clash in Los Angeles. More than fifty rooters, led by Ole Hanson, one time Mayor of Seattle and founder and builder of San Clemente, and Thomas F. Murphine, Mayor, will leave for the Angel City early on Tuesday morning. The Spanish Village fans will take part in the parade before the game and then will invade Wrigley's ball yard in a body.

BEAUMONT (Tex.) March 18. (AP)—John McGraw started his regular team against the Beaumont Oilers of the Texas League here today and the Giants had little difficulty in winning 8 to 3. Score:

		R.	H.	E.
New York (N.L.)	000 240 020—	8	10	1
Beaumont (T.L.)	100 001 010—	3	9	2

Batteries: Hubbell, Kelly, Boney and O'Farrell, Schalk; Newman, Christian, Beaseley and Wiley.

POMONA EXPECTED TO DOWN AZTECS IN CINDER BATTLE

CLAREMONT, March 18. (Exclusive)—In a meet which is indirectly as important to the final conference standings as the one which was fought out here last week, track teams of Pomona and San Diego State College clash on Alumni Field Saturday. The southerners do not meet Occidental and hence, being undefeated, if they win over Pomona, they are technically tied with the Tigers for the championship, which is decided on a dual-meet basis.

The probabilities are that the conditions of last week will be somewhat similar, except that the position of the principals will be reversed. It will be at least as close a score, if not closer than the one by which Occidental thumped the Sagehens, but this time the Blue will be favored to win.

San Diego is well-balanced, but has particular strength in the distances, hurdles and weights. Linwood Brown and Larry Tenwolde, of San Diego, should monopolize the distance runs, with Worden the probable victor in the quarter and Fox winning both timber-topping events. On the field, Brose, the weight-heaver, may collect 15 points in three events.

As usual, Pomona will have its strength concentrated in the sprints, jumps and weights. Harvey Bear should win both short races. Shorty Ingram is an easy favorite to win the pole vault, with Baird and Hawke likely to take the other two places. In the jumps, Bishop, King, Inman, Shannon and several other Sagehen kangaroos are head and shoulders ahead of the San Diego entries.

If San Diego should do the unexpected and win over Pomona, thereby fighting itself into a tie with Oxy, the conference tilt probably would rest on the results of the annual all-conference meet, which will be staged in the Coliseum on April 6.

SEALS TRIP HOLLYWOOD, 4-2, IN FAST ICE HOCKEY CLASH

The once invincible Hollywood Millionaires tumbled to the unheard-of depths of third place in the California Professional Ice Hockey League last night when they dropped a 4-2 contest to the San Francisco Seals. The northerners passed the Millionaires and went into second position behind Oakland.

Ganton Scott, the league's leading scorer, as well as its laziest player, uncorked a lot of unexpected speed last night and rang up a trio of goals, scoring once in every period. Smokey Harris tallied the other tally. Capt. Rube Brandow and Peaches Headley contributed for the locals.

Scott scored in the first period when he took a pass from Harris and shot it past Carrigan. His second goal came in the second period, while Headley was temporarily in the penalty box. Harris then took a pass from Cook for another score and Brandow got Hollywood's first score, when he took the puck after Breadfoot had blocked one goal and shot it right back into the net.

With all of the Hollywood players bunched around the Seal goal Scott stole the puck, easily evaded Phipps and scored again. Headley skated the length of the ice for Hollywood's last goal.

The game was rough throughout with both teams having one or two men in the penalty box most of the time. In addition to Scott, Broadfoot, Lloyd Cook, Westwick and Harris turned in classy exhibitions. Nobody stood out for Hollywood unless it was Headley, who bears almost the entire burden of the Millionaire defense since Lefty Comber has been laid up.

AMATEUR HOCKEY TEAMS PLAY TO TIE GAME

In a game that was marked by numerous fist fights and bitter action, the Clan Scots and the La Natividads battled to a 3-to-3 tie last night at the Palais De Glace Ice Rink. So heated was the going in the last period that it was necessary to call in the police to quell the numerous fights on the ice between the rival teams. Despite the fact that the Scots held the La Natividads to a tie last night, the latter wins the right to meet the Union Oil team Thursday in the final play-off of the season.

OAKLAND ICE HOCKEY TEAM BEATS ANGELS

SAN FRANCISCO, March 18.—The Oakland ice-hockey team defeated Los Angeles here tonight in a league game by a score of 4 to 0.

West Shines in Handball Tournament

NEW YORK, March 18. (AP)—New York's star handball players met with little success in stopping the rush of western handball players in the first round of the national four-wall championship at the New York Athletic Club today. Only five local players were able to defeat their out-of-town rivals, and none of the victims was among the favorites.

W. J. Griffin of Detroit, last year's winner, made an impressive start toward defending his title by taking an easy victory from Ted Swertlow, New York youngster, 21-5, 21-15. Albert Schauffelberger and Willie Kamman, Detroit A. C. players who held the doubles title, also won their singles matches with little difficulty. The doubles play starts tomorrow.

Results of today's games include: John Cebula, Multnomah A.A.A., Portland, Or., defeated William Adams, N.Y. A.C., 21-16, 21-19; Alfred Banuet, Olympic Club, San Francisco, defeated Charles Romey, Railroad Branch Y.M.C.A., 21-11, 21-9; Merwin Friedberg, San Francisco, defeated Harry Mearns, New York, 20-21, 21-3, 21-3; Lane McMillan, San Francisco, defeated Harry Mearns, New York, 20-21, 21-4, 21-9.

SONNENBERG WINS OVER PAT McCARTHY

WASHINGTON, March 18. (AP)—"Dynamite Gus" Sonnenburg successfully defended his world's heavyweight wrestling championship here tonight against Pat McCarthy of Ireland, holder of the English championship. Sonnenburg took the first fall in 16m. with his famous "flying tackle" holds and then took the second fall easily in 3m. with a "jack-knife."

Golden Prince Will Go East

TIA JUANA (Mex.) March 18. (AP) Golden Prince, winner of the $100,000 added Coffroth Handicap at the Tia Juana Jockey Club track here yesterday, will be shipped to Chicago and Kentucky tracks to continue his racing campaign, it was announced today. The great 5-year-old will be rested for a time and then put back into training.

BABE HUNT KAYOES RED FITZSIMMONS

WICHITA (Kan.) March 18. (AP)—Babe Hunt, Oklahoma heavyweight, knocked out Red Fitzsimmons, of Los Angeles, in the eighth round of their fight here tonight. A right to the head sent the westerner down for the count. In the preceding rounds the Oklahoman had outfought Fitzsimmons.

CHOCOLATE STOPS RACKOW

BUFFALO (N. Y.) March 18. (AP) Kid Chocolate, the Cuban flash, finished Al Rackow of Buffalo in the fourth round of a ten-round bout here tonight. The bout had gone one minute and two seconds of the fourth round when the referee stopped the slaughter when Rackow went down for the fourth time in two rounds.

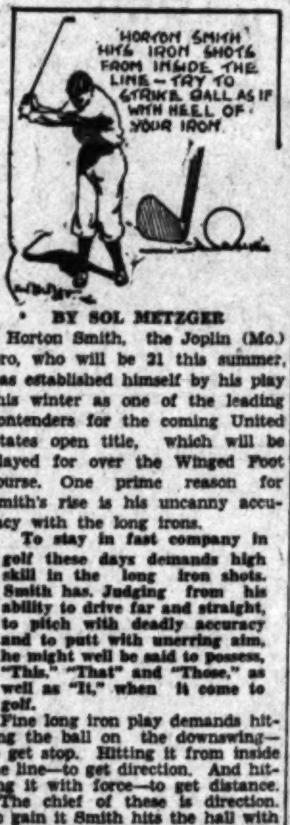
SHEA DEFEATS BLOOM

COLUMBUS (O.) March 18. (AP) Eddie Shea, Chicago featherweight, coasted to an easy ten-round victory over Lou Bloom of Columbus here tonight. Bloom weighed 125 3-4 and Shea 126.

PAULINO IN SAN JUAN

SAN JUAN (Porto Rico) March 18. (AP)—Paulino Uscudun arrived here today to prepare for his bout with Francisco Cruz, a Portuguese, next Sunday.

Horton Has Idea to Get Direction



HORTON SMITH HITS IRON SHOTS FROM INSIDE THE LINE—TRY TO STRIKE BALL AS IF WITH HEEL OF YOUR IRON.

BY SOL METZGER

Horton Smith, the Joplin (Mo.) pro, who will be 21 this summer, has established himself by his play this winter as one of the leading contenders for the coming United States open title, which will be played for over the Winged Foot course. One prime reason for Smith's rise is his uncanny accuracy with the long irons.

To stay in fast company in golf these days demands high skill in the long iron shots. Smith has. Judging from his ability to drive far and straight, to pitch with deadly accuracy and to putt with unerring aim, he might well be said to possess, "This," "That" and "Those," as well as "It," when it come to golf.

Fine long iron play demands hitting the ball on the downswing—to get stop. Hitting it from inside the line—to get direction. And hitting it with force—to get distance.

The chief of these is direction. To gain it Smith hits the ball with the blade coming down and into the bal from inside the line it is to carry. To insure this in your own iron play try to get the idea in mind, as you start your downswing, that you are going to hit the ball with the heel of your club. That will hold it inside the line as you come into it. Tomorrow—Mehlhorn's follow through with the iron.

The commonest of all faults of the average golfer is slicing. Sol Metzger has analysed these faults and suggests ways of curing the habit in a fine illustrated leaflet. Send stamped, addressed envelope to Sol Metzger and request this leaflet on "Slicing."

DETROITERS BEAT STARS

(Continued from First Page)

comers in the fray and they all hit the ball hard.

Prudhomme, right-hander, started on the mound for the Tigers, but lost the plate in the fifth inning, and was removed in favor of Vangilder. Prudhomme was touched for three runs and four hits before he retired. Vangilder gave six runs and ten hits in the four and two-thirds innings he worked.

"Lefty" Johns, a former Detroit hurler, started on the mound for Manager Oscar Vitt's stars. He worked five innings and was touched for eleven hits and seven runs. Hensel Hulvey took up the duties next. He gave seven hits and five runs, five of the bingles in the eighth, and retired in favor of "Buzz" Wetzel, who fanned the only three men to face him.

The Tigers collected a total of eighteen base hits, five of them home runs, and one a double. Hollywood totaled fourteen hits, one a homer, one triple and five doubles.

Cleo Carlyle, left-fielder, led the Stars at bat, with three doubles and a single in five times at the plate. Bonowitz got two doubles and Heath a home run and triple in four times up.

Harris displayed a new first-baseman in Alexander, purchased from Toronto in the International League. The big fellow came through on display with one of the longest home runs obtained this season, when he hit one by the flagpole in center field, and over the screen. His first effort at the plate was a single. He failed to hit safely three times. At fielding, the big fellow was not fast and was charged with two errors.

The fray started out well, the close of the third inning finding the score 1 to 0 in favor of the Tigers, but then the fireworks began. With one out in the fourth, McManus, third-baseman, slapped one of John's offerings over the left-field screen for a home run. Roy Johnson, $75,000 outfielder from the San Francisco Seals, followed with a single and then Heinie Schuble, shortstop, obtained from the Texas League, cleared the paths with a home run to center field. Alexander's home run brought in three more runs in the fifth. A lone tally was made in the sixth on two singles and a sacrifice fly. That ended the trouble until the big eighth, when Stone and Healy hit successive home runs and three other safeties were chalked up along with an error by Maloney to total four runs.

Hollywood's big inning was the seventh, four runs crossing the plate. With two out Albert started off the parade on an infield hit, Bonowitz scored him with a double, Carlyle doubled to score Bonowitz, and then Heath cleared the paths with a home run to right center.

Fothergill injured an ankle slightly, when he ran into the screen in attempting to field the ball, and retired from the game in favor of Healy at this point.

Two more tallies were chalked up in the final half of the ninth in a later rally, but it was cut short when Wetzel hit a grounder right at Alexander and the ball struck the latter and dropped dead.

Schuble, purchased by the Tigers to replace Johnny Tavenor this season, looked to the good yesterday. He hit safely three times out of five and figured in three double plays along with Gehringer and Alexander.

The Stars' half of the fifth inning was one of the queerest of the afternoon, two runs crossing the plate without a hit being chalked up. Four bases on balls, a sacrifice fly and an error by Alexander, figured in the scoring Vangilder replaced Prudhomme at this point to retire the side without any more runs coming home. Score:

STASIAK, NICK DAVISCOURT FINISH TRAINING FOR BOUT AT OLYMPIC TOMORROW NIGHT

One of the biggest wrestling crowds to witness a match here this year is expected at the Olympic tomorrow night when Stanley Stasiak, the powerful 235-pound Polish giant, clashes with Dick Daviscourt for the right to meet "Dynamite Gus Sonnenberg, world's mat king, in a title bout here April 3.

STANLEY STASIAK.

Stasiak and Daviscourt will decide their differences in the best two out of three falls, no-time-limit feature event of "Carnation" Lou Daro's wrestling show, and plenty of roughing and hard, sensational wrestling are looked for while the two are in the ring.

Both mat gladiators will wind up their training work for this match today. Daviscourt is expected to complete his training with a light workout in the gym this morning, while Stasiak announced he would take a ten-mile hike and then play a little handball to keep his muscles loose.

John Spellman and Don De Laun, the latter a 24-year-old medical student from Long Beach, who is being hailed as a new mat star as the result of his showings during his work-outs here the last two weeks, will meet in the one-fall finish special event of this card. This bout is expected to be fast and sensational. If De Laun defeats Spellman in this bout he stands a very good chance to win his way into feature events here. Spellman has the same objective in mind.

Y. Fujita, the Japanese jiu-jitsu artist, will wrestle without jackets for the first time when he meets Alex Aberg in the one-fall finish opening event.

SEALS SELL SPRINZ TO INDIANAPOLIS CLUB

SAN FRANCISCO, March 18. (AP) Joe Sprinz, hold-out catcher of the San Francisco Seals, has been sold to Indianapolis of the American Association. Secretary George A. Putnam, making the announcement today, said the big receiver had been disposed of for $7500. He was purchased in 1927 from Des Moines of the Western League for $13,500. Sprinz was a big factor in the winning of the Coast League pennant last year by the Seals. He caught 158 games, forty more than any other backstop in the circuit.

SIMMS DEFEATS HERRING

MEMPHIS (Tenn.) March 18. (AP) Alex Simms, Cleveland, O., outfought Red Herring, Utica, N. Y., in the last two rounds of an eight-round match here tonight to win the referee's decision.

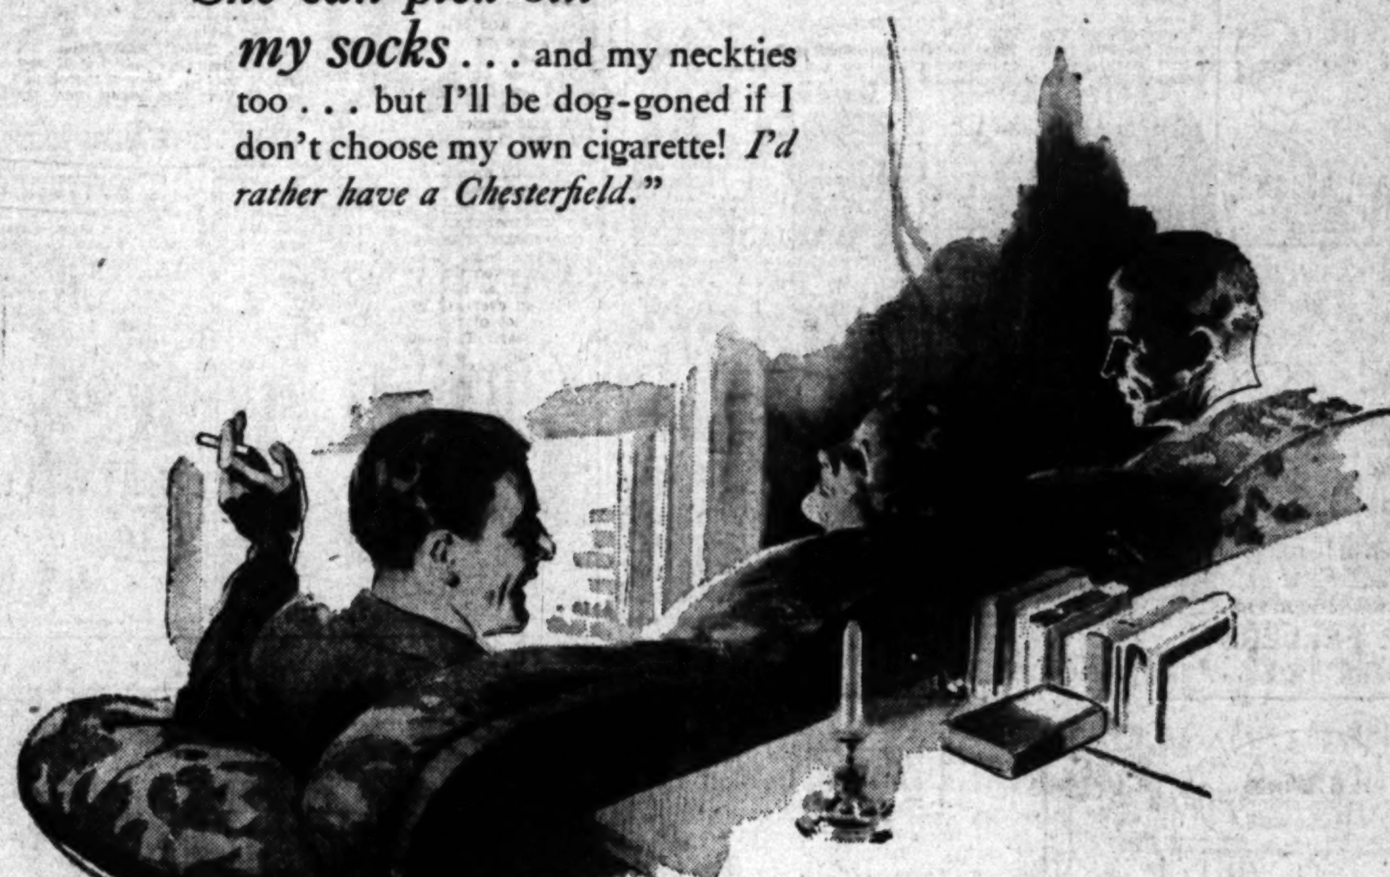
SHERIDAN GETS READY FOR FIGHT WITH ROCHE

Homer Sheridan, the crying middleweight, who has beaten every fighter he has met since coming to this Coast, is getting in shape to meet Joe Roche, the San Francisco Italian now in Fred (Windy) Windsor's stable. Sheridan is being groomed to fight Bert Colima.

Joe Roche is rated the best middleweight Sheridan has been asked to fight in this city. Just before Leo Lomski made New York his fight headquarters, he was beaten by Roche in San Francisco.

One of the best Mexican lightweights is in the semi-wind-up. Joe Guerrero and Joe Noto are the principals, and Guerrero should win if he is at his best. Guerrero has had trouble getting fights. There are few lightweights in the preliminary ranks who want anything to do with Guerrero.

Chet Gleason, former Los Angeles Athletic Club amateur, hasn't anything soft in Joe Pimenthal. Gleason is the better boxer, but Pimenthal is a socker and always dangerous.



"She can pick out my socks . . . and my neckties too . . . but I'll be dog-goned if I don't choose my own cigarette! I'd rather have a Chesterfield."

Hang it, *yes!* . . . Here's one cigarette that can *satisfy* without being harsh. It is mild, *genuinely mild*, but far from being insipid or tasteless.

Chesterfield

. . . mild enough *for anybody* and yet THEY SATISFY

PARRISH HAS JAIL REMEDY

Health Officer Urges Temporary Barracks Be Put Up Pending Erection of Building

Stating that the city health department's hands are tied in jail matters because where the courts send prisoners is where they have to go, City Health Officer Parrish reviewed the crowded housing of prisoners in Los Angeles since 1919 and made a number of recommendations to remedy the situation in an official report to the Board of Health Commissioners yesterday.

One recommendation is that the city immediately shall construct two buildings, of the old army barracks type, 40 feet wide and 120 feet long, on several acres adjoining Lincoln Heights Jail now covered with old automobiles.

PURPOSE REVEALED

The buildings will provide 300 beds and lounging quarters, according to Parrish. He declared that 700 now are prisoners in space intended for 250 and the two structures will relieve conditions and aid health of prisoners pending action toward construction of a new and commodious jail.

Another recommendation by Parrish is that there shall be a full time doctor on duty at Lincoln Heights and Central jails who can treat, isolate, segregate, diagnose and direct such preventive measures as may be necessary.

He also recommended that every effort be made to reduce the jail population by giving persons guilty of misdemeanors probation on their first offense and allowing others, jailed in lieu of payment of fines, to pay their fines in installments, as is being done in other cities, especially in case of residents.

APPROVAL EXPECTED

Parrish pointed to the numerous efforts made in the last ten years to relieve the crowded conditions of the City Jail and carry out sanitation work. He expressed the belief that the taxpayers willingly will vote a bond issue for a new jail if it is presented to them.

"When the new jail is built," Parrish recommended, "it should be more than a prison. It should be the home of an industry. The prisoners, who receive room and board from the city, should work eight hours a day to reimburse the taxpayers. A fine, large laundry should be installed which would take care of all the city and county laundry. This would save several thousands of dollars a month. Both men and women could be put to other useful occupations. It would teach some a new line of work and would prevent others from becoming repeaters. 'Sob stuff' is a fine thing but it destroys many a man who might otherwise be a useful citizen."

School to Honor Its Charter Day

The sixty-first anniversary of the signing of the charter which established the University of California will be observed by a program at U.C.L.A. next Saturday. On this date sixty-one years ago the Governor of California affixed his signature to the charter and it is annually observed by the institution as Charter Day.

Prof. Monroe E. Deutsch, dean of the college of letters and science at Berkeley, will come to Los Angeles to deliver the Charter Day address to the students of U.C.L.A. He formerly was dean of the summer session at the local institution. The program will be held in the morning in Millspaugh Auditorium.

JOINT TRIAL FOR KIRKSEY AND ROMERO

Two Policemen Accused in Assault Case Will Hear Date Set Tomorrow

Police Officers Kelly Kirksey and E. J. Romero, accused of assaulting Axel Hayrinen, cement contractor, at Central Police Station, were ordered yesterday by Municipal Judge McConnell to appear before Municipal Judge Bogue tomorrow to have a date set for their joint trial. Kirksey was to have been tried yesterday, but the delay was granted to allow the two officers to be tried together.

By agreement the case, which originally was filed by the District Attorney's office, was turned over yesterday to the City Prosecutor's office. Chief Trial Deputy Eberhard, who appeared before Judge McConnell yesterday, promptly demanded jury trial for both accused officers, which was granted by the court.

Hayrinen, who signed the complaint which technically charges "assault under color of authority," swore that the two officers arrested him without cause at Fifth and Crocker streets and took him to the police station, where the asserted assault took place.

Safety Report Before Council to Be Revamped

Action was postponed again by the City Council yesterday on an ordinance proposed by Councilman Hall which would make it mandatory upon builders to take precautions against allowing children to play in buildings in course of construction. It was the third time the matter has been before the Council.

The Council's Building and Safety Committee recommended that the City Attorney be instructed to prepare an ordinance along the lines suggested by Councilman Hall, with the exception that it be made to apply only to buildings more than one story high. Under it the builder would be required either to keep a watchman on the premises or to erect a fence to keep out children.

After Councilmen had expressed opposition on the grounds that the proposed ordinance would impose too great an expense on the builders of small two-story houses, Councilman Ingram of the committee said that he wished to rescind his approval of the report and was willing to have it withdrawn.

Councilman McAllister, chairman, opposed withdrawal of the report. The third member of the committee, Councilman Hughes, said he thought the subject should have further consideration in committee, so the report was withdrawn.

VISITORS FETED BY LOS ANGELES

Nipponese Party Given View of Southland Life

Rail and Hotel Men Hosts to Foreign Coworkers

Sight-seeing Program Fills Travelers' Stay Here

[Illustration on Picture Page]

Something of how Los Angeles lives, works, makes motion pictures and enjoys herself of an evening was gained yesterday by the party of Japanese railroad and hotel men who are visiting here as guests of the American-Pacific Coast Hotel Men.

After breakfast at some of the Los Angeles hotels the party, numbering a score or more, was taken for an automobile drive through the city, Hollywood, Beverly Hills and the Santa Monica Bay district.

VISIT STUDIO

At the conclusion of the drive the visitors were luncheon guests at the Metro-Goldwyn-Mayer studio, where they enjoyed an insight into the way the motion-picture colony works and plays. The luncheon table was set on one of the stages with a futuristic setting. Fred Niblo was master of ceremonies and among those at the table with the guests were Eleanor Boardman, Conrad Nagel, Anita Page, Mary Doran, Raquel Torres and Fay Webb.

During the luncheon there were entertainment features by the Brox sisters, Gus Edwards and Dave Snell. Broad grins spread over the faces of the visitors as the sisters moaned out their version of "Tokio Blues," a number that particularly pleased the visitors.

After the luncheon the party was taken for a tour of the studio, seeing the filming of a silent picture, with Norma Shearer and Lewis Stone. They were much intrigued on witnessing the shooting of a "talkie" with Ernest Torrence, Dorothy Sebastian and Rolland Young.

SPANISH DINNER

In the evening the visitors were guests of the Southern California Hotel Association at a Spanish dinner given at the Rancho Golf Club. The dinner and entertainment gave the Japanese a touch of the Spanish atmosphere for which Southern California is noted. There were songs and dances by members of the Mission Play cast from San Gabriel.

During the dinner one of the Japanese party demonstrated a similarity of Japanese and American hotel men by leading his fellow countrymen in a Nipponese version of a Rotary song with accompanying stunts. This was received with enthusiasm.

TRIBUTE PAID

A. Frank, representing the Ambassador, as toastmaster, paid a tribute to the hotels of Japan, saying that he had traveled in that country and that he never has seen better hotels anywhere than those in Japan. He added that he never has seen better transportation. In conclusion he said that when the rest of the world learns of the wonders to be found in Japan he is sure that travel will turn to the island empire.

H. Shozo Yanaguchi in reply said that he was overwhelmed by the tribute paid to his country's hotels. The hotels of Japan are only beginning, he said. He emphasized that the hotels of America and Japan each have their own fine features and that the Japanese hotels are to maintain their individuality.

One of the big events of their stay in Southern California will come today when the guests board two Maddux airliners at 8 a.m. to be flown to the Grand Canyon. They will arrive at the canyon at 1 p.m. and will be guests of the Santa Fe Railway. Following luncheon at El Tovar Hotel they will spend the afternoon sightseeing in the canyon. The party will return from the canyon by airplane tomorrow, going to San Diego.

INTO ORANGE EMPIRE

Their stay there will be featured by bus rides around the city and a trip into Mexico. They will return to Los Angeles by way of Riverside and the "Orange Empire," stopping at Riverside, where on Thursday evening there will be a Japanese presentation ceremony honoring Frank Miller of the Mission Inn.

The party will arrive in Los Angeles Friday night for dinner at the Ambassador. Saturday will see a tour of Los Angeles industrial district, a visit to the Huntington Art Gallery and an official dinner at the Biltmore. Sunday the party will drive up Mt. Wilson, dine at Hotel Huntington in Pasadena, return to Los Angeles and leave at 6 p.m. on the Southern Pacific for Yosemite.

DEBATERS SELECTED FOR MIDWEST TOUR

SOUTHWESTERN UNIVERSITY PICKS TWO CHAMPIONS OF LAST YEAR

Frank Colston and Al Epstein, members of the Southwestern University debating team, Southern California 1928 champions, were selected yesterday afternoon by William S. Barker, debate coach, to represent the university on its road trip of three weeks through the Middle West, beginning at the University of Arizona the 29th inst. and closing at the University of Utah April 20. The subject which will be debated in each instance is: "Resolved, that a substitute for trial by jury shall be adopted."

While Colston and Epstein are debating the outstanding universities of the Middle West other members of the Southwestern debating team are scheduled to meet the following schools in Los Angeles: Brigham Young University of Salt Lake, Lawrence College of Wisconsin, Hastings College of Nebraska, California Christian College, University of Oregon, University of Utah and Pasadena College. Southwestern will also meet California Christian College and Pasadena College in return debates during the same period.

Boy Survives Cliff Tumble of 2000 Feet

Suffering from shock, bruises and a cut on his left leg, Paul Revert, 14 years of age, son of Mrs. Paul Revert, 5237 Ellenwood Drive, yesterday was at home convalescing from his experience of the previous day when he fell, rolled and slid approximately 2000 feet down the precipitous side of Lytle Creek Canyon near the summit of Mt. Baldy.

In company with five other youths, young Revert was hiking up Mt. Baldy last Sunday morning when he lost his footing and plunged off the trail and down the snow-covered incline of the canyon. It required an hour for four of his companions to descend into the canyon upon what they expected would be a tragic journey. When they found Revert he had crawled about one-eighth of the distance back up the canyon. He collapsed and was carried to Glenn Ranch, two miles distant, on the back on Norman Clyde, who had heard the boys' cries for help.

The injured boy later was taken to Rialto, where seven stitches were taken to close a cut in his leg, and thence home. Revert attends high school in Eagle Rock. His companions on the trip were Jack Fraileigh, Bud Griffin, Donald Ede, Fabin Richart and Max Carley.

Jersey Visitor Will Be Feted

Representative Eaton of New Jersey, affiliated with the National Lamp Works of the General Electric Company, will be a guest of executives of the company at a noon luncheon at the Jonathan Club today.

REPRESENTATIVE C. A. EATON

Mr. Eaton is well known in the East as editor of the publication Light, a trade magazine of the National Lamp Works. He plans to remain in Los Angeles a short time on an inspection tour. He is regarded as an expert on lighting problems.

KANSAS GROUP TO PICNIC

Former residents of Pittsburgh, Kan., were invited yesterday by G. P. Cummings, acting secretary, to attend the semiannual picnic of the Pittsburgh Society at Sycamore Grove the 31st inst.

TIME SHIFT OPPOSED BY FILM GROUP

Daylight Saving Bill's Defeat Urged in Wire to State Senators

Pleading that the adoption of a "daylight saving" bill in California will "seriously affect the employment of thousands in the industry," a group of prominent film players and producers yesterday dispatched wires to Sacramento opposing the measure. The wires were dispatched to State Senators Rochester, Lyon, Carter, Swing, McKinley, Mueller and Weller, urging them to vote against the bill. A public hearing was conducted at the State Capitol last night.

The following wire was sent to these Senators, who make up the Judiciary committee:

"We understand a public hearing on daylight saving bill being held at State Capitol by judiciary committee. We ask you consider the ill effect of such a law if passed. It will affect seriously employment of thousands in the industry. Theater losses of revenue will mean curtailment of production at studios with a resultant decrease of employees in every branch at all studios. Those affected most seriously will be people of small earning capacity. California today is prosperous and happy and unemployment at minimum. Why disturb this splendid situation."

The message was signed by Mary Pickford, Douglas Fairbanks, Charles Chaplin, Norma Talmadge, Lupe Velez, Gloria Swanson, Edwin Carewe, Camilla Horn, Dolores Del Rio, Vilma Banky, Ronald Colman, Lillian Gish, Louis Wolheim, Henry King, Roland West, Ernst Lubitsch, George Fitzmaurice, Sam Taylor, Alfred Santell, D. W. Griffith, Herbert Brenon and Lewis Milestone, comprising the United Artists directorial staff and stars.

Executives at the United Artists studio also dispatched a protest.

JOHN FITZGERALD SOUGHT

John Fitzgerald, last heard of forty years ago by his relatives in County Limerick, Ireland, is being sought by his youngest sister, Mrs. Mary Taylor, now living in Los Angeles. Fitzgerald, who is 69 years of age, lived in Arkansas and at one time worked as a laborer in Silver City, N. M., according to his sister. Mrs. Taylor's address is care of the Y.W.C.A., 941 South Figueroa street.

The shelves of the linen closet should be cleaned and wiped with turpentine occasionally.

PLASTIC
WATERPROOF
PORTLAND CEMENT
MONOLITH

For Plaster Walls that are WATERPROOF · STRONGER · MORE ECONOMICAL...

use **MONOLITH**

The convincing evidence of practical use on thousands of buildings has demonstrated the economy and durability of Monolith Waterproof Portland Cement for exterior plaster or stucco work.

No moisture from the air or the ground can penetrate a wall made with this Cement because it is rendered waterproof in the manufacturing process. Due to its plasticity or workability, plaster made with it can be applied in 15 to 25% less time than plaster made of ordinary cement. This saving in labor PLUS a saving in the relative amount of cement to sand required, enables you to get a stronger WATERPROOF job at the same *or less* cost than regular cement.

Monolith walls not only keep water *out* but are highly resistant to acids, alkalis and other corrosive liquids. It gives greater strength and durability, which makes its use doubly economical.

Ask your architect or building contractor about Monolith Plastic Waterproof Portland Cement. Write for folder "Monolith Plastic Waterproof Portland Cement . . . for stronger stucco plaster that is absolutely waterproof."

SOCIETY

BY JUANA NEAL LEVY

Although her wedding Saturday morning will be a quiet one, taking place in the gardens of the home of her parents, Mr. and Mrs. William T. Wilson, this week and last have been filled with delightful affairs for Miss Aileen Wilson, who is to become the bride of Alvan Van Loan Gaines.

Miss Margaret Eichelberger, daughter of Mr. and Mrs. Harry Martin Eichelberger of Muirfield Road, entertained last evening in her honor with a dinner-dance in the Biltmore to which twenty-two guests were bidden. White roses, sweet peas and cyclamen decorated the table, and dainty place cards, upon which were painted tiny brides, marked covers for Mr. and Mrs. Charles Madary (Betty Lacy,) Miss Wilson, Miss Dorothy Llewellyn, Miss Virginia Llewellyn, Miss Maude Ryan, Miss Harriet Huntington, Miss Emilie Childs, Miss Barbara Magenheimer, Miss Eleanor Stimson and Miss Caroline Wedderburn, Mr. Gaines, John Hamner, Sumner Brown, Ozro Childs, John Francis, Edward Francis, Tom Trainor, Russell Coleman, Orville Sawyer and Frederick Ripley.

Miss Magenheimer was a hostess of Saturday complimenting Miss Wilson with a luncheon at the Ambassador, and the Misses Llewellyn were also recent hostesses, entertaining for the bride-to-be with a dinner-dance at the Los Angeles Country Club.

The marriage of Miss Wilson to Mr. Gaines is to be an event of Saturday morning at 9 a.m. at the Wilson home on Fremont Place, with Rev. Stewart MacLennan officiating. There will be no attendants and after the wedding breakfast the bridal couple will sail at noon for a wedding trip to Honolulu, at the conclusion of which they will motor through Yellowstone Park and tour the Eastern United States.

Miss Wilson's wedding ensemble is a prettily modeled costume of gray, to be worn with an orchid hat and corsage of orchids and lilies of the valley.

Luncheon Hostess

Mrs. Herman H. Hettler of Chicago entertained thirty-five friends at luncheon Friday in the Hotel Huntington, the Crystal Room for the occasion being transformed into a beautiful salon with oriental rugs and lovely floral decorations. At one end of the room a long serving table, covered with chiffon and ornamented with long sprays of vines, bore two immense placques of fruit between which was a centerpiece of jonquils, yellow roses and fleur de lis. The guests were seated at round tables, each having a similar centerpiece with the fleur de lis predominant. Among the guests Chicago was well represented.

Invitations Issued

To honor Mrs. Clarence B. Conlin, Mrs. William Doehrman and Miss Luella Doehrman, Mrs. John J. Cavalier has issued invitations for a luncheon and bridge party to be given at 1 p.m. Tuesday, April 2nd, at the Beverly-Wilshire.

Europe Via Canal

Mrs. David C. Barber of 683 South Harvard Boulevard sailed last week for Europe, via the Panama Canal. She will return to Los Angeles in the autumn.

Englishwoman Feted

As a courtesy to her friend, Lady Henry Sharpe, who makes her home at 199 Ashley Gardens, S. W. 1, London, Eng., Mme. Marion Gordon of 1455 Laurel avenue, Hollywood, entertained with a dinner party. The guests were later entertained by a musical program given by Mrs. E. S. D. Copeland, a friend of Lady Sharpe, from New York City.

While in California the Englishwoman will occupy her villa on the slopes of the Arrowhead Mountains.

Return From Trip

Mr. and Mrs. Morris Loewen of the Wilshire Apartments have returned from a nine months' trip, during which they visited Germany, France, Italy, Egypt, Palestine, Turkey and Greece.

For Conductor

Mr. and Mrs. Charles Henry Thompson are entertaining with a dinner party this evening in their beautiful home on Sunset Boulevard in honor of Dr. Artur Rodzinski, who is here from Philadelphia to conduct some of the Philharmonic Orchestra concerts. Later they will take their guests to the El Capitan Theater.

Mrs. Thompson is one of the committee of three of the Euterpe Opera Reading Club sponsoring this evening at the El Capitan. Other guests are Mr. and Mrs. Harry H. Culver, Mrs. George Leslie Smith, Mr. and Mrs. Charles S. Crail, Mr. and Mrs. Benjamin F. Bledsoe, Mr. and Mrs. Carl Blissett Fix, Mr. and Mrs. William Thorner, Mr. and Mrs. Willits J. Hole, Mr. and Mrs. Samuel K. Rindge, Mr. and Mrs. Howard Eugene Verbeck, Mrs. Charlotte Cameron, Mr. and Mrs. Chester Wallace Brown and Mr. and Mrs. George O. Schoolcraft.

HOSTESS WILL HONOR BRIDE

Reception and Tea Planned for Today

[Ray Huff studios]

Mrs. Georgia Toolen

ONE of the lovely affairs of the day will be the reception and tea with which Mrs. George Toolen is entertaining this afternoon at the home of her parents, Mr. and Mrs. G. M. Bennethum in Hollywood, the affair honoring Mrs. Charles John Siems (Alice Campbell,) who has just returned from her wedding trip to Honolulu, and Mrs. Frank Johnson, who recently returned from Mexico City.

Assisting at the tea tables will be Mrs. Bennethum, Mrs. Alfred Wilson, Mrs. James Campbell, Mrs. Alfred Wesson, Mrs. Elizabeth McClusky, Mrs. Ellis Eagan, Mrs. Carroll Pierce, Mrs. Lombard Smith, Miss Grace Althoff, Miss Alice Strodthoff, Miss Elizabeth Wheat, Miss Sara Bennethum, Miss Lillian Duncan and Miss Mary Boseley.

The house will be beautifully decorated with a profusion of Easter blossoms, with yellow and purple predominating, the table being centered with the yellow and purple flowers and ferns, while candles in yellow and purple tied with tulle will carry out the same color motif.

MISSOURIANS TO FROLIC

Pupils of the Winifred Pollard School of Dancing and Expression will appear on the program at the frolic of Missourians this evening at Moose Hall, 1024 South Grand avenue. Prizes will be awarded the latest arrival from Missouri and the oldest native-born Missourian present. After the program plans will be discussed for the annual spring picnic at Sycamore Grove next Sunday.

GUIDING YOUR CHILD

THE BRILLIANT CHILD

By Mrs. Agnes Lyne

The brilliance of the brilliant child is such a source of pride that his parents are in danger of getting their heads turned and losing their sense of proper values. Such a child is likely to be pushed ahead at school by teachers who delight in a pupil who does them such credit, or by parents whose personal vanity is fed by his achievements. He is encouraged to concentrate along the lines of purely intellectual development.

The scope of his particular aptitudes is allowed to limit the field of his attainments. It becomes almost a matter of pride with his family, a sign, as it were, of his kinship with genius that he is erratic, absent minded, unpredictable, scornful of the companionship and activities proper to his age.

This immunity from ordinary virtues and ordinary contacts has without doubt contributed to the one-sided development of the gifted men and women one meets who, in all but the line of their distinction, are inadequate for life and unhappy in its demands upon them. Their personal affairs are chaotic and the fruition of their gifts is checked by upsurgings of childish, undisciplined emotions.

An adjustment to common life situations is required of every one and it is unfair to the brilliant child to deprive him of this aspect of his essential education.

At school he should not be pushed ahead at the expense of his social life. His curriculum should be enriched rather than advanced. His intelligence will find plenty to feed on in the extra reading he will do and in the special interests he will develop for himself.

His gifts should never be permitted to become an alibi for inconsiderateness, irresponsibility and lack of co-operation in the communal tasks of family life.

Judge Flies to Council Meet

Legislative matters affecting the courts and judiciary of California will be considered by the Judicial Council at a meeting at Sacramento tomorrow, it is announced by Judge Hollzer, secretary of the council.

Although the more prosaic railroad method of transportation will be employed by local members of the council in journeying to the conference, Judge Snyder will fly to the meeting. Engagements which make it impossible for him to leave with the others by train make the flight necessary, it is explained.

HEALTH and DIET ADVICE

by Dr Frank McCoy
author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

WOOD-ALCOHOL BLINDNESS

Poisoning from wood-alcohol is one of the most vicious afflictions that the American people are now experiencing. Owing to its cheapness, wood-alcohol has come into extensive use, replacing ethyl-alcohol. Since the adoption of the national prohibition amendment in the United States, there has been a marked increase in the number of cases of blindness from this agent. Unscrupulous persons go about the country, selling poisonous liquors in containers bearing counterfeit labels and revenue stamps.

When taken by the mouth, or absorbed through the skin, or when inhaled, wood-alcohol often causes rapid, severe and permanent damage to the vision. The menace of wood-alcohol poisoning has been increased by three fateful factors, namely—its refinement from a nauseous, vile smelling compound, to one which is as clear and palatable as ethyl-alcohol; secondly, its cheapness, which resulted from increased output and improved methods of manufacture; thirdly, its unusual solvent power, which has greatly encouraged its use in the arts.

Methyl (wood-alcohol) impurities have been found in bay rum, lilac and violet waters, different hair tonics, witch hazel, paregoric, Jamaica ginger, and liniments for veterinary purposes. The so-called "antifreeze" mixtures, which have been sold so freely for use in engines of automobiles, are almost wholly composed of wood-alcohol. Often these mixtures have been stolen by employees and sold to unwary victims.

The poison is manufactured in enormous quantities, and constitutes a menace to the eyes and lives of the community.

In the great majority of cases of wood-alcohol poisoning, the agent has been taken by the mouth. When ingested, it acts quickly. A single teaspoonful of pure wood-alcohol can cause blindness, an ounce can cause death. Also inhalation of the fumes can cause blindness.

The poisonous action of methyl alcohol is manifested by headache, nausea, vomiting, dizziness, a cold leaky skin, a slow and weak pulse, weakness of muscles, delirium, stupor and death.

The eye symptoms include loss of vision, which may be sudden and complete, widely dilated pupils, pain in the eyeball, and occasionally paralysis of one or more eye muscles which results in the person seeing double.

Early and persistent vomiting favors the preservation of life and partial recovery of vision. Likewise, prompt treatment may prevent blindness.

In acute wood-alcohol poisoning, the outcome is always grave. Of the few who do not die, many remain blind for life.

QUESTIONS AND ANSWERS

Locomotor Ataxia

Question: H. G. F. asks: "Is there any chance for a person with locomotor ataxia to be cured with diet?"

Answer: A great deal of good can be accomplished in the cure of locomotor ataxia through fasting and dieting. Various physiotherapy treatments are also helpful, including the re-education of the muscles through the use of what is known as the Frenkel movement cure.

Spanish Bayonet

Q.: Mrs. K. J. asks: "Has the Spanish bayonet so frequently found in our Western States any food value?"

A.: The Indians frequently used the Spanish bayonet or yucca for food. The immature flower stalk when baked and dried has a sweetish pleasing flavor. The seed pods while green may also be cooked similar to apple recipes.

Alkalies and Gas

Q.: H. H. G. asks: "What is the advantage of milk of magnesia over dry magnesia. And what is the advantage of magnesia over soda to relieve gas?"

A.: The hydrochloric acid of the stomach is counteracted by the use of alkalies. If this treatment seems advisable, either soda, dry magnesia or milk of magnesia would accomplish this purpose. The preference of one alkali over the other would depend upon the individual case and had best be determined by your consulting physician.

Lining of Eggshell

Q.: Miss I. W. writes: "I have a craving for the inside of the eggshell. Some people say it is harmful to eat, but I don't seem to suffer any ill effects. So what would make me crave it and is it harmful?"

A.: There is nothing in any way harmful about eating the skin which lines an eggshell, but it occurs to me that you had better consult a psychologist.

[Copyright, 1929, by Bell Syndicate, Inc.]

MORE STORAGE SPACE

Hanging shelves make extra storage space in a crowded cellar and prove splendid places to store preserves and jellies, out of the reach of any cellar pests or rodents.

WORN OUT

If your flat irons are old and are roughened on the base, it is time to get new ones. These slight irregularities will catch on silk and fine materials and cause real damage.

Why Fat Had to Go

PARIS
FASHIONS

Fashion Forbade It

A few years ago, Paris forbade fat. All her styles were created for the slender. Then there came a tide of disapproval for obesity, both in men and women. Youth and beauty, health and vigor demanded its reduction.

Then science came in. It found that a great cause of excess fat lay in a defective gland. By thousands of experiments on animals it found that excess fat could be banished by correcting this deficiency.

That is one great reason why excess fat has been disappearing fast. You see that in every circle. Slender figures are the rule. Mothers look like daughters. Not by starving, not by over-work, but by scientific measures.

The greatest factors in this fight on fat are embodied in Marmola prescription tablets. People have used them for over 20 years—millions of boxes of them. Users have told others the results. Thus, year by year, the use has grown until it is now enormous.

Try this modern method. No abnormal exercise or diet is required. Correct the cause. Watch the fat go, day by day. Watch the new health and new vigor. Do it because this is the right way and the tried way to end obesity. Don't delay. Many new joys are waiting for you when you get weight down to normal.

Marmola prescription tablets are sold by all druggists at $1 per box. If your druggist is out, he will get them at once from his jobber.

Prescription Tablets
The Pleasant Way to Reduce

Among women in business—
an old hygienic problem
solved a new way

Assurance, comfort, poise, fine grooming are made possible for the business woman, at all times . . . because of this new kind of sanitary protection.

SOME women actually feel that a business career would not have been possible without the remarkable discovery named Kotex. This scientific sanitary protection makes possible for women a freedom, an active life never before possible.

In these ways, Kotex answers a vital need: the marvelous filler, Cellucotton absorbent wadding, takes up 16 times its own weight in moisture. Ease of disposability means much, not only in emergency situations but at all times. Kotex is disposed of like tissue . . . as directions in each box explain. And there are certain new perfections which distinguish this as the superior sanitary napkin.

Kotex deodorizes safely, instantly

A process has been discovered whereby each pad deodorizes completely and safely. This formula is considered so important that it has been patented by the Kotex Company. It is, of course, to be found in no other sanitary pad.

No evidence of sanitary protection

Because corners of the pad are rounded and tapered all conspicuous bulkiness has been eliminated. Snug, secure fit is assured.

Cellucotton absorbent wadding comes in layers, which can be adjusted to one's individual need. That is a unique advantage which women always find comforting. Then, too, there is an easy softness about both gauze and filler. Manufacturing refinements keep adding to your comfort.

Winter Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Don't worry another minute about your ugly looking freckles—throw away your "cover ups" and plasters—forget your heart-breaking experiences and failures with clays, new skins and powders. If you will simply get from any drug or department store a jar of Othine double strength and apply it night and morning your troubles and worries will disappear along with the unsightly blemishes.

Watch the lighter freckles vanish almost immediately and see how quickly the darker ones begin to disappear under the influence of this magic-like cream. One ounce of this harmless and delightful beautifier is all that is usually needed to completely banish these homely spots and the clear, clean, lovely complexion which results from its use will delight and astonish you.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will … and demonstration of good cookery in the lecture … Building, 130 South Broadway.

[illegible] RIBS OF BEEF

[illegible] four and [illegible] of short ribs of [illegible] for serving, wash [illegible] add one clove [illegible] green pepper, [illegible] of water, cover [illegible] and simmer [illegible] the seasonings, [illegible] of salt, turn [illegible] to simmer until [illegible] the beef, place [illegible] parboiled sweet [illegible] place around [illegible] the oven, and [illegible] brown. Remove [illegible] liquid, add two [illegible] mix smooth [illegible] of milk, [illegible] minutes. Add [illegible] of grated horse-radish [illegible] of lemon [illegible] over the browned [illegible]

[illegible] OYSTER SOUP

[illegible] four oyster [illegible] cold water, add [illegible] of chopped [illegible] until the [illegible] tender. Press [illegible] in a saucepan [illegible] of scalded [illegible] of butter, [illegible] salt and pepper.

[illegible] WAFFLES

[illegible] three-quarters cup-[illegible] with two table-[illegible] one-quarter of a [illegible] and four tea-[illegible] powder, thor-[illegible] three-quarters [illegible] rice, add [illegible] of milk, [illegible] of one egg, [illegible] of melted but-[illegible] minutes, fold in [illegible] white of the egg. [illegible] well-grated waffle [illegible]

[illegible] SALAD

[illegible] match-[illegible] of crisp, [illegible] a bowl, mix [illegible] shred-[illegible] chopped green [illegible] pimientoes [illegible] add one-half a [illegible] to which has been added one-half a cupful of thick cream. Serve on hearts of lettuce.

JELLIED PRUNE WHIP

Remove the seeds from one and one-half cupfuls of stewed prunes, place in a saucepan, add three-quarters of a cupful of sugar, and cook very slowly, stirring constantly until the mixture is thick and smooth, soak one and one-half tablespoonfuls of gelatine in one-fourth of a cupful of cold water, add three-quarters of a cupful of boiling water, and stir until the gelatine is dissolved, add to the prunes, mix well, and when it starts to stiffen, beat in the stiffly beaten whites of four eggs, and one teaspoonful of lemon extract. Place in serving glasses, set in the ice box, serve with a lemon custard sauce.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Tuesday.—[All rights to reproduce reserved by A. L. Wyman.]

CHRISTIAN SPECHT'S FUNERAL THURSDAY

Funeral services will be conducted Thursday at 2 p.m. in the Church of the Flowers, Forest Lawn Cemetery, Glendale, for Christian Specht, industrial leader and bank director, who died in Sierra Madre last Saturday. Funeral arrangements are under the supervision of the widow and Mrs. Mary E. Lichtenberger, 141 West Thirty-second street, an only daughter.

ADVERTISERS TO HAVE OLD-TIMERS' PARADE

The Advertising Club of Los Angeles today will celebrate Old Timers' day with a parade which will end at noon at the Biltmore. Horseless carriages, high bicycles and stilts are expected to be in evidence. The name of the speaker of the day and the events of the program are mysteries. The Gold Room has been taken for the occasion.

YOUR BABY AND MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb-suckling, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

PROPER WAY TO PUT BABY TO BED

Mrs. B. P. writes: "Which do you think is the proper way to put baby to bed? Just to put him in bed and let him fuss, or if he does not sleep to pick him up again, or stand by his crib, or sing him to sleep? My baby is 15 months of age and does not sleep well at night and makes a terrible fuss going to bed. He sleeps fine in the daytime."

ANSWER

The first way is right, providing you know that the baby is comfortably well fed, not overfed, the room is cool, the covers light and warm. Then go out and shut the door and let baby fuss until he goes to sleep.

One of the hardest problems young parents have to face is knowing what to do when a baby cries. They feel that they must do something, and usually that something takes the form of entertainment. Soon, no matter what the origin of the crying, the baby begins to demand the entertainment and fails to learn the most important lesson that going to bed is a five or six times-a-day duty in early infancy, and at least a three times-a-day duty up to 5 years, and that it should be accompanied by quiet and solitude. Putting baby down from his first day in his own little basket and putting him in a dark, quiet room, is the only method by which these habits can become solidified.

Suppose he does fuss for a few nights? Suppose he just howls at first? If the parents are certain he is comfortable (and a good healthy yell doesn't betoken discomfort,) then let him fuss and howl for a time, while the timid parents go out of the room and stand by the door holding hands tightly for moral support.

No one wants to harm the baby. But babies don't need entertainment. They absolutely do not need rocking (though lots of mothers get so much pleasure out of singing and rocking a baby to sleep that they are quite willing to swear that they do,) and sleep should be accompanied by absolute quiet and a chance to go to sleep.

As the child grows older, even if he has good sleeping habits, he will have a growing tendency to prolong the good-nights by thinking up new excuses for mother staying in the room. "I want another drink" or "I have to go to the toilet" are threadbare excuses that survive in most households. The mother must make it clear that this is the last drink and the child won't be taken up again. Finding mother refusing calmly to listen to all these subterfuges, the child gives up and goes to sleep. Parents have some rights and one of them, it seems to me, is to have an evening in peace and not spent entertaining a small tyrant who should be asleep, and would be if he found that his howling ended with the same solitude with which it began.

HOUSEHOLD SUGGESTIONS

Cold Weather

Freezing is one of the best methods of bleaching linen in the winter time. Put the yellowed handkerchiefs and napkins out very wet and let them freeze stiff. They will come in beautifully white and smell fresh and sweet.

Very Pleasing

One housewife has a small cushion of pine needles and if she suspects the house smells of cooking she places the pine cushion on a heated radiator in the living-room. Very soon a faint woodsy fragrance replaces the smell of cooking.

A Sample for Traveling

When given a sample of talcum powder, tooth paste, etc., tuck it away in your overnight bag. Then the next time you are going to be away for a short time you are all supplied without having to carry along the large package you use at home.

Easily Found

We may have occasion to call someone on the telephone once in a while but not often enough to list them in our telephone directory book. Draw an ink line under that name in the big telephone book and when you do want it it will be found easily.

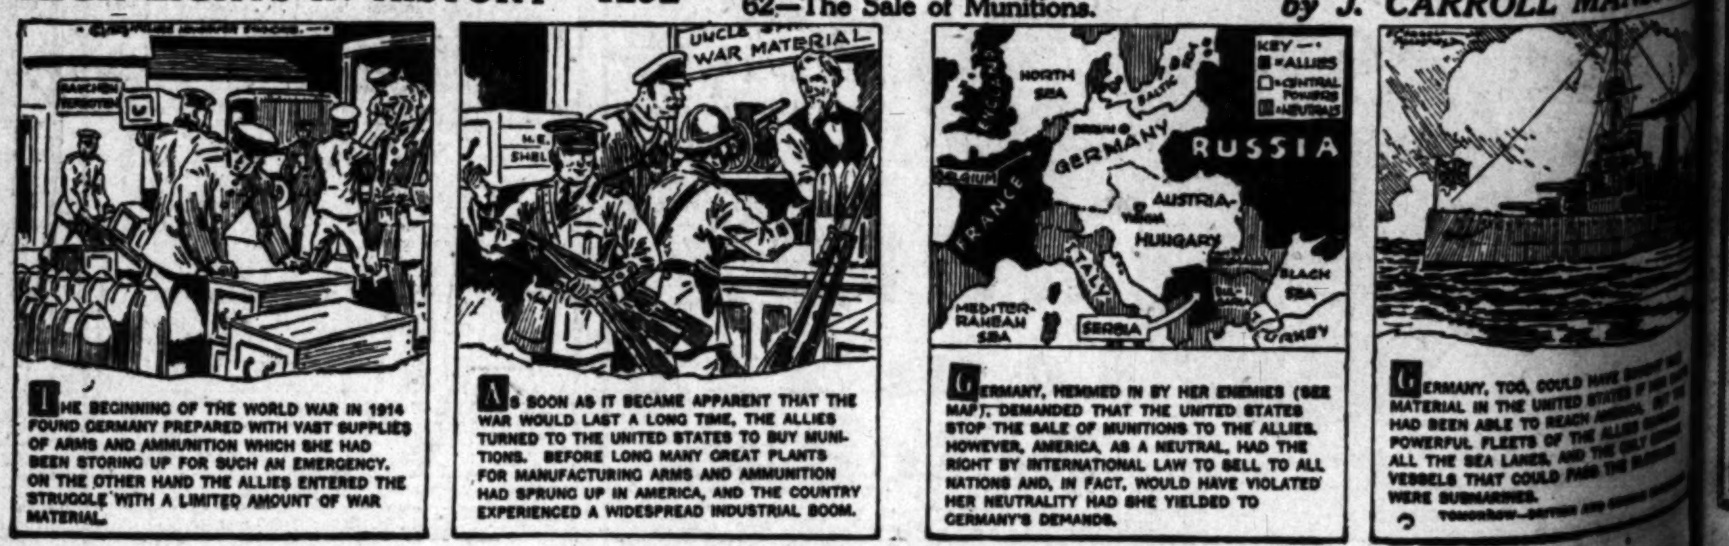
HIGH LIGHTS IN HISTORY 1292

The Story of the World War
62—The Sale of Munitions.

by J. CARROLL MANSFIE



THE BEGINNING OF THE WORLD WAR IN 1914 FOUND GERMANY PREPARED WITH VAST SUPPLIES OF ARMS AND AMMUNITION WHICH SHE HAD BEEN STORING UP FOR SUCH AN EMERGENCY. ON THE OTHER HAND THE ALLIES ENTERED THE STRUGGLE WITH A LIMITED AMOUNT OF WAR MATERIAL.

AS SOON AS IT BECAME APPARENT THAT THE WAR WOULD LAST A LONG TIME, THE ALLIES TURNED TO THE UNITED STATES TO BUY MUNITIONS. BEFORE LONG MANY GREAT PLANTS FOR MANUFACTURING ARMS AND AMMUNITION HAD SPRUNG UP IN AMERICA, AND THE COUNTRY EXPERIENCED A WIDESPREAD INDUSTRIAL BOOM.

GERMANY, HEMMED IN BY HER ENEMIES (SEE MAP), DEMANDED THAT THE UNITED STATES STOP THE SALE OF MUNITIONS TO THE ALLIES. HOWEVER, AMERICA, AS A NEUTRAL, HAD THE RIGHT BY INTERNATIONAL LAW TO SELL TO ALL NATIONS AND, IN FACT, WOULD HAVE VIOLATED HER NEUTRALITY HAD SHE YIELDED TO GERMANY'S DEMANDS.

GERMANY, TOO, COULD HAVE [illegible] MATERIAL IN THE UNITED STATES [illegible] HAD BEEN ABLE TO REACH AMERICA, [illegible] POWERFUL FLEETS OF THE ALLIES [illegible] ALL THE SEA LANES, AND THE ONLY [illegible] VESSELS THAT COULD PASS THE [illegible] WERE SUBMARINES.

GAS FRANCHISE BATTLE LOOMS

Councilman Hall Asks Suit Against Company

Test Brings Up Question of Collecting Taxes

Municipal "Big Stick" Seen as Possible Sequel

With the announced purpose of laying the foundation for a suit to determine the right of the Southern California Gas Company to operate its mains and pipes in the streets of the city without a franchise, Councilman Hall introduced a resolution in the City Council yesterday asking that the Board of Public Utilities be instructed to furnish information to be used by the Council in determining the advisability of recommending whether such a suit should be brought.

After he had introduced his resolution, Councilman Hall reminded his colleagues that a suit similar to the one planned against the Southern California Gas Company now is pending against the Los Angeles Gas and Electric Corporation.

GOOD TIME TO ACT

He added that this is a good time for the Council and the public at large to begin consideration of the city's best course of action if the suit against the Los Angeles Gas and Electric Corporation is decided in favor of the city.

The obvious step of the city will be to issue the necessary franchises and collect the taxes due under them. Councilman Hall pointed out, however, that the electrical distribution facilities of this company compete with and in many cases parallel those of the city's own Bureau of Power and Light. The competition between the two systems, he said, necessitates the employment by the city of a sales force costing the city $300,000.

WHAT IT MEANS

Since a franchise tax, based on the company's present estimated revenue, would be about $100,000 a year, the question to be decided, in the event of the city's winning the suit, he said, is whether it would be good business for the city to grant a franchise to a competitor from which the revenue is only one-third of the cost imposed on the city by the existence of competition which necessitates the employment of a sales force.

At the end of the session, Councilman Hall was asked whether his question means that he is in favor of the city's using a victory in the pending suit as a club to force the Los Angeles Gas and Electric Corporation to sell is electrical distribution facilities to the city. He said he does not intend to make such an implication but merely thinks it is time for the Council and the public to consider what the city should do in case of victory.

EXECUTION DEBATED IN CITY CLUB

Arguments Presented for and Against Abolition of Capital Punishment

Arguments for and against bills now before the Legislature, proposing abolition of capital punishment, were presented at the City Club yesterday by Saul S. Klein and Paul Brown.

Declaring that the death penalty is not and never has been a deterrent of murder or any other crime, Mr. Klein said that in England the abolition of capital punishment for shoplifting resulted in the decrease in crimes for which the extreme penalty was exacted.

"There are eight States in the Union and twenty-three countries which have abolished capital punishment," said the speaker. "Statistics show a lower murder rate in those States in which legal executions are not permitted. Maine, which abolished capital punishment forty years ago, has the lowest homicide rate of any State in the nation. Thirty-three wardens and heads of reform schools in twenty-three States are opposed to this barbarous form of punishment."

Opposing the sentiments of Mr. Klein, Paul Brown voiced his regret that capital punishment never has had a fair trial in America. Mr. Brown said the difference between the murder rate in England, about 100 annually, to 40,000,000 population, and that of the United States, about 12,000 annually to 100,000,000 population, is due largely to the fact that in England punishment swiftly follows crime, whereas in America murderers escape execution through legal technicalities.

Bishop Asserts Church Ranks in "Big Business"

"The church is the one organization that is 100 per cent altruistic in its motive," declared Dr. Walter T. Sumner, bishop of Oregon, in the first of a series of noon Lenten addresses yesterday at St. Paul's Cathedral.

Discussing "Religion and Business," Bishop Sumner said the church, which owns $3,000,000,000 worth of property in the United States, employs 200,000 clergymen and 300,000 other paid workers, is one of the oldest and largest business enterprises in America.

"The church is a business in which the lay members all are shareholders and if it fails to make good in a community, by making the community better, it is largely the fault of the laity," said Bishop Sumner.

Bishop Sumner will preach at the cathedral at noon every day this week, except Saturday.

ASSESSMENT CONFIRMED

Appeals against confirmation of assessments for the improvement of Meyler street between Seventeenth and Thirty-seventh streets were denied by the City Council yesterday and the assessments officially confirmed.

ACTRESS LET OFF WITH SMALL FINE

Gloria Grey

Gloria Grey, film actress, paid only $5 for the privilege of talking to Traffic Judge Swain yesterday. The low fine was imposed by the court when she appeared before a warrant, issued last week when she failed to answer traffic violation charges, was served.

The actress pleaded guilty to a charge of parking overtime in the downtown traffic district, but explained to Judge Swain that she has a driver's license, although she did not have it with her at the time. When she produced the license the charge growing out of her failure to display it was dismissed and the $5 fine on the parking charge imposed. Miss Grey, who says she resides at 6830 Whitley Terrace, Hollywood, paid the fine.

CHANGES IN PARK BILL LAID ASIDE

Amendments of Measure Before Legislature Being Studied by Chamber

Further consideration of amendments proposed to the metropolitan park district bill pending in the Legislature was postponed until next Monday night at a meeting of the Chamber of Commerce citizens' committee on parks and playgrounds yesterday.

The bill is the product of the executive committee of the parks and playgrounds committee. It met with considerable objection shortly after introduced. Amendments were drafted and sent to Sacramento. These also met with objection. New amendments were drafted and met with more favorable reception and yesterday were presented by the executive committee to members of the general committee at a special meeting called by President Crandall of the chamber.

It was agreed that no attempt will be made to enact into a law the bill as it lies in Senate and Assembly committees. Because of some objection to phases of the newest amendments the matter was laid over until Monday.

John Treanor is chairman of the committee and Hugh Pomeroy is secretary.

Appointment of the committee was decided upon by the chamber some time ago to devise a plan for harmonious and co-ordinated park and playground development in areas that might be formed for such purposes without regard to existing governmental lines. The bill was a result and proposes to create a park district out of such areas as may be petitioned for, viz., Los Angeles county and parts of other adjacent counties, and proposes to create, administer and maintain park development in the district under a commission.

Quinn Predicts Industry Era in Talk to Sciots

Los Angeles county from the city to the harbor one day will be crowded with industrial plants plentifully supplied with water and power from the Boulder dam project, John R. Quinn, head of the Veterans' Welfare Board and candidate for Mayor, declared in an address last night before the Long Beach Sciots.

"Our industrial development already has attracted the eyes of the world, but we are just started," said Quinn. "With an adequate supply of water and cheap hydroelectric power from the Boulder dam project, there will be no stopping our industrial advance."

Safe-Blowers Rob Port Store

Safe blowers obtained $775 in cash at San Pedro early yesterday at the Safeway store at 1135 South Grand avenue.

The explosion was muffled by counter covers piled around the safe.

FIGHTER SAYS FOE BIT HIM

Following a fight in an auto park at 1430 East Sixty-fifth street Sunday morning deputy sheriffs yesterday were investigating charges that Alfonso Brigantino, 36 years of age, had bitten the tips of two fingers from the hand of Harry Wilson, besides biting his lip and nose and bruising him about the face. Wilson, who rooms in a garage at 1430 East Sixty-fifth street, told the officers that the fight occurred when Brigantino interfered in an argument between him and a stranger who had bumped into Wilson's automobile in the parking station.

'IRONSIDES' CAMPAIGN INTESIFIED

Copies of Painting Will Be Given to Children as Fund Drive Feature

Thousands of copies of Gordon Grant's famous painting of "Old Ironsides" soon will be distributed among the school children of Los Angeles, according to plans of the Save Old Ironsides committee announced yesterday by W. G. Johnson, personal representative of Admiral Philip Andrews, chairman. The distribution will be made possible through the co-operation of the business men of the city on whom Johnson is calling in a final drive to complete the fund for the reconstruction of the historic frigate. Reproduced by lithographic process in ten colors, each copy of the masterpiece includes a history of the deeds and adventures accomplished by the great ship during America's infancy when she won for the country the freedom of the seas and recognition among the nations of the world.

Sale of the prints throughout the country was decidwed on by the national committee in an effort to raise the $190,000 still required to finish the work of rebuilding the relic in the Boston Navy Yard. Additional revenue is expected from the sale of souvenir ash-trays, cigarette boxes, book-ends, anchors and miniature cannon made from original pieces of "Old Ironsides" salvaged in the process of reconstruction. To date $475,000 of the $625,000 collected has been expended.

The restoration, it is hoped by the committee, will be completed this year. Tentative plans contemplate sending the ship on a cruise to all accessible parts of the country so that those who have contributed to the rebuilding may see her. All coast ports will be visited, as well as those on rivers and the Great Lakes.

To carry on this local campaign, Johnson has opened headquarters at 145 South Broadway.

WOMEN GET MESSAGE IN MUSIC DRIVE

Equitable Life Official of New York Speaks Before Philharmonic Group

Bringing a message of encouragement and appreciation from New York Dr. George B. Van Arsdall, chief of the educational department of the Equitable Life of New York, spoke before 100 members of the Philharmonic womans' committee at a luncheon at the California Club on salesmanship. His address was a sequel to that deliverd by Dr. Paul Ivey of the University of Southern California staff at the campaign luncheon last week.

Father Sullivan, president of Loyola College, paid tribute to the women's committee which has worked in the present drive, and pledged himself to arouse interest on the part of the student body of Loyola.

Other report luncheons will follow tomorrow and Friday. Dr. R. B. Von KleinSmid, president of the University of Southern California, will be speaker at the luncheon tomorrow.

Asserted Driver of Death Auto Must Face Trial

R. E. Compton of 1004 Benito street, Alhambra, yesterday was ordered held for trial in Superior Court by Municipal Judge McDill on manslaughter charges. Bail was set at $1500.

Dep. Dist.-Atty. Stahlman charged that Compton's automobile killed 6-year-old Richard Narewski of 1336 South Primrose avenue, Alhambra, on December 10, last. Among his witnesses was Mrs. Alice Narewski, the boy's mother, who testified that Compton failed to stop to allow them to cross the road, although another car had done so. The boy, who was holding her hand, was hurled several feet by the impact, she declared, and she was badly bruised. Other witnesses said that the automobile skidded 150 feet after striking the boy.

Following the hearing, Richard Cantillon, defense attorney, whose motion to dismiss the charge was denied by Judge McDill, declared that he will seek a writ of habeas corpus in Superior Court for Compton's release.

Film Actress' Mother Refused Divorce Decree

After having decision under advisement for several weeks, Superior Judge Pope yesterday denied the plea of Mrs. Marie N. Flugrath, stepmother of Viola Dana and Shirley Mason, motion-picture actresses, for a divorce from Emil August Flugrath.

Mrs. Flugrath asked for a legal separation on the grounds that her husband often became sullen and morose and refused to speak to her.

Judge Pope held that this was not sufficient grounds for a divorce.

BREAKFAST CLUB WILL HONOR BALL PLAYERS

Spring will descend on the Breakfast Club tomorrow morning with the advent among the guests of honor of the personnel of the Chicago Cubs, Detroit Tigers, Los Angeles Angels and other notables of the baseball world. The Rooney family will present a vaudeville act, Arthur Lang will sing, and the program will open with a concert by Weber's orchestra. Hosts will be Joe and Murray Rock.

DRY CONSPIRACY SUIT DISMISSED

Officers Fail to Produce Liquor Seized

Wright Act Case Dropped After Bitter Fight

Marked Money Fails to be Presented at Trial

Prosecution of the first case in Superior Court charging conspiracy to violate the Wright Act failed yesterday when attorneys for the State moved for dismisal in the interest of justice because the arresting officers were unable to produce any one of sixty bottles of liquor seized as evidence or two marked $1 bills, which were used in purchasing one bottle as evidence. Conviction on this charge carries a maximum sentence of two years in jail or $5000 fine, or both.

The case was dismissed by Superior Judge Murray upon the motion of Dep. Dist.-Atty. Leo Aggeler, in charge of the prosecution.

LONG FIGHT ENDS

Dismissal of the charges came at the end of a bitter fight waged by the three defendants, Jack Olin, Frank Campbell and William Isaacs, through their attorney, A. Brigham Rose. At a previous trial before Superior Judge Murray the jury stood locked, with six for conviction and six for acquittal and was dismissed.

At that time the three defendants took the stand and denied that they had conspired to violate the Wright Act. Isaacs, a bootblack, told the court that a man who later proved to be an informant for the prohibition enforcement detail came to him saying he had just recovered from the "flu" and wanted something strong to drink giving him two $1 bills.

KNOWLEDGE DENIED

According to Isaacs, he went to a cafe nearby and asked a stranger there to get the liquor and the man left the place and returned with it a few minutes later.

Campbell and Olin, who were arrested in the cafe later, denied that they knew a large quantity of liquor was hidden in a stove.

ROCK FIGHT HEARING DUE AGAIN TODAY

Applicants to Continue on Stand at New Session of Planning Commission

Another session of the hearing before the City Planning Commission on the application for a permit to operate a rock quarry in Santa Ynez Canyon will begin today at 1:30 p.m. and extend until 10 p.m. at the City Hall.

The sessions are held once a week, the first having been conducted February 26. Witnesses suporting the application of Alphonzo Bell and associates to open a rock quarry and crushing mill in Santa Ynez Canyon are being heard first. Of a score of such witnesses four have appeared. When the applicants' testimony has been heard the opponents plan to put on another score of witnesses. The extent of the indignation against the scheme is indicated by the fact that despite the prolonged hearing property owners still attend each session, hoping that they may take the stand and voice their protests personally.

GIRL SHOT AT DANCE MAY DIE

Second Victim of Man Who Killed Self in Tragedy Has Shoulder Wound

Celia Arvizo of 207 Sotella street yesterday was fighting for life in the General Hospital, where she was taken in the early hours after being shot in the abdomen by Eduardo Lopez of 1552 Beal street, who then killed himself. Marguerita Riveras of 1448½ North Spring street also is in the hospital suffering a gunshot wound in the shoulder inflicted by Lopez. The triple tragedy occurred at a Sunday night dance at 218 Sotella street. In a quarrel Lopez shot Miss Arvizo and then tried to shoot himself in the head. He missed and the bullet struck Marguerita Riveras. Lopez's third shot killed him.

Capt. Davidson of the Lincoln Heights detective division said yesterday that Lopez had given the police considerable trouble during the past year by his quickness with a revolver.

Slashes Laid to Woman's Efforts to Kill Herself

With thirty-five stitches in her neck Mrs. Sarah Toplitzky of 1313 Duncan street, Belvedere Gardens, was confined to the Beulah Allen Hospital yesterday recovering from injuries which Deputy Sheriffs Burns and Laws assert were self-inflicted.

According to the officers, Mrs. Toplitzky was found by relatives suffering from severe slashes in her neck inflicted with a safety-razor blade. She was rushed to the Beulah Allen Hospital, where physicians said they may save her life.

The woman's husband told officers that she has been ill for many months and was despondent.

CANADIAN FROLIC TOMORROW

The Canadian Society of Southern California will hold a St. Patrick's frolic and dance at its club, 1040 South Grand avenue, tomorrow evening. Charles W. Ross of Moosejaw and William Eckford of Toronto, organizers of the Canadian Legion of America, Los Angeles post, will be introduced. Miss Ka Mullini and her Toronto band will provide the music.

NEWS OF SOUTHERN COUNTIES

POMONA WINS HONOR IN SONG

Men's Glee Club Takes First and Women Rank Second

U.C.L.A. Girls Win Trophy; Occidental Boys Second

Two Cups Presented Winners by James G. Warren

CLAREMONT, March 18.—Competing with glee clubs from seven other colleges and universities of Southern California, with an aggregate of 300 singers, the Pomona College Men's Glee Club won first place for men and the Pomona College Women's Glee Club second place for women in the intercollegiate glee club contest held at the college here. The women's palm was carried off by the Women's Glee Club from University of California at Los Angeles, while Occidental took second place for men.

Under the direction of Prof Ralph H. Lyman, leader of the Pomona College Men's Glee Club and head of the department of music, glee clubs from Whittier, Redlands, Occidental, Pomona, California Christian College, San Diego State College and U.C.L.A., joined in the contest.

John Smallman, conductor of the Los Angeles Oratorio Society, the Smallman a Cappella Choir, the First Congregational Church choir of Los Angeles, the Cecilian Singers and the Pasadena Woman's Choral Club; Arthur Alexander, director of music at the Pasadena Community Playhouse, who composed and directed the music for "Lazarus Laughed," and Roy Rhodes, director of the Cauldron Singers of Pasadena, acted as judges for the contest.

Two handsome loving cups, the gifts of James G. Warren of Los Angeles, were awarded the clubs winning first places, with the assurance that the custom would be continued each year in the future.

Each men's club sang as the prize song selected by the committee in charge, "The Songs My Mother Taught Me," by Dvorak, while the women's clubs sang Ferrari's "Waves," in addition to which each club had the privilege of singing one college song and one other number of its own selection. The prize-winning song by the Pomona College Men's Glee Club was "Swing Low Sweet Chariot," with "Ghost Dance" as its college number, and the U.C.L.A. women's club won first place with "From the Sea," by MacDowell, and "Hail to the Hills of Westwood." One of the most colorful features of the concert was the ensemble singing by the combined glee clubs during the intermission while waiting for the decisions of the judges.

Pomona Picks Leaders for Chest Drive

POMONA, March 18.—With the appointment today by Morris H. Wilson, president, of five colonels to head the team organization for the annual Community Chest drive to be held during the week of April 8, the annual campaign for the various charitable institutions in the city is expected to reach its quota in the time allotted.

Those selected to head the ten divisions are John P. Evans, Mrs. Ralph Harvey, Mrs. Ralph Smith, Walter F. Baker, and Mrs. Montrose McAnne. Fred J. Smith, local orange grower, was again chosen to head the advance gifts committee and is already at work securing large contributions previous to the start of general campaign.

Under the leadership of A. L. Hickson, attorney, a score of speakers are preparing to appear before different organizations meeting in the city during the campaign, while B. Chaffey Shepherd, chairman of the budget committee, is assembling budgets submitted by the ten agencies of the Chest preparatory to checking them over and determining the total amount to be announced as the goal of the drive.

Runaway Fatal to Ranch Hand

UPLAND, March 18. — Ensnared in the reins while driving a team of mules on the J. H. Lewis ranch at the head of Hellman avenue, Harry Stewart received injuries which caused his death shortly before noon today.

Stewart was plowing when the animals became frightened and ran away. Stewart was caught in the reins and harness and was dragged over the rough ground, striking his head and body against rocks and other obstructions in the field.

He was taken to San Antonio Community Hospital, where he died a few minutes later. Little is known of Stewart, but it is believed he was not married.

THREE ARRESTED AS STILL OPERATORS

ROSEMEAD, March 18. — A. Navarra, Joe Mendiza and Angelo Girahochi were arraigned today in Police Judge Wilson's court at El Monte. They were arrested Saturday night at the W. H. Hunt ranch, 1233 Muscatel avenue, where they were said to be operating a large still in a chicken house. Officers Dan O'Leary, L. C. Burdick, Bob Foell and Jake O'Bannon arrested the Italians in one of four buildings which were said to contain 10,000 gallons of mash. They also found a 100-gallon still in operation and about fifty gallons of liquor. Hunt, the owner of the property, said he leased the use of the chicken yard to the three men in January.

PUBLISHER TO SEEK THRILLS

Steeplechase Popular Sport at Beach

Robert P. Holliday on Baccarat

SANTA MONICA, March 18.—Over the jumps in the heavyweight steeplechase next Sunday at the Uplifters' Club, Robert P. Holliday, publisher of the Santa Monica Outlook, will ride a horse named Baccarat.

Holliday weighs 200 pounds and he admits that in the forthcoming hurdle event he is gambling on Baccarat. Holliday is a booster for longer and more numerous bridle paths and the preservation of existing horseback routes against the encroachment of gasoline steeplechasers.

PASADENANS TO VOTE ON PARK TAXES

Special Assessment for Carmelita Street Costs on Ballot of April 4

PASADENA, March 18.—With a view to vesting the ownership of Carmelita Park in the hands of the public, the Board of City Directors decided today to submit to the voters at the municipal election on April 4, a proposal to approve a special tax of $325,000 for the payment of street-widening assessments on the property.

The city entered into a contract with Dr. John Willis Baer and other public-spirited citizens in 1922 for the leasing of the Carmelita property for a period of nine years, during which the purchase price was to be paid by the donors and the park was to be conveyed to the city under certain terms and agreements.

One of these requirements requires that the city pay the municipal taxes and assessments, and as the result of the widening of several major streets, these taxes have created too large a liability to be met from the current city revenue.

New Hospital Plant Occupied

REDLANDS, March 18.—A building that for more than a quarter century has been the center of medical activities here was quiet today. The old Redlands Hospital at Nordina and Clark streets was abandoned and the patients moved in ambulances to the new Community Hospital which was opened this morning.

The new hospital built and furnished at a cost of about $250,000 was inspected by 10,000 persons in the hours for the open house yesterday. Members of the board of directors acted as hosts with C. H. Clark, chairman, in charge.

The design is unique. It is all on one level so that there is not a step or a ramp in the building. There are forty beds in the new building.

Death Takes Capt. Cronan

SAN DIEGO, March 18. (AP)—Capt. William P. Cronan, for the past three years a member of the San Diego Board of Harbor Commissioners, died suddenly from a heart attack early this morning. Cronan was born in New Haven, Ct., in 1879 and was a graduate of the Annapolis Naval Academy. During the World War he was in command of a naval transport. Six years ago, while serving as assistant commandant of the Eleventh Naval District, he retired from the Navy because of ill health. He leaves his widow and two daughters.

Azusa Baptists Pick New Pastor

AZUSA, March 18.—Rev. Neely Aldine Coxsey of Carlsbad, N. M., has accepted the pastorate of the First Baptist Church here, it was announced by church officials today. The church has been without a pastor since the death of Rev. Robert Smith, who was killed in an automobile accident six weeks ago.

Rev. Mr. Coxsey was educated in the Texas Baptist University and Southern Baptist Theological Seminary of Louisville, Ky. Since leaving the seminary fifteen years ago he has held four pastorates, in Tempe and Yuma., Ariz.; Ault, Colo., and Carlsbad, where he has just finished four years' work with the First Baptist Church.

Mrs. Coxsey is also a church worker, having received her education in Simmons University of Abilene, Tex., and the State Industrial Arts of Texas, after which she taught school for six years. Mrs. Coxsey will assist her husband in his local work.

Only Part of Business Sold

POMONA, March 18.—The irrigation gate and valve department of the Pomona Pump Company has been sold to the Warren Hastie Company of Glendora, operators of a $100,000 plant at the latter city, it was announced here today, denying a recent report that the entire company had been sold. The pump concern, valued at more than $1,000,000, has not changed hands, it was said, but will specialize in the manufacture of deep well water-lubricated pumps. It is expanding its facilities, opening a factory branch in Pittsburgh and service offices in twenty-seven other cities, according to W. H. Day, vice-president.

SUNRISE SERVICE IS PLAN FOR MT. McCOY

MOORPARK, March 18.—The eighth annual Easter sunrise service will be conducted on Mt. McCoy, all churches in the southern part of Ventura county participating, it is announced today by David Strathern, Thomas Robertson and Rev. R. W. Lee, committee in charge. Rev. W. H. Pulford will deliver the sermon. A committee is at work preparing the mountain roads so autos may travel to the summit.

DOG MOURNS DEAD MASTER

Faithful Companion of Late Senator Flint Rejects Food and Efforts to Dispel Gloom

PASADENA, March 18.—The death of Frank P. Flint, former United States Senator, saddened the outstanding business and financial leaders of California, but it may kill Fennec, favorite police dog of the late community builder, it was revealed today.

When Mr. Flint was stricken with a heart attack on shipboard in Philippine waters on February 11, Fennec, who had been left behind to guard the family's Flintridge estate, sensed that the former Senator's life was in danger despite the thousands of intervening miles, according to Carl Swanson, manager of the estate for the last seven years.

"Before we had heard of the Senator's death," said Swanson, "and at almost the exact time he is said to have been stricken, Fennec began to whine.

"The dog became so restless and ran about so wildly as though looking for some one, that we had to lock him up to keep him from injuring himself."

The estate manager declares that since his master died, Fennec has refused to hold his ears erect and will scarcely touch his food.

"When the services were being held in the house Saturday," said Swanson, "I missed the dog and later discovered him hiding behind a box in the garage with his head on his paws."

WOMAN HELD IN BEATING QUIZ

Wife of Victim Arrested at Home in Santa Paula

Corespondent in Following Divorce Case Hunted

Mysterious Attack on Road Recalled by Arrest

VENTURA, March 18.—Mrs. Mabel Bates of Santa Paula was arrested last night and held today at the County Jail for investigation in connection with the beating given her husband, Roy Bates, on the Santa Paula-Ventura highway some time ago.

At the same time the Sheriff's office redoubled its efforts to find Michael Fletcher, former gardener at the County Hospital, wanted also as a suspect in connection with the beating.

Mrs. Bates was questioned by Sheriff Robert Clark and Dist.-Atty. James Hollingsworth today, but the details of the conference were not made public.

Bates was attacked when he stopped along the highway to fix his car, and was given a terrific beating with a heavy stone, held as evidence at the Sheriff's office. He said at that time he did not know who his assailant was.

Later he instituted divorce proceedings against Mrs. Bates, naming Fletcher as corespondent. The case is pending in Superior Court.

Final Rites for Mrs. Sarah Good

PASADENA, March 18.—Funeral services for Mrs. Sarah Anna Good, mother of Vincent W. Good of this city, who died yesterday at the home of her daughter, Mrs. Ethel T. Peto of 1317 Mohawk street, Los Angeles, will be held at 10:30 a.m. tomorrow at St. Mark's Episcopal Church, Washington street and Los Robles avenue. Mrs. Good was 91 years of age and a native of Lincolnshire, Eng.

She came to America in 1861 as the bride of the late Canon J. B. Good, and assisted her husband for many years in pioneer missionary work among the Indians of British Columbia. Canon Good received his title in recognition of his translations of the English Bible into the Siwash Indian language.

Besides her daughter and son, she leaves two other sons who reside in British Columbia, Percy L. Good of Parksville, Vancouver, and John H. Good of Nanaimo, B. C.

Sunday-School Plant Dedicated

HUNTINGTON PARK, March 18. The new Sunday-school building recently completed by the First Methodist Episcopal Church congregation at a cost of $15,000, was dedicated here yesterday when special services were held in the church both morning and evening. Subscriptions amounting to more than $17,000 were raised to cover the cost of the new structure. Individual pledges from $1 to more than $100 were received while some of the class group pledges were from $150 to more than $500.

Dr. W. C. Pearce of Los Angeles, widely known Sunday-school worker, was the speaker at the morning services and Dr. Alfred J. Hughes, district superintendent, of Long Beach, was the speaker at the evening services.

The new building is a two-story structure, having three large classrooms on the first floor and four smaller rooms and an assembly room on the second floor.

TUJUNGA COMPLETES EASTER DAWN PLANS

TUJUNGA, March 18.—The program for the Easter sunrise service that is to be conducted on Mt. McGroarty on next Easter morning has been completed, under direction of Dr. Edgar W. Pasko. The ceremony will open with two buglers sounding their horns antiphonally on two near-by hills, to be followed by the doxology sung by all assembled. Rev. R. C. Gould of the Episcopal church will preach the sermon. The road to the cross on top of the mount is being put in good shape. Boy Scouts will direct traffic on the mountain and Maurice E. Morgan will have charge of the decoration at the base of the cross which can be seen for miles in Tujunga Valley.

WALNUT GROWERS TO LAUNCH PEST WAR

SANTA ANA, March 18.—A united effort to improve the walnut-growing industry in Orange county is under way following launching of a program by representatives of various walnut associations. Adoption of a pest-control campaign that will bring the industry back to its prosperous status of a few years ago is the immediate object of the campaign. A pest-control committee composed of Charles Van Wyk, L. E. Smith and Charles Heinrich was named to co-operate with County Horticultural Commissioner A. A. Brock and Deputy Commissioner W. H. Wright.

MAN'S LEG BROKEN IN STREET MISHAP

SANTA MONICA, March 18.—Wayne Crick, 1508½ Sixth street, this city, sustained a fractured leg and possible internal injuries last night when he was struck at Colorado and Ocean avenues, by a car driven by Robert G. Armstrong, 108 East Fairview Boulevard, Inglewood. Armstrong reported to police that Crick apparently was not looking when he stepped in front of the car. Armstrong was not held.

GEESE HEED CALL NORTHWARD

ONTARIO, March 18.—The annual mobilization of birds has started. Each year, about the middle of March, the geese start north and Ontario is their mobilization point.

This morning the forerunner of the great movement glided out of the clouds over the south horizon. He sailed high and circled over Northwestern Ontario. Then another bird, gliding the same sky path from the south, joined the leader. Then came others singly, by pairs, by threes and in sets of fours.

They swooped over the city in wide circles, constantly gaining altitude and evidently receiving orders for the flight across the mountains. Satisfied apparently that all was well with the flock, which number about twenty-five, the geese headed straight for the mountains. Two other flocks formed in the same place at fifteen-minute intervals and followed the same route over the mountains.

According to experts, the geese leave the warmer waters of Mexico during March for flights to Northern California, Oregon and Washington. They meet at a given place in western San Bernardino county to make the trip north together, and must gain considerable altitude before they venture over the San Bernardino Mountains.

MAN UNSCRATCHED IN BLAST

Clothes Cleaner Hurled from Room With Pieces of Machinery But Suffered No Injury

VENTURA, March 18.—Ed DeMortz, cleaner employed by the City Dye Works, escaped injury almost by a miracle this morning when the tumbler in the rear room of the cleaning plant exploded and hurled him out of the room. A steel door and pieces of metal machinery were thrown past him, but he was not scratched.

Clothing in the tumbler was burned and this loss, together with the damage to the machinery, was estimated by Lawrence Weber, proprietor of the establishment, at $1000.

That the fire was not worse was credited chiefly to the modern plant which the company installed about six months ago. Steam pipes, working automatically, filled the room with steam almost immediately and automatic metal doors clanged shut and smothered the fire, so that by the time the fire department had been summoned the blaze was practically out.

Postal Robbery Suspect Found

SANTA ANA, March 18.—The arrest of A. D. Carter this afternoon in San Diego, reported by Deputy Sheriff Harry E. Carter, who has been following the trail of his unrelated namesake for several weeks, is expected to clear up a series of postoffice box robberies here and elsewhere, police declare.

Carter, who broke jail in El Paso, with Eugene Watkins, also wanted here on a check charge, and another prisoner, held for murder, was captured when he visited his sweetheart, a San Diego girl, who had unwittingly aided him in his criminal operations, according to Carter.

The jail break occurred while Carter was en route to El Paso to bring Watkins and Lonnie Russ, another prisoner, to California.

A warrant charging Carter with postoffice robbery was issued here subsequently, and county and Federal officers have been trailing him since that time.

Mishap Brings Up Old Charge

BURBANK, March 18.—As result of an accident on Hollywood Way and Olive avenue Saturday in which two men were slightly injured, police here learned that the motorist, who is said to have crashed into a car that was being towed by another automobile, violated a parole given by Police Judge Watson last September.

Dennis Paul De Lapp, 21 years of age, of Los Angeles, is the parole violator, police say, as he agreed to leave the State last year when Judge Watson suspended a $500 fine for possession of liquor on that condition. Since that time he has been living in Los Angeles, it is said.

De Lapp was charged Saturday with reckless driving and driving while intoxicated by Officer McMillan, who investigated the accident. De Lapp was pronounced intoxicated at police headquarters by Dr. George T. Pomeroy. He will have preliminary hearing this afternoon.

REALTY MEN PLAN TO GREET CULVER

SOUTH GATE, March 18.—Final arrangements are being made by the Southeast Realty Board for the meeting next Friday noon at the Chamber of Commerce Building, when Harry H. Culver, president of the National Real Estate Association, will be the guest of honor. President Lint Sanders of the Southeast board, will preside at the meeting. E. B. Lowe of this city, vice-president of the sixteenth district of the California Real Estate Association, will deliver the address of welcome and will also introduce Culver, who will give a talk upon the subject of "Hopping Off to Greater Achievement." All the boards in the sixteenth district will be represented at this meeting.

SUIT FOR DAMAGE TO FOLLOW AUTO MISHAP

VAN NUYS, March 18.—Gus Johnson of Van Nuys is defendant in a suit filed by I. Feinberg for damages as a result of an automobile collision on San Fernando Road near San Fernando on December 26, last, Wendell P. Hubbard, local attorney, is representing the defendant. A ninety-day sentence against Johnson, received as a result of charges filed by Feinberg, was suspended on motion of Attorney Hubbard. Hearing of the present suit against Johnson has been set for next month in the Van Nuys Municipal Court.

SCOUTS SEEK ADVANCEMENT

OWENSMOUTH, March 18.—The first Court of Honor session of the San Fernando Valley Boy Scouts Council in the western part of the valley will be conduced tomorrow evening in the Community Church. Scouts of the council have the privilege of appearing before the court with their applications for advancement in rank. Rev. Clyde Metcalfe will serve as chairman of the session.

NEW PAVEMENT ASKED

SOUTH GATE, March 18.—Property owners along San Antonio and San Carlos streets, from the south side of Southern avenue to the Lynwood city limits, have started a movement to pave those thoroughfares, a petition having already been presented before the City Council. Permite paving five inches thick is called for in the petition, which has been presented to City Clerk Peiffer for checking.

Newport Beach Plans Carnival

NEWPORT BEACH, March 18.—Dancing at three ballrooms, water sports, treasure hunts and other events will be staged here under the auspices of the Newport Harbor Chamber of Commerce during Easter collegiate week, it was announced today by H. L. Sherman, chairman of the chamber's entertainment committee, which is arranging the program.

The carnival will begin Friday evening, the 22nd inst., and end Sunday, April 6.

Poppy Blooms Attract Throng

BURBANK, March 18.—Hundreds of passing motorists attracted by the multitude of yellow blooms off San Fernando Boulevard, between Grinnell avenue and Bethany Drive, stopped to pick poppies yesterday afternoon in such numbers that a motor officer had to be stationed on the boulevard to direct traffic.

Automobiles were parked on nearly every street surrounding the poppy fields, while the riders gathered bouquets of the flowers, which are said to be the finest seen here in recent years. The late rains caused the poppies to spring up in the vacant lots off the boulevard.

SCRAPPER PICKS OUT CAPABLE OPPONENT

VENICE, March 18.—In an asserted fist fight last night with a prize fighter near the Ocean View Hotel, Harry Hopkins, 20 years of age, of 2213 Marion Place, sustained a fractured nose and badly bruised head, according to a police report. Just how the fight began was not stated, but two witnesses said Hopkins's opponent was Young Nationalista, known in pugilistic circles as a fast man with his fists. The witnesses were H. M. Reed, 444 La Salle street, Culver City, and Dudley Lagune, 3037¼ Ocean Front, Ocean Park.

LIQUOR RESULTS IN ARREST OF FIVE

POMONA, March 18.—Liquor was again the week-end headliner on the local police blotter when one home was raided and four men were taken in other raids and charged with drunkenness. The home of Thomas E. McMillan, 800 Wilson street, was raided and McMillan arrested when officers found a quantity of assorted whisky and beer in his dwelling Saturday night. He was freed on $500 bail pending his trial before Police Judge E. H. Bowen.

STATE ASKED TO TAKE ROAD

Including of Strip from Ventura to Castaic in Secondary System Urged at Santa Paula

SANTA PAULA, March 18.—That an effort will be made to have the Santa Paula-Fillmore-Piru highway extending from the intersection with the coast highway near Ventura to Castaic included in the secondary highway system of the State, was the statement made here today by Senator Duval. He declared that it would be a boon to the county, in his belief, to have this road included in the secondary system.

Duval explained that in the first draft of the secondary system the road was not included, but that Director B. B. Meek of the State Highway Department has promised to have a survey made of this road and if the traffic seems to justify it will be included, provided the county agrees to it.

To have this highway included in the secondary system, Duval explained, it will be necessary for the county to secure rights of way for a sixty-foot road. At the present time the highway through here is only eighteen feet wide and part of it in this county needs resurfacing.

The cost of building the present nine-inch highways on the thirty-foot width basis is said to be about $30,000 a mile and with the mileage necessary to be rebuilt it is estimated it would cost the county nearly $1,000,000. Rights of way could be purchased cheaper, it is said. Both Duval and Assemblyman Emmet are working on the proposition.

HER RAISIN PIE BEST IN CONTEST

Mrs. J. McFayden

SANTA ANA, March 18.—"Pie like mother used to make" won first prize in a cooking school held at the Ebell Club, and a little woman, typical of the great American mother won first prize with a raisin pie that made the mouths of the judges water.

MRS. THEODORE LACY, JR.

The judges unanimously awarded the premier prize to Mrs. J. McFayden, 718 South Broadway, who does her cooking in the good old-fashioned way.

Mrs. Theodore Lacy, who learned to make a cake in the days when a successful cakemaker was looked upon as "a woman among women," won first with her angel food entry.

Several hundred entries were made. The cooking school and food show will be repeated at the Ebell Club next year.

School to Turn Out Man Scouts

VAN NUYS, March 18.—C. G. Lawrence, Kenneth McCartney, Daniel L. Burgess and Robert Wilhelm, of this city, have joined the man-scout training school which is being conducted in connection with the Boy Scout movement of San Fernando Valley which has just opened at the Van Nuys night high school, under the direction of J. P. Inglis. The total membership of the class is twenty-seven, and comprises young men from various parts of the valley.

On the 20th inst. there will be a session at which C. J. Carlson, representative of the National Boy Scout Council, will be guest of honor and principal speaker. On the program also will be Willis A. Howe of San Fernando, an expert of national reputation on the history and habits of snakes.

The training school has for its purpose the training and organization of a man-scout troop for the valley, a body to work with and set an example for the score or more of Boy Scout troops in the San Fernando Valley.

SWIMMING POOL AT EL CENTRO ORDERED

EL CENTRO, March 18.—Subject to the approval of final plans and specifications the City Council here has authorized Fred Kenyon to install a $30,000 swimming pool on City Park property facing Eighth street.

Kenyon's plan provides for a plunge 60x150 feet in dimensions with dressing-rooms. It is to be of Egyptian architecture with cactus gardens surrounding. It is planned to have the pool open before June.

PIONEER WOMAN DIES

REDLANDS, March 18. — Mrs. Jane Parker, 92 years of age, for twenty-eight years a resident of San Timoteo Canyon, died at her home there today. Mrs. Parker came here from Ontario, Can., and has seen Redlands grow from a small village. She leaves two daughters, two sons and one grandchild. Funeral services will be held here Wednesday.

REESE GRANTED POSTPONEMENT

Hawthorne Mayor Will Fa Court on 28th Inst.

Assault With Deadly Weap Charged in Fracas

Wives of Combatants "Als Come to Blows

HAWTHORNE, March 18.—Ma William Reese, who faces a cha of assault with a deadly w as the result of an asserted poli row yesterday, appeared before Po lice Judge Davis this morning, ob tained postponement of this arraig ment until the 28th inst., and post $1000 bond.

R. W. Breckenridge, the Mayor's political opponent and adversary i a fracas on a vacant lot here, i said to have sustained bruises abo the head.

Recall petitions are out agains Reese and three other members o the City Council and the Mayor charged that Breckenridge has ci culated false statements regardin his conduct. Charges flew back an for when the men met and Reese declared that he drew a gun in sel defense.

Before the affair ended the wive of the two men, who witnessed th fight, staged a hair-pulling conte of their own.

Competition for Monrovia School Board Indicated

MONROVIA, March 18.—The ex pected contest in the High School Board election made its appear ance today with the registration of Dr. F. E. McCann, local physicia and civic worker, as a candidate.

Dr. A. L. Smith, president of the board and member for fifteen years has also announced his candidacy for re-election.

Rev. A. F. Skeele, whose term expires on the high-school board, has qualified as a candidate for the grammar-school board, of which he is a member.

ONLY TWO CANDIDATES FOR COVINA ELECTION

COVINA, March 18.—What will be the quietest school-board election in years was conceded today at the close of registration for candidates when only the names of Dr. S. J. Kline, seeking re-election to the high-school board, and J. F. Fields's return to the elementary school board, appeared on the records, according to Principal Ben E. Millikan.

Dr. Kline was re-elected to the high-school board three years ago. Fields has been on the elementary school board for six years. No other candidates were expected to register, Millikan said.

MOORPARK SCHOOL MAN MAY NOT BE CANDIDATE

MOORPARK, March 18.—In the annual election of trustees of the Union High School on the [illegible] inst., it is understood that Th B. Kerr will not be a candidate for the position he has held since the organization of the school district about ten years ago. The name of P. L. Wicks is suggested as successor, and others also will be candidates. George B. Caswell is the retiring member of the [illegible] school, and he has declined to stand for re-election. William E. [illegible] pioneer resident of the community, will likely be named, it is stated. Holdover members of the board are James Birkenshaw and I. O. T

Foiled Bandit Leaves Clothes

SANTA BARBARA, March 18.—After his attempt to hold-up attendants at a service station at Chapala and Ortega streets had failed, a masked bandit last night fled to a near-by alley and discarded his clothes. Officer R. L. Riggs discovered the clothes when searching the neighborhood.

Entering the station, the bandit, who had covered his head with a sweater sleeve with two holes cut for vision, flashed a revolver. One of the attendants seized the day's cash and fled through a rear door to call police and the would-be robber made a hurried exit.

His clothes were found in an alley half a block away. Desk Sergeant G. T. Howell, in searching through the pockets, found a small piece of paper on one side of which were scrawled the following words: "The first one to follow me will get shot." On the other side was a representation of skull and crossbones.

BOY REPORTED MISSING RETURNS TO HOME

MONROVIA, March 18.—After notifying police Friday morning that his son, Robert Conlee, 14 years of age, had disappeared the night before with the family car, the boy's father, Earl Conlee, reported to Chief of Police Scott today that the boy had returned Saturday night of his own free will, and under questioning by Scott further disclosed that the boy had been given permission to leave by his mother.

Young Conlee, with two other youths, made a trip to the Imperial Valley, Mrs. Conlee told Scott.

PHYSICIAN RETURNING

BURBANK, March 18.—Dr. and Mrs. Stanley B. Anderson and small son, Junior, are expected to arrive here April 15, next, following an extended trip in Europe, where Dr. Anderson took a postgraduate course at Vienna. They arrived in New York last Monday and will visit relatives and friends in the East before coming home. Dr. Anderson is associated with the Burbank Hospital staff.

Growing Children Must Have the Right Food

Everyone knows that a healthy boy or girl usually has a big appetite. Food must be right in quality, as well as quantity for quantity alone does not always give proper nourishment.

Science has recently discovered a great food secret. Certain foods contain an essential element, important in sustaining good health. This element is Vitamin B. It promotes the building of health, strength and vitality. It assists in assimilation and helps to overcome constipation. Leading specialists now agree that every child should have the proper amount of Vitamin B daily in his food. Your child will get this by eating the right vegetables and enough of each. But many children do not like spinach and other vegetables rich in Vitamin B! They fill up on the wrong foods which they like, and become weakened and undernourished. An old problem, but it has been neatly answered.

Vegex is the scientific solution and a food pleasing to the palate. Children all like it and a little goes a long way, for Vegex is the richest known food in Vitamin B. One teaspoonful each day, added to food your child likes best, will supply all that is needed to assist proper digestion of all else eaten.

Make some inquiry of your doctor and learn all about Vegex. A food and vitamin combined. Leading druggists and grocers have it and a trial jar costs 50c. Ask for recipe booklet when you buy or write to us for free copy.

PRACTICAL RECIPES

[Requests for recipes and information pertaining to the proper preparation and serving of foods will be answered in this column every Tuesday. Address all requests to A. L. Wyman, Laboratory Kitchen, 424 Arden ave., Glendale.—Ed.]

CHEF WYMAN'S ANSWERS

UNBAKED FRUIT CAKE

F. B. C., Los Angeles, Cal.: Chop fine two pounds each of seeded raisins, seedless raisins, dates and English walnuts, chop fine and add one-fourth of a pound of candied lemon peel, one-quarter of a pound of candied orange peel, one-third of a pound of citron, and one-quarter of a pound of candied cherries, one cupful of strained honey, six tablespoonfuls of pure olive oil, two cupfuls of rolled oats, two cupfuls of cracked wheat, one teaspoonful each of cinnamon, cloves, allspice and nutmeg, two cupfuls of unfermented fruit juice, (grape juice preferred,) pour the juice over the rolled oats and cracked wheat and let stand overnight. Next morning mix all the ingredients thoroughly together, place in pans that have been lined with paper, cover with paper, place a heavy weight on top and let stand for twenty-four hours.

RAW POTATO PANCAKES

Six raw potatoes grated, three whole eggs, one-fourth of a teaspoonful of baking powder, one teaspoonful of salt, one tablespoonful of flour, and a little milk; peel the potatoes, and soak several hours in cold water, drain and add the baking powder, salt, flour and beaten eggs, season with a little pepper, drop by spoonfuls on a hot oiled griddle, turn and brown on both sides.

ENGLISH CRUMPETS

Mix one tablespoonful of melted shortening or butter, with two well-beaten eggs, and one and one-half cupfuls of milk; beat into this two cupfuls of flour that have been sifted with five level teaspoonfuls of baking powder, and half a teaspoonful of salt, beat well, fill well oiled muffin rings two-thirds full of the mixture, place on a hot griddle and bake. Turn with a pancake griddle and brown on both sides.

FRENCH PASTRY

I haven't the space to go into the details of making French pastry, which would take several columns. The frosting is usually made of butter cream and the cakes are made of sponge cake cut in different designs and puff pastry.

WAFFLE IRON FROM STICKING

To keep your waffle iron from sticking it is necessary to have it very hot before the waffles are put in. Do not oil or grease. If the first waffle does stick, remove it and with a stiff wire brush, clean it thoroughly. Reheat it and pour in your waffle mixture. Waffles should have more shortening in them than the ordinary hot cake.

CRACKED WHEAT BREAD

B. C., Los Angeles Cal.: Two cakes of yeast, one-half a cupful of lukewarm water, two and one-half cupfuls of boiling water, two cupfuls of cracked wheat, one tablespoonful of molasses, four cupfuls of sifted white flour, or the same amount of whole-wheat flour, one and one-half teaspoonfuls of salt; put the cracked wheat in the boiling water, let stand and cool for one hour, dissolve the yeast in the luke-warm water, add the molasses, or the same amount of sugar, add enough flour gradually to make a soft elastic dough. Add the salt to the flour, knead thoroughly, oil a bowl, place the dough in it and let rise for two hours. (Add the rolled oats to the dissolved yeast and molasses before adding the flour,) turn out on a board, adding only sufficient flour to permit molding the loaves and prevent sticking to the board. Place in well-oiled pans, let rise one hour and bake.

ENGLISH TOFFEE

C. W., Los Angeles, Cal.: I do not like to give candy recipes as I am not a candy maker; but hope this proves successful. Melt one cupful of butter in a saucepan, add three cupfuls of brown sugar, one cupful of light-colored syrup and one tablespoonful of water. Heat slowly until the sugar is dissolved. Stir frequently, bring to a boil and boil until a little dropped in ice water will become brittle or until it is 300 deg. Fahr., by a sugar boiling thermometer, remove from the fire, stir in one teaspoonful of vanilla extract and one teaspoonful of lemon extract. Sprinkle a well-buttered platter with chopped nut meats and pour over it the candy mixture. Mark in squares with a knife before the candy has set.

FRENCH APPLE PIE

J. A. D., Los Angeles, Cal.: Line a deep pie shell with a rich pastry and bake. Peel and core three large apples, and cut in rounds about half an inch thick, make a syrup of one and one-half cupfuls of sugar, one-half a cupful of water, one teaspoonful of cinnamon; place it in a saucepan that is wide enough to place the apple slices in. Drop the apple rings in the syrup a few at a time and simmer slowly until tender but do not allow to get soft and break. Drain them out, when cool, arrange them in a pastry lined shell, place a maraschino cherry in the center of each and dot with maraschino cherries between the slices. Over the top of the apples spread a cup of either apricot jelly or apricot jam which has been thickened with two tablespoonfuls of gelatine softened in cold water and heated in the apricot jam until the gelatine has been dissolved. Cover with a layer of whipped cream, after the apricot jam has cooled.

UPSIDE DOWN CAKE

S. G., Los Angeles, Cal.: One cupful of brown sugar, one-half a cupful of nut meats, four slices of pineapple, four tablespoonfuls of butter, place the butter in a sauce pan, add the sugar, lay in the slices of pineapple, scatter over the chopped nut meats, and slowly allow the sugar to melt. Beat one-half a cupful of butter to a cream, beat into it one cupful of brown sugar, creaming well. Sift two and one-half cupfuls of flour with three teaspoonfuls of baking powder, and a fourth of a teaspoonful of salt. Add to the butter mixture the well-beaten yolks of two eggs, and add the flour, alternately with half a cupful of water, one teaspoonful of lemon extract, and fold in the stiffly beaten whites of the eggs. Pour the mixture over the top of the pineapple, place in a moderate oven and bake.

BOILING FISH

Place the required amount of fish in a piece of cloth and tie firmly, set on a rack in a kettle, and add to the water which should cover it one slice of onion, one sliced carrot, one branch of parsley, three pepper corns, three or four whole cloves. The average time of boiling is fifteen minutes to the pound. By tying in the cloth it is much easier to remove from the kettle and will not break up so easily.

POPPY SEED COOKIES

H. W. K., Los Angeles, Cal.; One-half a cupful of butter, two ounces of sweet chocolate, one-half a cupful of hot milk, one-half teaspoonful of cinnamon, one-half cupful of sugar, one cupful of poppy seeds, one and one-fourth cupfuls of flour, one-fourth teaspoonful of cloves, one teaspoonful of baking powder. Soak the poppy seeds in the hot milk, cream the butter and sugar, sift the flour, cinnamon, cloves and baking powder together, add the chocolate to the creamed butter and sugar, add a little of the flour and the milk and poppy seeds which have been allowed to cool. Mix thoroughly, drop from a spoon onto an oiled and floured cookie sheet and bake in a moderate oven.

Note: The poppy seeds can be procured from two different places in the Grand Central Market, one is a coffee stall and the other carries all kinds of seeds and herbs.

Flower Bouquet in Prime Favor as Easter Nears

Flowers as costume accessories are gaining in popular favor as Easter approaches and Easter gift buyers observe the variety and charm of the bouquets featured by the downtown stores, according to the Retail Dry Goods Merchants' Association.

Organdies and georgettes combine with velvets and chiffons to simulate delicate, colorful blossoms. The French violets in enormous bunches are smart. Some bouquets have a red rosebud or two as accents. Bouquets of apple blossoms, delicate pink and white, are in high favor.

Fruit decorations have not been slighted, nor bouquets of shell or crystal beads.

Fitts Moves in Burbank Case

Investigation of charges that two Los Angeles police officers went out of their territory and into the city of Burbank during the week-end and attempted to "shake down" Charles L. Winter at his home at 127 La Mar street, after accusing him of operating a still, was ordered by Dist.-Atty. Fitts yesterday.

According to Winter, the officers visited his home and remained for several hours, accusing him of possessing alcohol and a still and making veiled suggestions of "fixing" the case.

The matter was brought to the attention of the District Attorney by William Bergh, Chief of Police of Burbank.

ACCUSED TAX ADVISER MUST MAKE PLEA LATER

Because of the illness of the wife of Mark Herron, attorney for Miss J. Marjorie Berger, income-tax adviser, indicted by the Federal grand jury on twenty-four counts of aiding in the making of false and fraudulent income-tax returns, arraignment of Miss Berger was continued yesterday by United States District Judge Henning until next Monday. At that time she will also have a chance to enter her plea. Miss Berger is accused of helping in the preparation of asserted fraudulent tax returns for numerous motion-picture persons of Hollywood and Beverly Hills. She is at liberty on bail of $5000.

EX-DEBATE CAPTAIN TO OPEN MODEL LEAGUE

When students representing fourteen colleges and universities of the Southwest gather in Bovard Auditorium of the University of Southern California on Thursday afternoon for a model League of Nations assembly sponsored by the Los Angeles University of International Relations, William Henley, last year's student body president at S.C. and former captain of the Trojan debate squad, will deliver the opening address. Henley will occupy the role of M. Hjalmar J. Procope, of Finland, acting president of the council at the ninth Assembly of the Geneva League. The proxy council president is a student in the law school at Southern California.

CORNER-STONE LAYING PLANS TO BE MADE

Friends and alumnae of the Immaculate Heart of Mary College, Franklin and Western avenues, will meet at the school Thursday evening to prepare plans for the laying of the corner-stone of their new building April 14, next. George Breslin, attorney, has been named as chairman of the committee in charge of arrangements.

HIGH TRIBUTE PAID CONTEST

Leading Citizens Consent to Judge Orations

Letters Value Constitution Study Influence

Enthusiasm Rampant in Fresno Schools

One of the finest tributes ever paid to the National Oratorical Contest dealing with the Constitution is contained in the wholehearted response of leading citizens of Southern California agreeing to serve as judges at the finals of the different stages of the contest.

GLADYS MORRIS

Many of the letters of acceptance contain comment regarding the contest which indicates the high esteem in which the undertaking is held.

"In this age of disrespect for law, I know of nothing which could be more beneficial to our citizenship than the teaching of veneration and respect for the Constitution, and these contests, to my mind, are wonderful in inspiring the youth to high governmental ideals," writes A. J. Hill, attorney.

FLOYD BENSON

"I feel that untold benefit is being accomplished by these contests and I am happy, indeed, to co-operate in their success," comments Judge Edwin P. Hahn.

MANY ACCEPTANCES

"Without doubt, these oratorical contests on the Constitution are of tremendous value, not only to the participants, but to every person who listens to them; likewise the publicity given to the contest is of inestimable value to the public," adds Judge Ruben S. Schmidt.

ROSALIND QUIGLEY

"I believe that this contest is the most important constructive movement for the solidification of our faith in our government that has ever been set in motion," writes John E. Coffin.

A total of 103 acceptances were received at The Times oratorical contest headquarters last week.

Fresno High School in District 8 is entering four orators and Edison Technical High School two in the Fresno elimination which is to be held April 8. The enthusiasm of "the grape pickers" for the forensic event is inspiring.

ACTIVE INTEREST

"Our students seem to feel that this is an epochal year, probably because of the change of administration, and have been showing an activity of interest in the forthcoming contest that promises no lethargy of citizenship of the future," said W. G. Anderson, principal of the Fresno High School, in discussing his school elimination, which is to take place Friday.

"We are out to win for Fresno county. My heart is in the movement because it turns student minds to the more serious side of life and yet retains all the zest of sportsmanship and competitive spirit. The oratorical contest on the Constitution is just what our high schools needed to strike a balance between field sport and recreation and the more serious duty of making education pay."

Twenty students have written orations at Fresno " '" and between now and Friday the preliminaries will have sifted the entrants down to four finalists. Among the likely contenders for the honor of representing the school are Floyd Benson, student body president, who has been in three State debates and who gave up all other debating this year to enter the oratorical contest on the Constitution.

AWAKENING INFLUENCE

Gladys Morris, also a senior, has been in three school debates, is leader of the school orchestra and has laid aside her musical instruments to participate in the constitutional test.

Roslyn Quisley, commissioner of debating of the school, won the extemporaneous contest last year for Fresno "Hi;" has been in three county debates and one State debate and says, "This is the age of women in a refining influence on politics and government and I am only one of many women who want to learn what it all means and stand for the right."

"The contest is an awakening influence and lifts young America out of the rut of 'let the wheels of progress grind and let George do it,'" added Principal Anderson.

WAVE OF CRIME HITS SUBURB

Eagle Rock, Where Banditry Is Scarce, Actually Has Store Hold-up

It has happened. A grocery store was robbed in Eagle Rock. Police records show that less crime is committed in this division than in any other within the city limits. The average burglary rate is three a month, while in the last year only two oil stations have been held up.

E. W. Krug was the victim. He was held up by an armed bandit in his grocery at 1602 Colorado Boulevard, locked in a rear room and robbed of $155. The bandit fled in an automobile. Krug was released by a customer who entered the store soon after the bandit left.

Screen Cowboy Loses Pay Suit

Buck Jones, film cowboy, must pay Loretta Fitzpatrick $365 advanced by her employment agency as salaries to fifty-five extra girls used in one of Jones's productions even though he says he didn't know anything about it at the time, Municipal Judge Bush ruled yesterday. The suit was filed by Walter G. Mathewson of the State Labor Bureau for Miss Fitzpatrick, who operates a Hollywood film employment agency.

Jones declared that he knew nothing about the girls and that he did not authorize their employment. Miss Fitzpatrick testified that Jones authorized here to hire them as extras and refused to pay them after they had been used in a production.

WOMEN HEAR CRYER TODAY

"Our City" is the subject of an address to be delivered by Mayor Cryer at noon today when he appears as the luncheon guest of the League of Women Voters at the Biltmore. The metropolitan water district, the consolidation of city and county government and city financing are expected to be among the matters touched on by the speaker.

SANTLEY SIGNS WITH PARAMOUNT

Stage Comedienne Takes Big Role in "Gold Diggers;" Fox Getting Fine Cast for Monckton Hoffe Film; Dorothy Revier Will Act in "Burlesque"

BY GRACE KINGSLEY

It was a foregone conclusion, it seems to us, that once Joseph Santley got started working in the talking pictures in any capacity, whether as star, actor or writer, he would keep right on.

And word reaches us now that Santley, who has been co-directing with Robert Florey on the talking film "The Cocoanuts," starring the Four Marx Brothers, at the Paramount studio in Astoria, has just signed a year's contract as a director for Paramount.

It is on the books that Santley shall come West to direct a picture or two, although no definite assignment has been made.

His long experience with musical comedy, as a star in Music Box Revues and other Broadway productions fitted him particularly for musical subjects in films. He has already directed a number of short subjects for Paramount.

Santley is remembered here for various headlining appearances at the Orpheum and for his starring engagements in musical comedy at the Majestic several seasons ago.

WINNIE LIGHTNER TO PERFORM FOR WARNER

That brilliantly amusing comedienne, Winnie Lightner, has been engaged by Warner Brothers to play an important role in their Vitaphone production of "The Gold Diggers."

WINNIE LIGHTNER

Miss Lightner arrived in Hollywood on Saturday, along with Ann Pennington, who likewise is to play in "The Gold Diggers."

The comedienne has long been a light in revues, vaudeville and musical comedy, starring in New York in Earl Carroll's "Vanities" and in various musical shows, while she is remembered here for her work as a member of the Lightner Sisters team at the Orpheum.

Harry Green Gets Big Role

Harry Green, vaudeville and stage star who came to Hollywood on a vacation trip a few months ago and was drafted into talking pictures by Paramount, has been cast in one of the leading roles in the first all-dialogue starring picture in which Moran and Mack, the Two Black Crows, will star for Paramount.

The actor came to Hollywood recently following a theatrical tour of South Africa. While resting here he was called to Paramount and offered the part of Max Mandel in "Close Harmony."

Dorothy Revier With Lasky

Coming right along in pictures is Dorothy Revier, who has just signed with Paramount to play her most important role to date.

DOROTHY REVIER

Miss Revier will be featured with Nancy Carroll and Hal Skelly in the talking version of Paramount's "Burlesque," playing Sylvia, the soubrette.

Miss Revier is a San Francisco girl, and it was while appearing as a dancer with the Olga Moskova ballet troupe, in a cafe in the northern city, that she came to the attention of a Hollywood film director. She is under contract to Columbia, and has been loaned to Paramount for her present role.

Charles Klein's Next

One of the principal productions emanating from the Fox studios this year is to be a film version of Monckton Hiffe's play, "Scent of Sweet Almonds."

MARY ASTOR

Charles Klein will direct, and that noted playwright, Klare Kummer, recently put under contract to Fox, is making the film adaptation. The picture will not be a talker.

Mary Astor, it is likely, will have the feminine lead, while Klein is looking for a vampish actress to impersonate the wickedly alluring lady of the story. Jetta Goudal, Margaret Livingston and Fern Andra, the last named having recently arrived here from a career in Europe, are all, it is understood, under consideration.

Warner Baxter will probably fill the romantic male lead, while it is understood that Ian Keith will have the other male role, equally important.

Joe Brown's New Role

So pleased are Warner Brothers with the splendid performance of the rubber-countenanced comedian, Joe E. Brown, in "On With the Show" that they have signed him for an important part in "Rainbow," Warners' next musical comedy special. Darryl Zanuck made the announcement yesterday.

JOE E. BROWN

John Boles has the romantic lead in the talker, with Brown featured as comedian. Brown made his first Vitaphone appearance in a two-reeler.

New Backstage Talkie Headed for Paramount

"Close Harmony," with Charles (Buddy) Rogers, Nancy Carroll, "Skeets" Gallagher and Jack Oakie, will be the next attraction for the Paramount Theater opening Thursday.

The story is one of back-stage life, laid in the unusual setting of a de luxe motion-picture house, where the performers are doing "four and five a day." Several of the exterior scenes were taken at the Paramount. "Buddy" Rogers has the role of a master of ceremonies and orchestra leader, and Nancy Carroll that of a featured singer on the bill. Jack Oakie and "Skeets" Gallagher are seen and heard as a harmony duo, a la Van and Schenck, and sing in a most professional fashion, in addition to supplying most of the comedy for the picture.

The film is presented entirely in dialogue and singing. Edward Sutherland and John Cromwell co-directed it from a story by Elsie Janis and Gene Markey, both of whom know their back-stage "lingo" and comedy.

COWAN ACT FEATURES "SPELL OF BLUES"

"The Spell of the Blues," a dance number created especially for the popular song of the same name, is a special feature of Lynn Cowan's "Bluer'n Blue" stage production at the Fox Boulevard Theater this week. The dance number is presented by the Boulevard girls, and was planned and executed by Betty Gordon, who leads the girls. Cowan appears in blackface, offering popular blues numbers, and Saunders and Jones, colored steppers, and Jackson and Lee, comedy dancers, carry out the blues theme.

The feature film is "The Ghost Talks," Fox Movietone all-talking farce comedy. Helen Twelvetrees, Charles Eaton, Carmel Myers, Earle Foxe and Stepin Fetchit are featured in the hilarious story of a correspondence school detective who set out to solve the mystery of a haunted house.

STREET FUND VOTED

On recommendation of its Public Works Committee the City Council yesterday voted to allocate $10,000 from the permanent-improvement fund toward the cost of improving Maclay avenue between the east city boundary and Mulholland street, provided the County Board of Supervisors allocates a similar sum to this improvement.

SERVICES TO BE DISCUSSED

Further plans for the Memorial Day program to be held in the Coliseum will be laid at a meeting of the general committee composed of representatives of all veteran and allied organizations in Los Angeles in Hancock Hall, Patriotic Hall, 1816 South Figueroa street, at 7:30 o'clock tonight.

PARAMOUNT RIGS UP LINESMAN'S PARADISE

Three hundred telephones, half of them of the small wall type and the balance desk instruments, were gathered at the Paramount property department for use in George Bancroft's latest all-talking production, "The Wolf of Wall Street," now playing at Lazarus's Million Dollar.

The big scene reveals the interior of the New York Stock Exchange, which has been reproduced in detail. The phones are used in small private booths which line the walls of the exchange, offering the floor traders prompt connection with their brokerage offices.

In this hectic battle between the bulls and bears Bancroft looms over all as the titan of the ticker, winning fortunes in the market and losing in love.

MARIAN NIXON BUSY

Marian Nixon is doing two pictures at once for the second time this year. She is engaged in Al Jolson's new Warner starring vehicle, "Little Pal," and also in "Headlines," a newspaper story being filmed by the same company. A few weeks ago she was simultaneously engaged in "Headlines" and in "Broadway Bound," a Paramount release.

PROTESTS POSTPONED

Hearing of protests against the ordinance of intention for the improvement of Lobdell Court between Avalon street and Branden street was postponed by the City Council yesterday to April 3. Meanwhile the protests have been sent to the City Engineer for checking.

DEBATE TEAMS TO MEET

Merits of the present jury-trial system will be argued when debate teams of the University of Southern California and Baylor University of Waco, Tex., meet tomorrow at 3 p.m. in Hoose Hall, in the Bovard Administration Building.

TERRORS IN NEW REIGN AT BELASCO

"Silent House" Anything But That; Mystery Drama Admirably Done

BY MARQUIS BUSBY

For that hardy group of people who can stand an ice-cold shower in the morning "The Silent House," which opened at the Belasco last night, can safely be recommended as a hair-raising thriller—and let the shrieks fall where they may.

Don't ask me why they call it "The Silent House." Goodness knows the only silent things were the tables and chairs. Perhaps John A. Brandon and George Pickett, the authors, chortled with facetious glee when they named their thrilling offspring.

"The Silent House" is one of the best of the mysteries. It is unusual in the fact that one knows from the first act whence comes the danger to the heir of this gloomy, broding, "silent" mansion. There is no suspense in that direction, but the atmosphere is no less forbidding on that account. If the movie producers could just find Pearl White it would make a great serial—the acts end in such exciting places.

To this isolated London mansion comes the heir to the estate of Richard Winston, an eccentric, who had lived in perpetual fear of his life from powerful, scheming enemies. Among his first callers are an inscrutable Chinese physician, his deaf and dumb servant, a ferocious Senor Leon Pedora, and a young woman, hypnotized, who emits the most unearthly shriek. The house is cared for by an expugilist butler and a weird Chinese valet. The nephew of Winston is bequeathed the mansion and but little else. The solicitor, however, whispers that somewhere in the house is hidden a fabulous fortune.

Like all mystery mansions, the "silent" house has its full quota of secret passages, sliding panels and revolvers which explode at appropriate intervals. The revolver secreted in a panel of the fireplace is somewhat reminiscent of a baffling sequence in "The Greene Murder Case," but we'll let that pass.

The third act has an unusually intriguing setting, the Chinese room of the oriental physician, and it might be mentioned casually that incense of the orientals is bad on the bronchial tubes of the Occidentals. There is a realistic climax when the hero and the heroine are trapped in this room, with deadly fumes escaping from a secret torture room.

No review would be complete without mention of the knife-throwing episode in the second act. The Senor, and what a nice lad he is, too, throws a knife across the stage and "wings" the hero as neatly as you please. At least, it looks like that. But you figure it out, and let me know how it is done.

Work of the cast is of high grade with one or two exceptions. The oriental characters are amazingly fine. Howard Lang as Dr. Chan-Fu, is particularly excellent. It is one of the best portrayals of the kind I have seen. No less interesting is the deaf mute, H'Wang of the mask-like face, played by Arthur Klaburn. Harold De Becker is the faithful Man-Friday, Ho-Fang, the valet.

Gerald Oliver Smith provides considerable humor as a typical stage "silly-ass" Englishman. It is a splendid characterization if one can overlook the stereotyped role.

Vernon Kelso does nicely as the heir to the Winston estate. Dorothy Graw, the only woman in the cast is satisfactory as T'Mala, the mysterious heroine. I'll overlook some excellent possibilities for puns regarding that name.

Louis Tanno rather overplays the role of Senor Pedora. Charles McNaughton scores as the cockney butler, and Arthur Bower appears as Herrington, the solicitor.

Both Mediums Claim Thomson

Dual distinction of appearing here in motion pictures and a stage production simultaneously, will go to Kenneth Thomson on Sunday, when he opens an engagement with Leo Carillo and the Henry Duffy Players in "The Bad Man" at the President. Thomson portrays the rich New York idler in "The Broadway Melody" at Grauman's Chinese Theater.

Honors recently went to Thomson of appearing at the same time in featured roles of two important first-run pictures here, when he was seen in the lead of "The Bellamy Trial" at Loew's State, while playing also at Grauman's Chinese in "The Broadway Melody."

WOODWINDS PLAY WEDNESDAY

The library concert by the Philharmonic Woodwind Ensemble, led by Henri de Busscher and including the players, De Busscher, Plowe, Brain, Perrier and Moritz, will be given through the courtesy of Elizabeth S. Coolidge on Wednesday evening. The program includes charming woodwind combinations for which Pierne, Huguenin, Barthe, Provinciale, Pirani and Lefebvre have written.

LUCAS IS LIBERAL

Through special arrangements Nick Lucas, noted crooning troubadour, will present ten of his latest autographed Brunswick records daily to women attending matinees this week at the Orpheum, where he is headlining the program. Presentations will be made immediately following his act.

"MY MAN" AT UPTOWN

Fannie Brice's talking and singing picture, "My Man," is drawing crowds to the Uptown Theater currently. The plot of the picture is woven about the song of the same name, a song which contributed particularly to Miss Brice's fame on the vaudeville stage. The star sings seven pieces during the picture.

DIRECTORS ASSEMBLE

The term, "cutting and editing," long identified with the motion-picture industry, is becoming obsolete with the popularization of audible productions. Irving Cummings, Fox director, says that, "Nowadays, directors assemble instead of cut and edit productions."

Bright Comedy Radiates Cheer

May Robson and Charlotte Stevens

Are captivating audiences at the Hollywood Playhouse, where Henry Duffy's production of "Mother's Millions" continues indefinitely.

GEST PLAYS ACQUIRED FOR CITY

"Experience," Mortality Drama Arranged for by Triumvirate

A deal was concluded yesterday via cross-country telephone conversation by Simeon Gest, codirector of the Los Angeles Repertory Theater, with his brother, Morris Gest, whereby at least two of the latter's most significant successes will be given a Los Angeles and Pacific Coast presentation.

Immediately following the close of the Repertory Theater season at the Figueroa Playhouse, Gest and his associates, L. E. Behymer and H. Ellis Reed, will give George Hobart's morality play, "Experience," which played at the New York Casino Theater for more than two years and then was given by three road companies for approximately six years. Many of the roles that require feminine beauty will be filled from the ranks of motion-picture players.

A second production will be a revival of Frederic and Fanny Hatton's comedy, "The Checkerboard," produced by the elder Gest with success at the Thirty-ninth Street Theater in New York.

It also is being arranged to bring to the Pacific Coast, some time before Christmas, Balieff's Chauve Souris, which will play a limited engagement in San Francisco and possibly Southern California. The Chauve Souris recently completed a run at the Jolson Theater in New York and is now playing to capacity houses at the Majestic Theater in Boston.

Simeon Gest is in San Francisco today completing arrangements for the California bookings of these attractions and also the current offering of the Repertory organization at the Figueroa Playhouse, Nance O'Neil in "The House of Women," which continues through the 30th inst., followed April 1 by A. A. Milne's comedy, "Mr. Pim Passes By."

Swordplay in Spectacle No Light Pastime

To play in a picture with Douglas Fairbanks means real work.

To fight with D'Artagnan and his three musketeers means actual combat.

"The Iron Mask," Fairbanks's newest romantic spectacle, which is now crowding the Fox Carthay Circle to capacity, is filled with scenes of battle. One of the most exciting of these episodes is the fight between the four musketeers, D'Artagnan, Athos, Porthos and Aramis, and the guards of Cardinal Richelieu.

Director Allan Dwan issued a call for the fifty most-experienced swordsmen in Hollywood to enact the Cardinal's henchmen. Fairbanks, Bary, Sanford and Corrado, who play the four loyal musketeers, are expert in the handling of the tapered blades. The battle they waged was a terrific one.

Many were the bruises which resulted from the fray. The studio's hospital was called upon for arnica, gauze, adhesive tape and iodine to care for the wounded combatants. Four against fifty—tremendous odds—but the quartet put up a real fight. The wounds they inflicted upon their adversaries were minor, but many.

HODGE TO VACATION

Following his usual custom, William Hodge, the popular comedian at the Mason Theater in his comedy, "Straight Through the Door," will not play during Holy Week. The star and his entire company will enjoy this seven-day vacation in Southern California before leaving for San Francisco to resume his tour, April 8, next. The last performance of "Straight Through the Door" at the Mason will be given Saturday evening.

SPRING LIGHTNESS OF SONGS PLEASES

Woman's Lyric Club Gives Concert Varied in Interest Presenting New Soloist

BY ISABEL MORSE JONES

The Woman's Lyric Club led by J. B. Poulin, gave one of its best concerts last night at the Philharmonic Auditorium. The program was new and of interest and their assisting soloists, Tania Akounine, violinist; the Lyric Trio, Francia White and Annina Mueller were young musicians of promising talent. Mrs. Hennion Robinson, as usual, contributed a large share to the success of the concert by the spirit and excellence of her accompaniments and by the several arrangements of songs.

Joseph W. Clokey of Southern California came into prominence as a writer of songs for mixed women's voices with "A Bird Flew" and "Babylon." His songs are widely different in subject and there was no sameness in their treatment. I preferred the all-too-brief bird song because of its musical poetry but "Babylon" had an alluring swing to it, was well put together and without banality.

A "Salutation" to music and a graceful arrangement upon the theme of Saint-Saens's "Swan," made one particularly interested in Samuel Richards Gaines. Possessing a double gift, both poetic and musical, Mr. Gaines displays his knowledge of the lyric possibilities of women's voices in these songs.

Miss Akounine, the violinist of the evening, is a young and very attractive-looking person with an unusual gift. Her training has been largely Italian. Her intonation was well-nigh perfect, technical difficulties of the light numbers she gave seemed of little moment to her, and at times she displayed a tonal quality that was most winning. She has plenty of assurance and if she is beset by any nervousness it is only apparent in a bad habit of moving from side to side as she plays. Miss Akounine could add more feeling and a dramatic fire to her work to her benefit.

Conductor Poulin gave Debussy's "Blessed Damozel" another beautiful reading at this concert and the audience especially enjoyed "Butterfly." It was words set to the familiar Coppelia ballet.

Dillon Launched Early in Films

Opportunity to direct pictures within a week after their arrival in Los Angeles, without previous cinema experience, goes to only a very few stage actors, yet that is just what happened to John Francis Dillon, director of "Scarlet Seas," starring Richard Barthelmess at the Hillstreet Theater this week.

When the "Officer 666" company reached the Mason Operahouse quite a few years ago, Dillon was playing the male lead. The company ended its tour here, and the next week, megaphone in hand, Dillon was at a motion-picture studio directing Carlyle Blackwell in a series of two-reelers.

Dillon directed Barthelmess in "The Noose," as well. The story of "Scarlet Seas" was written by W. Scott Darling, and the scenario by Bradley King.

DAVEY LEE RETURNS AS 'SONNY BOY'

Child Actor Given Chance to Sing on Vitaphone at Warner Theater

BY PHILIP K. SCHEUER

In "Sonny Boy," the new Vitaphone feature at Warner Brothers' Theater, Davey Lee, the boy actor, sings the piece for which the feature is named. It was, you will readily recall, this same "Sonny Boy" which Mr. Al Jolson rendered so touchingly to this same Master Lee in an earlier picture entitled "The Singing Fool." The child's present outburst is occasioned as follows:

Put to bed by his aunty in the apartment of one Crandall Thorne, Sonny Boy dozes fitfully. Something is troubling his little mind, and he cannot sleep. Suddenly he sits upright and informs his aunty that he wants to go to the movies. His aunty obligingly dresses him; and having done so, leaves the room for a moment. Sonny Boy goes to the window and looks out at the bright facade of a cinema palace bearing the legend, "Al Jolson in 'The Singing Fool.'"

With Sonny Boy, to think is to act. He climbs through the casement and down the fire escape. After two or three minutes, his absence is noticed by his aunty and her guests. He is not in the bed nor under the bed; and just as the awful truth is borne upon them that Sonny Boy is gone, the lad himself pops in at the very window he copped out of.

All are very happy, you may be sure, that Sonny Boy has returned safe and sound; but—"Where have you been?" he is asked.

This is Sonny Boy's big moment. He answers by piping, in his shrill childish treble, the immortal words of the song which by a curious coincidence is also known as "Sonny Boy." Improving each shining moment, he has descended the fire escape, crossed the street, gone inside the theater, heard and memorized the song, left the theater, recrossed the street, climbed the fire escape and re-entered the room—and all in the brief span of the two or three minutes that his aunty was away.

I cite this incident because it is fairly typical of the picture, which, by the way, is one of those on-again, off-again talkies. Director and cast have endeavored to give it something of the ring of truth, performances by Edward Everett Horton, Betty Bronson, Gertrude Olmsted, Edmund Breese and others rating in importance above the vehicle itself. And little Master Lee is undeniably "cute."

Archie Mayo directed.

Larry Ceballos is calling his stage revue "Colleens." The first set, in black, is very depressing; and an eccentric dancer who at one stretch has it all to himself looks positively forlorn against the funereal darkness. Later the show livens considerably, with "Button Up Your Overcoat," "Everybody Step" and other numbers being heard—some of them from a garden of illuminated flowers.

In the revue are Barrett Greenwood, Reade and Dorothers, Richard Powell, Madeline Sheffield, George Schreck, Ann Toddings and the "entire company."

Two Vitaphone shorts and an overture, "Sonny Boy," are featured.

TENSE DRAMA LAID IN DARKEST RUSSIA

"Darkest Russia" has its inning this week at the Lincoln Theater, where the colored Lafayette Players are appearing in "The Yellow Ticket." The drama, which held New York spellbound for two seasons, has lost little of its original intriguing charm for audiences, as evidenced by the opening performance last night.

"The Yellow Ticket" furnishes forceful characterizations for practically every member of the company, and principally for Evelyn Preer and Edward Thompson.

Miss Preer is seen as Marya Varenka, a Jewish girl who outwits the Russian police after she has been forced to accept a "yellow ticket" passport as the only means of leaving the Jewish settlement to reach her dying father. The "yellow ticket" is the permit issued to outcasts—prostitutes—giving them the freedom of the large cities.

Thompson is seen as Julian Rolfe, an American journalist, who assists Marya in her fight against the injustice meted out to her by the Russian government. Other prominent parts are essayed by Lawrence Criner as the villainous baron, Charles Olden as Count Rostov, Cleo Desmond, Bebe Townsend, Sidney Kirkpatrick, Malcolm Patton and Laura Bowman.

BURGLAR HERO AT RITZ

"Alias Jimmy Valentine," Metro-Goldwyn-Mayer's talkie version of the stage play, opens a three-day run at the Ritz Theater today. William Haines has his first talking role as the burglar-hero of the film, and principal players are Lionel Barrymore, Karl Dane, Marshall Tully and Leila Hyams.

OKLAHOMANS IN CONCLAVE

"Hearts in Dixie," the Fox-Movietone all-talking, singing, dancing spectacle of the South, now running at the United Artists' Theater, is continuing to break records. Tonight will be Oklahoma night at the showhouse, with President Miller K. Hinds of the Oklahoma Society heading a party of 500 Oklahomans.

WANT-AD RATES

EFFECTIVE DECEMBER 1, 1928

Rates per line insertion, 30 consecutive times, 24c Daily, 29c Sunday; 7 to 29 consecutive times, 25c Daily, 31c Sunday; 3 to 6 consecutive times, 28c Daily, 35c Sunday; ONE TIME, 40c Daily, 50c Sunday.

SITUATIONS WANTED, 7 or more consecutive times, 16c Daily, 19c Sunday; 3 to 6 consecutive times, 17c Daily, 20c Sunday; ONE TIME, 24c Daily, 27c Sunday. Advertisements for the subheadings, "PAINTING, DECORATING, CARPENTERING," "DRESSMAKERS & SEAMSTRESSES" and "NURSES" are not classified as Situations Wanted Advertising and will be charged for at the General Want-Ad Rates, 40c Daily and 50c Sunday.

EMPLOYMENT AGENCIES, MOTION - PICTURE ADVERTISING, etc., under any classification, 30 consecutive times, 26c Daily, 33c Sunday; 7 to 29 consecutive times, 27c Daily, 34c Sunday; 3 to 6 consecutive times, 30c Daily, 40c Sunday; ONE TIME, 43c Daily, 55c Sunday.

Advertisements on rate-holder rates on application.

Advertising rates from outside of Southern California on application.

MINIMUM CHARGES 2 LINES

To estimate the cost of want ads count 5 average words per line. Words containing more than 6 letters should be counted as two words.

Advertisers should retain receipts given by The Times for payment of Want Ads, as no mistakes will be rectified without them.

Cancellation of advertisements before appearance cannot be guaranteed to take effect until after the advertisements have appeared once. Countermands must be received by 2:30 p.m. for daily issue and 6 p.m. Friday for Sunday Times. Cancellation of advertising running cannot be accepted after 4:30 p.m.

Rates for display advertising will be furnished on request.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

The inadvertent omission or incorrect publishing of advertising will be rectified only by cancellation of the charge made for the service rendered.

Friday, 8 p.m., is closing hour for the early issue of the Sunday Times.

SOMETHING UNUSUAL
CAN YOU GRASP A REAL OPPORTUNITY?

for men who can sell and are not afraid to put in full day's work. Advancement waiting for go-getters.

Are you capable of handling men?

We pay salary and override to those who qualify. We need men who can learn our method of selling, and will give you training at our expense.

If you wish to get in with an organization with unlimited finances, whose product is unique and has unusual selling possibilities, come in and talk it over.

Call between 9 & 12 A.M., Rm. 413. 215 W. 5TH ST.

100% SAFE
100% Convertible

Salesmen and saleswomen, if you could offer your clients their money back if they wanted it, sales would not be difficult to make.

That is what you can do if you work for us. First, you can offer absolute safety. Second you can offer the money back if wanted. Third the very largest return. Fourth, you sell the same clients over and over again. Fifth, you receive additional money each year on previous business.

Sales people seeking permanent positions CALL ONLY AT 10:30 A.M. AND 2 P.M. Those who qualify will earn more money than you have ever earned before, and do it continually.

320 Citizens National Bank Bldg., 5th and Spring.

OIL PROPERTY— Miscellaneous —67

New Mexico Oil Field

Real Opportunity

Want drillers for a proven territory. We own and control large holdings in land and oil leases where big developments are going on. Geologists have passed on this field and call it 100% for oil. Big oil men hold leases in same territory.

We can deliver 20,000 acres in 2 separate tracts to the right persons—also turn over the selling of town site consisting of 320 acres, which has been laid out and platted.

These holdings are north of El Paso on the Rock Island Railroad and State Highway.

We can also deliver 3000 acres of fine valley farm land, where plenty of water can be developed. This property can be handled as a whole or each separately.

Can use good salesmen—men or women.

See owners—Room 303 San Fernando Bldg., 4th & Main. Phone VAndike 8745. Evenings, GArfield 2406.

COMMON knowledge gained from past drilling in Potrero enables you to buy with safety. I have a few hand picked genuine bargains priced to sell. Ashley De Witt, 625 Stock Exchange Bldg. TU. 3441.

ORANGE, LEMON, WALNUT Avocado Groves—Vineyards For Sale —68

Best of Citrus Land

FROSTLESS

$400 an acre with water, in beautiful Salt River Valley, Arizona. Leveled, water piped to every tree row.

Best groves in the district return as high as $1500 an acre. The returns from every citrus grove in the State of Arizona averaged $630 per acre in 1927. California State averages are much lower. No scale, no smudging and fertilizer at half California costs make net returns very high.

— Write for Free Booklet —
CHANDLER IMP. CO.

THE DUTCHMAN'S ROOF

When the Dutch settlers attempted to establish themselves in South America they built themselves houses with high, pointed roofs, because in Holland such roofs were necessary to keep the snow from accumulating and breaking down the house. What these men did in frigid Holland, they also did at the equator.

When other Dutch settlers came to the Island of Java, they promptly dug canals, because they had canals at home. Their canals were of no use in Java except as a breeding place for mosquitoes.

When New England farmers went, in covered wagons, to the broad plains of Iowa, the prairie soil was simply waiting for the plow. They had only to break the sod and plant. But they had always been accustomed to clearing off trees before planting new land, so they confined themselves to the ground along the rivers and streams where they could spend months digging out stumps before planting their wheat. It was not until all the timbered land had been taken that later comers made the remarkable discovery that one could grow wheat without first cutting down trees.

There is a story about a lady who taught her Chinese cook how to make a certain cake. It required ten eggs. When she broke the fifth egg, it did not look good to her, so she threw it away. Ever after, when her cook made that cake he threw away the fifth egg.

Habit saves us much worry and much labor. If it were not for the standardized motions through which we habitually go, we should find it an intolerable task to dress ourselves each morning. But when we face a new situation it is well to do a little thinking about it before we seek to apply the old ways of doing things.

The way we have always done it may be a good way, but it will do no harm to mix a little intelligence along with the traditions of the past.—[Detroit Free Press.

IDEALS AND PLUG HATS

We can close our eyes and hear William Allen White, on a platform at the University of California, saying to a delighted audience: "The Creator has never been known to put a real, dynamic idea under a plug hat." It is typically a Whitesque epigram, and would have been as much at home on the editorial page of the Emporia Gazette as on the lips of the Gazette's distinguished editor.

Mr. White's dynamic ideas spring from beneath a hat so typically his own that for anyone else to wear its type smacks of plagiarism. The shapeless white felt creation that tops the fertile mind of the Emporia philosopher is known wherever "Bill" White is known. But if he goes about making speeches like that at Berkeley, we fear for a foolish run on white felt hats on the theory that the hat makes the man.

If the plug hat—and Mr. White might have obtained the same effect by saying "stuffed shirt"—is symbolic of the status quo as contradistinctive from progressivism, what shall we say of the slouch hat? If the reactionary ideas of this generation have come from beneath the plug, certainly most of the radical and crazy schemes for creating an earthly Utopia have emanated from beneath the brims of slouches.—[Kansas City Star.

Fish Oil Runs Engine

Experiments with fish oil for running Diesel engines have been successful, according to Henri Marcelet and George Lumet, two French engineers. Tests proved that the heat value of fish oil was only slightly less than that of mineral oil and that the process of combustion killed all fish odors.
